I am writing to request that new changes, proposed by Louis DeJoy, not be implemented. We do not need reductions in postal services. It is a vital service.

Postal services have been essential to seniors and families during the pandemic. Postal services are essential to the growth and development of businesses and the economy. We need MORE postal services, not less. Discarding sorting machines is not acceptable. Closing offices and reducing the numbers of collection boxes is not acceptable. Please do not adopt these proposals by DeJoy. Sincerely, Judy Kane
