POSTAL REGULATORY COMMISSION
OFFICE OF THE SECRETARY

I am writing this letter to protest the closing of South Valley Station in Yerington, NV.

I use this Post Office almost everyday. It has adequate parking, much better than Main Street.

It is much better for older people - rather than climbing the steps or ramp to the downtown Post Office. This is especially true in Winter.

The old Post Office was not adequate to handle the mail when they built the South Valley Station.

I'm asking you to please reconsider.

Sincerely,
Phyllis Longero
