Docket # 1385797-47590

To whom it may Concern:

I attended our town Community Meeting on March 17, 2011, what a disgrace to our Community & our OIC at our Office - there were four representatives from the postal service there - they could not answer anything all they did was turn & look at each other for an answer - I was wondering why say people that don't know what they are doing? Losing our Post Office is going to be a great hardship on this Community lots of us are elderly & live on a fixed income with no internet service - How do you justify taking this away from us we are Customers too - incase you have forgotten.

Thank You
Marilyn Beadles
