A2012-7

To whom it may Concern.

We the citizens of Campaign Tennessee would like to make an appeal to help Keep Our local Post Office open. There our many needy people in this area that rely on the Post Office because they have to walk everywhere that they go. Also we have many businesses that also rely on Our Post Office and they buy lots of stamps and mail lots of mail. This Office has been here for many years. Please help us keep this office open.
