Office of PAGR

To Whom It May Concern,

Please try to understand what a grave concern it is to those of us who have lived in this valley nearly all of our lives (since 1947) to hear the news that our P.O. - South Valley Station Yerington - is going to be closed soon. It was such a wonderful relief when this P.O. was built to replace the old antique P.O. in town. It is old and crowded and hard to get into and there is next to no parking near-

1-11-12

by.

Please reconsider and do not close the station.

There are deffinate signs that the population is our valley is beginning to make a big growth in the very near future. What then?

We need South Valley Station Yerington.

Please help us keep this office open.

Thanks so much for your kind consideration.

Sincerely,

Donna J Stillfield
