A2012-10

To Postal Regulatory Commission

RECEIVED
2011 OCT 26 PM 5:
POSTAL REGULATORY COMMISSION
OFFICE OF THE SECRETARY

This letter is regarding the closure notice of the agate, Co post office. I would like to appeal your decision. The staff of the agate post office goes far beyond to make sure all our postal needs are met. We live in rural elbert county Simla to be exact. When Simla refused to deliver our mail the great people of agate stepped up to help us. Agate postal service has been delivering our mail for quiet some some time now, and has done a great job of makeing sure our need have been met. Living in such a rural community we depend on the agate post office, we dont have the luxery of having Internet, to pay our bills, and to drop our mail at a post office is a thirty minute drive. We NEED AGATE Post office to remain OPEN. If the postal service needs to trim some fat off your budget try doing it in the bigger cities where you have a post office every five miles, and where the people dont use or appreciate the post office. Please keep our post office open.
