

# Sample Searches

Here are several examples of searches you may find useful.

**Looking for Interrogatories??**

All interrogatories asked by party Carlson.

All interrogatories asked by PostCom to witness Crum.

Interrogatory number 3 asked by OCA to USPS witness Baron

All interrogatories answered by OCA

All interrogatories to witness Baron

The result of these searches is a list of interrogatory numbers in alphanumeric order. Clicking on a specific interrogatory shows a list of documents affecting that interrogatory in reverse date order.

The image shows five search form examples for interrogatories. Each form has fields for Search Type (Interrogatories), Docket No (R2000-1), Asking Party, Answering Party, Question #, and Witness. The callout boxes describe the search criteria: 1) All interrogatories asked by party Carlson (Asking Party: Carlson). 2) All interrogatories asked by PostCom to witness Crum (Asking Party: PostCom, Witness: Crum, Charles L.). 3) Interrogatory number 3 asked by OCA to USPS witness Baron (Asking Party: OCA, Answering Party: USPS, Question #: 3, Witness: Baron, Donald M.). 4) All interrogatories answered by OCA (Answering Party: OCA). 5) All interrogatories to witness Baron (Witness: Baron, Donald M.).

## How about a Brief or Designation?

All briefs that contain the words First and Priority within the text

Results are presented in reverse date order.

All available designations of POIR responses.

The image shows two search form examples. The first is for Documents: Search Type: Documents, Docket No: R2000-1, Doc Type: Briefs, Title Contains: (empty), Intervenor: All Intervenors, Witness: All Witnesses, Date Range: (empty) to (empty), Full Text: First and Priority, Not Fuzzy. The second is for Designations: Search Type: Designations, Docket No: All Dockets, Designating Party: All Parties, Answering Party: All Parties, Witness: All Witnesses, Interrogatory Question #: (empty), Non-Interrogatory Item: POIR, Transcript Date Range: (empty) to (empty). Callout boxes explain: 1) All briefs that contain the words First and Priority within the text (points to Full Text field). 2) Results are presented in reverse date order. 3) All available designations of POIR responses (points to Non-Interrogatory Item field).
