POSTAL REGULATORY COMMISSION

To: the Postal Regulatory Commission

I use the post office in my town alot. Buy stamps, mail packages; send notes; birthday cards and Christmas cards and don't forget mail payments.

Recently I heard Mr. Dejoy wants to make many more cuts to the post office along with all the damaging cuts done in 2020. We need to be supporting the postal workers. After all the system has been in place since our country became the U.S.

Personally I would like to see Mr Dejoy replaced. I'm begging you to do the right thing for our country.

thank you,
Sandra Zappelli
