POSTAL REGULATORY COMMISSION
OFFICE OF THE SECRETARY

Dear Postal Commission members,

My name is William Taylor, and With a great amount of concern I feel a need to express to you my disain for your decision to close my Post Office at Carolina West Virginia. Because of our "Unique" locality, this will creat a great negative impact on this community. For the most part we will be forced to go to other communities to get money orders, mail and recieve packages. Never mind others who dont drive or are shut ins. I believe we are "entiteled to the best service the rest of these United States Recieves; Door to door service.

Closing this office will be a gross discrimination to this community. I'm sure you must know, or maybe dont know this action in my opinion is unlawful. Please reconcider your action.

I do appreciate your time and service to all who depend on you.

Sincerely
William Taylor
