Office of PAGR

I'm appealing this discontinuance of our Post Office in Uniamville Io.

Since they haven't even tried to fill the vacant Postmasters Position appointment for five years. Ever since we lost our last Post Master. I don't see your reasoning your reason to close it. Will make a hardship on the older people.

The Post office is the main spoke in the wheel of our town. When it is gone our town is gone. This has been my town for 70 years

Is terrible you want to take away all the little Post offices, and do away with all the little towns. I don't supose you will pay any attention to this letter, but it is the fact.

Everyone here are really upset. Would appreciate you acknowleging my letter
