The following material comes from the Postal Operations Manual and points to the "ten day" requirement for action. I do **not** believe we are in compliance on this item.

123.7 Emergency Suspension of Service

123.71 Authority and Conditions

A district manager, Customer Service and Sales, may suspend the operations of any Post Office under his or her jurisdiction when an emergency or other conditions require such action. Circumstances that justify a suspension include but are not limited to a natural disaster, the termination of a lease when other adequate quarters are not available, the lack of qualified employees for the office, severe damage to or destruction of the office, and the lack of adequate measures to safeguard the office or its revenue. The district manager must provide written notice of any suspension by fax to the vice president, Delivery and Retail.

123.72 Suspension Review Team

When a district manager, Customer Service and Sales, suspends operations at a Post Office, a suspension review team must be formed to review the decision. The suspension review team members must include the district Post Office review coordinator; the manager of Post Office operations or his/her designee; state presidents of each postmaster organization or their designees; and a representative from the facility services office (FSO) or administrative services office.

a. The suspension review team must conduct an onsite visit to the suspended Post Office.
b. Within 10 business days of the onsite visit, the suspension review team must notify the district manager, Customer Service and Sales; the national postmaster organizations; and the vice president, Delivery and Retail, of its recommendation to suspend or not suspend the office.
c. If the suspension team recommends suspension, the formal discontinuance process should be initiated.
d. If the suspension team finds that there is insufficient justification to suspend the office, the office should be reopened.

CONNECTICUT VALLEY DISTRICT

March 7, 2011

Dear Tariffville Postal Customer:

As the postal manager responsible for all post offices in your area, I would like to update you on how we will proceed in the case of your local post office.

The Tariffville Post Office was recently evacuated at the direction of the landlord on Friday, February 4, 2011 due to structural deficiencies. As you know, it became necessary to suspend services at the Tariffville Post Office on that date. The collection box has also been removed from the premises at the Tariffville Post Office due to its unsafe location near the facility. We have not returned to the facility.

While the Tariffville Post Office is suspended, customers will continue to pick up their mail at the Simsbury Post Office located 3.4 miles away at 932 Hopmeadow Street, Simsbury, CT 06070. This action does not require a change of mailing address for any Tariffville customer.

Retail services are provided Monday through Friday from 8:30 am to 5 pm, and on Saturday 9 am to noon in Simsbury. Other locations providing stamps at no added charge include CVS, Staples, Wells Fargo Bank and Price Chopper.

Customers presently receiving rural delivery have not experienced a change in service, with the possible exception of picking up an oversized parcel or signature-required item at the Simsbury Post Office if the carrier was unable to deliver.

As a reminder, when an item is too large for the mailbox or needs a signature, the carrier will leave a notice and return the item to the Simsbury Post Office. You may pick up the article at the Simsbury Post Office, request redelivery on another day convenient for you, or authorize the carrier to deliver the item to another person.

I realize with change there is always concern. No final decision to permanently discontinue the Post Office has been made. A community meeting will be held at or near the Simsbury Post Office in the coming weeks to explain our plans and solicit your comments concerning possible alternate means of providing postal and other services. In the interim, we are confident that you will continue to receive the same quality and professionalism as you had in the past.

If you have any questions, you may call Barbara R. Mastrogianni, Post Office Review Coordinator at (860) 524-6495.

Sincerely,

BEAU D. LEBOUEF

Safety Office
Connecticut Valley District
UNITED STATES POSTAL SERVICE

DATE: February 9, 2011
SUBJECT: Field Visit – Tariffville Post Office – Workplace Safety Review
TO: Roger Twerion, District Safety Manager

I visited the Tariffville Post Office on February 9, 2011 to review unsafe conditions reported by the property owner. I met with Postmaster Mary Ann Chiaponni and reviewed the facility for unsafe conditions. The following observations were made:

Observations:

Interior:

- A three foot area of the workroom #2 ceiling sheetrock material shows evidence of stress cracking. Age of this damage cannot be determined.
- Interior moldings and door casement at front lobby exit are separated from wall and display some bowing. The upstairs tenant stated to Postmaster that recent cracking to walls of room above front lobby exit has been reported to the property owner.
- There is evidence of water intrusion at the bathroom ceiling located in the northeast section of the building.

Exterior:

- Snow has been removed from sections of roof above post office.
- Roofing materials on the east and northwest sections of the roof are visibly deteriorated.
- Rain gutters and downspouts are in poor condition and are blocked with ice causing ice damming at roof edge.
- Discharge at existing rain water downspouts is blocked by the placement of snow removed from the roof.
- There are no rain gutters or downspouts installed on the east side of roof. Drain water has formed as large icicles at roof edge presenting a significant hazard to patrons accessing facility by driveway from rear parking lot.
- Evidence of water damage is apparent at building fascia and soffit on all sides of facility.
- Exterior surfaces of siding, trim and window sashes are severely weathered displaying peeling paint, water staining, cracking, rot and surface wear.
- Deteriorated exterior roofing and siding materials were not sampled and are not included in the most recent survey of asbestos containing materials at this site.
- Exterior lighting fixtures are in disrepair and are not insulated to protect against water intrusion to electrical components.
- The facility is without handicap access.
- Bollards at rear loading area are not installed.

Summary:

- Roof drainage system components are either absent or not functioning causing ice hazards.
- There is evidence of possible structural movement or fatigue in the area of the front lobby wall.
- The facility exterior is in disrepair and evidence of water damage is present at all exterior areas.
- It can not currently be determined if deteriorated exterior surfaces contain hazardous materials.

UNITED STATES POSTAL SERVICE

General Conditions to USPS Lease

SECTION A

A.1 CHOICE OF LAW

This Lease shall be governed by federal law.

A.2 DEFINITIONS

As used in this contract, the following terms have the following meanings:

a. "Contracting officer" means the person executing this contract on behalf of the Postal Service, and any other employee who is a properly authorized contracting officer; the term includes, except as otherwise provided in the contract, the authorized representative of a contracting officer acting within the limits of the authority conferred upon that person.

b. "Successful offeror," "offeror," "owner", "contractor," or "Lessor" are interchangeable and refer to the party whose proposal is accepted by the Postal Service.

c. "Lease" and "agreement" are interchangeable and refer to this document, including all riders and attachments thereto.

A.3 EXECUTION REQUIREMENTS

a. All co-owners and all other persons having or to have a legal interest in the property must execute the Lease. If the offeror is married, the husband or wife of the offeror must also execute the Lease. The offeror must submit adequate evidence of title.

b. If the offeror is a general partnership, each member must sign.

c. If the offeror is a limited partnership, all general partners must sign.

d. Where the offeror is an administrator or an executor of an estate, there must be furnished a certificate of the clerk of the court or certified copy of the court order showing the appointment of the administrator or executor, together with a certified copy of the will of the deceased. If there is no will, or in the event the will of the deceased does not specifically authorize the administrator or the executor to enter into a contract to lease the proposed quarters, it will generally be necessary to furnish, in addition to the above named items, a certified copy of the court order authorizing such administrator or executor to enter into a lease with the Postal Service.

e. Where the offeror is a trustee, a certified copy of the instrument creating the trust must be furnished together with any other evidence necessary to establish the trustee's authority to lease.

f. Where the offeror is a corporation, leases and lease agreements entered into must have the corporate seal affixed or in place thereof the statement that the corporation has no seal.

g. Where the offeror is a corporation, municipal corporation, fraternal order or society, the Lease must be accompanied by documentary evidence affirming the authority of the agent, or agents, to execute the Lease to bind the municipal corporation, fraternal order or society for which he (or they) purports to act. The usual evidence required to establish such authority is in the form of extracts from the articles of incorporation, or bylaws, or the minutes of the board of directors duly certified by the custodian of such records, under the corporate seal. Such resolutions, when required, must contain the essential stipulations embodied in the Lease. The names and official titles of the officers who are authorized to sign the Lease must appear in the document.

h. Notices. Any notice to Lessor provided under this Lease or under any law or regulation must be in writing and may be hand delivered or mailed to Lessor at the address specified on page 3 of the Lease, or at an address that Lessor has otherwise appropriately directed in writing. Any notice to the Postal Service provided under this Lease or under any law or regulation must be in writing and may be hand delivered or mailed, addressed to "Contracting Officer, U.S. Postal Service" at the address specified on page 3 of the Lease, or at an address that the Postal Service has otherwise directed in writing.

A.4 MORTGAGEE'S AGREEMENT

If there is now or will be a mortgage on the property which is or will be recorded prior to the recording of the Lease, the offeror must notify the contracting officer of the facts concerning such mortgage and, unless in his sole discretion the contracting officer waives the requirement, the offeror must furnish a Mortgagee's Agreement, which will consent to this Lease and shall provide that, in the event of foreclosure, mortgagee, successors, and assigns shall cause such foreclosures to be subject to the Lease.

A.5 EQUAL OPPORTUNITY

a. The contractor may not discriminate against employees or applicants because of race, color, religion, sex, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to race, color, religion, sex, or national origin. This action must include, but not be limited to, employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants, notices provided by the contracting officer setting forth the provisions of this clause.

b. The contractor must, in all solicitations or advertisements for employees placed by it or on its behalf, state that all qualified applicants will be considered for employment without regard to race, color, religion, sex, or national origin.

c. The contractor must send to each union or workers' representative with which the contractor has a collective bargaining agreement or other understanding, a notice, provided by the contracting officer, advising the union or workers' representative of the contractor's commitments under this clause, and must post copies of the notice in conspicuous places available to employees and applicants.

d. The contractor must comply with all provisions of Executive Order (EO) 11246 of September 24, 1965, as amended, and of the rules, regulations, and relevant orders of the Secretary of Labor.

e. The contractor must furnish all information and reports required by the Executive order, and by the rules, regulations, and orders of the Secretary, and must permit access to the contractor's books, records, and accounts by the Postal Service and the Secretary for purposes of investigation to ascertain compliance with these rules, regulations, and orders.

f. If the contractor fails to comply with this clause or with any of the said rules, regulations, or orders, this contract may be cancelled, terminated, or suspended, in whole or in part; the contractor may be declared ineligible for further contracts in accordance with the Executive order; and other sanctions may be imposed and remedies invoked under the Executive order, or by rule, regulation, or order of the Secretary, or as otherwise provided by law.

g. The contractor must insert this clause, including this paragraph g, in all subcontracts or purchase orders under this contract unless exempted by Secretary of Labor rules, regulations, or orders issued under the Executive order. The contractor must take such action with respect to any such subcontract or purchase order as the Postal Service may direct as a means of enforcing the terms and conditions of this clause (including sanctions for noncompliance), provided, however, that if the contractor becomes involved in, or is threatened with, litigation as a

Docket: 1384296-06081
Item Nbr: 6A
Page Nbr: 9

result, the contractor may request the Postal Service to enter into the litigation to protect the interests of the Postal Service.

h. Disputes under this clause will be governed by the procedures in 41 CFR 60-1.1.

A.6 FACILITIES NONDISCRIMINATION

a. As used in this clause, the term "facility" means stores, shops, restaurants, cafeterias, restrooms, and any other facility of a public nature in the building in which the space covered by this Lease is located.

b. The Lessor agrees that he will not discriminate by segregation or otherwise against any person or persons because of race, religion, color, age, sex, or national origin in furnishing, or by refusing to furnish, to such person or persons the use of any facility including any and all services, privileges, accommodations, and activities provided thereby.

c. It is agreed that the Lessor's noncompliance with the provisions of this clause shall constitute a material breach of this Lease. In the event of such noncompliance, the Postal Service may take appropriate action to enforce compliance, may terminate this lease, or may pursue such other remedies as may be provided by law. In the event of termination, the Lessor shall be liable for all excess costs of the Postal Service in acquiring substitute space, including but not limited to the cost of moving to such space.

d. The Lessor agrees to include, or to require the inclusion of the foregoing provisions of this clause (with the terms "Lessor" and "Lease" appropriately modified) in every agreement or concession pursuant to which any person other than the Lessor operates or has the right to operate any facility. The Lessor also agrees that it will take such action with respect to any such agreement as the Postal Service may direct as a means of enforcing this clause, including but not limited to termination of the agreement or concession.

A.7 RESERVED

A.8 CONTINGENT FEES

a. The contractor warrants that no person or selling agency has been employed or retained to solicit or obtain this contract for a commission, percentage, brokerage, or contingent fee, except bona fide employees or bona fide, established commercial or selling agencies employed by the contractor for the purpose of obtaining business.

b. For breach or violation of this warranty, the Postal Service has the right to annul this contract without liability or to deduct from the contract price or otherwise recover the full amount of the commission, percentage, brokerage fee, or contingent fee.

c. Licensed real estate agents or brokers having listings on property for rent, in accordance with general business practice, and who have not obtained such licenses for the sole purpose of effecting this lease, may be considered as bona fide employees or agencies within the exception contained in this clause.

A.9 ASSIGNMENT OF CLAIMS

a. If this contract provides for payments aggregating $10,000 or more, claims for moneys due or to become due from the Postal Service under it may be assigned to a bank, trust company, or other financing institution, including any federal lending agency, and may thereafter be further assigned and reassigned to any such institution. Any assignment or reassignment must cover all amounts payable and must not be made to more than one party, except that assignment or reassignment may be made to one party as agent or trustee for two or more parties participating in financing this contract. No assignment or reassignment will be recognized as valid and binding upon the Postal Service unless a written notice of the assignment or reassignment, together with a true copy of the instrument of assignment, is filed with:

1. The contracting officer;

2. The surety or sureties upon any bond; and

3. The office, if any, designated to make payment, and the contracting officer has acknowledged the assignment in writing.

b. Assignment of this contract or any interest in this contract other than in accordance with the provisions of this clause will be grounds for termination of the contract for default at the option of the Postal Service.

c. Nothing contained herein shall be construed so as to prohibit transfer of ownership of the demised premises; provided that: 1. such transfer is subject to this agreement; and 2. both the original lessor and the successor lessor execute the standard Lease Assignment and Assumption form to be provided by the USPS Contracting Officer.

A.10 COMPLIANCE WITH OSHA STANDARDS

The Lessor must (i) comply with applicable Occupational Safety and Health Standards, title 29 Code of Federal Regulations, Part 1910, promulgated pursuant to the authority of the Occupational Safety and Health Act of 1970; (ii) comply with any other applicable federal, state, or local regulation governing workplace safety to the extent they are not in conflict with (i); and (iii) take all other proper precautions to protect the health and safety of (a) any laborer or mechanic employed by the Lessor in performance of this agreement, (b) Postal Service employees, and (c) the public. The Lessor must include this clause in all subcontracts hereunder and to require its inclusion in all subcontracts of a lower tier. The term "Lessor" as used in this clause in any subcontract must be deemed to refer to the subcontractor.

A.11 EXAMINATION OF RECORDS

a. The Postal Service and its authorized representatives will, until three years after final payment under this contract, or for any shorter period specified for particular records, have access to and the right to examine any directly pertinent books, documents, papers, or other records of the contractor involving transactions related to this contract.

b. The contractor agrees to include in all subcontracts under this contract a provision to the effect that the Postal Service and its authorized representatives will, until three years after final payment under the subcontract, or for any shorter specified period for particular records, have access to and the right to examine any directly pertinent books, documents, papers, or other records of the subcontractor involving transactions related to the subcontract. The term "subcontract" as used in this clause excludes:

1. Purchase orders; and

2. Subcontracts for public utility services at rates established for uniform applicability to the general public.

A.12 YEAR 2000 WARRANTY (REAL PROPERTY CONTRACTS)

The contractor warrants that all building systems required under this contract (including, but not limited to, HVAC, electrical, lighting, elevator, or security/alarm systems) which contain or are managed, governed, or regulated in any manner by date-sensitive computer hardware or software, will suffer no failure, irregularity, or interruption of service based on failure accurately to process date data from, into, and between the twentieth and twenty-first centuries, including recognizing the year 2000 as a leap year. For breach of this warranty, the Postal Service may require the contractor to repair or replace those portions of any building system not performing as stated above.

The Postal Service may enforce this clause prior to January 1, 2000, if testing of any system before that date results in a failure, irregularity, or

UNITED STATES POSTAL SERVICE.

General Conditions to USPS Lease

interruption of service as described above. Accordingly, systems must permit user-programmed date changes sufficient to simulate time periods beginning with any future date, including without limitation December 31, 1999. Nothing in this warranty may be construed to limit any rights or remedies the Postal Service may otherwise have under this contract with regard to Year 2000 compliance or any other defects or failures.

A.13 CLAIMS AND DISPUTES

a. This contract is subject to the Contract Disputes Act of 1978 (41 U.S.C. 601-613) ("the Act").

b. Except as provided in the Act, all disputes arising under or relating to this contract must be resolved under this clause.

c. "Claim," as used in this clause, means a written demand or written assertion by one of the contracting parties seeking, as a matter of right, the payment of money in a sum certain, the adjustment or interpretation of contract terms, or other relief arising under or relating to this contract. However, a written demand or written assertion by the contractor seeking the payment of money exceeding $100,000 is not a claim under the Act until certified as required by subparagraph d.2 below. A voucher, invoice, or other routine request for payment that is not in dispute when submitted is not a claim under the Act. The submission may be converted to a claim under the Act by complying with the submission and certification requirements of this clause, if it is disputed either as to liability or amount or is not acted upon in a reasonable time.

d.

1. A claim by the contractor must be made in writing and submitted to the contracting officer for a written decision. A claim by the Postal Service against the contractor is subject to a written decision by the contracting officer.

2. For contractor claims exceeding $100,000, the contractor must submit with the claim the following certification:

> "I certify that the claim is made in good faith, that the supporting data are accurate and complete to the best of my knowledge and belief, that the amount requested accurately reflects the contract adjustment for which the contractor believes the Postal Service is liable, and that I am duly authorized to certify the claim on behalf of the contractor."

3. The certification may be executed by any person duly authorized to bind the contractor with respect to the claim.

e. For contractor claims of $100,000 or less, the contracting officer must, if requested in writing by the contractor, render a decision within 60 days of the request. For contractor-certified claims over $100,000, the contracting officer must, within 60 days, decide the claim or notify the contractor of the date by which the decision will be made.

f. The contracting officer's decision is final unless the contractor appeals or files a suit as provided in the Act.

g. When a claim is submitted by or against a contractor, the parties by mutual consent may agree to use an alternative dispute resolution (ADR) process to assist in resolving the claim. A certification as described in d.(2) of this clause must be provided for any claim, regardless of dollar amount, before ADR is used.

h. The Postal Service will pay interest on the amount found due and unpaid from:

1. The date the contracting officer receives the claim (properly certified if required); or

2. The date payment otherwise would be due, if that date is later, until the date of payment.

i. Simple interest on claims will be paid at a rate determined in accordance with the interest clause.

j. The contractor must proceed diligently with performance of this contract, pending final resolution of any request for relief, claim, appeal, or action arising under the contract, and comply with any decision of the contracting officer.

A.14 AFFIRMATIVE ACTION FOR HANDICAPPED WORKERS

The following clause is applicable if this contract provides for payments aggregating $2,500 or more.

a. The contractor may not discriminate against any employee or applicant because of physical or mental handicap, in regard to any position for which the employee or applicant is qualified. The contractor agrees to take affirmative action to employ, advance in employment, and otherwise treat qualified handicapped individuals without discrimination in all employment practices, such as employment, upgrading, demotion or transfer, recruitment, advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training (including apprenticeship).

b. The contractor agrees to comply with the rules, regulations, and relevant orders of the Secretary of Labor issued pursuant to the Rehabilitation Act of 1973, as amended.

c. In the event of the contractor's noncompliance with this clause, action may be taken in accordance with the rules and regulations and relevant orders of the Secretary of Labor.

d. The contractor agrees to post in conspicuous places, available to employees and applicants, notices in a form to be prescribed by the Director, Office of Federal Contract Compliance Programs, provided by or through the contracting officer. These notices state the contractor's obligation under the law to take affirmative action to employ and advance in employment qualified handicapped employees and applicants, and the rights of applicants and employees.

e. The contractor must notify each union or worker's representative with which it has a collective bargaining agreement or other understanding that the contractor is bound by the terms of section 503 of the Act and is committed to taking affirmative action to employ, and advance in employment, handicapped individuals.

f. The contractor must include this clause in every subcontract or purchase order over $2,500 under this contract unless exempted by rules, regulations, or orders of the Secretary issued pursuant to section 503 of the Act, so its provisions will be binding upon each subcontractor or vendor. The contractor must take such action with respect to any subcontract or purchase order as the Director of the Office of Federal Contract Compliance Programs may direct to enforce in these provisions, including action for noncompliance.

A.15 AFFIRMATIVE ACTION FOR DISABLED VETERANS AND VETERANS OF THE VIETNAM ERA

If this contract provides for payments aggregating $10,000 or more, the following clause is applicable.

a. The contractor may not discriminate against any employee or applicant because that employee or applicant is a disabled veteran or veteran of the Vietnam era, in regard to any position for which the employee or applicant is qualified. The contractor agrees to take affirmative action to employ, advance in employment, and otherwise treat qualified disabled veterans and veterans of the Vietnam era without discrimination in all employment practices, such as employment, upgrading, demotion or transfer, recruitment, advertising, layoff or

termination, rates of pay or other forms of compensation, and selection for training (including apprenticeship).

b. The contractor agrees to list all employment openings which exist at the time of the execution of this contract and those which occur during the performance of this contract, including those not generated by this contract and including those occurring at an establishment of the contractor other than the one where the contract is being performed, but excluding those of independently operated corporate affiliates, at an appropriate local office of the state employment service where the opening occurs. State and local government agencies holding Postal Service contracts of $10,000 or more will also list their openings with the appropriate office of the state employment service.

c. Listing of employment openings with the employment service system will be made at least concurrently with the use of any other recruitment source or effort and will involve the normal obligations attaching to the placing of a bona fide job order, including the acceptance of referrals of veterans and non-veterans. The listing of employment openings does not require the hiring of any particular applicant or hiring from any particular group of applicants, and nothing herein is intended to relieve the contractor from any other requirements regarding nondiscrimination in employment.

d. Whenever the contractor becomes contractually bound to the listing provisions of this clause, it must advise the employment service system in each State where it has establishments of the name and location of each hiring location in the State. The contractor may advise the State system when it is no longer bound by this clause.

e. Paragraphs b, c, and d above do not apply to openings the contractor proposes to fill from within its own organization or under a customary and traditional employer/union hiring arrangement. But this exclusion does not apply to a particular opening once the contractor decides to consider applicants outside its own organization or employer/union arrangements for that opening.

f. Definitions

1. All Employment Openings. This includes all positions except executive and top management, those positions that will be filled from within the contractor's organization, and positions lasting three days or less. This also includes full-time employment, temporary employment of more than three days duration, and part-time employment. Under the most compelling circumstances, an employment opening may not be suitable for listing, including situations in which the needs of the Postal Service cannot reasonably be otherwise supplied, when listing would be contrary to national security, or when listing would not be in the best interest of the Postal Service.

2. Appropriate Office of the State Employment Service. This means the local office of the federal/state national system of public employment offices with assigned responsibility for serving the area where the employment opening is to be filled, including the District of Columbia, Guam, the Commonwealth of Puerto Rico, and the Virgin Islands.

3. Positions That Will be Filled From Within the Contractor's Own Organization. This means employment openings for which no consideration will be given to persons outside the contractor's organization (including any affiliates, subsidiaries and parent companies) and includes any openings which the contractor proposes to fill from regularly established recall lists.

4. Openings the Contractor Proposes to Fill Under a Customary and Traditional Employer/Union Hiring Arrangement. Employment openings the contractor proposes to fill from union halls as part of the customary and traditional hiring relationship existing between it and representatives of its employees.

g. The contractor agrees to comply with the rules, regulations, and relevant orders of the Secretary of Labor issued pursuant to the Vietnam Era Veterans Readjustment Assistance Act of 1972, as amended.

h. In the event of the contractor's noncompliance with this clause, action may be taken in accordance with the rules, regulations, and relevant orders of the Secretary.

i. The contractor agrees to post in conspicuous places, available to employees and applicants, notices in a form to be prescribed by the Director, Office of Federal Contract Compliance Programs, provided by or through the contracting officer. These notices state the contractor's obligation under the law to take affirmative action to employ and advance in employment qualified disabled veterans and veterans of the Vietnam era, and the rights of applicants and employees.

j. The contractor must notify each union or workers' representative with which it has a collective bargaining agreement or other understanding that the contractor is bound by the terms of the Act and is committed to taking affirmative action to employ, and advance in employment, qualified disabled veterans and veterans of the Vietnam era.

k. The contractor must include this clause in every subcontract or purchase order of $10,000 or more under this contract unless exempted by rules, regulations, or orders of the Secretary issued pursuant to the Act, so its provisions will be binding upon each subcontractor or vendor. The contractor must take such action with respect to any subcontract or purchase order as the Director of the Office of Federal Contract Compliance Programs may direct to enforce the provisions, including action for noncompliance.

A.16 GRATUITIES OR GIFTS

a. The Postal Service may terminate this contract for default if, after notice and a hearing, the Postal Service Board of Contract Appeals determines that the contractor or the contractor's agent or other representative:

1. Offered or gave a gratuity or gift (as defined in 5 CFR 2635) to an officer or employee of the Postal Service; and

2. Intended by the gratuity to obtain a contract or favorable treatment under a contract.

b. The rights and remedies of the Postal Service provided in this clause are in addition to any other rights and remedies provided by law or under this contract.

A.17 HAZARDOUS/TOXIC CONDITIONS CLAUSE

"Asbestos containing building material" (ACBM) means any material containing more than 1% asbestos as determined by using the method specified in 40 CFR Part 763, Subpart E, Appendix E. "Friable asbestos material" means any ACBM that when dry, can be crumbled, pulverized, or reduced to powder by hand pressure.

The Lessor must identify and disclose the presence, location and quantity of all ACBM or presumed asbestos containing material (PACM) which includes all thermal system insulation, sprayed on and troweled on surfacing materials, and asphalt and vinyl flooring material unless such material has been tested and identified as non-ACBM. The Lessor agrees to disclose any information concerning the presence of lead-based paint, radon above 4 pCi/L, and lead piping or solder in drinking water systems in the building, to the Postal Service.

Sites cannot have any contaminated soil or water above applicable federal, state or local action levels or undisclosed underground storage tanks. Unless due to the act or negligence of the Postal Service, if contaminated soil, water, underground storage tanks or piping or friable asbestos material or any other hazardous/toxic materials or substances as defined by applicable Local, State or Federal law is subsequently

identified on the premises, the Lessor agrees to remove such materials or substances upon notification by the U. S. Postal Service at Lessor's sole cost and expense in accordance with EPA and/or State guidelines. If ACBM is subsequently found in the building which reasonably should have been determined, identified, or known to the Lessor, the Lessor agrees to conduct, at Lessor's sole expense, an asbestos survey pursuant to the standards of the Asbestos Hazard Emergency Response Act (AHERA), establish an Operations and Maintenance (O&M) plan for asbestos management, and provide the survey report and plan to the Postal Service. If the Lessor fails to remove any friable asbestos or hazardous/toxic materials or substances, or complete an AHERA asbestos survey and O&M plan, the Postal Service has the right to accomplish the work and deduct the cost plus administrative costs, from future rent payments or recover these costs from Lessor by other means, or may, at its sole option, cancel this Lease. In addition, the Postal Service may proportionally abate the rent for any period the premises, or any part thereof, are determined by the Postal Service to have been rendered unavailable to it by reason of such condition.

The remainder of this clause applies if this Lease is for premises not previously occupied by the Postal Service.

By execution of this Lease the Lessor certifies:

1. the property and improvements are free of all contamination from petroleum products or any hazardous/toxic or unhealthy materials or substances, including friable asbestos materials, as defined by applicable State or Federal law;

2. there are no undisclosed underground storage tanks or associated piping, ACBM, radon, lead-based paint, or lead piping or solder in drinking water systems, on the property; and

3. it has not received, nor is it aware of, any notification or other communication from any governmental or regulatory entity concerning any environmental condition, or violation or potential violation of any local, state, or federal environmental statute or regulation, existing at or adjacent to the property.

The Lessor hereby indemnifies and holds harmless the Postal Service and its officers, agents, representatives, and employees from all claims, loss, damage, actions, causes of action, expense, fees and/or liability resulting from, brought for, or on account of any violation of this clause.

A.18 ADVERTISING OF CONTRACT AWARDS

Except with the contracting officer's prior approval, the contractor agrees not to refer in its commercial advertising to the fact that it was awarded a Postal Service contract or to imply in any manner that the Postal Service endorses its products.

A.19 RECORDING

This agreement or a memorandum hereof, must be recorded at the expense of the Lessor. Such expense includes all fees required for or incident to recording. If the Lessor fails to record the Lease, or a memorandum thereof, the Postal Service may record the Lease or a memorandum thereof, and deduct all costs associated therewith from future rents.

A.20 SUBLEASE

The Postal Service may sublet all or any part of the premises or assign this lease but shall not be relieved from any obligation under this lease by reason of any subletting or assignment.

A.21 ALTERATIONS

The Postal Service shall have the right to make alterations, attach fixtures and erect additions, structures or signs in or upon the premises hereby leased (provided such alterations, additions, structures, or signs shall not be detrimental to or inconsistent with the rights granted to other tenants on the property or in the building in which said premises are located); which fixtures, additions or structures so placed in, upon or attached to the said premises shall be and remain the property of the Postal Service and may be removed or otherwise disposed of by the Postal Service. Prior to expiration or termination of this lease the Postal Service may remove such alterations and improvements and restore the premises to as good condition as that existing at the time of entering upon the same under the lease, reasonable and ordinary wear and tear and damages by the elements or by circumstances over which the Postal Service has no control, excepted. If however, at the expiration or termination of the lease or any renewal or extension thereof, the Postal Service elects not to remove such alterations and/or improvements, said alterations and/or improvements shall become the property of the Lessor and any rights of restoration are waived.

A.22 APPLICABLE CODES AND ORDINANCES

The Lessor, as part of the rental consideration, agrees to comply with all codes and ordinances applicable to the ownership and operation of the building in which the rented space is situated and to obtain all necessary permits and related items at no cost to the Postal Service.

A.23 DAMAGE OR DESTRUCTION OF PREMISES

If the demised premises or any portion thereof are damaged or destroyed by fire or other casualty, Acts of God, of a public enemy, riot or insurrection, or are otherwise determined by the Postal Service to be unfit for use and occupancy, the Postal Service may

a. terminate this lease as of the date the premises become unfit for use and occupancy, or

b. require the Lessor to repair or rebuild the premises as necessary to restore them to tenantable condition to the satisfaction of the Postal Service. For any period the premises, or any part thereof, are unfit for use and occupancy, the rent will be abated in proportion to the area determined by the Postal Service to be untenantable. Unfitness for use does not include unsuitability arising from such causes as design, size, or location of the premises, or

c. accomplish all repair necessary for postal occupancy and deduct all such costs, plus administrative burden from future rents.

A.24 LESSOR OBLIGATIONS

The Lessor's obligations regarding the services to be provided are further defined as follows:

a. If heating system and fuel are furnished - Lessor must furnish heating system together with all fuel required for proper operation of the system during the continuance of the Lease. The system must be in good working order and, if maintained by the Lessor, will be maintained in accordance with the Maintenance Rider attached hereto. Any investigative or remediation cost associated with a release of fuel from the system, including any fuel tank, shall be the responsibility of the Lessor, unless the release is cause by the act or negligence of the Postal Service.

b. If heat is furnished - Lessor must maintain a uniform heating temperature of 65 degrees F. in all enclosed portions of the demised premises during the continuance of the Lease.

c. If heating system is furnished - Lessor must furnish heating system in good working order and, if maintained by Lessor, will be maintained in accordance with the Maintenance Rider attached hereto. Any investigative or remediation cost associated with a release of fuel from the system, including any fuel tank, shall be the responsibility of the

Lessor, unless the release is cause by the act or negligence of the Postal Service.

d. If lighting fixtures and power are furnished - Lessor must provide light fixtures in good working order as well as pay all recurring electric bills.

e. If light fixtures are furnished - Lessor must provide light fixtures in good working order.

f. If electricity is furnished - Lessor must pay for all recurring electric bills and furnish the electrical system during the continuance of the Lease.

g. If electrical system is furnished - Lessor must furnish an electrical system in good working order having a separate electrical meter.

h. If water system and water service are furnished - Lessor must furnish a water system in good working order and pay for all recurring water bills during the continuance of the Lease.

i. If water system is furnished - Lessor must furnish a water system in good working order with separate water meter.

j. If sewerage system and sewerage service is furnished - Lessor agrees to furnish sewerage systems including all equipment, piping, plumbing, lines, connections, septic tanks, field lines and related devices, as necessary and to pay all charges, fees and other costs for such system and services during the continuance of the Lease.

k. If sewerage system is furnished - Lessor agrees to furnish sewerage systems including all equipment, piping, plumbing, lines, connections, septic tanks, field lines, and related devices, as necessary during the continuance of the Lease.

l. Future Availability of Public Water and/or Sewerage Services - Regardless of Lessor's responsibility for water and/or sewerage under this Lease, if public water and/or sewerage services are not currently available, but become available in the future, the Lessor agrees to accomplish connection, maintain, and pay all fees and costs involved in connecting the building system to the public water and/or sewerage systems. After connection, the Postal Service agrees to pay recurring charges for water consumption and use of sewerage services. If connection of such services is optional, the Postal Service will determine if the connection is to be made by the Lessor.

m. If air conditioning equipment and operating power are provided - Lessor must furnish air-conditioning equipment together with all power required for proper operation of the equipment during the continuance of the Lease. The equipment must be in good working order and, if maintained by the Lessor, will be maintained in accordance with the Maintenance Rider attached hereto.

n. If air-conditioning equipment is furnished - Lessor must furnish air conditioning equipment in the demised premises in good working order and, if maintained by Lessor, will be maintained in accordance with the Maintenance Rider included attached hereto.

o. If air-conditioning is furnished - Lessor must maintain a uniform temperature of no greater than 78 degrees F. in all enclosed portions of the demised premises and be responsible for servicing of the air conditioning equipment including, but not limited to, the replacement of necessary filters and refrigerant as required for proper operation of the equipment together with power, water and other services for its operation.

A.25 LESSOR'S SUCCESSORS

The terms and provisions of this Lease and the conditions herein are binding on the Lessor, and all heirs, executors, administrators, successors, and assigns.

A.26 RESERVED

A.27 DAVIS-BACON ACT

The following is applicable if this agreement covers premises of net interior space in excess of 6,500 square feet and involves construction work over $2,000.00.

a. Minimum Wages

1. All mechanics and laborers employed in the construction work (other than maintenance work of a recurring, routine nature necessary to keep the building or space in condition to be continuously used at an established capacity and efficiency for its intended purpose) must be paid unconditionally, and not less than once a week, without deduction or rebate (except for deductions permitted by the Copeland Regulations (29 CFR Part 3)), the amounts due at the time of payment computed at rates not less than the aggregate of the basic hourly rates and rates of payments, contributions, or costs for any fringe benefits contained in the wage-determination decision of the Secretary of Labor, attached hereto, regardless of any contractual relationship alleged to exist between the Lessor, or subcontractor and these laborers and mechanics. A copy of the wage-determination decision must be kept posted by the Lessor at the site of the work in a prominent place where it can easily be seen by the workers.

2. The Lessor may discharge its obligation under this clause to workers in any classification for which the wage-determination decision contains:

(a) Only a basic hourly rate of pay, by making payment at not less than that rate, except as otherwise provided in the Copeland Regulations (29 CFR Part 3); or

(b) Both a basic hourly rate of pay and fringe-benefit payments, by paying in cash, by irrevocably contributing to a fund, plan, or program for, or by assuming an enforceable commitment to bear the cost of, bona fide fringe benefits contemplated by 40 U.S.C. 276a; or by a combination of these.

3. Contributions made, or costs assumed, on other than a weekly basis (but not less often than quarterly) are considered as having been constructively made for a weekly period. When a fringe benefit is expressed in a wage determination in any manner other than as an hourly rate and the Lessor pays a cash equivalent or provides an alternative fringe benefit, the Lessor must furnish information with the Lessor's payrolls showing how the Lessor determined that the cost incurred to make the cash payment or to provide the alternative fringe benefit is equal to the cost of the wage-determination fringe benefits. When the Lessor provides a fringe benefit different from that contained in the wage determination, the Lessor must show how the hourly rate was arrived at. In the event of disagreement as to an equivalent of any fringe benefit, the contracting officer must submit the question, together with the contracting officer's recommendation, to the Secretary of Labor for final determination.

4. If the contractor does not make payments to a trustee or other third person, the contractor may consider as payment of wages the costs reasonably anticipated in providing bona fide fringe benefits, but only with the approval of the Secretary of Labor pursuant to a written request by the Lessor. The Secretary of Labor may require the Lessor to set aside assets in a separate account, to meet the Lessor's obligations under any unfunded plan or program.

5. The contracting officer will require that any class of laborers or mechanics not listed in the wage-determination but to be employed under the contract will be classified in conformance with the wage-determination and report the action taken to the Administrator of the Wage and Hour Division, Employment Standards Administration,

General Conditions to USPS Lease

U.S. Department of Labor, Washington, D.C. 20210-0001, for approval. The contracting officer will approve an additional classification and wage rate and fringe benefits therefor only if:

(a) The work to be performed by the classification requested is not performed by a classification in the wage determination;

(b) The classification is utilized in the area by the construction industry; and

(c) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

ii. If the Lessor, the laborers or mechanics to be employed in the classification or their representatives, and the contracting officer do not agree on the proposed classification and wage rate and fringe benefits therefor, the contracting officer must submit the question, together with the views of the interested parties and the contracting officer's recommendation, to the Wage and Hour Administrator for final determination. The Administrator or authorized representative will, within 30 days of receipt, approve, modify, or disapprove every proposed additional classification action, or issue a final determination if the parties disagree, and so advise the contracting officer or advise that additional time is necessary. The final approved wage rate (and fringe benefits if appropriate) must be paid to all workers performing work in the classification under the contract from the first day work is performed in the classification. The Lessor will post a copy of the final determination of the conformance action with the wage-determination determination at the site of the work. (The Department of Labor information collection and reporting requirements contained in subparagraph a.5 above and in this subparagraph a.ii have been approved by the Office of Management and Budget under OMB control number 1215-0140.)

b. Apprentices and Trainees

1. Apprentices may be permitted to work only when:

(a) registered, individually, under a bona fide apprenticeship program registered with a State apprenticeship agency recognized by the Bureau of Apprenticeship and Training, U.S. Department of Labor, or, if no such recognized agency exists in a state, under a program registered with the Bureau of Apprenticeship and Training; or

(b) if not individually registered in the program, certified by the Bureau of Apprenticeship and Training or state agency (as appropriate) to be eligible for probationary employment as an apprentice. Trainees may be permitted to work only if individually registered in a program approved by the Employment and Training Administration, U.S. Department of Labor.

2. The ratio of apprentices to journeymen or trainees to journeymen in any craft classification must not be greater than that permitted for the Lessor's entire work force under the registered apprenticeship or trainee program. Apprentices and trainees must be paid at least the applicable wage rates and fringe benefits specified in the approved apprenticeship or trainee program for the particular apprentice's or trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage-determination. If the apprenticeship or trainee program does not specify fringe benefits, apprentices or trainees must be paid in the full amount of fringe benefits listed on the wage-determination for the applicable classification unless the Administrator of Wage and Hour Division determines that a different practice prevails. Any employee listed on a payroll at an apprentice or trainee wage rate not registered, or performing work on the job site in excess of the ratio permitted under the registered program, must be paid the wage rate on the wage determination for the classification of work actually performed.

3. If the Bureau of Apprenticeship and Training or State agency recognized by the Bureau (as appropriate) withdraws approval of an apprenticeship program, or if the Employment and Training Administration withdraws approval of a trainee program, the contractor will no longer be permitted to utilize apprentices or trainees (as appropriate) at less than the applicable predetermined rate for the work performed until an acceptable program is approved. (See 29 CFR 5.10 for special provisions that apply to training plans approved or recognized by the Department of Labor prior to August 20, 1975.)

4. The utilization of apprentices, trainees, and journeymen must be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR Part 30.

c. Overtime Compensation

1. The Lessor may not require or permit any laborer or mechanic employed on any work under this contract to work more than 40 hours in any workweek on work subject to the provisions of the Contract Work Hours and Safety Standards Act (40 U.S.C. 327-333), unless the laborer or mechanic receives compensation at a rate not less than one-and-one-half times the laborer's or mechanic's basic rate of pay for all such hours worked in excess of 40 hours.

2. For violations of subparagraph c.1 above, the Lessor is liable for liquidated damages, which will be computed for each laborer or mechanic at $10 for each day on which the employee was required or permitted to work in violation of subparagraph c.1 above.

3. The contracting officer may withhold from the Lessor sums as may administratively be determined necessary to satisfy any liabilities of the Lessor for unpaid wages and liquidated damages pursuant to subparagraph c.2 above.

d. Payroll and Other Records

1. For all laborers and mechanics employed in the work covered by this clause, the Lessor must maintain payrolls and related basic records and preserve them for a period of three years after contract completion. The records must contain the name, address, and social security number of each employee, the employee's correct classification, rate of pay (including rates of contributions for, or costs assumed to provide, fringe benefits), the daily and weekly number of hours worked, deductions made, and actual wages paid. Whenever the Lessor has obtained approval from the Secretary of Labor to assume a commitment to bear the cost of fringe benefits under subparagraph a.4 above, the Lessor must maintain records showing the commitment and its approval, communication of the plan or program to the employees affected, and the costs anticipated or incurred under the plan or program. Lessors employing apprentices or trainees under approved programs must maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs. (The Department of Labor information collection and record keeping requirements in this subparagraph d.1 have been approved by the Office of Management and Budget under OMB control numbers 1215-0140 and 1215-0017).

2. The Lessor must submit weekly, for each week in which any work covered by this clause is performed, a copy of all payrolls to the contracting officer. The Lessor is responsible for the submission of copies of payrolls of all subcontractors. The copy must be accompanied by a statement signed by the Lessor indicating that the payrolls are correct and complete, that the wage rates contained in them are not less than those determined by the Secretary of Labor,

PDF created with FinePrint pdfFactory trial version http://www.fineprint.com

and that the classifications set forth for each laborer or mechanic conform with the work the laborer or mechanic performed. Submission of the Weekly Statement of Compliance (see 29 CFR 5.5(a)(3)(ii)) required under this agreement satisfies this requirement. As required by this clause, the Lessor must submit a copy of any approval by the Secretary of Labor. (The Department of Labor information collection and reporting requirements in this subparagraph d.2 have been approved by the Office of Management and Budget under OMB control number 1215-0149.)

3. The Lessor's records required under this clause must be available for inspection by authorized representatives of the contracting officer and the Department of Labor, and the Lessor must permit the representative to interview employees during working hours on the job.

4. The Lessor must comply with the Copeland Regulations of the Secretary of Labor (29 CFR Part 3), which are hereby incorporated in this contract by reference.

e. Withholding of Funds. The contracting officer may withhold from the Lessor under this or any other contract with the Lessor so much of the accrued payments or advances as is considered necessary to pay all laborers and mechanics the full amount of wages required by this contract or any other contract subject to the Davis-Bacon prevailing wage requirements that is held by the Lessor.

f. Subcontracts.

1. If the Lessor or any subcontractor fails to pay any laborer or mechanic employed on the site of the work any of the wages required by the contract, the contracting officer may, after written notice to the lessor, suspend further payments or advances to the lessor until violations have ceased.

2. The lessor agrees to insert this clause, including this paragraph f, in all subcontracts hereunder. The term "lessor" as used in this clause in any subcontract, is deemed to refer to the lower-tier subcontractor.

g. Compliance with Davis-Bacon and Related Acts Requirements. All rulings and interpretations of the Davis-Bacon Act and related acts contained in 29 CFR Parts 1, 3, and 5 are hereby incorporated by reference in this contract.

h. Certification of Eligibility.

1. By entering into this contract, the lessor certifies that neither it or any person or firm having an interest in the lessor is ineligible to be awarded contracts by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

2. No part of this contract will be subcontracted to any person or firm ineligible for contract award by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

3. The penalty for making false statements is prescribed in the U.S. Criminal Code, 18 U.S.C. 1001.

i. Contract Termination and Debarment. A breach of this Davis-Bacon Act clause may be grounds for termination of the contract and debarment as a contractor and subcontractor as provided in 29 CFR 5.12.

j. Disputes Concerning Labor Standards. Disputes arising out of the labor standards provisions of this contract are not subject to the Claims and Disputes clause. They will be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR Parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the lessor (or any of its subcontractors) and the Postal Service, the U.S. Department of Labor, or the employees or their representatives.

A.28 BANKRUPTCY

In the event the Lessor enters into proceedings relating to bankruptcy, whether voluntary or involuntary, the Lessor will furnish, by certified mail, written notification of the bankruptcy to the contracting officer responsible for administering the contract. The notification must be furnished within five days of the initiation of the bankruptcy proceedings. The notification must include the date on which the bankruptcy petition was filed, the court in which the petition was filed, and a list of Postal Service contracts and contracting officers for all Postal Service contracts for which final payment has not yet been made. This obligation remains in effect until final payment under this contract.

UNITED STATES POSTAL SERVICE

Maintenance Rider
Lessor Responsibility

a. The Lessor shall, except as otherwise specified herein and except for damage resulting from the negligence of Postal Service agents or employees, maintain the demised premises, including the building and any and all equipment, fixtures, and appurtenances, whether severable or non-severable, furnished by the Lessor under this Lease, in good repair and tenantable condition. For the purpose of so maintaining said premises and property, the Lessor may at reasonable times, and upon reasonable notice to the facility manager, enter and inspect the same and make any necessary repairs thereto. Additionally, the Lessor shall designate maintenance repairmen for electrical emergencies, plumbing emergencies and for heating, ventilating and air conditioning and other emergencies (windows, doors, locks and other elements), who may be called by the Postal Service in the event of any emergency situation involving maintenance when the Lessor or the Lessor's agent cannot be contacted within a reasonable time.

b. ELECTRONIC SECURITY AND SURVEILLANCE EQUIPMENT (ESS)

Notwithstanding the above, the Postal Service shall assume the responsibility for all maintenance and repair of Electronic Security and Surveillance equipment ("ESS") at the demised premises, whether installed by the Lessor, the Postal Service, or a third party. ESS includes: Intrusion Detection System (IDS); Electronic Article Surveillance (EAS), including theft prevention systems; Closed Circuit Television (CCTV); and associated wiring, hardware, and installation materials. Lessor shall not attempt any maintenance or repair of, or otherwise interfere with, such ESS systems.

c. Lessor is responsible for inspection, prevention and eradication of termites and any other wood eating insects and for repairs of any damage resulting therefrom.

d. Lessor shall repaint the interior (including but not limited to the walls and ceilings) and exterior at least once every five (5) years (unless the five (5) year period is specifically extended in writing by the Contracting Officer) and at any other time that painting may become necessary as a result of fire or other casualty.

e. If a heating system is furnished by Lessor under this Lease, such system must be maintained by Lessor at all times so as to be capable of providing a uniform temperature of at least 65 degrees Fahrenheit in all enclosed portions of the demised premises.

f. If air-conditioning equipment is furnished by Lessor under this Lease, such equipment must be maintained by Lessor at all times so as to be capable of maintaining a uniform temperature of no greater than 78 degrees Fahrenheit in all enclosed portions of the premises.

g. Any heating boilers, hot water supply boilers, unfired pressure vessels, elevators, escalators and dumbwaiters provided by Lessor as part of the leased premises or operated by the Lessor in conjunction with the leased premises, shall be operated and maintained by the Lessor in accordance with ANSI/ASME A17.1, Safety Code for Elevators, Escalators, Dumbwaiters, and Moving Walks; ANSI/ASME A17.2, Elevator Inspectors Manual; ANSI/ASME A17.3, Safety Code for Existing Elevators and Escalators; ASME Boiler and Pressure Vessel Code; National Electric Code; and/or ASME Safety Code No. CSD-1, Controls and Safety Devices for Automatically Fired Boilers, as applicable, or as required by local ordinances. Current safety certificates issued by an organization recognized by the National Board of Boiler and Pressure Vessel Inspectors or a federal, state or municipal authority which has adopted the American National Standard Institute/American Society of Mechanical Engineers (ANSI/ASME) Boiler and Vessel Code, must be provided by the Lessor for boilers and unfired pressure vessels. Current safety certificates for elevators, dumbwaiters and escalators must be issued by an organization authorized to inspect in accordance with the ANSI/ASME Safety Code for Elevators, Dumbwaiters and Escalators or appropriate federal, state or municipal authority. In the event local jurisdictions do not require periodic inspection of such equipment, the Postal Service shall have the right to conduct inspections in accordance with the aforesaid codes, and may issue safety certificates as appropriate.

h. Whenever there is a need for maintenance or a repair which is the Lessor's obligation under this Maintenance Rider or for restoration of the premises or any part thereof to a state of good repair and tenantable condition, the Postal Service shall give the Lessor written notice thereof, specifying a time for completion of the work which is reasonable and commensurate with the nature of the work required. A copy of any such notice shall be sent by certified or registered mail to the Lessor's mortgagee and any assignee of monies due or to become due under this Lease whose names and addresses have been furnished to the Postal Service by the Lessor. If the Lessor (or the mortgagee or the assignee, on behalf of the Lessor) fails to prosecute the work with such diligence as will ensure its completion within the time specified in the written notice (or any extension thereof as may be granted at the sole discretion of the Postal Service) or fails to complete the work within said time, the Postal Service shall have the right to perform the work by contract or otherwise and withhold the cost thereof (which may include administrative cost and/or interest) from payments due or to become due under this Lease. In addition, the Postal Service may proportionally abate the rent for any period the premises, or any part thereof, are determined by the Postal Service to have been rendered untenantable to it by reason of such condition. Alternatively, the Postal Service may, if the demised premises are determined to be unfit for occupancy, at its sole discretion, cancel this Lease, without liability.

Instructions

1. Enter current evaluated office level.
2. Enter the 6 digit post office finance number.
3. Enter number of general delivery families served.
4. Enter total number of post office boxes and call boxes rented. Do not confuse with the total number available. This total should include boxes rented at classified stations/branches as well as the main office including BPO's.
5. Enter total possible city deliveries. The total reported should equal the total possible deliveries shown on Form 1621, Carrier Route Report for the previous accounting period.
6. Enter the number of administrative boxes served. This is the number of rural route boxes served, within your ZIP Code ONLY by carriers administratively reporting to you. Do not include boxes on the routes which are in the ZIP Code of an intermediate office.
7. Enter the number of intermediate rural boxes served. This is the number of rural boxes, within your ZIP Code, served by a carrier administratively reporting to another postmaster. For credit, the mail must be incoming to your office and separated to the routes within your ZIP Code by you or your employees prior to carrier sequencing.
8. Enter the number of intermediate rural boxes for which you are administratively responsible. This is the number of boxes served by a carrier administratively responsible to you, but which are located in the ZIP Code for another office.
9. Enter the number of administrative highway contract star route boxes served. This is the total number of star route boxes served within your ZIP Code ONLY by a contractor for whom you have administrative responsibility. Do not include boxes on the routes which are in the same ZIP Code of an intermediate office.
10. Enter the number of intermediate highway contract star route boxes served. This is the total number of star route boxes served within your ZIP Code ONLY by a contractor who administratively reports to another Postmaster. For credit the mail must be incoming to your office and separated to the contract route by you or your employees.
11. Enter the number of intermediate highway contract star route boxes for which you are administratively responsible. This is the number of boxes served by a contractor for whom you are administratively responsible and which are located in the ZIP Code of another office.
12. Enter the number of classified stations and/or branches that have carrier delivery service.
13. Enter the number of classified finance stations and/or branches (without carrier delivery service) staffed by postal employees.
14. Enter the total number of contract stations, rural stations and community post offices.
    (a) A contract station is a detached finance unit manned by non-postal employees.
    (b) A rural station is a post office box delivery unit serviced by a rural carrier.
    (c) A community post office is a contract unit which provides service in a small community.
15. To receive credit for a seasonal workload increase the items shown on the seasonal workload portion of the form must show a 25% increase and must last for a minimum of 8 weeks. The Christmas Season is not to be considered as a seasonal workload increase. Should your office have a seasonal workload increase you should enter the exact number of weeks the season lasts and complete the seasonal workload portion of the form in its entirety.

Window Transaction Survey

PO Name: TARIFFVILLE ZIP+4: 06081 - 9998 Completed By: BARBARA MASTROIANNI

Survey Period: 02/12/2011 through 02/25/2011

Record the number of retail window transactions in the appropriate columns for each day. Consider a sale of stamps as one transaction. A sale of stamps and a money order is two transactions. Do not record the handing out over the counter of box mail, general delivery mail, or carrier mail. Instead of this worksheet, you may use PS Form 2007-A, Window Transaction Record; PS Form 2007-B, Window Transaction Conversion; and PS Form 2007-C, Window Transaction Survey. To obtain the average daily number of transactions, divide the total number of transactions during the survey period by the number of days in the survey. The allowable time per transaction is shown in each column in minutes. To determine the average daily workload in minutes, multiply the number of transactions in each column by the time conversion for that column, total the time conversions for all columns, and divide the total number of minutes by the number of days in the survey period.

8. Reason for Proposal to Discontinue: The Tariffville Post Office is located at 28 Main Street in the first floor of a building which has dwellings on the second floor. The owner/landlord of the building has elected not to renew the lease for the post office and has given notice to the tenant. In the opinion of the Postmaster, the tenant and the Postal Service is unable to negotiate the premises due to unreasonable demands.

9. PO Emergency Suspended (Attach SDO Form): The Tariffville Post Office is located at 28 Main Street in the first floor of a building which has dwellings on the second floor. The tenant is one of the second floor apartments noticed that the ceiling and walls were cracking and notified the landlord. The Landlord contacted the tenant and the Postal Service to assess the conditions. (10/04/2021)

10. Proposed Permanent Alternate Service: Tariffville (CT 06081) is a village of Simsbury (CT 06070). These customers will rent their mail at the Simsbury Post Office located at a short drive (30 Hopmeadow Street Simsbury CT 06070). The collection box located at the Tariffville Post Office will be removed from the premises due to an unsafe location near the Hearts Post Office Boxes and Postal Services will be available at the Simsbury Post Office for the Tariffville community.

UNITED STAT
POSTAL SERV

03/21/2011

Dear Postal Service Customer:

As you are aware, service was suspended at the TARIFFVILLE Post Office on 02/04/2011, due to The Tariffville Post Office is located at 39 Main Street in the first floor of a building which has dwellings on the second floor. The tenant in one of the second floor apartments noticed that the ceiling and walls were cracking and notified the landlord. The Landlord instructed the tenant and the Postal Service to evacuate the premises' to structural deficiencies. Since that time, you have been provided postal service by a Rural Route Service to a selected roadside mailbox or your po box was moved to another location.

As the Postal Service manager responsible for all Post Offices in your area, I would like your opinion concerning the service you received prior to the suspension, the service you now receive, and what effect officially discontinuing the TARIFFVILLE Post Office may have on you and your community. The recommended change is tentative and will not lead to a formal proposal unless we conclude that it will provide a maximum degree of regular and effective service.

Retail services are also available at the SIMSBURY PO, located 3.4 miles away. Hours of service at this office are 08:30 17:00, Monday through Friday, and 09:00 12:00 on Saturday. Post Office boxes are available at this location at increased fees.

You may, of course, want to discuss this form of service with us before drawing any conclusions. Postal representatives will be at the on 04/05/2011 from to to answer questions and provide information about our service. You may wish to discuss and submit your questionnaire at that time.

If a permanent change to carrier service is implemented, customers will continue to use the community name and ZIP Code in the mailing address, and it will continue to be listed in Publication 65, National Five- Digit ZIP Code and Post Office Directory. I invite you to think about a permanent change to service. Please return the enclosed questionnaire by 04/05/2011, using the pre-addressed envelope provided. Please be aware that, if we formalize a proposal, your questionnaire will become part of an official record and will be available for public viewing.

The enclosure entitled "United States Postal Service Summary of Post Office Change Regulations" describes what is involved in making a formal proposal if a permanent change in postal service appears warranted.

If you have any questions, you may call Barbara Mastroianni at (860) 524-6495.

Thank you for your assistance.

Sincerely,

Dear Postal Service Customer:

Thank you for returning your questionnaire concerning the proposed discontinuance of the Tariffville Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- You expressed a concern about the loss of the Communities' identity. A community's identity derives from the interest and vitality of its residents and their use of its name. The Postal Service is helping to preserve community identity by continuing the use of the suspended Post Office name and ZIP Code in addresses and in Post Office Directory.

If it is determined that a discontinuance of the Tariffville Post Office should be pursued, a formal proposal will be posted in the Simsbury Post Office at a later date. If you have additional questions or comments, please feel free to contact Barbara Mastrosanni at (860) 524-6495.

Dear Postal Service Customer:

Thank you for returning your questionnaire concerning the proposed discontinuance of the Tariffville Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- You expressed a concern about the detrimental effect the loss of the post office would have on the community. Businesses generally require regular and effective postal services, and these will always be provided to the suspended Post Office community. There is no indication that the business community will be adversely affected. Questionnaire responses revealed that customers will continue to use local businesses if the post office is discontinued.

If it is determined that a discontinuance of the Tariffville Post Office should be pursued, a formal proposal will be posted in the Simsbury Post Office at a later date. If you have additional questions or comments, please feel free to contact Barbara Mastroianni at (860) 524-6495.

PAUL MCDONNELL

135 HOLCOMB STREET
SIMSBURY, CT 06070

Dear Postal Service Customer:

Thank you for returning your questionnaire concerning the proposed discontinuance of the Tariffville Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- You expressed concern over a postal representative not being customer oriented. The Postal Service is very interested in the service needs of the community and customer feedback is crucial to improving service. Concerns raised by the community will be investigated by the Postal Service and appropriate actions will be taken.
- You expressed a concern about having to travel to another post office for service. Services provided at the post office will be available from the carrier, and customers will not have to travel to another post office for service. Most transactions do not require meeting the carrier at the mailbox. Stamps by Mail and Money Order Application forms are available for customer convenience.

If it is determined that a discontinuance of the Tariffville Post Office should be pursued, a formal proposal will be posted in the Simsbury Post Office at a later date. If you have additional questions or comments, please feel free to contact Barbara Mastroianni at (860) 524-8495.

TARIFFVILLE, CT 06081

Dear Postal Service Customer:

Thank you for returning your questionnaire concerning the proposed discontinuance of the Tariffville Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- You expressed a concern over the dependability of rural route service. Rural letter carriers perform a vital function in the United States Postal Service serving thousands of families and businesses in rural and suburban areas while traveling millions of miles daily. Rural letter carriers are highly respected by the American public. This respect has been earned by many years of dedication to the Postal Service and to postal customers. During national and local emergencies, including prolonged periods of extreme weather conditions, rural carriers have demonstrated great responsibility in providing mail service to postal customers. Rural carriers are required to serve the route expeditiously and arrive at boxes at about the same time each day.

If it is determined that a discontinuance of the Tariffville Post Office should be pursued, a formal proposal will be posted in the Simsbury Post Office at a later date. If you have additional questions or comments, please feel free to contact Barbara Mastrolanni at (860) 524-6495.

TARIFFVILLE, CT 06081

Dear Postal Service Customer:

Thank you for returning your questionnaire concerning the proposed discontinuance of the Tariffville Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- Your comments along with others received will be included in the official record and considered carefully before further action is taken. I would like to take this opportunity to address many of the concerns that have been raised. First, as to accessibility and convenience, we realize that the convenience of Tariffville Post Office too many residents are very important. However, as part of an overall examination of efficiency and service to all of our customers, we must look at the proximity of all customers to postal services. As you are aware, the Simsbury Post Office, 932 Hopmeadow Road, is only 3.4 miles away. Customers who have limited transportation options, I would like to remind you that you may choose to have delivery to your residences. There are also many ways to obtain postal products and services without visiting a Post Office. These include buying postage online at www.usps.com, by phone at 1-800-STAMP24, or by mail. In addition, www.usps.com enables customers to print shipping labels with postage for Express Mail and Priority Mail, as well as schedule free package pickups. Other local businesses sell postage stamps and provide money order service. If it is determined that discontinuance of Tariffville Post Office should be pursued, a formal proposal will be written and forwarded to Headquarters for final approval. Again, thank you for sharing your thoughts with us.

If it is determined that a discontinuance of the Tariffville Post Office should be pursued, a formal proposal will be posted in the Simsbury Post Office at a later date. If you have additional questions or comments, please feel free to contact Barbara Mastroianni at (860) 524-6495.

Sincerely,

Beau LeBouef

Please keep this post office open. The elderly in town need it and it is very well used by all in town.

Part of the problem from my perspective was the lack of mainteng the building owner has done in the last 3-5 yrs.

Comments Regarding the Value of the Tariffville Post Office

I have always valued the fact that I can go to the Post Office on my way through or out of the village of Tariffville. I buy my stamps there, get envelopes weighed so that if they weigh more than an ounce, I can easily verify it and not send it under stamped and then have it returned for more postage. I now know that some greeting cards are too square or too large to go through regular processing and need more postage, and if I have a concern about it I can stop into the Tariffville PO and check it out so that the US PS doesn't have to go through special processing and return it to me as I would be less likely to check these things if I had to make a 6 mile round trip to Simsbury to verify this.

I have also noticed that the mail that one puts in the mail boxes at the Simsbury and Granby Post Offices are picked up at 2:00 pm at the earliest, and the Tariffville Post Office had a weekday pickup of 6:30 a.m. So now even if I do my 6 mile roundtrip, my mail goes out a day later.

Something that we cannot quantify unfortunately is how many people who go through Tariffville on their way to and from work use the post office, but anecdotally it is my perception that a lot do. Of course the USPS can argue that they should use their own local Post Office, but possibly they would have to add another 3 or 4 miles or more to their commute to do so.

The Tariffville Post Office leads to both my efficiency and the efficiency of the Village of Tariffville. We must have large enough volume and be far enough away from other Post Offices that we were not targeted to be closed. It is just awful that this situation with the building has put us in this position. It is also my understanding that the building has been approved now to hold the Post Office, but that the USPS has some arbitrary time limit and they have said it is passed, so we cannot go back to using the current building. That is a good example of the non-moneysaving approach to doing business that is not helping the survival of the USPS.

Please, please help us to keep the Tariffville Post Office. And possibly to fight for its being able to go back to where it was.

Dear Postal Service Customer:

Thank you for returning your questionnaire concerning the proposed discontinuance of the Tariffville Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- In your questionnaire you indicated that it would be inconvenient to use another post office. I realize that with change there is always concern. However, we are confident that the Simsbury Main Post Office will continue to provide you with effective and regular service. We are looking at changes that would have as little impact to our customers as possible and that is why there would be NO Change of Address necessary if you choose to receive your post office box mail at the Tariffville Main Post Office. If this proposal is finalized the actual Tariffville post office boxes will remain at the Simsbury Main Post Office located at 932 Hopmeadow Road Simsbury CT 06070. That means you would have the same key, the same box and the same location of the box within the box section configuration and the same zip code you are using now. The length of time that you prepaid your box rent for would also be honored. Street delivery is available in the Tariffville 06070 zip code area. Additionally, customers may order stamps by telephone with a credit card by calling 1-800-STAMP 24 or by utilizing Stamps by Mail envelopes available at your local post office or from your letter carrier. Retail services such as Click & Ship™ and Carrier Pickup are also available on line at www.usps.com. There are several locations within a short distance of the Tariffville Post Office where mailing services can be obtained along with multiple Stamps on Consignment locations.

If it is determined that a discontinuance of the Tariffville Post Office should be pursued, a formal proposal will be posted in the Simsbury Post Office at a later date. If you have additional questions or comments, please feel free to contact Barbara Mastroianni at (860) 524-6495.

MARIA PSANIA

PO BOX 554
TARIFFVILLE, CT 06081

Dear Postal Service Customer:

Thank you for returning your questionnaire concerning the proposed discontinuance of the Tariffville Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- In your questionnaire you indicated that it would be inconvenient to use another post office. I realize that with change there is always concern. However, we are confident that the Simsbury Main Post Office will continue to provide you with effective and regular service. We are looking at changes that would have as little impact to our customers as possible and that is why there would be NO Change of Address necessary if you choose to receive your post office box mail at the Tariffville Main Post Office. If this proposal is finalized the actual Tariffville post office boxes will remain at the Simsbury Main Post Office located at 932 Hopmeadow Road Simsbury CT 06070. That means you would have the same key, the same box and the same location of the box within the box section configuration and the same zip code you are using now. The length of time that you prepaid your box rent for would also be honored. Street delivery is available in the Tariffville 06070 zip code area. Additionally, customers may order stamps by telephone with a credit card by calling 1-800-STAMP 24 or by utilizing Stamps by Mail envelopes available at your local post office or from your letter carrier. Retail services such as Click & Ship™ and Carrier Pickup are also available on line at www.usps.com. There are several locations within a short distance of the Tariffville Post Office where mailing services can be obtained along with multiple Stamps on Consignment locations.

If it is determined that a discontinuance of the Tariffville Post Office should be pursued, a formal proposal will be posted in the Simsbury Post Office at a later date. If you have additional questions or comments, please feel free to contact Barbara Mastroianni at (860) 524-6495.

Dear Postal Service Customer:

Thank you for returning your questionnaire concerning the proposed discontinuance of the Tariffville Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- You expressed a concern about the loss of the Communities' identity. A community's identity derives from the interest and vitality of its residents and their use of its name. The Postal Service is helping to preserve community identity by continuing the use of the suspended Post Office name and ZIP Code in addresses and Post Office Directory through usps.com

If it is determined that a discontinuance of the Tariffville Post Office should be pursued, a formal proposal will be posted in the Simsbury Post Office at a later date. If you have additional questions or comments, please feel free to contact Barbara Mastrolanni at (860) 524-6495.

Dear Postal Service Customer:

Thank you for returning your questionnaire concerning the proposed discontinuance of the Tariffville Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- Your comments along with others received will be included in the official record and considered carefully before further action is taken. I would like to take this opportunity to address many of the concerns that have been raised. First, as to accessibility and convenience, we realize that the convenience of Tariffville Post Office too many residents are very important. However, as part of an overall examination of efficiency and service to all of our customers, we must look at the proximity of all customers to postal services. As you are aware, the Simsbury Post Office, 932 Hopmeadow Road, is only 3.4 miles away. In addition, several customers have mentioned that Tariffville is an important part of the community, and adds to the quality of life in the area. We appreciate these feelings and will include them in our report. Also, customers have commented on the friendly service they receive at the Tariffville Post Office, and we hope this level of satisfaction is true of our other post offices as well.

If it is determined that a discontinuance of the Tariffville Post Office should be pursued, a formal proposal will be posted in the Simsbury Post Office at a later date. If you have additional questions or comments, please feel free to contact Barbara Mastroianni at (860) 524-6405.

I feel that the Post Office in Tariffville is an essential part of the community. The last week has been very inconvenient when needing parcels exchanged going to Bloomfield PO besides the travelling to the Bloomfield PO, the time in the office took almost an hour. This would not occur at Tariffville PO.

Dear Postal Service Customer:

Thank you for returning your questionnaire concerning the proposed discontinuance of the Tariffville Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- Your comments along with others received will be included in the official record and considered carefully before further action is taken. I would like to take this opportunity to address many of the concerns that have been raised. First, as to accessibility and convenience, we realize that the convenience of Tariffville Post Office too many residents are very important. However, as part of an overall examination of efficiency and service to all of our customers, we must look at the proximity of all customers to postal services. As you are aware, the Simsbury Post Office, 932 Hopmeadow Road, is only 3.4 miles away. In addition, several customers have mentioned that Tariffville is an important part of the community, and adds to the quality of life in the area. We appreciate these feelings and will include them in our report. Also, customers have commented on the friendly service they receive at the Tariffville Post Office, and we hope this level of satisfaction is true of our other post offices as well.

If it is determined that a discontinuance of the Tariffville Post Office should be pursued, a formal proposal will be posted in the Simsbury Post Office at a later date. If you have additional questions or comments, please feel free to contact Barbara Mastroianni at (860) 524-8495.

TARIFFVILLE, CT 06081

Dear Postal Service Customer:

Thank you for returning your questionnaire concerning the proposed discontinuance of the Tariffville Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- Your comments along with others received will be included in the official record and considered carefully before further action is taken. First, you expressed a concern about the waiting time at the administrative Post Office. The administrative Post Office serves a much larger community and has a heavier retail window workload. This concern has been brought to the attention of the administrative postmaster so he can monitor window operations and ensure that customers do not have an unreasonable wait to obtain services. Second, for those local customers who have limited transportation options, I would like to remind you that you may choose to have delivery to your residences. There are also many ways to obtain postal products and services without visiting a Post Office. These include buying postage online at www.usps.com, by phone at 1-800-STAMP24, or by mail. In addition, www.usps.com enables customers to print shipping labels with postage for Express Mail and Priority Mail, as well as schedule free package pickups. Other local businesses sell postage stamps and provide money order service. If it is determined that a discontinuance of the Tariffville Post Office should be pursued, a formal proposal will be posted in the Simsbury Post Office at a later date. If you have additional questions or comments, please feel free to contact my office at (860) 524-6495.

In response to your letter:

- Your comments along with others received will be included in the official record and considered carefully before further action is taken. I would like to address your suggestions regarding less branches and later hours. We have several offices within a ten mile radius of the Tariffville Post Office which have Automated Postal Centers (APC). The APC allows the customer access to mail and purchase stamps. These sites are located at: Hartford Post Office, 141 Weston Street, Hartford; West Hartford Post Office, 102 LaSalle Road, West Hartford; Enfield Post Office, 31 Palomba Drive, Enfield these sites offer 24/7 access for your mailing needs. In additional there are several businesses, such CVS, Staples, Wells Fargo Bank, and Stop & Shop which provide the convenience of selling stamps to customers. If it is determined that a discontinuance of the Tariffville Post Office should be pursued, a formal proposal will be posted in the Simsbury Post Office at a later date. - Your comments along with others received will be included in the official record and considered carefully before further action is taken. I would like to take this opportunity to address many of the concerns that have been raised. First, as to accessibility and convenience, we realize that the convenience of Tariffville Post Office too many residents are very important. However, as part of an overall examination of efficiency and service to all of our customers, we must look at the proximity of all customers to postal services. As you are aware, the Simsbury Post Office, 932 Hopmeadow Road, is only 3.4 miles away You also expressed a concern about the collection of outgoing mail. Collection of mail will be made by the carriet when serving the route. The customer should raise the flag on the mailbox to alert the carrier that outgoing mail is to be collected from the mailbox. The Collection Box which was located outside the Tariffville If it is determined that discontinuance of Tariffville Post Office should be pursued, a formal proposal will be written and forwarded to Headquarters for final approval. It is out of my way. There isn't long enough hrs because of the extra distance & being out of my way I only go once a week. I cannot walk there. ~~[redacted]~~ I do in Tariffville on my days off.
The parking situation is horrible. The other day I had to circle the building three times to get a parking spade. This is dangerous to do with the traffic on Hopmeadow and short distance between the two driveways of the Post office.

Because of the location of the Tariffville Post Office at the intersection of two major commuter routes (Rtes. 189 & 315) there are many people who use Tariffville Post Office who are just passing through to & from work.
We have talked to several of these people and received phone messages from them. They like to see the Tariffville Post Office stay open. Some of the people are teachers at Tariffville school. There are also people that live in the North End of Bloomfield, as well as people who work in the Millak Turns Road. Several of the businesses in the Griffin Office Parks bring mail business to Tariffville. It's our understanding that the Tariffville Post Office was a profitable location because of the amount of commercial business.

Tariffville P.O. is SIGNIFICANTLY more than just a collection point. We have enjoyed wonderful care, assistance and service & pride in our community from the postal personnel & the boards that we serve. Not more than 10% of the Simsbury P.O. customers would choose to send a bill by mail much less a magazine. Boost the USPS use Rule. Tariffville P.O. & just that image so many other branches severely lack.

Dear Postal Service Customer:

Thank you for returning your questionnaire concerning the proposed discontinuance of the Tariffville Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- Your comments along with others received will be included in the official record and considered carefully before further action is taken. I would like to take this opportunity to address many of the concerns that have been raised. First, as to accessibility and convenience, we realize that the convenience of Tariffville Post Office too many residents are very important. However, as part of an overall examination of efficiency and service to all of our customers, we must look at the proximity of all customers to postal services. As you are aware, the Simsbury Post Office, 932 Hopmeadow Road, is only 3.4 miles away Second, for those local customers who have limited transportation options, I would like to remind you that you may choose to have delivery to your residences. There are also many ways to obtain postal products and services without visiting a Post Office. These include buying postage online at www.usps.com, by phone at 1-800-STAMP24, or by mail. In addition, www.usps.com enables customers to print shipping labels with postage for Express Mail and Priority Mail, as well as schedule free package pickups. Other local businesses sell postage stamps and provide money order service. Third, we are reviewing parking concerns which have been raised by several Tariffville Community members. Currently there are enough spces to accomodate the daily flow of customer visits. Several customers have mentioned that Tariffville is an important part of the community, and adds to the quality of life in the area. We appreciate these feelings and will include them in our report. Also, customers have commented on the friendly service they receive at the Tariffville Post Office, and we hope this level of satisfaction is true of our other post offices as well. If it is determined that discontinuance of Tariffville Post Office should be pursued, a formal proposal will be written and forwarded to Headquarters for final approval. Again, thank you for sharing your thoughts with us.

If it is determined that a discontinuance of the Tariffville Post Office should be pursued, a formal proposal will be posted in the Simsbury Post Office at a later date. If you have additional questions or comments, please feel free to contact Barbara Mastroianni at (860) 524-8495.

Flooding

The road between Tariffville and Simsbury is necessary but a long running hill and is flooded after heavy rains or runoff. When the water is up it is the only road to get from one side of town to the other. Any detours are quite long

Not happy with the drive to Simsbury. Tariffville is easy to get to. The service is excellent they always suggest the best way to ship, the quickest amount of time to get to its location. I'm sure you will be able to find a new location ~~soon~~ With the price of gas going up - it becomes a hardship for everyone

THE TARIFFVILLE POST OFFICE GIVES GOOD OLD FASHIONED SERVICE. MANY THANKS TO OUR POSTMISTRESS.

I HAVE FOUND IT DIFFICULT TO DO MY POSTAL BUSINESS SINCE THE MOVE TO SIMSBURY. MAIL IS THE WAY TO WORK FOR THE 6:30 PM PICK UP TO HOME FOR OUTGOING MAIL. I DO NOT HAVE ANY WAY TO GO INTO SIMSBURY ON SUNDAY TO GET MAIL OR BUY POSTAGE. PERSONALLY, I LIKE A TARIFFVILLE POST OFFICE BECAUSE I LIKE TO MAIL LETTERS, PACKAGES, PURCHASE STAMPS, ADD UP THE TARIFFVILLE POST OFFICE IS WITHIN WALKING DISTANCE FOR THE MAJORITY OF RESIDENTS. IT WAS A FRIENDLY PLACE WHERE EVERYONE WAS TREATED LIKE A FRIEND AND WE HOPE TO KEEP

I like people there would stop for a chat. I became a Simsbury post office customer because of the great service and friendly staff at the Tariffville post office. Personally, I drive by the Simsbury post office on my way to work and often pick up mail there on my way home. I do not like the new procedure for customers.

My husband has to drive to the Simsbury post office now + to open only during the day because of the age + he has no desire to drive there. We used the local to mail packages to the business are using Fedex and having to collect it is inconvenient + the expenses taken. We hope our historic post office can be restored for the historical + social value it has been to our unique Community. THE TVA + other citizens including us would help however we can. Thank you!

Tariffville is a community of its own. The Post Office is the focal point of that community. To have our mail serviced outside of Tariffville is like trying to destroy the heart center of a community. No money can buy the friendly smiles or people get in and out of the Tariffville Post Office.

It would be a shame to destroy that.

We moved to Tariffville a year ago. We didn't have our mailbox up for a couple days and the post office put a tag saying that we didn't live there. It is inconvenient to have a small town post office to add to our community. Hopefully a Tariffville resident will buy back a post office box.

Dear Postal Service Customer:

Thank you for returning your questionnaire concerning the proposed discontinuance of the Tariffville Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- Your comments along with others received will be included in the official record and considered carefully before further action is taken. I would like to take this opportunity to address many of the concerns that have been raised. First, as to accessibility and convenience, we realize that the convenience of Tariffville Post Office too many residents are very important. However, as part of an overall examination of efficiency and service to all of our customers, we must look at the proximity of all customers to postal services. As you are aware, the Simsbury Post Office, 932 Hopmeadow Road, is only 3.4 miles away You expressed a concern about the waiting time at the administrative Post Office. The administrative Post Office serves a much larger community and has a heavier retail window workload. This concern has been brought to the attention of the administrative postmaster so he can monitor window operations and ensure that customers do not have an unreasonable wait to obtain services. Several customers have mentioned that Tariffville is an important part of the community, and adds to the quality of life in the area. We appreciate these feelings and will include them in our report. Also, customers have commented on the friendly service they receive at the Tariffville Post Office, and we hope this level of satisfaction is true of our other post offices as well. If it is determined that discontinuance of Tariffville Post Office should be pursued, a formal proposal will be written and forwarded to Headquarters for final approval. Again, thank you for sharing your thoughts with us.

If it is determined that a discontinuance of the Tariffville Post Office should be pursued, a formal proposal will be posted in the Simsbury Post Office at a later date. If you have additional questions or comments, please feel free to contact Barbara Mastroianni at (860) 524-6456.

Sincerely,

Our post office has been wonderful since I was a small child. Everyone there has always been very helpful. They were always quick & courteous.

Now all of a sudden we have to stand in a long line and wait to try to get a parking spot. To shut down the post office in Tariffville would be an injustice to the customers.

The Tariffville P.O. is a historic building a meeting place for community members + used by people in towns other than just Tariffville. Closing down the service has been very inconvenient especially for the seniors in the community. Many businesses + people who work from home use the P.O. It is a friendly place with great service. No other P.O. has ever called me to tell me I have a damaged, undeliverable package or delivered mail with an inaccurate address. Please open up the Post office again. Thank you

Subject: Tariffville Post Office

Mr. LeBouef:

Thank you for giving me the opportunity to contribute some information in the consideration of the problems of the Tariffville Post Office. I have completed the questionnaire and returned it, but would like to offer you some of my thoughts.

The Tariffville Post Office has been serving this community for 183 years and has been one of its attractions. Having a local post office was one of the reasons we moved here in 1957. In that regard, the loss of the Post Office, if it were closed, would be an economic loss to all of the property in the community.

A similar effect would be the environmental impact. It is four miles from my house to the Simsbury Post Office, eight miles round trip. For forty years I have been walking to the Tariffville Post Office nearly every mail day (1.8 miles round trip); not doing so only in the cases of heavy rain and extreme icing. Many other Tariffville residents also walk to the Post Office. These actions save gas and reduce the carbon footprint of the community. There are no safe bike trails to the Simsbury Post Office. Thus requiring Tariffville residents to drive to Simsbury (it is too far to walk on a regular basis) would cause a considerable environmental impact as well as involving them in the increased costs and hazards of travel

An economic loss, environmental concerns, and travel issues would present Tariffville residents with a hardship which, in these difficult times, is not easily accommodated.

In addition it seems that a closing of the Tariffville Post Office does not make good business sense. The Tariffville Post Office is not fancy or lavish, is in a convenient location, and serves a sizeable community. The location is such that many commuters on their way to work or on their way home stop to obtain necessary postal services.

As a small businessman myself, it seems prudent to cut expenses, yes, but not cut services to a community where it would produce hardship and an undesirable environmental impact and which has, I believe, demonstrated a substantial use of postal services.

Regards,

Loering

Dear Postal Service Customer:

Thank you for returning your questionnaire concerning the proposed discontinuance of the Tariffville Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- Your comments along with others received will be included in the official record and considered carefully before further action is taken. I would like to take this opportunity to address many of the concerns that have been raised. First, as to accessibility and convenience, we realize that the convenience of Tariffville Post Office too many residents are very important. However, as part of an overall examination of efficiency and service to all of our customers, we must look at the proximity of all customers to postal services. As you are aware, the Simsbury Post Office, 932 Hopmeadow Road, is only 3.4 miles away. We are reviewing parking concerns which have been raised by several Tariffville Community members. Currently there are enough spaces to accommodate the daily flow of customer visits. If it is determined that discontinuance of Tariffville Post Office should be pursued, a formal proposal will be written and forwarded to Headquarters for final approval. Again, thank you for sharing your thoughts with us.

If it is determined that a discontinuance of the Tariffville Post Office should be pursued, a formal proposal will be posted in the Simsbury Post Office at a later date. If you have additional questions or comments, please feel free to contact Barbara Mastroianni at (860) 524-6495.

Sincerely,

I love our post office. It is convenient and pleasant to visit. No long lines like at others. Simsbury P.O. is a nightmare. The parking and trying to exit onto Hopmeadow is a free wedding. I find I drive around with packages because I find it so inconvenient to go to another P.O. Also, a lot of people walk to our P.O. It would be a hardship for many. Please keep our post office OPEN!!

(all my kids as 1st graders, had their first field trip - and walked to the post office + mailed letters)

We are senior citizens as are two of our neighbors and going to Simsbury is extremely difficult. We should the daily trip to the P.O. Also we considered RFD but there isn't a good place for the mail box. There are a few mail runs which come under 15 feet of snow and are all graveled.

March 1, 2011

Dear Tariffville Postal Customer:

As the postal manager responsible for all post offices in your area, I would like to update you on how we will proceed in the case of your local post office.

The Tariffville Post Office was recently evacuated at the direction of the landlord on Friday, February 4, 2011 due to structural deficiencies. As you know, it became necessary to suspend services at the Tariffville Post Office on that date. The collection box has also been removed from the premises at the Tariffville Post Office due to its unsafe location near the facility. We have not returned to the facility.

While the Tariffville Post Office is suspended, customers will continue to pick up their mail at the Simsbury Post Office located 3.4 miles away at 932 Hopmeadow Street, Simsbury, CT 06070. This action does not require a change of mailing address for any Tariffville customer.

6.8 Round Trip / Can't get to Simsbury without going much further

Retail services are provided Monday through Friday from 8:30 am to 5 pm, and on Saturday 9 am to noon in Simsbury. Other locations providing stamps at no added charge include CVS, Staples, Wells Fargo Bank and Price Chopper.

Customers presently receiving rural delivery have not experienced a change in service, with the possible exception of picking up an oversized parcel or signature-required item at the Simsbury Post Office if the carrier was unable to deliver.

As a reminder, when an item is too large for the mailbox or needs a signature, the carrier will leave a notice and return the item to the Simsbury Post Office. You may pick up the article at the Simsbury Post Office, request redelivery on another day convenient for you, or authorize the carrier to deliver the item to another person.

I realize with change there is always concern. No final decision to permanently discontinue the Post Office has been made. A community meeting will be held at or near the Simsbury Post Office in the coming weeks to explain our plans and solicit your comments concerning possible alternate means of providing postal and other services. In the interim, we are confident that you will continue to receive the same quality and professionalism as you had in the past.

If you have any questions, you may call Barbara R. Mastroianni, Post Office Review Coordinator at (860) 524-6495.

Dear Postal Service Customer:

Thank you for returning your questionnaire concerning the proposed discontinuance of the Tariffville Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- Your comments along with others received will be included in the official record and considered carefully before further action is taken. I would like to take this opportunity to address many of the concerns that have been raised. First, as to accessibility and convenience, we realize that the convenience of Tariffville Post Office too many residents are very important. However, as part of an overall examination of efficiency and service to all of our customers, we must look at the proximity of all customers to postal services. As you are aware, the Simsbury Post Office, 932 Hopmeadow Road, is only 3.4 miles away Second, for those local customers who have limited transportation options, I would like to remind you that you may choose to have delivery to your residences. There are also many ways to obtain postal products and services without visiting a Post Office. These include buying postage online at www.usps.com, by phone at 1-800-STAMP24, or by mail. In addition, www.usps.com enables customers to print shipping labels with postage for Express Mail and Priority Mail, as well as schedule free package pickups. Other local businesses sell postage stamps and provide money order service. Third, as previously communicated if Tariffville does close, customers with Post Office Boxes at Tariffville who choose to retain a box at the Simsbury Post Office will keep the same PO Box number and ZIP Code. No change of address will be necessary. Several customers have mentioned that Tariffville is an important part of the community, and adds to the quality of life in the area. We appreciate these feelings and will include them in our report. Also, customers have commented on the friendly service they receive at the Tariffville Post Office, and we hope this level of satisfaction is true of our other post offices as well. If it is determined that discontinuance of Tariffville Post Office should be pursued, a formal proposal will be written and forwarded to Headquarters for final approval. Again, thank you for sharing your thoughts with us.

My wife and I are both in our seventies. Though the Tariffville service has been very good over the years, for my peace of mind I personally take it important to have payments to the post office in Tariffville. To have to go to Simsbury Center would be a great inconvenience. My wife already does not drive.

Please continue to have a Post office in Tariffville. If you take that away, Tariffville will lose part of it's uniqueness, and small town village feel. We love having the Post office and Maryanne behind that window. She is so nice & friendly and very helpful. She will be greatly missed! Tell her hello for,

The Tariffville Post office is part of this village and receives it with additional character & charm. Removing the office from the village of Tariffville will be a dis-service to the community.

Dear Postal Service Customer:

Thank you for returning your questionnaire concerning the proposed discontinuance of the Tariffville Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- You expressed a concern about the loss of the Communities' identity. A community's identity derives from the interest and vitality of its residents and their use of its name. The Postal Service is helping to preserve community identity by continuing the use of the suspended Post Office name and ZIP Code in addresses and in the Post Office Directory.

If it is determined that a discontinuance of the Tariffville Post Office should be pursued, a formal proposal will be posted in the Simsbury Post Office at a later date. If you have additional questions or comments, please feel free to contact Barbara Mastroianni at (860) 524-6495.

The people in Tariffville identify with the name. If we lose the post office and the zip code and become Simsbury, its not the same. People are proud of Tariffville.
Also there will be expense and hassle in advising people of a new zip code, printing new book checks, stationery, etc.

Dear Postal Service Customer:

Thank you for returning your questionnaire concerning the proposed discontinuance of the Tariffville Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- Your comments along with others received will be included in the official record and considered carefully before further action is taken. I would like to take this opportunity to address many of the concerns that have been raised. First, as to accessibility and convenience, we realize that the convenience of Tariffville Post Office too many residents are very important. However, as part of an overall examination of efficiency and service to all of our customers, we must look at the proximity of all customers to postal services. As you are aware, the Simsbury Post Office, 932 Hopmeadow Road, is only 3.4 miles away Second, for those local customers who have limited transportation options, I would like to remind you that you may choose to have delivery to your residences. There are also many ways to obtain postal products and services without visiting a Post Office. These include buying postage online at www.usps.com, by phone at 1-800-STAMP24, or by mail. In addition, www.usps.com enables customers to print shipping labels with postage for Express Mail and Priority Mail, as well as schedule free package pickups. Other local businesses sell postage stamps and provide money order service. Third, we are reviewing parking concerns which have been raised by several Tariffville Community members. Currently there are enough spces to accomodate the daily flow of customer visits. Several customers have mentioned that Tariffville is an important part of the community, and adds to the quality of life in the area. We appreciate these feelings and will include them in our report. Also, customers have commented on the friendly service they receive at the Tariffville Post Office, and we hope this level of satisfaction is true of our other post offices as well. If it is determined that discontinuance of Tariffville Post Office should be pursued, a formal proposal will be written and forwarded to Headquarters for final approval. Again, thank you for sharing your thoughts with us.

I would hate to see the Tville P.O. closed — it is the friendliest post office in the area + there is never a prolonged wait for service. Moving it to Simsbury would require a car, as it is too far to carry packages. Walking to our post office is a great plus for all the residents.

Dear Postal Service Customer:

Thank you for returning your questionnaire concerning the proposed discontinuance of the Tariffville Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- Your comments along with others received will be included in the official record and considered carefully before further action is taken. I would like to take this opportunity to address many of the concerns that have been raised. First, as to accessibility and convenience, we realize that the convenience of Tariffville Post Office too many residents are very important. However, as part of an overall examination of efficiency and service to all of our customers, we must look at the proximity of all customers to postal services. As you are aware, the Simsbury Post Office, 932 Hopmeadow Road, is only 3.4 miles away Second, for those local customers who have limited transportation options, I would like to remind you that you may choose to have delivery to your residences. There are also many ways to obtain postal products and services without visiting a Post Office. These include buying postage online at www.usps.com, by phone at 1-800-STAMP24, or by mail. In addition, www.usps.com enables customers to print shipping labels with postage for Express Mail and Priority Mail, as well as schedule free package pickups. Other local businesses sell postage stamps and provide money order service. Third, as previously communicated if Tariffville does close, customers with Post Office Boxes at Tariffville who choose to retain a box at the Simsbury Post Office will keep the same PO Box number and ZIP Code. No change of address will be necessary. Several customers have mentioned that Tariffville is an important part of the community, and adds to the quality of life in the area. We appreciate these feelings and will include them in our report. Also, customers have commented on the friendly service they receive at the Tariffville Post Office, and we hope this level of satisfaction is true of our other post offices as well. If it is determined that discontinuance of Tariffville Post Office should be pursued, a formal proposal will be written and forwarded to Headquarters for final approval. Again, thank you for sharing your thoughts with us.

If it is determined that a discontinuance of the Tariffville Post Office should be pursued, a formal proposal will be posted in the Simsbury Post Office at a later date. If you have additional questions or comments, please feel free to contact Barbara Mastroianni at (860) 524-6495.

Dear Postal Service Customer:

Thank you for returning your questionnaire concerning the proposed discontinuance of the Tariffville Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- Your comments along with others received will be included in the official record and considered carefully before further action is taken. You expressed a concern about package delivery and pickup. Rural carriers will deliver packages that fit in your rural mail box. If the package does not fit in the mail box, the carrier will deliver the package up to ½ mile off of the line of travel, at a designated place, such as on your porch or under a carport.

- You expressed a concern that postal employees at the administrative Post Office are rude. Employee courtesy is always a concern of postal managers. Postal employees receive periodic instructions regarding employee courtesy. We do not condone our employees' execution of their duties in an unprofessional or discourteous manner. This concern will be conveyed to the postmaster by the manager, post office operations.

If it is determined that a discontinuance of the Tariffville Post Office should be pursued, a formal proposal will be posted in the Simsbury Post Office at a later date. If you have additional questions or comments, please feel free to contact Barbara Mastrolanni at (860) 524-6495.

Having the convenience of the Tariffville Post Office has been wonderful, especially as it is within walking distance. Having to get the car out to go to the Simsbury PO when I don't have any of the errands to run is a nuisance. I understand it is difficult in the present economic environment, but I'll would love it to have my post office back. Thank you for sending out this survey.

Dear Postal Service Customer:

Thank you for returning your questionnaire concerning the proposed discontinuance of the Tariffville Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- You expressed a concern that postal employees at the administrative Post Office are rude. Employee courtesy is always a concern of postal managers. Postal employees receive periodic instructions regarding employee courtesy. We do not condone our employees' execution of their duties in an unprofessional or discourteous manner. This concern will be conveyed to the postmaster by the manager, post office operations.

If it is determined that a discontinuance of the Tariffville Post Office should be pursued, a formal proposal will be posted in the Simsbury Post Office at a later date. If you have additional questions or comments, please feel free to contact Barbara Mastrolanni at (860) 524-6495.

Sincerely,

The Tariffville Post Office is not just a broken down building – it's a local institution. The post mistress is a member of the Main St community. You should demand that the landlord repair the building inside and out!

Dear Postal Service Customer:

Thank you for returning your questionnaire concerning the proposed discontinuance of the Tariffville Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- Your comments along with others received will be included in the official record and considered carefully before further action is taken. I would like to take this opportunity to address many of the concerns that have been raised. First, as to accessibility and convenience, we realize that the convenience of Tariffville Post Office too many residents are very important. However, as part of an overall examination of efficiency and service to all of our customers, we must look at the proximity of all customers to postal services. As you are aware, the Simsbury Post Office, 932 Hopmeadow Road, is only 3.4 miles away Second, for those local customers who have limited transportation options, I would like to remind you that you may choose to have delivery to your residences. There are also many ways to obtain postal products and services without visiting a Post Office. These include buying postage online at www.usps.com, by phone at 1-800-STAMP24, or by mail. In addition, www.usps.com enables customers to print shipping labels with postage for Express Mail and Priority Mail, as well as schedule free package pickups. Other local businesses sell postage stamps and provide money order service. Third, as previously communicated if Tariffville does close, customers with Post Office Boxes at Tariffville who choose to retain a box at the Simsbury Post Office will keep the same PO Box number and ZIP Code. No change of address will be necessary. Several customers have mentioned that Tariffville is an important part of the community, and adds to the quality of life in the area. We appreciate these feelings and will include them in our report. Also, customers have commented on the friendly service they receive at the Tariffville Post Office, and we hope this level of satisfaction is true of our other post offices as well. If it is determined that discontinuance of Tariffville Post Office should be pursued, a formal proposal will be written and forwarded to Headquarters for final approval. Again, thank you for sharing your thoughts with us.

If it is determined that a discontinuance of the Tariffville Post Office should be pursued, a formal proposal will be posted in the Simsbury Post Office at a later date. If you have additional questions or comments, please feel free to contact Barbara Mastrolanni at (860) 524-6495.

Please explain. 7 mile round trip includes traffic lights and often heavy traffic in Simsbury center. Thus wastes time and gas. Window service in Simsbury inferior to Tariffville plus lines are longer. Parking also a headache at Simsbury P.O. Rarely enough spaces.

Other tenants have returned to the p.o. building in Tariffville, so why not USPS? Obviously the structure has not collapsed. Please restore service ASAP and end the inconvenience and aggravation for your customers. If you want to move to a new location in the village, start the process now and meanwhile operate in the existing location.

TARIFFVILLE, CT 06081

Dear Postal Service Customer:

Thank you for returning your questionnaire concerning the proposed discontinuance of the Tariffville Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- Your comments along with others received will be included in the official record and considered carefully before further action is taken. The Postal Service is currently looking for a site to put a collection box that would be convenient for both the Tariffville Community and for the US Postal Service. If it is determined that discontinuance of Tariffville Post Office should be pursued, a formal proposal will be written and forwarded to Headquarters for final approval. Again, thank you for sharing your thoughts with us.

If it is determined that a discontinuance of the Tariffville Post Office should be pursued, a formal proposal will be posted in the Simsbury Post Office at a later date. If you have additional questions or comments, please feel free to contact Barbara Mastroianni at (860) 524-6495.

Sincerely,

Dear Postal Service Customer:

Thank you for returning your questionnaire concerning the proposed discontinuance of the Tariffville Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- Your comments along with others received will be included in the official record and considered carefully before further action is taken. I would like to take this opportunity to address many of the concerns that have been raised. First, as to accessibility and convenience, we realize that the convenience of Tariffville Post Office too many residents are very important. However, as part of an overall examination of efficiency and service to all of our customers, we must look at the proximity of all customers to postal services. As you are aware, the Simsbury Post Office, 932 Hopmeadow Road, is only 3.4 miles away Second, for those local customers who have limited transportation options, I would like to remind you that you may choose to have delivery to your residences. There are also many ways to obtain postal products and services without visiting a Post Office. These include buying postage online at www.usps.com, by phone at 1-800-STAMPS4, or by mail. In addition, www.usps.com enables customers to print shipping labels with postage for Express Mail and Priority Mail, as well as schedule free package pickups. Other local businesses sell postage stamps and provide money order service. Third, as previously communicated if Tariffville does close, customers with Post Office Boxes at Tariffville who choose to retain a box at the Simsbury Post Office will keep the same PO Box number and ZIP Code. No change of address will be necessary. Several customers have mentioned that Tariffville is an important part of the community, and adds to the quality of life in the area. We appreciate these feelings and will include them in our report. Also, customers have commented on the friendly service they receive at the Tariffville Post Office, and we hope this level of satisfaction is true of our other post offices as well. If it is determined that discontinuance of Tariffville Post Office should be pursued, a formal proposal will be written and forwarded to Headquarters for final approval. Again, thank you for sharing your thoughts with us.

I feel sorry for the people who have no transportation to get their mail. Tariffville has many people who can't afford gas to drive the 3.4 miles. I think it was to be a great saving to do away with our post office. Maybe they could use the building up by the school where the old package store was.

In response to your letter:

- Your comments along with others received will be included in the official record and considered carefully before further action is taken.You expressed a concern about the detrimental effect the loss of the post office would have on the community. Businesses generally require regular and effective postal services, and these will always be provided to the suspended Post Office community. There is no indication that the business community will be adversely affected. Questionnaire responses revealed that customers will continue to use local businesses if the post office is discontinued. If it is determined that discontinuance of Tariffville Post Office should be pursued, a formal proposal will be written and forwarded to Headquarters for final approval. Answer to the last part of the questionnaire:

We do a lot of business with the Tariffville Post Office:

At least 12 bulk mailings of over 300 pieces a year.

4-5 bulk mailings of anywhere from 500 – 700 pieces of mail.

Many large first class mailings.

Daily mail pick up, mostly twice a day.

We have appreciated the excellent service that Mary Ann has provided for us even during the time that she has been working alone without help.

It is **very important** to us that the Post Office remain in Tariffville. At a meeting last week with John Hampton he said that he also wanted to see it remain located in Tariffville and that they were exploring other possible locations. It is a shame that the landlord of the present building has refused to upgrade and take care of that building for years now and that Mary Ann has had to fight so hard for any improvements that were made in the last few years.

I hope that everything possible is done to be able to continue to have the Post Office here in Tariffville.

Dear Postal Service Customer:

Thank you for returning your questionnaire concerning the proposed discontinuance of the Tariffville Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- Your comments along with others received will be included in the official record and considered carefully before further action is taken. I would like to take this opportunity to address many of the concerns that have been raised. First, as to accessibility and convenience, we realize that the convenience of Tariffville Post Office too many residents are very important. However, as part of an overall examination of efficiency and service to all of our customers, we must look at the proximity of all customers to postal services. As you are aware, the Simsbury Post Office, 932 Hopmeadow Road, is only 3.4 miles away Second, for those local customers who have limited transportation options, I would like to remind you that you may choose to have delivery to your residences. There are also many ways to obtain postal products and services without visiting a Post Office. These include buying postage online at www.usps.com, by phone at 1-800-STAMP24, or by mail. In addition, www.usps.com enables customers to print shipping labels with postage for Express Mail and Priority Mail, as well as schedule free package pickups. Other local businesses sell postage stamps and provide money order service. Third, as previously communicated if Tariffville does close, customers with Post Office Boxes at Tariffville who choose to retain a box at the Simsbury Post Office will keep the same PO Box number and ZIP Code. No change of address will be necessary. Several customers have mentioned that Tariffville is an important part of the community, and adds to the quality of life in the area. We appreciate these feelings and will include them in our report. Also, customers have commented on the friendly service they receive at the Tariffville Post Office, and we hope this level of satisfaction is true of our other post offices as well. If it is determined that discontinuance of Tariffville Post Office should be pursued, a formal proposal will be written and forwarded to Headquarters for final approval. Again, thank you for sharing your thoughts with us.

If it is determined that a discontinuance of the Tariffville Post Office should be pursued, a formal proposal will be posted in the Simsbury Post Office at a later date. If you have additional questions or comments, please feel free to contact Barbara Mastroianni at (860) 524-6495.

I don't understand why it is taking so long for the P.O. to return the other documents of the petition. Mail is within days. It is a hardship to travel to Simsbury center to do PO business. I miss being able to walk to Tariffville P.O. as does much of the community. I've not had PO box since I posted the change of address with the Tariffville P.O. to mail my letters. I don't like (or know) them in a mail box).

I miss the convenience of walking to the Tariffville Post office.
Mary Ann is an excellent Postmistress. She is very friendly and helpful, with a great understanding of postal rules and regulations. When I brought in an unusual package delivery request, she investigated the mailing requirements and helped me to meet them.

Don't close the Tariffville Post Office. As a widow who has lived in Tariffville for over 60 years (and was born in Tariffville), I rely on the services provided by the post office! Closing the post office would be a hardship for me as I do not drive.

Also, ~~I~~ would like to note that the Tariffville school teachers have stated that they use the post office for their needs.

due to the closing of the tariffville post office I had to go to the simsbury post office in addition to having to take a route that is out of my way I found the experience to be rather unpleasent I enjoy the woman who works at the tville location and happen to find her not only more pleasant but also more efficient

thank you

P.S. the woman at the simsbury location was very rude.

I would like to take this opportunity to address many of the concerns that have been raised. First, as to accessibility and convenience, we realize that the convenience of Tariffville Post Office too many residents are very important. However, as part of an overall examination of efficiency and service to all of our customers, we must look at the proximity of all customers to postal services. As you are aware, the Simsbury Post Office, 932 Hopmeadow Road, is only 3.4 miles away Second, for those local customers who have limited transportation options, I would like to remind you that you may choose to have delivery to your residences. There are also many ways to obtain postal products and services without visiting a Post Office. These include buying postage online at www.usps.com, by phone at 1-800-STAMP24, or by mail. In addition, www.usps.com enables customers to print shipping labels with postage for Express Mail and Priority Mail, as well as schedule free package pickups. Other local businesses sell postage stamps and provide money order service. Third, as previously communicated if Tariffville does close, customers with Post Office Boxes at Tariffville who choose to retain a box at the Simsbury Post Office will keep the same PO Box number and ZIP Code. No change of address will be necessary. Several customers have mentioned that Tariffville is an important part of the community, and adds to the quality of life in the area. We appreciate these feelings and will include them in our report. Also, customers have commented on the friendly service they receive at the Tariffville Post Office, and we hope this level of satisfaction is true of our other post offices as well. If it is determined that discontinuance of Tariffville Post Office should be pursued, a formal proposal will be written and forwarded to Headquarters for final approval. Again, thank you for sharing your thoughts with us.

If it is determined that a discontinuance of the Tariffville Post Office should be pursued, a formal proposal will be posted in the Simsbury Post Office at a later date. If you have additional questions or comments, please feel free to contact Barbara Mastroianni at (860) 524-6495.

Dear Postal Service Customer:

Thank you for returning your questionnaire concerning the proposed discontinuance of the Tariffville Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- You expressed a concern about having to travel to another post office for service. Services provided at the post office will be available from the carrier, and customers will not have to travel to another post office for service. Most transactions do not require meeting the carrier at the mailbox. Stamps by Mail and Money Order Application forms are available for customer convenience.

If it is determined that a discontinuance of the Tariffville Post Office should be pursued, a formal proposal will be posted in the Simsbury Post Office at a later date. If you have additional questions or comments, please feel free to contact Barbara Mastrocanni at (860) 524-6495.

I see parking as an issue at the Simsbury Post Office especially during the Holiday season. It has been very convenient having a PO in town. I enjoy walking there with my two children on a Saturday. My time is very limited during the week since I work full time and the last thing I want is standing in line with two young children to pick up a package while needs a signature.

Not only is Tville Postoffice more convenient but the service has always been outstanding! We've always been able to count on the all-around advice so much so that people in surrounding towns East Granby, Granby, come to Tariffville Postoffice just because of the excellent service they also are upset by this change!

I frequently mailed letters at the post office in Tariffville, especially at times when I needed an extra day for my mail to arrive at its destination. The Tariffville post office has been a very pleasant part of our lives for the past 50+ years. We want it to be returned to Tariffville.

P.S. We miss Maryanne!

Albert "Buzz" Holmes
My wife Barbara and I have been using the Tariffville Post Office for the last 50 years. It has been more than just a Post Office to us. We feel that it is like part of the family. Post Office Manager Mary Ann is like a close friend. Often, we cross paths with friends and have a chance to see how they are doing and what's new with them. We want to see the post office return to Tariffville.

Dear Postal Service Customer:

Thank you for returning your questionnaire concerning the proposed discontinuance of the Tariffville Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- You expressed a concern about having to travel to another post office for service. Services provided at the post office will be available from the carrier, and customers will not have to travel to another post office for service. Most transactions do not require meeting the carrier at the mailbox. Stamps by Mail and Money Order Application forms are available for customer convenience.

- You expressed a concern about package delivery and pickup. Rural carriers will deliver packages that fit in your rural mail box. If the package does not fit in the mail box, the carrier will deliver the package up to ½ mile off of the line of travel, at a designated place, such as on your porch or under a carport.

If it is determined that a discontinuance of the Tariffville Post Office should be pursued, a formal proposal will be posted in the Simsbury Post Office at a later date. If you have additional questions or comments, please feel free to contact Barbara Mastroianni at (860) 524-6495.

Dear Postal Service Customer:

Thank you for returning your questionnaire concerning the proposed discontinuance of the Tariffville Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- Your comments along with others received will be included in the official record and considered carefully before further action is taken. I would like to take this opportunity to address many of the concerns that have been raised. First, as to accessibility and convenience, we realize that the convenience of Tariffville Post Office too many residents are very important. However, as part of an overall examination of efficiency and service to all of our customers, we must look at the proximity of all customers to postal services. As you are aware, the Simsbury Post Office, 932 Hopmeadow Road, is only 3.4 miles away. Second, for those local customers who have limited transportation options, I would like to remind you that you may choose to have delivery to your residences. There are also many ways to obtain postal products and services without visiting a Post Office. These include buying postage online at www.usps.com, by phone at 1-800-STAMP24, or by mail. In addition, www.usps.com enables customers to print shipping labels with postage for Express Mail and Priority Mail, as well as schedule free package pickups. Other local businesses sell postage stamps and provide money order service. Third, as previously communicated if Tariffville does close, customers with Post Office Boxes at Tariffville who choose to retain a box at the Simsbury Post Office will keep the same PO Box number and ZIP Code. No change of address will be necessary. Several customers have mentioned that Tariffville is an important part of the community, and adds to the quality of life in the area. We appreciate these feelings and will include them in our report. Also, customers have commented on the friendly service they receive at the Tariffville Post Office, and we hope this level of satisfaction is true of our other post offices as well. If it is determined that discontinuance of Tariffville Post Office should be pursued, a formal proposal will be written and forwarded to Headquarters for final approval. Again, thank you for sharing your thoughts with us.
- You expressed a concern about package delivery and pickup. Rural carriers will deliver packages that fit in your rural mail box. If the package does not fit in the mail box, the carrier will deliver the package up to ½ mile off of the line of travel, at a designated place, such as on your porch or under a carport.

If it is determined that a discontinuance of the Tariffville Post Office should be pursued, a formal proposal will be posted in the Simsbury Post Office at a later date. If you have additional questions or comments, please feel free to contact Barbara Mastroianni at (860) 524-8495.

Dear Postal Service Customer:

Thank you for returning your questionnaire concerning the proposed discontinuance of the Tariffville Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- You inquired about home delivery and post office box refund. Customers are responsible for mailbox installation and maintenance. Mailboxes must be placed so that they may be safely and conveniently served by the carrier and must be located on the right-hand side of the road in the direction of the carrier's travel. Mailbox supports should conform to state laws and highway regulations. The Postal Service recommends that customers contact the administrative postmaster or carrier for advice on placement of mailboxes and mailbox height and supports. Mail will be forwarded in accordance with postal regulations, and change of address forms are available from the Postal Service to assist customers in notifying correspondents of the change. In addition, When a postal facility is discontinued or relocated, a box customer at that facility may obtain a refund of unused box fees if box service at that location is discontinued and additional travel of 1/4 mile or more (from the physical address on the customer's Form 1093) is required to obtain equivalent service. If it is determined that discontinuance of Tariffville Post Office should be pursued, a formal proposal will be written and forwarded to Headquarters for final approval. Again, thank you for sharing your thoughts with us.

Dear Postal Service Customer:

Thank you for returning your questionnaire concerning the proposed discontinuance of the Tariffville Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- Your comments along with others received will be included in the official record and considered carefully before further action is taken. I would like to take this opportunity to address many of the concerns that have been raised. First, as to accessibility and convenience, we realize that the convenience of Tariffville Post Office too many residents are very important. However, as part of an overall examination of efficiency and service to all of our customers, we must look at the proximity of all customers to postal services. As you are aware, the Simsbury Post Office, 932 Hopmeadow Road, is only 3.4 miles away Second, for those local customers who have limited transportation options, I would like to remind you that you may choose to have delivery to your residences. There are also many ways to obtain postal products and services without visiting a Post Office. These include buying postage online at www.usps.com, by phone at 1-800-STAMP24, or by mail. In addition, www.usps.com enables customers to print shipping labels with postage for Express Mail and Priority Mail, as well as schedule free package pickups. Other local businesses sell postage stamps and provide money order service. Third, we are reviewing parking concerns which have been raised by several Tariffville Community members. Currently there are enough spces to accomodate the daily flow of customer visits. Several customers have mentioned that Tariffville is an important part of the community, and adds to the quality of life in the area. We appreciate these feelings and will include them in our report. Also, customers have commented on the friendly service they receive at the Tariffville Post Office, and we hope this level of satisfaction is true of our other post offices as well. If it is determined that discontinuance of Tariffville Post Office should be pursued, a formal proposal will be written and forwarded to Headquarters for final approval. Again, thank you for sharing your thoughts with us.

March 7, 2011

Mr. Beau LeBouef
Manager, Post Office Operations
141 Weston Street
Hartford, CT 06101-9992

Dear Mr. LeBouef,

Somewhere around February 17, 2011, my neighbor from across the street at 45 Hayes Rd., Tariffville, came across the street to get her mail. She, Christina Pyne, fell on the ice in the gutter and got hurt. She couldn't get up as she has had two knee replacements.

She had cuts on her face, and it resulted in a bloody mess and a black eye. Somehow or other, she hitched herself up my driveway and got close enough to knock on my screen door.

I called my grandson, Douglas Champagney, at 41 Hayes Rd., and he was able to get her up and bring her in my house to get cleaned up and have a cup of tea. At that time she reminded me that others, further down the street, have the mailbox on both sides of the street and was wondering why she couldn't have it on her property.

Considering the circumstances, and the fact that she is 90 years old, I was hoping you could make an exception for her and let the mailbox be moved to her property. It could be put on the right side of the driveway so the mail delivery person could pull in, deposit mail, back out and finish the route.

Hoping this letter will find you in an exceptionally kind mood, I am Jean Devine of 44 Hayes Road, T'ville, CT, 06091.

Yours truly,

Jean C. Devine

P.S. My daughter, Eileen Devine, did drive her back to her own house and picked up her mail for the next two weeks.

Please explain.

I live on same street as P.O. in T-ville. I stop in 2 or 3 times some days but a lot once every day. I rarely go to Simsbury itself but instead usually go north to Granby or Granby. Though only 3.4 miles away I find it very inconvenient and the parking situation in Simsbury leaves much to be desired. Also the T-Ville P.O. is the social/community hub of the village; it is sorely missed.

There is an equal number of people in Bloomfield and in Simsbury. Bloomfield had one PO + we had 4. STUPID, GROSS waste of money. My answer to all reasons given for keeping the Tariffville PO is so what. More convenient — SO WHAT. Always had it — so what. Over the others? Oh a toss. We can't keep complaining about the waste of money and insist on keeping money wasters.

Dear Postal Service Customer:

Thank you for returning your questionnaire concerning the proposed discontinuance of the Tariffville Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- Your comments along with others received will be included in the official record and considered carefully before further action is taken. I would like to take this opportunity to address many of the concerns that have been raised. First, as to accessibility and convenience, we realize that the convenience of Tariffville Post Office too many residents are very important. However, as part of an overall examination of efficiency and service to all of our customers, we must look at the proximity of all customers to postal services. As you are aware, the Simsbury Post Office, 932 Hopmeadow Road, is only 3.4 miles away. Second, for those local customers who have limited transportation options, I would like to remind you that you may choose to have delivery to your residences. There are also many ways to obtain postal products and services without visiting a Post Office. These include buying postage online at www.usps.com, by phone at 1-800-STAMP24, or by mail. In addition, www.usps.com enables customers to print shipping labels with postage for Express Mail and Priority Mail, as well as schedule free package pickups. Other local businesses sell postage stamps and provide money order service. Third, as previously communicated if Tariffville does close, customers with Post Office Boxes at Tariffville who choose to retain a box at the Simsbury Post Office will keep the same PO Box number and ZIP Code. No change of address will be necessary. Several customers have mentioned that Tariffville is an important part of the community, and adds to the quality of life in the area. We appreciate these feelings and will include them in our report. Also, customers have commented on the friendly service they receive at the Tariffville Post Office, and we hope this level of satisfaction is true of our other post offices as well. If it is determined that discontinuance of Tariffville Post Office should be pursued, a formal proposal will be written and forwarded to Headquarters for final approval. Again, thank you for sharing your thoughts with us.

Hope P.O. can find another rental location in Tariffville.
Both Vince + I have relatives out of state and in Norway. Most of the time the mail + packages need to be weighed. Time consuming to go to Simsbury & Granby. Need to Simsbury P.O. to mail birthday card to Norway and found parking very inconvenient. Does go by weekends. Enjoy walking to T-Ville P.O. from our house. See friends. Visit green. T-ville is a community, a village and we need our own P.O. + zip code
I still pay my bills by mail.
Parents of children who do not live in T-ville, but go to school here often use T-ville P.O.
Businesses on Day Hill Rd + near by E. Granby use T-Ville P.O.

First, as to accessibility and convenience, we realize that the convenience of Tariffville Post Office too many residents are very important. However, as part of an overall examination of efficiency and service to all of our customers, we must look at the proximity of all customers to postal services. As you are aware, the Simsbury Post Office, 932 Hopmeadow Road, is only 3.4 miles away. You expressed a concern about the waiting time at the administrative Post Office. The administrative Post Office serves a much larger community and has a heavier retail window workload. This concern has been brought to the attention of the administrative postmaster so he can monitor window operations and ensure that customers do not have an unreasonable wait to obtain services. The carrier can provide retail services, alleviating the need for customers to go to the post office for service. Several customers have mentioned that Tariffville is an important part of the community, and adds to the quality of life in the area. We appreciate these feelings and will include them in our report. Also, customers have commented on the friendly service they receive at the Tariffville Post Office, and we hope this level of satisfaction is true of our other post offices as well. JANE FENTON

PO BOX 6
TARIFFVILLE, CT 06081

Dear Postal Service Customer:

Thank you for returning your questionnaire concerning the proposed discontinuance of the Tariffville Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- I would like to take this opportunity to address many of the concerns that have been raised. First, as to accessibility and convenience, we realize that the convenience of Tariffville Post Office too many residents are very important. However, as part of an overall examination of efficiency and service to all of our customers, we must look at the proximity of all customers to postal services. As you are aware, the Simsbury Post Office, 932 Hopmeadow Road, is only 3.4 miles away.Second, for those local customers who have limited transportation options, I would like to remind you that you may choose to have delivery to your residences. There are also many ways to obtain postal products and services without visiting a Post Office. These include buying postage online at www.usps.com, by phone at 1-800-STAMP24, or by mail. In addition, www.usps.com enables customers to print shipping labels with postage for Express Mail and Priority Mail, as well as schedule free package pickups. Other local businesses sell postage stamps and provide money order service. Third, as previously communicated if Tariffville does close, customers with Post Office Boxes at Tariffville who choose to retain a box at the Simsbury Post Office will keep the same PO Box number and ZIP Code. No change of address will be necessary. Several customers have mentioned that Tariffville is an important part of the community, and adds to the quality of life in the area. We appreciate these feelings and will include them in our report. Also, customers have commented on the friendly service they receive at the Tariffville Post Office, and we hope this level of satisfaction is true of our other post offices as well. If it is determined that discontinuance of Tariffville Post Office should be pursued, a formal proposal will be written and forwarded to Headquarters for final approval. Again, thank you for sharing your thoughts with us.

If it is determined that a discontinuance of the Tariffville Post Office should be pursued, a formal proposal will be posted in the Simsbury Post Office at a later date. If you have additional questions or comments, please feel free to contact Barbara Mastroianni at (860) 524-6495.

Sincerely,

Beau LeBouef

Losing the post office in Tariffville drastically impacts the Village community. For many it is a hardship to get the services offered at our post office.

Overall it impacts the village in our quality of life.

The Tariffville Post Office serves also a social and economic function. The community meets and greets and exchanges information there. The post office also draws folks from out of town who are passing by regularly and helps draw them to the local businesses as well. It's more than a place to mail letters and buy stamps. It's a vital part of the community.

In addition, www.usps.com enables customers to print shipping labels with postage for Express Mail and Priority Mail, as well as schedule free package pickups. Other local businesses sell postage stamps and provide money order service. Third, as previously communicated if Tariffville does close, customers with Post Office Boxes at Tariffville who choose to retain a box at the Simsbury Post Office will keep the same PO Box number and ZIP Code. No change of address will be necessary. Several customers have mentioned that Tariffville is an important part of the community, and adds to the quality of life in the area. We appreciate these feelings and will include them in our report. Also, customers have commented on the friendly service they receive at the Tariffville Post Office, and we hope this level of satisfaction is true of our other post offices as well. If it is determined that discontinuance of Tariffville Post Office should be pursued, a formal proposal will be written and forwarded to Headquarters for final approval. Again, thank you for sharing your thoughts with us.

If it is determined that a discontinuance of the Tariffville Post Office should be pursued, a formal proposal will be posted in the Simsbury Post Office at a later date. If you have additional questions or comments, please feel free to contact Barbara Mastroianni at (860) 524-6495.

Better ___Just as Good___ No Opinion ___Worse ✓

Please explain.
Parking is limited, getting in and out of the post office parking lot is difficult. We pick up our mail three a week because the price of gas is expensive and we are retired and on a limited income. In the spring the road to Simsbury is flooded and we have a longer way to travel.

All our life we have been going to the Tariffville Post Office – it is part of our life meeting people and sharing information. It means more since we are retired. (Some of the people come from East Granby and Bloomfield – they like our post office better.)

It means more to us since we are retired- nice weather we can walk to the post office and bad weather it isn't far to drive. We get our medicine, bills and packages by mail and pay the bills by mail.

It is a central place in our village and don't want to lose the charm of a walking village that we grew up in.

Dear Postal Service Customer:

Thank you for returning your questionnaire concerning the proposed discontinuance of the Tariffville Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- I would like to take this opportunity to address many of the concerns that have been raised. First, as to accessibility and convenience, we realize that the convenience of Tariffville Post Office too many residents are very important. However, as part of an overall examination of efficiency and service to all of our customers, we must look at the proximity of all customers to postal services. As you are aware, the Simsbury Post Office, 932 Hopmeadow Road, is only 3.4 miles away. You expressed a concern that postal employees at the administrative Post Office are rude. Employee courtesy is always a concern of postal managers. Postal employees receive periodic instructions regarding employee courtesy. We do not condone our employees' execution of their duties in an unprofessional or discourteous manner. This concern will be conveyed to the postmaster by the manager, post office operations. We are reviewing parking concerns which have been raised by several Tariffville Community members. Currently there are enough spaces to accomodate the daily flow of customer visits. Several customers have mentioned that Tariffville is an important part of the community, and adds to the quality of life in the area. We appreciate these feelings and will include them in our report. Also, customers have commented on the friendly service they receive at the Tariffville Post Office, and we hope this level of satisfaction is true of our other post offices as well. We live in Simsbury on Pinnacle Mountain Rd., and attend Trinity Church in Tariffville. We have had several ugly encounters with the Simsbury Post Office over the years, as has almost everybody I know. We began using the Tariffville Post Office about 12 or more years ago. The service is great. We are one of their biggest mailers, buying stamps and almost daily sending packages out to our 6,000 customers all over the USA, plus mailing for the various charieites I serve on. It is convenient and the postmistress is wonderful, as was her predecessor. There will be a lot of unhappy people if you shut this PO. I, personally am going to lead a campaign to keep it open.

Please keep the T'ville Post Office!
It is one of the few Bastions of Friendly
convenience. The Staff is also especially
Receptive (Friendly, Helpful).
The only downside is the buildings aesthetic --
Needs a fresh coat of paint badly. Other than that, we love it!

Please explain.
We live in Tariffville, with 1 Key, we have had to leave it hanging by the door + figure out which of us might get to the P.O. on a particular day. We have had to wait in lines to get P.O. Box over hour. I have had to drive thru the lot multiple times looking a vacant pkg. space. Both my husband and I have home based businesses and it is so inconvenient to include a trip to Simsbury PO in our schedules often enough.

DAVID GILLESPIE

PO BOX 501
TARIFFVILLE, CT 06081

Dear Postal Service Customer:

Thank you for returning your questionnaire concerning the proposed discontinuance of the Tariffville Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- I would like to take this opportunity to address many of the concerns that have been raised. First, as to accessibility and convenience, we realize that the convenience of Tariffville Post Office too many residents are very important. However, as part of an overall examination of efficiency and service to all of our customers, we must look at the proximity of all customers to postal services. As you are aware, the Simsbury Post Office, 932 Hopmeadow Road, is only 3.4 miles away Second, for those local customers who have limited transportation options, I would like to remind you that you may choose to have delivery to your residences. There are also many ways to obtain postal products and services without visiting a Post Office. These include buying postage online at www.usps.com; by phone at 1-800-STAMP24; or by mail. In addition, www.usps.com enables customers to print shipping labels with postage for Express Mail and Priority Mail, as well as schedule free package pickups. Other local businesses sell postage stamps and provide money order service. Third, as previously communicated if Tariffville does close, customers with Post Office Boxes at Tariffville who choose to retain a box at the Simsbury Post Office will keep the same PO Box number and ZIP Code. No change of address will be necessary. Several customers have mentioned that Tariffville is an important part of the community, and adds to the quality of life in the area. We appreciate these feelings and will include them in our report. Also, customers have commented on the friendly service they receive at the Tariffville Post Office, and we hope this level of satisfaction is true of our other post offices as well. If it is determined that discontinuance of Tariffville Post Office should be pursued, a formal proposal will be written and forwarded to Headquarters for final approval. Again, thank you for sharing your thoughts with us.

If it is determined that a discontinuance of the Tariffville Post Office should be pursued, a formal proposal will be posted in the Simsbury Post Office at a later date. If you have additional questions or comments, please feel free to contact Barbara Mastroianni at (860) 524-6495.

Sincerely,

Beau L. Bouf

I would hate to see us not have a post office in Tariffville. It would really be unfair. It is also used by quite a few neighboring towns. It would be an inconvenience not to have a place to mail letters and packages here in Tariffville.

I AM A RESIDENT OF TARIFFVILLE CT. I HAVE LIVED HERE FOR FORTY TWO (42) YEARS. I HAVE A SMALL BUSINESS. I AM SENDING ALONG THIS NOTE, WITH MY POSTAL CUSTOMER QUESTIONNAIRE. I USE THE TARIFFVILLE POST OFFICE FOR ALL MY POSTAL SERVICES. FOR MY SMALL BUSINESS I BUY OVER ONE THOUSAND (1000) STAMPS A YEAR. I HAVE A FIVE HUNDRED (500) PERSONS MAILING LIST. I MAIL INFORMATION IN THE FORM OF FLYERS TO MY 500 MAILING LIST PERSONS AT LEAST THREE (3) TIMES A YEAR. THIS IS JUST MY SMALL BUSINESS USE OF THE TARIFFVILLE POST OFFICE. I ALSO USE IT FOR MY PERSONAL MAILINGS, LIKE PAYING BILLS, MY PERSONAL MAILINGS WHICH I ALSO BUY MORE STAMPS. THE TARIFFVILLE POST OFFICE IS A VERY MUCH NEEDED AND USEFULL PART OF MY LIFE, AND LIVES OF ALL TARIFFVILLE CITIZENS.

I WOULD BE REMISS, IF I DID NOT TELL YOU HOW VERY IMPORTANT OUR OFFICER IN CHARGE OF THE TARIFFVILLE POST OFFICE IS. SHE IS (POST MASTER OR POST MISTRESS) KNOWN TO RESIDENTS OF TARIFFVILLE AND ALL PATRONS OF THE TARIFFVILLE POST OFFICE AS MARY ANN. SHE IS VERY HELPFUL, COURTEOUS, KIND, HARD WORKING AND VERY HELPFUL TO ME WITH ALL OF MY POSTAL NEEDS CONCERNING MY SMALL BUSINESS, WHICH DEPENDS

ON THE TARIFFVILLE POST OFFICE. OFFICER IN CHARGE OR POST MASTER OR POST MISTRESS, WHICH EVER ONE OF THESE TERMS ARE CORRECT, MARY ANN IS AN EXCELLENT AMBASADOR AND VERY GOOD REPRESENTATIVE OF THE US POSTAL SERVICE. IN MY VIEW, SHE DOES AN EXCELLENT JOB. MY SMALL BUSINESS WOULD SUFFER WITHOUT HER HELP. I AM SURE I SPEAK FOR ALL THE RESIDENTS OF OUR SMALL VILLAGE OF TARIFFVILLE, WHEN I ASK YOU TO PLEASE ALLOW OUR POST OFFICE TO REMAIN IN THE TOWN OF TARIFFVILLE. THE POST OFFICE IS VERY IMPORTANT TO ME AND MY SMALL BUSINESS, BUT ALSO FOR ALL OF THE CITIZENS OF THE TOWN OF TARIFFVILLE, CT. 06081. WE ALL NEED THE POST OFFICE TO REMAIN HERE IN TARIFFVILLE. THANKS FOR ALLOWING ME TO TELL YOU HOW IMPORTANT OUR POST OFFICE IN TARIFFVILLE IS. THANK YOU. I HOPE WE TALK AGAIN SOON, UNTIL SOON John Payne

Postal Concerns

The following postal concerns were expressed

1. Concern (Favorable):
Customers said they would miss the special attention and assistance provided by the personnel at the

Response:
Your comments along with others received will be included in the official record and considered carefully before further action is taken. I would like to take this opportunity to address many of the concerns that have been raised. First, as to accessibility and convenience, we realize that the convenience of Tariffville Post Office too many residents are very important. However, as part of an overall examination of efficiency and service to all of our customers, we must look at the proximity of all customers to postal services. As you are aware, the Simsbury Post Office, 932 Hopmeadow Road, is only 3.4 miles away. Several customers have mentioned that Tariffville is an important part of the community, and adds to the quality of life in the area. We appreciate these feelings and will include them in our report. Also, customers have commented on the friendly service they receive at the Tariffville Post Office, and we hope this level of satisfaction is true of our other post offices as well. If it is determined that discontinuance of Tariffville Post Office should be pursued, a formal proposal will be written and forwarded to Headquarters for final approval. Again, thank you for sharing your thoughts with us.

6. Concern (No Opinion):
Concern was limited hours

Response:
Your comments along with others received will be included in the official record and considered carefully before further action is taken. I would like to address your suggestions regarding less branches and later hours. We have several offices within a ten mile radius of the Tariffville Post Office which have Automated Postal Centers (APC). The APC allows the customer access to mail and purchase stamps. These sites are located at: Hartford Post Office, 141 Weston Street, Hartford; West Hartford Post Office, 102 LaSalle Road, West Hartford; Enfield Post Office, 31 Palomba Drive, Enfield these sites offer 24/7 access for your mailing needs. In additional there are several businesses, such CVS, Staples, Wells Fargo Bank, and Stop & Shop which provide the convenience of selling stamps to customers. If it is determined that a discontinuance of the Tariffville Post Office should be pursued, a formal proposal will be posted in the Simsbury Post Office at a later date. If you have additional questions or comments, please feel free to contact my office at (860) 524-6

9. Concern (No Opinion):
Customers inquired about mailbox installation and maintenance

Response:
You inquired about home delivery and post office box refund. Customers are responsible for mailbox installation and maintenance. Mailboxes must be placed so that they may be safely and conveniently served by the carrier and must be located on the right-hand side of the road in the direction of the carrier's travel. Mailbox supports should conform to state laws and highway regulations. The Postal Service recommends that customers contact the administrative postmaster or carrier for advice on placement of mailboxes and mailbox height and supports. Mail will be forwarded in accordance with postal regulations, and change of address forms are available from the Postal Service to assist customers in notifying correspondents of the change. In addition, When a postal facility is discontinued or relocated, a box customer at that facility may obtain a refund of unused box fees if box service at that location is discontinued and additional travel of 1/4 mile or more (from the physical address on the customer's Form 1093) is required to obtain equivalent service. If it is determined that discontinuance of Tariffville Post Office should be pursued, a formal proposal will be written and forwarded to Headquarters for final approval. Your comments along with others received will be included in the official record and considered carefully before further action is taken. I would like to take this opportunity to address many of the concerns that have been raised. First, as to accessibility and convenience, we realize that the convenience of Tariffville Post Office too many residents are very important. However, as part of an overall examination of efficiency and service to all of our customers, we must look at the proximity of all customers to postal services. As you are aware, the Simsbury Post Office, 932 Hopmeadow Road, is only 3.4 miles away Second, for those local customers who have limited transportation options, I would like to remind you that you may choose to have delivery to your residences. There are also many ways to obtain postal products and services without visiting a Post Office. These include buying postage online at www.usps.com, by phone at 1-800-STAMP24, or by mail. In addition, www.usps.com enables customers to print shipping labels with postage for Express Mail and Priority Mail, as well as schedule free package pickups. Other local businesses sell postage stamps and provide money order service. Third, as previously communicated if Tariffville does close, customers with Post Office Boxes at Tariffville who choose to retain a box at the Simsbury Post Office will keep the same PO Box number and ZIP Code. No change of address will be necessary. Several customers have mentioned that Tariffville is an important part of the community, and adds to the quality of life in the area. We appreciate these feelings and will include them in our report. Also, customers have commented on the friendly service they receive at the Tariffville Post Office, and we hope this level of satisfaction is true of our other post offices as well. If it is determined that discontinuance of Tariffville Post Office should be pursued, a formal proposal will be written and forwarded to Headquarters for final approval. Again, thank you for sharing your thoughts with us.

You were concerned about having to travel to another post office for service.

Response:
You expressed a concern about having to travel to another post office for service. Services provided at the post office will be available from the carrier, and customers will not have to travel to another post office for service. Most transactions do not require meeting the carrier at the mailbox. Stamps by Mail and Money Order Application forms are available for customer convenience.

53. Concern (No Opinion):
You were concerned about having to travel to another post office for service, professionalism, accommodating.

Response:
Your comments along with others received will be included in the official record and considered carefully before further action is taken. I would like to take this opportunity to address many of the concerns that have been raised. First, as to accessibility and convenience, we realize that the convenience of Tariffville Post Office too many residents are very important. However, as part of an overall examination of efficiency and service to all of our customers, we must look at the proximity of all customers to postal services. As you are aware, the Simsbury Post Office, 932 Hopmeadow Road, is only 3.4 miles away Second, for those local customers who have limited transportation options, I would like to remind you that you may choose to have delivery to your residences. There are also many ways to obtain postal products and services without visiting a Post Office. These include buying postage online at www.usps.com, by phone at 1-800-STAMP24, or by mail. In addition, www.usps.com enables customers to print shipping labels with postage for Express Mail and Priority Mail, as well as schedule free package pickups. Other local businesses sell postage stamps and provide money order service. Third, as previously communicated if Tariffville does close, customers with Post Office Boxes at Tariffville who choose to retain a box at the Simsbury Post Office will keep the same PO Box number and ZIP Code. No change of address will be necessary. Several customers have mentioned that Tariffville is an important part of the community, and adds to the quality of life in the area. We appreciate these feelings and will include them in our report. Also, customers have commented on the friendly service they receive at the Tariffville Post Office, and we hope this level of satisfaction is true of our other post offices as well. If it is determined that discontinuance of Tariffville Post Office should be pursued, a formal proposal will be written and forwarded to Headquarters for final approval. Again, thank you for sharing your thoughts with us.

54. Concern (UnFavorable):
Customer expressed a concern about package delivery and pickup.

Response:
You expressed a concern about package delivery and pickup. Rural carriers will deliver packages that fit in your rural mail box. If the package does not fit in the mail box, the carrier will deliver the package up to ¼ mile off of the line of travel, at a designated place, such as on your porch or under a carport.

Customers expressed concern over a postal representative not being customer oriented

Response:
You expressed concern over a postal representative not being customer oriented. The Postal Service is very interested in the service needs of the community and customer feedback is crucial to improving service. Concerns raised by the community will be investigated by the Postal Service and appropriate actions will be taken.

66. Concern (UnFavorable):
Customers expressed concern over the dependability of rural route service

Response:
You expressed a concern over the dependability of rural route service. Rural letter carriers perform a vital function in the United States Postal Service serving thousands of families and businesses in rural and suburban areas while traveling millions of miles daily. Rural letter carriers are highly respected by the American public. This respect has been earned by many years of dedication to the Postal Service and to postal customers. During national and local emergencies, including prolonged periods of extreme weather conditions, rural carriers have demonstrated great responsibility in providing mail service to postal customers. Rural carriers are required to serve the route expeditiously and arrive at boxes at about the same time each day.

Customers were concerned about being inconvenienced going to another office

Response:
In your questionnaire you indicated that it would be inconvenient to use another post office. I realize that with change there is always concern. However, we are confident that the Simsbury Main Post Office will continue to provide you with effective and regular service. We are looking at changes that would have as little impact to our customers as possible and that is why there would be NO Change of Address necessary if you choose to receive your post office box mail at the Tariffville Main Post Office. If this proposal is finalized the actual Tariffville post office boxes will remain at the Simsbury Main Post Office located at 932 Hopmeadow Road Simsbury CT 06070. That means you would have the same key, the same box and the same location of the box within the box section configuration and the same zip code you are using now. The length of time that you prepaid your box rent for would also be honored. Street delivery is available in the Tariffville 06070 zip code area. Additionally, customers may order stamps by telephone with a credit card by calling 1-800-STAMP 24 or by utilizing Stamps by Mail envelopes available at your local post office or from your letter carrier. Retail services such as Click & Ship™ and Carrier Pickup are also available on line at www.usps.com. There are several locations within a short distance of the Tariffville Post Office where mailing services can be obtained along with multiple Stamps on Consignment locations.

As you are aware, the Simsbury Post Office, 932 Hopmeadow Road, is only 3.4 miles away. We are reviewing parking concerns which have been raised by several Tariffville Community members. Currently there are enough spaces to accomodate the daily flow of customer visits. Several customers have mentioned that Tariffville is an important part of the community, and adds to the quality of life in the area. We appreciate these feelings and will include them in our report. Also, customers have commented on the friendly service they receive at the Tariffville Post Office, and we hope this level of satisfaction is true of our other post offices as well. If it is determined that discontinuance of Tariffville Post Office should be pursued, a formal proposal will be written and forwarded to Headquarters for final approval. Again, thank you for sharing your thoughts with us.

Concern (UnFavorable):
85. Customers were concerned about having to travel to another post office for service, long line, slow, community meeting spot

Response:
Your comments along with others received will be included in the official record and considered carefully before further action is taken. I would like to take this opportunity to address many of the concerns that have been raised. First, as to accessibility and convenience, we realize that the convenience of Tariffville Post Office too many residents are very important. However, as part of an overall examination of efficiency and service to all of our customers, we must look at the proximity of all customers to postal services. As you are aware, the Simsbury Post Office, 932 Hopmeadow Road, is only 3.4 miles away Second, for those local customers who have limited transportation options, I would like to remind you that you may choose to have delivery to your residences. There are also many ways to obtain postal products and services without visiting a Post Office. These include buying postage online at www.usps.com, by phone at 1-800-STAMP24, or by mail. In addition, www.usps.com enables customers to print shipping labels with postage for Express Mail and Priority Mail, as well as schedule free package pickups. Other local businesses sell postage stamps

and provide money order service. Third, you expressed a concern about the waiting time at the administrative Post Office. The administrative Post Office serves a much larger community and has a heavier retail window workload. This concern has been brought to the attention of the administrative postmaster so he can monitor window operations and ensure that customers do not have an unreasonable wait to obtain services. Several customers have mentioned that Tariffville is an important part of the community, and adds to the quality of life in the area. We appreciate these feelings and will include them in our report. Also, customers have commented on the friendly service they receive at the Tariffville Post Office, and we hope this level of satisfaction is true of our other post offices as well. If it is determined that discontinuance of Tariffville Post Office should be pursued, a formal proposal will be written and forwarded to Headquarters for final approval. Again, thank you for sharing your thoughts with us.

86. Concern (UnFavorable):
Customers were concerned about permit mailing

Response:
You expressed a concern about permit mailing that was input at the suspended Post Office. Responsibility for the permit account has been transferred to the administrative Post Office. Mailings must be submitted to that office for verification. Customers interested in obtaining a permit should contact the administrative postmaster.

You were concerned about having to travel to another post office for service.

Response:
In your questionnaire you indicated that it would be inconvenient to use another post office. I realize that with change there is always concern. However, we are confident that the Simsbury Main Post Office will continue to provide you with effective and regular service. We are looking at changes that would have as little impact to our customers as possible and that is why there would be NO Change of Address necessary if you choose to receive your post office box mail at the Tariffville Main Post Office. If this proposal is finalized the actual Tariffville post office boxes will remain at the Simsbury Main Post Office located at 932 Hopmeadow Road Simsbury CT 06070. That means you would have the same key, the same box and the same location of the box within the box section configuration and the same zip code you are using now. The length of time that you prepaid your box rent for would also be honored. Street delivery is available in the Tariffville 06070 zip code area. Additionally, customers may order stamps by telephone with a credit card by calling 1-800-STAMP 24 or by utilizing Stamps by Mail envelopes available at your local post office or from your letter carrier. Retail services such as Click & Ship™ and Carrier Pickup are also available on line at www.usps.com. There are several locations within a short distance of the Tariffville Post Office where mailing services can be obtained along with multiple Stamps on Consignment locations.

First, as to accessibility and convenience, we realize that the convenience of Tariffville Post Office too many residents are very important. However, as part of an overall examination of efficiency and service to all of our customers, we must look at the proximity of all customers to postal services. As you are aware, the Simsbury Post Office, 932 Hopmeadow Road, is only 3.4 miles away Second, for those local customers who have limited transportation options, I would like to remind you that you may choose to have delivery to your residences. There are also many ways to obtain postal products and services without visiting a Post Office. These include buying postage online at www.usps.com, by phone at 1-800-STAMP24, or by mail. In addition, www.usps.com enables customers to print shipping labels with postage for Express Mail and Priority Mail, as well as schedule free package pickups. Other local businesses sell postage stamps and provide money order service. Third, as previously communicated if Tariffville does close, customers with Post Office Boxes at Tariffville who choose to retain a box at the Simsbury Post Office will keep the same PO Box number and ZIP Code. No change of address will be necessary. Several customers have mentioned that Tariffville is an important part of the community, and adds to the quality of life in the area. We appreciate these feelings and will include them in our report. Also, customers have commented on the friendly service they receive at the Tariffville Post Office, and we hope this level of satisfaction is true of our other post offices as well. If it is determined that discontinuance of Tariffville Post Office should be pursued, a formal proposal will be written and forwarded to Headquarters for final approval. Again, thank you for sharing your thoughts with us.

You were concerned about having to travel to another post office for service - long lines, inconvenient

Response:
You expressed a concern about having to travel to another post office for service. Services provided at the post office will be available from the carrier, and customers will not have to travel to another post office for service. Most transactions do not require meeting the carrier at the mailbox. Stamps by Mail and Money Order Application forms are available for customer convenience.

As you are aware, the Simsbury Post Office, 932 Hopmeadow Road, is only 3.4 miles away You expressed a concern about the waiting time at the administrative Post Office. The administrative Post Office serves a much larger community and has a heavier retail window workload. This concern has been brought to the attention of the administrative postmaster so he can monitor window operations and ensure that customers do not have an unreasonable wait to obtain services. Several customers have mentioned that Tariffville is an important part of the community, and adds to the quality of life in the area. We appreciate these feelings and will include them in our report. Also, customers have commented on the friendly service they receive at the Tariffville Post Office, and we hope this level of satisfaction is true of our other post offices as well. Tarrifville PO meeting 4-5-11

q-

a-It's hard to say how any po is profitable.

Selectman:

Closing the Tarrifville Post Office (TPO) is devastating to the residents and businesses. You need to keep the TOP open. It's not fair to balance the government's budget on the backs of the resident of Tarrifville. Simsbury is inadequate to handle both operations.

Union Bob: We are the massagers. Two weeks ago I got a copy of list of 9 offices slated for review or closing. The decision is made by the POOM, not headquarters. I have a document from the Rates Commission that requests that the USPS keep the list a secret to avoid ..... That was on March 28th. On April 4th, a list from the Connecticut Area. They wanted to close stations in the past. They won't save $2.5 B by closing the TPO.

q-Is this list for the closings?

Union Bob: This would mean that the decision was already made. The USPS came here with no information. USPS can't commit and that's wrong for you. Others on the list as Center Village, Lakeville Groversdale.

Congress laid a bill that we have to pay a $7B bill. We would have been profitable if we didn't have to prepay the retirement bill. No other company has to do this. Today is great, but tomorrow you is more important. You have 60 days to submit a written ..... This is not about jobs for the people I represent, you remember (Postmaster) Rowanda, she's now retired. We have a new contract—where I hope you will get a clerk back in Tarrifville.

Get in touch with your congressional Representative, your senator.

q- Laurie Matzik (po box holder?) I'm not happy about going to Simsbury, it's double the time, when it's flooded, when it's not flooded, then there was a tree. I want to see the fact (financial) of when Rowanda was here and now when Neil was there.

q- Did you make the decision to close the TPO?

Beau- No, we are just studying.

q-How did TPO get on the list?

Maureen Marion (MM): It's just a study. Let me tell you how this came about. Some thing about an article in the Wall Street Journal. And closings on a New York List.... PMG wanted to clean up the list because it included offices that were suspended years ago that were on that list.....

q- Was it because of the roof?

q- Was the building condemned?

q- Bottom line, your actions don't correlate with what you are doing. TPO is a model of what the PO should be. The USPS is like the DMV, and we all know what that is like. You have 1 person in TTPO who services 100s of people. Why can't you demonstrate that model to a Hartford or Wallingford PO.

You have an option to keep open an office at a very low cost.. I'll bet what happens at the TPO is at a lower cost than other Pos.

MM- This is not a reflection of the Tarrifville community or the TPO employees.

q-Does the PO deliver mail to the tenants upstairs from the former TPPO?

Beau- they now have a PO Box in Simsbury.

q- many elderly complex's count on the PO to be local . Going downtown is a hassle. We are used to seeing many, many people going in the PO all day long. It's a shame to close TPO.

MM- it was not an easy decision to make

q-Other people would have been here except there were other conflicts with events going on in town tonight. I live close to the Weatoque PO. It should be closed as people only drive there, you would never get this many people at a meeting there.

Maureen Clair- I worked for the PO. It's not about the PO, it's a about the fabric of this community, people drag themselves to the PO, they don't drive. I was told that I worked too slow because I talked too much. Who buys their stamps at the ..... People need to walk by (the PO) to see if your mother is sick, if someone needs soup. People at Simsbury don't talk to you.

Some died in 6 months....

They wipe out the Springfield office--- you should see the rats going out looking for jobs. They should do that to all of you in Hartford.

q- Was the reason for the closing structural?

Beau: the reason .....

q- was it checked by an engineer?

Beau: landlord told us that we had to evacuate the facility due to

? can we use some other facility in Tarrifville? What are the sites?

? 32 main St & 14 Winthrop St.

? what is the time frame?

MM_ we can't give you a time frame because we don't know, but sooner than later.

? I have concerns about the local businesses, without a PO in town, it's people aren't stopping to do business in town.

? Tarrifville's name is because e it's the main road from Granby to Hartford. We ZIP Code?

Beau or MM: Your address will not change unless your mode of delivery

? I went to Avon PO and found other people from Tarrifville there. It was a waste of money that was invested in West Hartford, Windsor, Simsbury, etc. They don't want our business. Well, they have long lines and are not happy to see us. They don't want this closing either.

? We had to change where we do business. I do a lot of International Mail. I haven't picked up my mail in two weeks. I've stopped in for shipping supplies and they wouldn't give supplies because it's only for their regular customers.

? I went to the airport PO with international packages, over $300 worth. The lady got mad because she was going on her break. I use to ship $20K at the TPO.

(Heckler) Go to UPS.

? You went into battle without any weapons. Your presentation didn't have anything. Why did you come to this meeting without a profit and loss analysis report? I'll bet the PO was profitable.

? If after 2 days it was okay to come back , all you had to do was unlock the door. Why didn't you do that instead of lugging all that stuff to Simsbury. Ridiculous.

MM: Our overhead costs are not linked to one individual location. We can't evaluate our cost per operation like a franchise.

?: Your closing this like it's one.

?: On this side you have revenue and that side you have expenses. If this side is bigger, then its profitable.

? In my prior position I was in charge of making decisions on closing sites. We had to do a cost analysis of the site. If you did a quick cost analysis at the 2 days being closed, we could have been back in business.

? After closing you took all the antique PO Boxes, I hope you didn't put it behind the Hartford building in the rain and snow. Can we purchase the PO Boxes, since you already made that decision? We would like a piece of our heritage.

? I started a business, then after two days the TPO was closed. We have a diverse community, we will not go away. There is no loyalty?

? I worked in a company where customer service was number 1. The TPO , in comparison to Simsbury, she was great, but in Simsbury..... Whatever happens, we love you (not sure who she loves)

? You should be ashamed as you came unprepared. How long is this process? These are nice people. Your PO is important to us, it should be important to you. People won't rush out at Christmas time because you won't give TPO another clerk.

? People don't want large Pos, they want small Pos.

? My carrier in Brooklyn knew the name of my children. I have not seen my carrier in two years

.....is a model that you are talking about, but your account dept is not working up to their ability.

? Our Community is being organized and we won't go away. Our group is 9-10 years old. We are willing to work with you.

? Tarrifville is on the east coast stream way, we are getting the bike trail that will be near this PO. Tourist will be coming by bike to do business. We have tourism, we have kayaking. We are a destination.

? I went to Simsbury for more surveys. They didn't have any. Barb came with one. She should have come with more. Marian has some.

? Its more than buying stamps, boxes have to be weighed, other PO don't want to do it.

? TPO is a critical tie to the community....as part of a tic to you.... You have to work at the profitability----- you have to go where the money is.

? Simsbury is not adequate, I saw 3 accidents going there. I never saw a PO close so quickly. TPO is profitable. Be genuine about this. One person is a building handles 100s of people. I'l I bet it's profitable.

? When you feel hostility...., you go somewhere else. I do not want to go to Stop & Shop. I want to go o the PO.

? If you can leave in 2 days, you can come back in 2 days.

? I bought a business in town, not a resident in the town, I live in Hartford. Bad service, would not happen in Tarrifville.

Union: comments are excellent, interesting, go home and write them down. I was not aware that the building was being occupied. After 10days it was supposed to be reviewed. 6-8 months the process takes. I will contact my Reps about this.

? Is our sign in your storage?

MM: it was stolen.

SIMSBURY —

Supporters of the Tariffville Post Office filled the Trinity Episcopal Church hall Tuesday night to share with U.S. Postal Service officials just how much their local branch means to them.

For more than 50 years, the Tariffville branch office has been located at 39 Main St. It was closed on Feb. 4 because of structural

concerns after the winter's heavy snowfall. Although the building's owner has said the structure is safe, postal officials decided not to reopen at that location and have begun a study to determine whether the village needs its own post office.

"We recognize the significant community and employee concerns when we are thinking about relocating services," Maureen Marion, a spokeswoman for the U.S. Postal Service's New England District, said during Tuesday's community meeting. "We have made no decision, but we appreciate your input."

[Sample Our Free Breaking News Alert And 3 P.M. News Newsletters]

The closure of the branch created an opportunity to re-evaluate how the post office serves the area, said Marion. Over the past five years, customer visits to U.S. post offices declined by 200 million and transactions declined by $2 million, she said. In Tariffville, revenue dropped 19 percent from 2008 to 2010, which represents a loss of nearly $30,000, she said.

"We do not receive tax dollars or federal support; postage sales support postage service," she said. "Given our grave financial future, we cannot overlook any opportunity to save money."

Tariffville patrons can go to the Simsbury Post Office on Hopmeadow Street, and postage stamps can be purchased at several locations around town, such as pharmacies and grocery stores, Marion said. Last month the Tariffville residents were mailed a survey about their postal needs, the results of which are still being reviewed, said Marion. Postal officials are also considering the viability of alternate sites for the branch. One is at 38 Main St., and the other is at 14 Winthrop St.

Tariffville residents say the decision to close their post office was made hastily and without regard for their needs. They don't like the long lines, limited parking and "grumpy" staff at the Simsbury Post Office, they said. They miss their branch, they said, which was not just a convenient place to buy stamps and mail packages, but served as a social gathering place for the whole neighborhood.

"Tariffville was the model of what you should be, not what you've become," said resident Jay Sottosano, who praised the work ethic of Tariffville Postmaster MaryAnn Chiappori. "You had one person in Tariffville serving hundreds and hundreds of families and businesses, doing it with efficiency that not only endeared her to the community but the community to her."

Trinity Church parish administrator Ellen Comeau said she routinely mailed more than 200 pieces of bulk mail through the Tariffville Post Office every month.

"You have 700 households and it's not even close to being convenient to go to Simsbury," she said. "It's a huge loss and we really need it back."

"We aren't going to go away," said Frank Sala, referring to Tariffville residents' determination to keep a branch in the village. "When you meet, let them know there's no more loyal a community, but there's no more prepared too."

Postal Service Customer Community Meeting Analysis

(categorize customer concerns as postal or nonpostal and provide the Postal Service response for each.)

Postal Concerns

1. Concern (UnFavorable):
Where is our Tariffville Post Office sign?

   Response:
The sign was removed by from the building by a non postal employee and a police report was filed

2. Concern (UnFavorable):
What Post Offices are profitable? Can we have a weekly analysis of sales?

   Response:
The information requested is for internal use only

3. Concern (UnFavorable):
What about our zip code

   Response:
Community identity is very important and will be preserved

4. Concern (UnFavorable):
Parking at the Simsbury office is terrible and limited

   Response:
A review is being done at this time to see what options are availble to increase the number of parking spaces

5. Concern (UnFavorable):
Customers expressed concern for loss of community identity

   Response:
You expressed a concern about the loss of the Communities' identity. A community's identity derives from the interest and vitality of its residents and their use of its name. The Postal Service is helping to preserve community identity by continuing the use of the suspended Post Office name and ZIP Code in addresses and Post Office Directory.

6. Concern (UnFavorable):
Customers asked why their post office was being discontinued while others were retained

   Response:
You asked why the suspended post office was being discontinued while others were retained. Post offices are reviewed on a case-by-case basis. When there is a vacancy in a small office, it is customary to conduct a study of the business activity and investigate the feasibility of providing service by alternate means.

7. Concern (UnFavorable):
Wait Time in Line at other offices and hours of operation.

   Response:
The Simsbury Post Office has a 24 hour lobby allowing customers to pick mail up at their convenience. The initial increase of customers was due to handing out keys to the Tariffville post office box customers.

8. Concern (UnFavorable):
Customers expressed concern about collection of outgoing mail

   Response:
You expressed a concern about the collection of outgoing mail. Collection of mail will be made by the carrier when serving the route. The customer should raise the flag on the mailbox to alert the carrier that outgoing mail is to be collected from the mailbox. There ar etwo locations being reviewed at this time for a collection box

9. Concern (UnFavorable):
Bulk Mailings now she will have to travel to do them and the postmaster was extremely helpful

   Response:
The Simsbury post Office has employees who are very knowledgeable and helpful.

10. Concern (UnFavorable):
Customers wanted to know why the customer lines were so long at the adminoffice Post Office

    Response:
You expressed a concern about the waiting time at the administrative Post Office. The administrative Post Office serves a much larger community and has a heavier retail window workload. This concern has been brought to the attention of the administrative postmaster soon monitor window operations and ensure that customers do not have an unreasonable wait to obtain services. The carrier can provide retail services, alleviating the need for customers to go to the post office for service.

11. Concern (UnFavorable):

Response:
We will have our people in real estate come out and do a review of these two sites.

12. Concern (UnFavorable):
We want to see a profit and loss account for the postal service. The money was taken out of Tariffville and put into Simsbury.

Response:
The profit and loss of the postal service is done as a whole not on an individual basis.

13. Concern (UnFavorable):
How many po boxes are rented/ How many customers are serviced by Tariffville?

Response:
165 post office boxes and approximately 532 rural customers.

14. Concern (UnFavorable):
House delivery 7 miles round trip is too far.

Response:
We will request a safety hazardness assessment done for those who do not currently receive delivery to see if this request can be met.

15. Concern (UnFavorable):
You have painted a one-sided picture of the decrease in money in tariffville, in addtion to trimming window hours and moving the carrier to another town. LL Bean catalogue sent to Tariffville the delivery person doesn't get credit the office which receives them does. Potential businesses you will lose to competitors. Don't alienate your customers.

Response:
Thank you for your comment.

16. Concern (UnFavorable):
Why not build a handicap ramp

Response:
Buildings that are historic need go through the State Historic Preservation Office.

17. Concern (UnFavorable):
Can we purchase the old Post Office Boxes

Response:
We can check to see how your request to purchase these boxes is handled.

18. Concern (UnFavorable):
The postmaster was very helpful and knowledgeable

Response:
The decision for the emergency suspension was due to the direction of the landlord to evacuate the building. The is by no means any reflection on the postmaster or employees.

19. Concern (UnFavorable):
Why doesn't the Post office work with the landlord to resolve issues on the buildings?

Response:
The postal service are on a month to month lease. There were negotiations with the landlord, but at such time different items have not been resolved.

20. Concern (UnFavorable):
Customer service was great at Tariffville and horrible in Simsbury

Response:
Again this is no reflection on the Tariffville community or postal employees. Issues with the Simsbury office will be addressed with the Postmaster.

21. Concern (UnFavorable):
We don't want Stop and Shop, Cvs, or Staples

Response:
These are alternate options for you to purchase stamps, in addition to online postage and stamps by mail.

Nonpostal Concerns

1. Concern (UnFavorable):
Statement made by Tariffville Selectwoman - It is not fair to residents, businesses to balance Tariffville on the Post Office budget. Tariffville stands, ready, waiting, & willing

Response:
Thank you for your comment.

2. Concern (UnFavorable):
This emergency suspension is ripping the fabric of the community apart. People need to slow down and build their communications within their community. People like you need to say hello to your neighbor instead of going outside the community

Response:

Thank you for your comment

3. Concern (UnFavorable):
Tariffville is what a model post office should be, not what it has become compared to DMV who has become inefficient and insufficient. In our case we had one person serving entire community who has in fact become endeared to the community. take out the loyality and there is no need.

Response:
This is no reflection on the community or the employee

4. Concern (UnFavorable):
I spend $8 weekly on gas to get my mail.

Response:
Thank you for your comment

5. Concern (UnFavorable):
The east Coast Greenway will become part of Tariffville andmany bikers will be able to use the routes to travel through this community. Also the junior olympics is scheduled to take place in Tariffville.

Response:
Thank you for your comment

6. Concern (UnFavorable):
Opportunity to grow more business will not be there and if there is no post office then people woll begin using alternate businesses like ups., fedex

Response:
Thank you for your comment

As the Postal Service manager responsible for all Post Offices in your area, I would like your opinion concerning a possible change in the way postal services are provided. Our tentative plans will only lead to a formal proposal if we are satisfied that a maximum degree of regular and effective service can be provided.

If you would like an opportunity to discuss alternatives with us, a postal representative will be at Trinity Church Parish Hall on 04/05/2011 from 7:00PM to 8:30pm to answer questions and provide information about our service.

If you have any questions, you may contact Barbara Mastrolanni at (860) 524-6495.

Thank you for your assistance.

PETITION: SAVE THE TARIFFVILLE POST OFFICE

"We, the undersigned residents of Tariffville and Simsbury, and other post office customers in the surrounding area, hereby present this petition to the United States Postal Service stating our opposition to the closure of the Tariffville Post Office. The Tariffville Post Office is a critical resource for the residents who live in the village. Many residents, especially senior citizens, walk to this post office to get their mail and conduct other postal business. In addition, local businesses count on it to drive their commercial enterprises. Also, two large churches use this post office for direct mail and major bulk mailings. The Tariffville Post office is a community treasure, an historical site, an economic anchor, and a major gathering place for locals to meet and share information. **Please re-open this branch within Tariffville Center. Thank you!"**

PETITION: SAVE THE TARIFFVILLE POST OFFICE

"We, the undersigned residents of Tariffville and Simsbury, and other post office customers in the surrounding area, hereby present this petition to the United States Postal Service stating our opposition to the closure of the Tariffville Post Office. The Tariffville Post Office is a critical resource for the residents who live in the village. Many residents, especially senior citizens, walk to this post office to get their mail and conduct other postal business. In addition, local businesses count on it to drive their commercial enterprises. Also, two large churches use this post office for direct mail and major bulk mailings. The Tariffville Post office is a community treasure, an historical site, an economic anchor, and a major gathering place for locals to meet and share information. **Please re-open this branch within Tariffville Center. Thank you!"**

THE HONORABLE CHRISTOPHER MURPHY
UNITED STATES HOUSE OF REPRESENTATIVES
114 WEST MAIN STREET, SUITE 206
NEW BRITAIN, CT 06051

Dear Congressman Murphy:

I am in receipt of your correspondence on behalf of Deputy First Selectman John Hampton of Simsbury expressing his concern for the permanent closing of the Tariffville Post Office.

On February 4, 2011, at the direction of the landlord, the Tariffville Post Office was evacuated after the discovery of structural damage in the facility. Given the emergency nature of the evacuation, the United States Postal Service issued an Emergency Suspension for the Tariffville Post Office. Post Office Box and other retail services for Tariffville customers are available at the Simsbury Post Office.

At this time, access to the building has been prohibited and no timetable for a return of postal services to Tariffville has been established.

We will provide your office with an update as soon as information is available. Thank you for the opportunity to address this matter.

Sincerely,

Dear Ms. Peters:

I am writing to you on behalf of my constituent, Deputy First Selectman John Hampton, of Simsbury, Connecticut.

Mr. Hampton has recently contacted my office regarding the temporary closure of the Tariffville Post Office located at 39 Main Street. According to Mr. Hampton, Prospect Enterprises, the management company for the building which includes the Tariffville Post Office and a second-level apartment, has closed the building due to structural damage.

Mr. Hampton has expressed concerns regarding the possibility of permanent closure of the Tariffville Post Office. He believes that it is a great inconvenience for village residents because they cannot access their P.O. boxes and must use the Simsbury Post Office located across town due to the closure. He further explains that the Tariffville Post Office is also a historical site and considered a community treasure for many of my constituents.

I respectfully request assurance that there are no current plans to permanently close the Tariffville Post Office. I also ask for an update on the timeframe for the reopening of this Post Office.

Please do not hesitate to contact Stephanie Podewell from my office at stephanie.podewell@mail.house.gov or (860) 223-8412 or if you have any questions.

THE HONORABLE JOSEPH I. LIEBERMAN
UNITED STATES SENATE
1 CONSTITUTION PLAZA, 7TH FLOOR
HARTFORD, CT 06103-1803

Dear Senator Lieberman:

I am in receipt of your correspondence requesting an explanation regarding the status of the Tariffville postal facility.

There has been a great deal of speculation and some misleading headlines in the newspapers concerning the closing of this postal facility. At this time a full review and operational feasibility study is underway. We are looking at opportunities which will allow us to provide the quality service our customers expect and deserve.

As you may know, customers in the immediate Tariffville community received a questionnaire to help in the course of this review. Prior to charting our final actions we will assemble the questionnaires, as well as comments received from local residents at a community meeting in early April. The affected community will be notified once our data collection is complete and a decision has been reached. There is no timetable for that decision at this time. Postal services will continue to be coordinated through the Simsbury Post Office in the interim. What Maureen Marion was referring to in the newspaper article you referenced, was that we would not be returning to that particular location. I want to assure your office that in no uncertain terms was she stating or implying that we were not returning to Tariffville.

It has been and will continue to be our practice to provide you with accurate and reliable information, so you may respond appropriately to constituent concerns. As information develops concerning this matter, your office will be provided an update.

Thank you for the opportunity to clarify our position on this matter.

Sincerely,

Subject: Senator Lieberman's congressional inquiry re: Tarriffville

Dear Kimberly Peters,

I am writing to let you know that a recent news article was released on Wednesday, March 23, 2011 indicating that the Tariffville Post Office will close permanently, as Maureen Marion was quoted, "We do not have an intention of returning to this particular facility," article here:
http://www.foothillsmediagroup.com/articles/2011/03/23/simsbury/news/doc4d8a4bf21eaba538265769.txt

This information conflicts with the report forwarded to the Senator's office from Tatiana Roy dated March 21, 2011, where it states regarding Tariffville, "Comments from the public meeting will supplement comments in hand from the surveys and become part of the decision-making on how to continue services to these postal customers. Here also, no decision has been made."

In light of the Senator's inquiry to your department about the Tariffville Post Office, beginning from the start of the emergency suspension, to as recent as Wednesday, March 23, 2011, it is to be expected that the Senator would receive notification and **an explanation** about Tariffville, as was requested.

As you know, the Senator initiates a congressional inquiry based upon the concerns of his constituents. Prompt and accurate agency information is important for the Senator to be responsive to his constituency.

I welcome your comments on how to better keep the Senator informed about postal matters and how to coordinate timely responses to specific congressional inquiries, like Tariffville.

Thank you for your cooperation.

Sincerely,

Del

SIMSBURY, CT 06070

Dear Selectman Glassman:

I am writing in response to your recent correspondence requesting the Tariffville postal facility remain open.

The United States Postal Service recognizes the Post Office is an integral part of any community, and having it located in a convenient and safe location is important.

The Tariffville Post Office was recently evacuated on February 4, 2011 at the direction of the landlord due to structural damages. At this time a full review and operational feasibility study is underway. We are looking at opportunities which will allow us to provide the quality service our customers expect and deserve.

Prior to charting our final actions we will assemble the questionnaires, as well as comments received from local residents at a community meeting in early April. The affected community will be notified once our data collection is complete and a decision has been reached. There is no timetable for that decision at this time. Postal services will continue to be coordinated through the Simsbury Post Office in the interim.

You also suggested two viable sites you believe could serve as alternate locations for maintaining a postal presence in the center of Tariffville. As mentioned earlier, we are reviewing our operational feasibility and no decision to close the Tariffville Post Office has been made.

If you should have any additional concerns regarding this matter, please contact our Consumer Affairs Office at 860-524-6398 or toll free at 1-888-610-3157.

Dear Ms. Peters:

On behalf of the Town of Simsbury and the village of Tariffville, I write to you to strongly protest the closing of the Tariffville Post Office.

The Tariffville Post Office is a critical resource for the residents who live in the village. Many residents, especially senior citizens, walk to this Post Office to get their mail and conduct other postal business. In addition, local businesses count on it to drive their commercial enterprises. Also, two large churches use this Post Office for direct mail and major bulk mailings.

The Tariffville Post Office is a community treasure, an historical site, an economic anchor, and a major gathering place for locals to meet and share information.

Closing this branch would be devastating to our community. Because of the great work of the Tariffville Village Association, Tariffville is making great strides in preserving its quality of life and planning responsibly for its future. Closure of this Post Office would greatly derail those efforts.

In an effort to assist you in relocating within Tariffville, the Town of Simsbury, in partnership with the Tariffville Village Association, has identified two viable sites for the Tariffville Post office within the center:

THE HONORABLE JOSEPH I. LIEBERMAN
UNITED STATES SENATE
1 CONSTITUTION PLAZA, 7TH FLOOR
HARTFORD, CT 06103-1803

Dear Senator Lieberman:

I am in receipt of your correspondence on behalf of Danbury Mayor Mark D. Boughton regarding the potential closure of the Danbury Main Street Postal facility.

Recent reviews of local services continued to reveal a decline in workload at the Main Street Station in Danbury. As part of our nationwide initiative to fully optimize the space we occupy, it was determined that the Danbury Main Street Station is too large for our current needs. The Postal Service's Facility Optimization Program identifies opportunities to negotiate conditions of a lease or sale of postal owned sites. Danbury's Main Street Station has been identified as a candidate in this process.

The Danbury Main Street Station which is owned by the Postal Service, opened as a Post Office in 1917. This facility provides 10,989 square feet of interior space with an additional 4,000 square feet of parking and just over 3,400 square feet for loading and dock space. No letter carriers work in this facility, it is a retail only facility providing stamp sales and postal services.

As you may know, customers in the Danbury community received a questionnaire as part of the review process. We will assemble the questionnaire comments, as well as comments that local residents will be invited to present at an upcoming community meeting. All of the feedback will be considered prior to charting our final actions. The affected community will be notified once our data collection is complete and a decision has been reached. There is no timetable for that decision at this time.

As soon as we have confirmed a date and venue for the community meeting we will be sure to contact your office with this information. If you have any additional questions regarding this matter, please contact Karen Kucharczyk, Manager Consumer and Industry Contact at (860) 524-5496.

We are writing this letter to express our opposition to closing the post office in Tariffville. Please consider the following points:

→The Tariffville Post Office is a critical resource for the residents who live in the village and adjacent towns.

→Many residents, especially senior citizens, walk to this post office to get their mail and conduct other postal business.

→Local businesses count on it to drive their commercial enterprises. Also, the elementary school and two large churches use this post office for direct mail and major bulk mailings.

→The Tariffville Post office is a community treasure, an historical site, an economic anchor, and a major gathering place for locals to meet and share information.

→Closing this branch would be devastating to our community.

Thank you for considering our opinions.

Sincerely,

Dear Ms. Peters,

I am writing to you on behalf of Trinity Episcopal Church in Tariffville, CT in regards to the issue of the possible closing of the Tariffville Post Office. I am the Parish Administrator here.

We do a large amount of business through that Post Office. I do a minimum of 12 bulk mailings a year with over 300 pieces. I send out 4-5 bulk mailings a year in quantities of 500-700 pieces. In addition to this we sent out large amounts of First Class Mailings. We pick up our mail one to two times a day and send mail out at least once a day often more depending on the needs of our Parishioners. We spend an average of $3,000 per year in postage and mailing expenses.

It is VERY IMPORTANT to us that the Post Office remain in Tariffville. At a meeting a few weeks ago with Deputy Selectman John Hampton and Rep. Linda Schofield John said that he too wants to see it remain in Tariffville and is exploring other locations. It is a crime that the Postal Service has allowed the landlord of that building to let it become such an eyesore and refused to make improvements. I know that MaryAnn had to fight very hard to get the few improvements done that were made 2 years ago.

It is about an 8 mile round trip now for us to pick up our mail, five days a week, that is 40 miles and with the price of gas, that is a big expenditure to absorb. We cannot have a rural delivery mailbox due to the number of checks that come in from Parishioners donations. It would not be safe. So we have to get our mail out of a lock box. The Lobby in Simsbury does not have hours convenient for us like the Tariffville Post Office did, the parking there is terrible and the service is frequently not particularly courteous. On that subject I want to mention the outstanding service that Mary Ann has provided for us in Tariffville even while she worked alone with no help at all!

We will appreciate all efforts that can be made to find a new location for the Post Office in Tariffville. There will be a community meeting at our church on Tuesday April 5th from 7:00 – 8:30. I hope you will be able to attend and here how the community feels about this.

Dear Ms. York:

I am writing in response to your recent correspondence requesting the Tariffville postal facility remain open.

First, let me thank you for taking the time to write us. We greatly value the "voice of our customers" and recognize the Post Office is an integral part of any community, and having it located in a convenient and safe location is important.

The Tariffville Post Office was recently evacuated on February 4, 2011 at the direction of the landlord due to structural damages. At this time a full review and operational feasibility study is underway. We are looking at opportunities which will allow us to provide the quality service our customers expect and deserve.

As you may know, customers in the immediate Tariffville community received a questionnaire to help in the course of this review. Prior to charting our final actions we will assemble the questionnaires, as well as comments received from local residents at a community meeting in early April. The affected community will be notified once our data collection is complete and a decision has been reached. There is no timetable for that decision at this time. Postal services will continue to be coordinated through the Simsbury Post Office in the interim.

Dear Ms. Peters:

I am a resident of Tariffville, Connecticut and am writing to ask that you work very hard to keep a Post Office in Tariffville. Many of our residents have lived here all their lives and have depended on having a post office that they have easy access to. As you may know, up until the past few years anyone living near the post office was required to have a P.O. box, this has made many dependent on a local office. The drive to Simsbury is an inconvenience and hardship to many people – especially the many who daily walked to do business and pick up their mail from P.O. boxes. Sidewalks joining the road in our Village center make it impossible to put up rural boxes for many addresses. The trip to Simsbury is out of the way for many and there is often no parking space available. It is also very inconvenient for the Tariffville businesses.

I do not directly pass a post office in my travels and find it inconvenient to buy stamps and mail packages. I would normally mail packages at least once a week to my grandchildren and now find it inconvenient. I also purchased money orders to send out because they can be cashed at the recipient's post office instead of requiring them to drive to a bank. Again, I haven't purchased any lately as it is too inconvenient. I miss being able to do these things locally and easily for my family members. I know that Tariffville Post Office was always a busy place and that it is sorely missed.

I would like to see the Tariffville Post Office open at any location in Tariffville as soon as possible. I understand that at least two locations are available. Please consider helping us keep our community businesses (including Tariffville Post Office) in our community. Please remember that convenience is not only good for us as customers but also for you as a business built on the needs of your customers.

Thank you,

Rowena York

Ms. Kimberly Peters

Hartford, CT 06106

Dear Ms. Peters,

I am writing to you today regarding the post office in Tariffville which is a very important part of our community. It is within walking distance of all the residents of Tariffville and offers friendly old fashioned service.

As you are aware the alternatives to the Tariffville location are in Simsbury center and Granby – neither of which is on a normal daily travel path for many Tariffville residents, including myself. The convenience of the Tariffville location cannot be matched and the service is not something found in a larger less personal location.

Personally, I drop letters in the box on my way to work knowing that they will be collected at 6:30 and be in the system – or stop by on my way home to purchase stamps and mail packages knowing that they will be on their way that evening. At the end of the day I cannot make it to the Granby or Simsbury locations while the window is still open. If I am going to continue to use the postal service to mail my packages, I am limited to Saturday morning to conduct business which does not always work if I have other plans for Saturday morning or if the package being mailed is a gift that is being timed to arrive on a specific date.

In all the years I have been conducting postal business no matter where I have lived in the United States, I have never found a postal location more enjoyable to do business with than the Tariffville office. I have relatives that live closer to the offices in Bloomfield, Simsbury and Granby that prefer to conduct business in Tariffville because of the convenience and great service.

People are used to walking to pick up their mail or conduct other business, something they can no longer do because of 3.5 to 4 mile distance to the alternative sites. With the price of gas going up on a daily basis a roundtrip to the post office a few times a week can now add up to a significant monetary cost over the course of a year. A trip to the Tariffville location can be measured in calories burned during the walk as opposed to the cost associated with a gallon of gas.

Please reopen this historical post office – it is more than a place to mail a letter – it is an anchor to the Tariffville community.

Thank you.

Cathy McDonnell

Dear Selectman Glassman:

I am writing in response to your recent correspondence requesting the Tariffville postal facility remain open.

The United States Postal Service recognizes the Post Office is an integral part of any community, and having it located in a convenient and safe location is important.

The Tariffville Post Office was recently evacuated on February 4, 2011 at the direction of the landlord due to structural damages. At this time a full review and operational feasibility study is underway. We are looking at opportunities which will allow us to provide the quality service our customers expect and deserve.

You also suggested two viable sites you believe could serve as alternate locations for maintaining a postal presence in the center of Tariffville. As mentioned earlier, we are reviewing our operational feasibility and no decision to close the Tariffville Post Office has been made.

Dear Ms. Peters:

On behalf of the Town of Simsbury and the village of Tariffville, I write to you to strongly protest the closing of the Tariffville Post Office.

The Tariffville Post Office is a critical resource for the residents who live in the village. Many residents, especially senior citizens, walk to this Post Office to get their mail and conduct other postal business. In addition, local businesses count on it to drive their commercial enterprises. Also, two large churches use this Post Office for direct mail and major bulk mailings.

The Tariffville Post Office is a community treasure, an historical site, an economic anchor, and a major gathering place for locals to meet and share information.

Closing this branch would be devastating to our community. Because of the great work of the Tariffville Village Association, Tariffville is making great strides in preserving its quality of life and planning responsibly for its future. Closure of this Post Office would greatly derail those efforts.

In an effort to assist you in relocating within Tariffville, the Town of Simsbury, in partnership with the Tariffville Village Association, has identified two viable sites for the Tariffville Post office within the center:

Dear Ms. Peters:

I currently serve as a Selectman for the Town of Simsbury and am writing you to express my opposition to any consideration you may have to closing the Tariffville Post Office.

Tariffville is a charming village within the town of Simsbury with a rich history and past. Unlike many suburban towns, Tariffville is a small contained village with a unique character. The Tariffville Post Office is a critical part of preserving this most picturesque village. Senior citizens and all our residents walk to this post office, and local businesses count on it for their day to day transactions. The Tariffville Post Office is more than a place to get and send mail, it serves as a place for locals to meet and share information and is integral to community life.

As a practical matter, when the Farmington River floods, as it did this past week, the most direct road from Tariffville to downtown Simsbury floods and is closed for several days. The location of Tariffville relative to the Farmington River necessitates a post office in the Village of Tariffville that is reasonably accessible throughout the year.

In my capacity as a Selectman for the Town of Simsbury and as a concerned citizen, I respectfully ask that you reopen the Post Office in the village center of Tariffville. I am available to assist you in any way necessary to make this happen.

Respectfully,

Lisa L. Heavner

Dear Ms. Peters:

I totally support your decision to close the Tariffville Post office. I just received notice of this decision from a group trying to get you to change your mind. Please do not be swayed.

Simsbury's population is similar to Bloomfield's. Bloomfield has one PO, Simsbury until now has had 4. The U.S. is losing considerable money overall on POs and I think it is morally reprehensible to lose money because it's "a community treasure" (an historical site (the same group has proposed alternative sites) and a major gathering place for locals". Another reason given is that the school and two churches use the PO for direct mail and bulk mail. The next PO is 3 miles away and I cannot believe these institutions do not go to Simsbury fairly regularly for other reasons. "A critical resource for resident"? I am not convinced.

Yes, I have enjoyed the convenience of walking to the PO. But I can still walk in Tarkfville and I can give a little more attention to my collective needs so that I can coordinate my visits to Simsbury proper with a stop at the PO.

I must add though, that I have heard many comments (and have experienced myself) regarding the lack of good attitude, friendliness, helpfulness, etc. at the Simsbury main office. Perhaps some training, or at least encouragement in this direction would not be out of place. A recent example for me was when I wanted to know an address about whom to write regarding this subject no one was able to help me. It was suggested that I go to the Internet.

Thank you
Louise Alvord

31st March 2011

Dear Ms Peters,

We are writings as residents of Tariffville who are most distressed that the US Postal Service has made the decision to close the Post Office branch located at 39 Main Street, Tariffville.

Tariffville has always had its own Post Office. True, it is part of Simsbury but has its own zip code. Other (smaller) parts of Simsbury such as Weatogue and West Simsbury have their own Post Offices, and as residents we are at a loss to understand why Tariffville should not.

The Post Office in Tariffville is a critical resource for residents who live here, and in adjacent towns. Those of us that work from home offices find it invaluable – we are able to walk to a postal facility. Without this facility, we will be forced to drive either to Granby or Simsbury – hardly a 'green' initiative from a federal agency like the Post Office.

This may sound a self-centered reason to oppose the closure, but this Post office facility is useful for ALL residents of Tariffville – especially the Senior Citizens who walk to this Post Office to collect their mail and conduct other postal business. The elementary school and two large churches use this post office for direct mail and major bulk mailings. Local businesses count on the Tariffville Post office to drive their commercial enterprises. We cannot believe that the Tariffville Post Office is not profitable for you: The lines that one had to wait in when it was open are testament to how busy it is. (That is a good thing – no-one minds waiting in line when a Village resource is being used).

The commercial reasons for continuing a Post office in Tariffville are one thing, detailed above, and are very hard to argue against. Perhaps more importantly, Tariffville Post Office has a very important place in the local COMMUNITY. It is an historic site, and a major gathering place for locals to meet and share information. This is aside from its role as an economic anchor. To close this branch is commercially silly, and would be devastating to the Tariffville community.

Please re-consider this decision.

Yours Sincerely,

Jonathan R. White

Dear Mr. Moger:

I am writing in response to your recent correspondence requesting we keep the Tariffville postal facility open and consider replacing the Simsbury Post Office.

First, let me thank you for taking the time to write us. We greatly value the "voice of our customers" and recognize the Post Office™ is an integral part of any community, and having it located in a convenient and safe location is important.

The Tariffville Post Office was recently evacuated on February 4, 2011 at the direction of the landlord due to structural damages. At this time a full review and operational feasibility study is underway. We are looking at opportunities which will allow us to provide the quality service our customers expect and deserve.

As you may know, customers in the immediate Tariffville community received a questionnaire to help in the course of this review. We will assemble those comments, as well as the comments that local residents will be invited to present at a community meeting in early April, prior to charting our final actions. The affected community will be notified once our data collection is complete and a decision has been reached. There is no timetable for that decision at this time. Postal services will continue to be coordinated through the Simsbury Post Office for this period.

You also suggested we consider replacing the Simsbury Post Office due to the inadequate lot size and limited parking. The Postal Service will not be replacing the Simsbury Post Office. However, I have shared your concerns regarding the limited parking available to customers as a result of having to share parking spaces with our employees. I am happy to report Simsbury (A) Postmaster Theresa Ferreira, has contacted the landlord and he has agreed to provide employee parking in another area of the property. Ms. Ferreira will inform the employees of the new designated parking area, which they are to begin using immediately.

I would like to offer an apology on behalf of the Postal Service for any inconvenience this has caused you. If you should have any additional concerns regarding this matter, please contact our Consumer Affairs Office at 860-524-6398 or toll free at 1-888-610-3157.

Ms. Kimberly Peters,

Dear Ms. Peters,

The purpose of this letter is to encourage you to expand the discussion of the possible closing of the Tariffville Post Office to include a careful look at replacing the main Post Office in Simsbury at 932 Hopmeadow Street.

To be concise the present facility is a disaster!

The size of the lot is inadequate - parking is far too limited. This problem is exacerbated by management allowing staff to park in spaces clearly marked for customers. They also permit shoppers at the stores, contiguous to the south, to park on the post office property. I have brought these problems to their attention in the past - their response is that they cannot control the problem because of conditions in their lease. This is very questionable.

I support an equitable solution to the need for a post office in Tariffville but believe the main post office is an even higher priority since it effects the entire Town.

Thank you for your time and effort to resolve these problems in Simsbury.

Sincerely,

Harvey Moger

Dear Ms. Foley:

I am writing in response to your recent correspondence requesting the Tariffville postal facility remain open.

First, let me thank you for taking the time to write us. We greatly value the "voice of our customers" and recognize the Post Office is an integral part of any community, and having it located in a convenient and safe location is important.

The Tariffville Post Office was recently evacuated on February 4, 2011 at the direction of the landlord due to structural damages. At this time a full review and operational feasibility study is underway. We are looking at opportunities which will allow us to provide the quality service our customers expect and deserve.

As you may know, customers in the immediate Tariffville community received a questionnaire to help in the course of this review. We will assemble those comments, as well as the comments that local residents shared at a recent community meeting, prior to charting our final actions. The affected community will be notified once our data collection is complete and a decision has been reached. There is no timetable for that decision at this time. To Whom It May Concern:

I am writing to express my opposition to closing the Tariffville Post Office. I have lived in Tariffville my whole life (33 years) and have always appreciated the post office in town. My family does a lot of business at the post office several times a week and even owns a post office box for a small business. We have missed the Tariffville Post Office tremendously these last few months.

The Tariffville Post Office not only benefits my family but many others in the area. It is a necessary resource for many residents of Tariffville and surrounding areas. Since it is in the center of a village, many residents (including myself), walk to the post office to conduct business.

The Tariffville village has two large churches and one elementary school. These large institutions rely on the Tariffville Post Office for bulk mailings.

We in Tariffville love our Post Office as it is a historical site and a wonderful place to do business. Closing this post office has been devastating to our community. We are hopeful that we, as a town, can work with the U.S. Postal Service to re-open a branch in Tariffville.

Sincerely,

Alison Foley

Dear Ms. Kimberly Peters,

I would like to express my concerns about having a post office located in Tariffville, CT. For the following reasons:

- Critical resource for residents who live in Village
- Senior citizens walk to P.O. to get mail + conduct business
- Local business, school, churches use P.O. for bulk mailings, & direct mail
- Historical site, economic anchor
- Closing the branch would be difficult for community.

Thank you for the attention in this situation.

Dear Ms. Peters:

I am writing to you on behalf of the Tariffville Village Association. Our association has been working hard for the past ten years to revitalize Tariffville, and our local post office has figured prominently in our plans to refurbish our Main Street area. The post office is a community treasure, an historical site, an economic anchor, and a major gathering place for locals to meet and share information. It allows local residents to walk to the post office to get their mail and conduct other postal business. And I agree with our First Selectman, closing this branch would be devastating to our community.

As a long-term resident of Tariffville, there is obviously a sentimental attachment to this unique aspect of the Village. But beyond my own strong sentiments, it has always been my understanding that the Tariffville Post Office was a very profitable location. Despite the small size of the office, it's location at the junction of two major commuter arteries (State routes 189 and 315), as well as its proximity to the industrial parks in Bloomfield, has insured a proportionately large volume of daily postal traffic. Since our post office wasn't originally scheduled for closure, I don't understand why USPS would consider closing a profitable office, based only on a temporary disruption in service which was caused by severe weather conditions.

Our local officials have provided you with alternative locations for a Post Office which, I believe, have a lower rent than the original location. I urge you to evaluate these locations with the intention of relocating and reopening the Tariffville Post Office. We, as an organization will do anything we can to assist in this process.

If there is any additional information you need from me, or if I can be any further assistance, please don't hesitate to contact me.

First, let me thank you for taking the time to write us. We greatly value the "voice of our customers" and recognize the Post Office is an integral part of any community, and having it located in a convenient and safe location is important.

The Tariffville Post Office was recently evacuated on February 4, 2011 at the direction of the landlord due to structural damages. Postal services will continue to be coordinated through the Simsbury Post Office in the interim.

No one enjoys waiting excessively in a line for service, and any report of long lines at our facilities will be addressed promptly. The Postal Service shares the problem of occasional long lines with banks, supermarkets, and other retail outlets. Lines occur most often on Mondays, the day after holidays, during lunch hours, and near closing times. We make a concerted effort to match our staffing schedules with the known peaks of customer traffic. To minimize wait time, we rely upon our Postmasters to take steps to remedy the situation and ensure that customers do not have to wait in line an unreasonable or excessive amount of time. I have asked Post Office Operations Manager Beau LeBouef to review the operations of the Simsbury Post Office.

Dear Ms. Peter,

As Office Manager of St. Bernard's Church located on Maple Street in Tariffville, I implore you to strongly consider relocating a post office here in Tariffville.

As fortunate as we are to have our service continue at the Simsbury Post Office temporarily, it is not a good permanent solution.

The distance is, of course, not convenient (especially when the Farmington River floods and we must travel twice the distance). The parking situation leaves much to be desired. One of my first trips there almost ended up in a head-on accident as I was entering the driveway and encountered a vehicle exiting at the same time. There certainly are not enough spaces either. I find myself often times having to circle, go back out onto the street and reenter the parking lot which is not an easy task with Hopmeadow Street being as busy a street as it is.

The wait once inside the post office can also be a long one. It's been said that this particular post office has gotten too small, and that was before all of Tariffville's mall was added to the site, which may also be a reason as to why the employees are not as congenial as our present postmaster, and prior employees, at the Tariffville Post Office. People from surrounding towns do a great deal of their postal business at Tariffville Post Office because of the service they receive there. I personally grew up in Tariffville, have since moved to East Granby (still work in Tariffville) and much prefer, along with other residents, the service received at Tariffville.

I personally drove to the Tariffville Post Office but always saw many customers who walked to get there. That convenience to these people is very important.

St. Bernard's does a considerable amount of mailing through the post office and expect this only to increase. The trip at least once a day during the week and on occasion on Saturday is not an easy task when having to travel to Simsbury.

Your sincere consideration of reopening a post office within Tariffville Village would be such a blessing to so many people, and I ask that all of our pleas are taken into account.

Thank you for your time.

Very truly yours,

Dear Ms Peters,

I am writing to you in reference to the closure in Taffville, CT. The US Post Office there is deeply missed and is truly needed in that town for many reasons. Although I'm not a resident of the town, I only live ca. 1 mile away and have used that Post Office in Taffville a lot. I always found it quite pleasant as it had the feel of a place where people not just pick up their mail or 'mail their mail'. But I know about the activities in the town and around the area. I often envied the residents in the town as they actually can walk to the Post Office, that's ideal. And many people even stop right off Rt. 189 to do their postal business! -

I do hope that a new location within the town can be found to open a Post Office in the near future. The service was always helpful and friendly.

Thank you for letting me voice my opinions. I wish the residents of Taffville 'good luck' to get back their Post Office; and me, as an "outsider", will continue to do my errands etc. - there. -

Sincerely,
Rosita Petrowski

I have had my P.O. in ~~Tariffville~~ for going on to 43 years-. I feel we lose by the closing of the Post office. I was a decrepit old building. I've seen the people cold in the winter + over heated in the Summer. I imagine the PO was over charged for rent for years.

Times have changed. Placing the PO in another building in Tariffville with cost way to much. Say within of the ADA requirements + we will STILL A bad situation with parking etc.

So Now I drive the 3 miles to Simsbury but I usually go that way a number of times each week. I can Also put up an RFD box.

Let us All be realistic? Times Change. Keep the Tariffville Post office Closed

Dear Mr. Mitchell:

I am writing in response to your recent correspondence requesting the Tariffville postal facility remain open.

The United States Postal Service recognizes the Post Office is an integral part of any community, and having it located in a convenient and safe location is important.

As you know, the Tariffville Post Office was recently evacuated on February 4, 2011 at the direction of the landlord due to structural damages. At that point there was a safety review completed on February 9 which pointed to several serious deficiencies. None of these have been abated. In response to your concerns about the profitability of the Tariffville Post Office, the office itself has been losing $35,000 a year and does not provide more than four hours worth of work for our employee. At this point we are looking at opportunities which will allow us to provide the quality service our customers expect and deserve.

Prior to charting our final actions we will consider all the information collected from the review which includes your letter. There is no timetable for that decision at this time. Postal services will continue to be coordinated through the Simsbury Post Office in the interim.

Dear Ms. Peters,

Earlier this week I attended the community meeting concerning recently-closed Tariffville, CT post office. It was painfully obvious that USPS discontinued service because they thought they could get away with it. Although the initial closing was initiated by the landlord, the refusal to resume service comes not from the landlord, not from the town building inspector, not from the state, but entirely from the Postal Service. No justification whatsoever was presented as to why this vital government service continues to be withheld from the village, as the initial and temporary concerns about snow on the building proved groundless, and other tenants are once again in occupation.

It was also apparent that the Tariffville post office is actually a profit-making operation, with strong community support and a strong customer base. Although your representatives appeared to be unaware of it, major cost-cutting measures have already taken place in the past 18 months (including a reduction in full-time staff from 3 to 1, and a cutback in window hours,) to make the office profitable.

In these difficult times, USPS needs all the friends it can get. Any savings that might be realized from closure or a lengthy "suspension" would be trivial, and some of that would be offset by business lost to shipping competitors and general customer alienation. The premature dismantling of the office took two days. Let your restoration of service be just as quick and efficient. Thank you.

Yours truly,

Dear Ms. Alvord:

I am writing in response to your letter we received April 18, 2011 concerning the closing of the Tariffville Post Office.

Thank you for taking the time to attend the April 5, 2011 meeting at the Trinity Church and provide us with feedback. I understand that there was some confusion at the meeting due to the different speakers presenting information from the Postal Service. In addition to the authorized postal representatives, the president of the American Postal Workers Union delivered his own message right after the opening presentation and again at the end of the meeting. I am aware that many of the residents interpreted his comments as the official position of the United States Postal Service which is incorrect.

The Connecticut Valley District of the United States Postal Service is in the process of conducting a feasibility study to determine the best way to provide quality service to the community of Tariffville. At this time, no decision has been made. The input from the residents and customers is very important in helping us understand the needs of the community.

I appreciate the opportunity to address your concerns and would like to assure you that we will consider all aspects of the study.

If you have any additional concerns regarding the closing of the Tariffville Post Office, please contact Karen Kucharczyk, Manager of Consumer and Industry Contacts at 860 524-6496.

Dear Mr. Peters,

I recently wrote to you encouraging you to stick to your vote regarding the closing of the Tariffville Po. I wish to TOTALLY RESCIND that letter.

I attended the so-called explanatory meeting at Trinity Church on April 5 and was absolutely astounded to learn from the Pc speaker that the Pc doesn't know and doesn't care to know whether an individual PO is viable or not. "The PO in general is losing incredible amounts of money and needs to close PO's anywhere it can!" More than once the speaker insisted that no records are kept of success or losing PO's of the individual Po. Government in general is considered as striving for ineptness but that is the most derisive thing I have ever heard of.

The other thing that was repeatedly mentioned is the lack of interest by PO employees in servicing customers. Something should be done about that. Not acceptable!

Yours truly,
Louise Alvord

THERESA SALLS
P.O. BOX 53
TARIFFVILLE, CT 06081

Dear Ms. Salls:

This letter is in response to your concerns regarding the status of the Tariffville Post Office. We know your mail and your post office are important. Let me provide you a full explanation on the points you raise in your correspondence to us.

As you recall in February, we were informed by a fellow tenant at the Tariffville Post Office that our landlord required our immediate evacuation. We followed that instruction for the safety of our customers and our employee. In compliance with Section 123.7 of our *Postal Operations Manual*, "a district manager may suspend the operations of any Post Office under his or her jurisdiction when emergency or other conditions require such action." The urgency of the evacuation left us no other choice.

We made immediate provisions to assure service for the next day, in Simsbury, and undertook appropriate stewardship of the mail and postal property under difficult circumstances not of our making. According to postal operating procedures, an **emergency suspension** results from a natural disaster, eviction, safety or serious health issues that cannot be or have not been abated, or the facility is in substandard conditions. We had not received a report of abatement of the issues and repairs or certification for occupancy and safe use from our landlord.

We did, however, conduct inspections with our own trained staff whose report was extensive: Roof drainage system components are either absent or not functioning. There is evidence of possible structural movement or fatigue in the area of the front lobby wall. The facility exterior is in disrepair with electrical hazards and evidence of water damage present at all exterior areas. It can not currently be determined if deteriorated exterior surfaces contain hazardous materials. For these reasons, we have made the decision not to return to this facility and terminated our lease. Postal operations in Tariffville remain under emergency suspension.

An emergency suspension is not a decision to close a post office. But it does *automatically* trigger a study on whether we should discontinue a post office. A formal study looks at several items including **office workload**, **customer demand** and **availability of alternatives.**

Workload analysis uses a time-formula assigned to the tasks of an office over an extended period. It looks at the types of transactions in an office and the complexity of those transactions.

Customer demand is measured, in part, by revenue figures, box rentals and responses to our questionnaires and surveys. Some revenue information, such as package sales, is proprietary. However, we pull up numbers and types of window transactions. We even see "down time." We read every letter and track every survey.

We also look at what other services are available nearby at post offices or at partner businesses, like stores that sell stamps. Some of this information was brought to light during our community meeting.

Finally, we consider **total operating expenses**. That includes lease, salaries and benefits; replacement pay when there is an absence; equipment, stock and supplies on hand; utilities; maintenance; transportation and other operational costs. Our studies for Tariffville indicate that we provided post office service to 165 box holders. In the last calendar year, our local revenue was just over $141,000 yet total operating expenses were $175,400. Our workload analysis shows that there is, on average, 3.9 hours of work daily based on standard time studies used by the Postal Service.

We continue to assess our options and to compile comments of local residents, like you, as we look to our next actions. As we finalize any decision, there are additional mandatory requirements for local notification and opportunity for local comment. Be assured we will alert you and your neighbors to those developments as we look at all options before us.

One consideration that will not be an influence in our decision-making is the role of the Post Office as part of a federal historic district. The Postal Service deals frequently with national and state historic preservation offices. In a historic district, the singular use of a facility is not the driver of historic significance; rather it can be the facility itself as it contributes to the district. The Tariffville Historic District was designated in 1993 for its mill housing and street layout. Our tenancy in a facility within the district is not at issue.

Again, thank you for sharing your concerns. Be assured all comments are considered with care in this matter.

Sincerely,

KIMBERLY J. PETERS

RE: Tariffville Post Office, Docket #1384296-06081

We are outraged that the USPS shut down our Tariffville post office without following the Postal Operations Manual Section 123.7 on Emergency Suspension of Services. The building was declared safe to reoccupy after only two days and other tenants have returned. However, the USPS quickly removed the PO boxes and office equipment instead of returning. Tariffville was not on the list of proposed closures.

We strongly feel that the actions of the USPS are unjustified and in violation of USPS regulations described in Section 123. In addition, the village of Tariffville is on the National Register of Historic Places. Section 106 of the National Historic Preservation Act of 1966 requires an additional impact study prior to any decision on closure. Our post office is an essential element in the character of our historic village and must be preserved.

Our villagers, especially the elderly, depend upon this post office as do many families and businesses in nearby Bloomfield, Windsor, Granby and East Granby, plus commuters on Route 189.

All our life we have been going to the Tariffville Post Office – it is part of our life meeting people and sharing information. It means more since we are retired – nice weather we can walk to the post office and bad weather it isn't far to drive. We get our medicine, bills and packages by mail and pay our bills by mail. It is a central place in our village and don't want to lose the charm of a walking village we grew up in.

Reasons we don't like the Simsbury post office parking is very limited, getting in and out of post office parking lot is difficult. We pick up our mail twice a week because gas is expensive and are on a limited income. In the spring the road to Simsbury is flooded and we have a longer way to travel.

Since neither the USPS Section 123 nor the Section 106 NHPA studies have been completed published, received comments and been finalized, our Post Office cannot be considered closed already. As the building has been declared safe to reoccupy, the USPS should do so immediately while completing required studies. We further expect that the results of your studies will confirm that the Tariffville post office should not be closed.

Sincerely,
Ellen Ashmore

C post office is an essential element in the character of our historic village and must be preserved. Abandoning the post office undermines all the effort of the Tariffville Village Association to boost the level of economic activity in our village.

Our villagers, especially the elderly, depend upon this post office, as do many families and businesses in nearby Bloomfield, Windsor, Granby and East Granby, plus commuters on Route 189.

I am a senior citizen and find it extremely burdensome to use the Simsbury post office. That could get much worse in the future, if USPS decides to close the Simsbury post office in favor of a regional post office in Avon to serve several towns. That was discussed a few years ago.

One consideration that will not be an influence in our decision-making is the role of the Post Office as part of a federal historic district. The Postal Service deals frequently with national and state historic preservation offices. In a historic district, the singular use of a facility is not the driver of historic significance; rather it can be the facility itself as it contributes to the district. The Tariffville Historic District was designated in 1993 for its mill housing and street layout. Our tenancy in a facility within the district is not at issue.

Again, thank you for sharing your concerns. Be assured all comments are considered with care in this matter.

Sincerely,

KIMBERLY J. PETERS
DISTRICT MANAGER

I. RESPONSIVENESS TO COMMUNITY POSTAL NEEDS

The Postal Service is proposing to close the Tariffville, CT Post Office and provide delivery and retail services by independent post office under the administrative responsibility of the Simsbury Post Office, located three miles away.

The postmaster position became vacant when the postmaster was reassigned on February 04, 2011. An employee from a neighboring office may be installed as the temporary officer-in-charge (OIC). Postmaster level and office service hours are determined by a workload analysis which includes the number of deliveries and revenue.

The office is being studied for possible closing or consolidation due to the following reasons: The Tariffville Post Office is located at 39 Main Street in the first floor of a building which has dwellings on the second floor. The tenant in one of the second floor apartments noticed that the ceiling and walls were cracking and notified the landlord. At the direction of the Landlord instructed the tenant and the Postal Service to evacuate the premises due to structural deficiencies.

The Post Office facility had severe building deficiencies that included: Building is not handicap accessible and the tenant upstairs has had problems with water coming in from roof, so roof could also be a problem. The Tariffville Post Office, an EAS-13 level, is currently suspended and services have been moved to another facility since 02/04/2011.

The retail window averaged zero transaction(s) accounting for zero minute(s) of retail workload daily. With minimal workload, the Postal Service feels that effective and regular service will be provided by independent post office. Office receipts for the last 3 years were: $164,252 (428 revenue units) in FY 2008, $159,375 (416 revenue units) in FY 2009, and $148,092 (386 revenue units) in FY 2010. There were two permit mailer(s) or postage meter customer(s).

Since the suspension of service, customers have received delivery and retail services by independent post office emanating from the Simsbury Post Office, an EAS-20 level office located 3.4 miles away. Window service hours are from 08:30 - 17:00, Monday through Friday, and 09:00 - 12:00 on Saturday. There are 281 Post Office boxes available.

On April 05, 2011, representatives from the Postal Service were available at Trinity Church Parish Hall to answer questions and provide information to customers. 126 customer(s) attended the meeting.

On March 21, 2011, 760 questionnaires were distributed to delivery customers of the Tariffville Post Office. Questionnaires were also available over the counter for retail customers at the Simsbury Post Office. 234 questionnaires were returned. Responses regarding the proposed alternate service were as follows: 2 favorable, 125 unfavorable, and 107 expressed no opinion.

One congressional inquiry was received on February 18, 2011.

A petition supporting the retention of the Tariffville Post Office was received on April 05, 2011, with 86 signatures.

The following concerns were expressed on the returned questionnaires, at the community meeting, from customer letters, on the petition, and from the congressional inquiry.

1 **Concern:** collection box request

Response: The customer r comments along with others received will be included in the official record and considered carefully before further action is taken. I would like to take this opportunity to address many of the concerns that have been raised. First, as to accessibility and convenience, we realize that the convenience of Tariffville Post Office too many residents are very important. However, as part of an overall examination of efficiency and service to all of our customers, we must look at the proximity of all customers to postal services. As you are aware, the Simsbury Post Office, 932 Hopmeadow Road, is only 3.4 miles away. We are currently looking for a location to put a collection box within the Tariffville Community. If it is determined that discontinuance of Tariffville Post Office should be pursued, a formal proposal will be written and forwarded to Headquarters for final approval. Again, thank you for sharing your thoughts with us.

2 **Concern:** Concern was limited hours

Response: The customer r comments along with others received will be included in the official record and considered carefully before further action is taken. I would like to address your suggestions regarding less branches and later hours. We have several offices within a ten mile radius of the Tariffville Post Office which have Automated Postal Centers (APC). The APC allows the customer access to mail and purchase stamps. These sites are located at: Hartford Post Office, 141 Weston Street, Hartford, West Hartford Post Office, 102 LaSalle Road, West Hartford, Enfield Post Office, 31 Palomba Drive, Enfield these sites offer 24/7 access for your mailing needs. In additional there are several businesses, such CVS, Staples, Wells Fargo Bank, and Stop & Shop which provide the convenience of selling stamps to customers. If it is determined that a discontinuance of the Tariffville Post Office should be pursued, a formal proposal will be posted in the Simsbury Post Office at a later date. If you have additional questions or comments, please feel free to contact my office at (860) 62

3. **Concern:** Customer expressed a concern about package delivery and pickup

Response: The customer expressed a concern about package delivery and pickup. Rural carriers will deliver packages that fit in your rural mail box. If the package does not fit in the mail box, the carrier will deliver the package up to ½ mile off of the line of travel, at a designated place, such as on your porch or under a carport.

8. **Concern:** Customers expressed concern for loss of community identity

Response: The customer expressed a concern about the loss of the Communities identity. A community's identity derives from the interest and vitality of its residents and their use of its name. The Postal Service is helping to preserve community identity by continuing the use of the suspended Post Office name and ZIP Code in addresses and in Post Office Directory.

12. **Concern:** Customers expressed concern for loss of community meeting place

Response: Several customers have mentioned that Tariffville is an important part of the community, and adds to the quality of life in the area. We appreciate these feelings and will include them in our report. Also, customers have commented on the friendly service they receive at the Tariffville Post Office, and we hope this level of satisfaction is true of our other post offices as well.

16. **Concern:** Customers expressed concern over a postal representative not being customer oriented.

Response: The customer expressed concern over a postal representative not being customer oriented. The Postal Service is very interested in the service needs of the community and customer feedback is crucial to improving service. Concerns raised by the community will be investigated by the Postal Service and appropriate actions will be taken.

17. **Concern:** Customers expressed concern over the dependability of rural route service.

Response: The customer expressed a concern over the dependability of rural route service. Rural letter carriers perform a vital function in the United States Postal Service serving thousands of families and businesses in rural and suburban areas while traveling millions of miles daily. Rural letter carriers are highly respected by the American public. This respect has been earned by many years of dedication to the Postal Service and to postal customers. During national and local emergencies, including prolonged periods of extreme weather conditions, rural carriers have demonstrated great responsibility in providing mail service to postal customers. Rural carriers are required to serve the route expeditiously and arrive at boxes at about the same time each day.

18. **Concern:** Customers expressed concern that postal employees at the adminoffice Post Office are rude.

Response: I would like to take this opportunity to address many of the concerns that have been raised. First, as to accessibility and convenience, we realize that the convenience of Tariffville Post Office too many residents are very important. As you are aware, the Simsbury Post Office, 932 Hopmeadow Road, is only 3.4 miles away. You expressed a concern that postal employees at the administrative Post Office are rude. Employee courtesy is always a concern of postal managers. Postal employees receive periodic instructions regarding employee courtesy. We do not condone our employees' execution of their duties in an unprofessional or discourteous manner. This concern will be conveyed to the postmaster by the manager, post office operations. We are reviewing parking concerns which have been raised by several Tariffville Community members. Currently there are enough spaces to accomodate the daily flow of customer visits. Several customers have mentioned that Tariffville is an important part of the community, and adds to the quality of life in the area. We appreciate these feelings and will include them in our report. 20. **Concern:** Customers felt the loss of a post office would have a detrimental effect on the business community.

Response: The customer expressed a concern about the detrimental effect the loss of the post office would have on the community. Businesses generally require regular and effective postal services, and these will always be provided to the suspended Post Office community. There is no indication that the business community will be adversely affected. Questionnaire responses revealed that customers will continue to use local businesses if the post office is discontinued.

22. **Concern:** Customers inquired about mailbox installation and maintenance.

Response: The customer inquired about home delivery and post office box refund. Customers are responsible for mailbox installation and maintenance. Mailboxes must be placed so that they may be safely and conveniently served by the carrier and must be located on the right-hand side of the road in the direction of the carrier's travel. Mailbox supports should conform to state laws and highway regulations. The Postal Service recommends that customers contact the administrative postmaster or carrier for advice on placement of mailboxes and mailbox height and supports. Mail will be forwarded in accordance with postal regulations, and change of address forms are available from the Postal Service to assist customers in notifying correspondents of the change. In addition, When a postal facility is discontinued or relocated, a box customer at that facility may obtain a refund of unused box fees if box service at that location is discontinued and additional travel of 1/4 mile or more (from the physical address on the customer's Form 1093) is required to obtain equivalent service. As you are aware, the Simsbury Post Office, 932 Hopmeadow Road, is only 3.4 miles away. You expressed a concern about the waiting time at the administrative Post Office. The administrative Post Office serves a much larger community and has a heavier retail window workload. This concern has been brought to the attention of the administrative postmaster so he can monitor window operations and ensure that customers do not have an unreasonable wait to obtain services. The carrier can provide retail services, alleviating the need for customers to go to the post office for service. Several customers have mentioned that Tariffville is an important part of the community, and adds to the quality of life in the area. We appreciate these feelings and will include them in our report. Also, customers have commented on the friendly service they receive at the Tariffville Post Office, and we hope this level of satisfaction is true of our other post offices as well. Second, for those local customers who have limited transportation options, I would like to remind you that you may choose to have delivery to your residences. There are also many ways to obtain postal products and services without visiting a Post Office. These include buying postage online at www.usps.com, by phone at 1-800-STAMP24, or by mail. In addition, www.usps.com enables customers to print shipping labels with postage for Express Mail and Priority Mail, as well as schedule free package pickups. Other local businesses sell postage stamps and provide money order service. If it is determined that a discontinuance of the Tariffville Post Office should be pursued, a formal proposal will be posted in the Simsbury Post Office at a later date. If you have additional questions or comments, please feel free to contact my office at (860) 524-6405.

First, as to accessibility and convenience, we realize that the convenience of Tariffville Post Office too many residents are very important. However, as part of an overall examination of efficiency and service to all of our customers, we must look at the proximity of all customers to postal services. As you are aware, the Simsbury Post Office, 932 Hopmeadow Road, is only 3.4 miles away. Second, you expressed a concern about the waiting time at the administrative Post Office. The administrative Post Office serves a much larger community and has a heavier retail window workload. This concern has been brought to the attention of the administrative postmaster so

he can monitor window operations and ensure that customers do not have an unreasonable wait to obtain services. Third, for those local customers who have limited transportation options, I would like to remind you that you may choose to have delivery to your residences. There are also many ways to obtain postal products and services without visiting a Post Office. These include buying postage online at www.usps.com, by phone at 1-800-STAMP24, or by mail. In addition, www.usps.com enables customers to print shipping labels with postage for Express Mail and Priority Mail, as well as schedule free package pickups. Other local businesses sell postage stamps and provide money order service. If it is determined that discontinuance of Tariffville Post Office should be pursued, a formal proposal will be written and forwarded to Headquarters for final approval. Again, thank you for sharing your thoughts with us.

28. **Concern:** Customers were concerned about being inconvenienced going to another office.

Response: In your questionnaire you indicated that it would be inconvenient to use another post office. I realize that with change there is always concern. However, we are confident that the Simsbury Main Post Office will continue to provide you with effective and regular service. We are looking at changes that would have as little impact to our customers as possible and that is why there would be NO Change of Address necessary if you choose to receive your post office box mail at the Tariffville Main Post Office. If this proposal is finalized the actual Tariffville post office boxes will remain at the Simsbury Main Post Office located at 932 Hopmeadow Road Simsbury CT 06070. That means you would have the same key, the same box and the same location of the box within the box section configuration and the same zip code you are using now. The length of time that you prepaid your box rent for would also be honored. Street delivery is available in the Tariffville 06070 zip code area. Additionally, customers may order stamps by telephone with a credit card by calling 1-800-STAMP 24 or by utilizing Stamps by Mail envelopes available at your local post office or from your letter carrier. Retail services such as Click & Ship™ and Carrier Pickup are also available on line at www.usps.com. There are several locations within a short distance of the Tariffville Post Office where mailing services can be obtained along with multiple Stamps on Consignment loca

Currently there are enough spaces to accomodate the daily flow of customer visits. Several customers have mentioned that Tariffville is an important part of the community, and adds to the quality of life in the area. We appreciate these feelings and will include them in our report. Also, customers have commented on the friendly service they receive at the Tariffville Post Office, and we hope this level of satisfaction is true of our other post offices as well. If it is determined that discontinuance of Tariffville Post Office should be pursued, a formal proposal will be written and forwarded to Headquarters for final approval. Again, thank you for sharing your thoughts with us.

31. **Concern:** Customers were concerned about having to travel to another post office for service.

Response: The customer r comments along with others received will be included in the official record and considered carefully before further action is taken. I would like to address your suggestions regarding less branches and later hours. We have several offices within a ten mile radius of the Tariffville Post Office which have Automated Postal Centers (APC). The APC allows the customer access to mail and purchase stamps. These sites are located at: Hartford Post Office, 141 Weston Street, Hartford; West Hartford Post Office, 102 LaSalle Road, West Hartford; Enfield Post Office, 31 Palomba Drive, Enfield these sites offer 24/7 access for your mailing needs. In additional there are several businesses, such CVS, Staples, Wells Fargo Bank, and Stop & Shop which provide the convenience of selling stamps to customers. Thank you for returning your questionnaire concerning the proposed discontinuance of the Tariffville Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken. If it is determined that a discontinuance of the Tariffville Post Office should be pursued, a formal proposal will be posted in the Simsbury Post Office at a later date. If you have additional questions or comments, please feel free to contact my office at (860) 524-6495.

I would like to take this opportunity to address many of the concerns that have been raised. First, as to accessibility and convenience, we realize that the convenience of Tariffville Post Office too many residents are very important. However, as part of an overall examination of efficiency and service to all of our customers, we must look at the proximity of all customers to postal services. As you are aware, the Simsbury Post Office, 932 Hopmeadow Road, is only 3.4 miles away Second, for those local customers who have limited transportation options, I would like to remind you that you may choose to have delivery to your residences. There are also many ways to obtain postal products and services without visiting a Post Office. These include buying postage online at www.usps.com, by phone at 1-800-STAMP24, or by mail. In addition, www.usps.com enables customers to print shipping labels with postage for Express Mail and Priority Mail, as well as schedule free package pickups. Other local businesses sell postage stamps and provide money order service. Third, as previously communicated if Tariffville does close, customers with Post Office Boxes at Tariffville who choose to retain a box at the Simsbury Post Office will keep the same PO Box number and ZIP Code. No change of address will be necessary. Several customers have mentioned that Tariffville is an important part of the community, and adds to the quality of life in the area. We appreciate these feelings and will include them in our report. Also, customers have commented on the friendly service they receive at the Tariffville Post Office, and we hope this level of satisfaction is true of our other post offices as well. If it is determined that discontinuance of Tariffville Post Office should be pursued, a formal proposal will be written and forwarded to Headquarters for final approval. Again, thank you for sharing your thoughts with us

You were concerned about having to travel to another post office for service

Response:

In your questionnaire you indicated that it would be inconvenient to use another post office. I realize that with change there is always concern. However, we are confident that the Simsbury Main Post Office will continue to provide you with effective and regular service. We are looking at changes that would have as little impact to our customers as possible and that is why there would be NO Change of Address necessary if you choose to receive your post office box mail at the Tariffville Main Post Office. If this proposal is finalized the actual Tariffville post office boxes will remain at the Simsbury Main Post Office located at 932 Hopmeadow Road Simsbury,CT 06070. That means you would have the same key, the same box and the same location of the box within the box section configuration and the same zip code you are using now. The length of time that you prepaid your box rent for would also be honored. Street delivery is available in the Tariffville 06070 zip code area. Additionally, customers may order stamps by telephone with a credit card by calling 1-800-STAMP 24 or by utilizing Stamps by Mail envelopes available at your local post office or from your letter carrier. Retail services such as Click &

Ship™ and Carrier Pickup are also available on line at www.usps.com. There are several locations within a short distance of the Tariffville Post Office where mailing services can be obtained along with multiple Stamps on Consignment loca

As you are aware, the Simsbury Post Office, 932 Hopmeadow Road, is only 3.4 miles away. Second, for those local customers who have limited transportation options, I would like to remind you that you may choose to have delivery to your residences. There are also many ways to obtain postal products and services without visiting a Post Office. These include buying postage online at www.usps.com, by phone at 1-800-STAMP24, or by mail. In addition, www.usps.com enables customers to print shipping labels with postage for Express Mail and Priority Mail, as well as schedule free package pickups. Other local businesses sell postage stamps and provide money order service. Third, as previously communicated if Tariffville does close, customers with Post Office Boxes at Tariffville who choose to retain a box at the Simsbury Post Office will keep the same PO Box number and ZIP Code. No change of address will be necessary. Several customers have mentioned that Tariffville is an important part of the community, and adds to the quality of life in the area. We appreciate these feelings and will include them in our report. Also, customers have commented on the friendly service they receive at the Tariffville Post Office, and we hope this level of satisfaction is true of our other post offices as well. If it is determined that discontinuance of Tariffville Post Office should be pursued, a formal proposal will be written and forwarded to Headquarters for final approval. Again, thank you for sharing your thoughts with us.

77. **Concern:** You were concerned about having to travel to another post office for service - parking/ long lines

Response:

The customer r comments along with others received will be included in the official record and considered carefully before further action is taken. I would like to take this opportunity to address many of the concerns that have been raised. First, as to accessibility and convienience, we realize that the convenience of Tariffville Post Office too many residents are very important. However, as part of an overall examination of efficiency and service to all of our customers, we must look at the proximity of all customers to postal services. 93. **Concern:** Bulk Mailings now she will have to travel to do them and the postmaster was extremely helpful

Response: The Simsbury post Office has employees who are very knowledgeable and helpful.

94. **Concern:** Can we purchase the old Post Office Boxes

Response: We can check to see how your request to purchase these boxes is handled.

95. **Concern:** Customer service was great at Tariffville and horrible in Simsbury

Response: Again this is no reflection on the Tariffville community or postal employees. Issues with the Simsbury office will be addressed with the Postmaster.

96. **Concern:** Customers asked why their post office was being discontinued while others were retained

Response: The customer asked why the suspended post office was being discontinued while others were retained. Post offices are reviewed on a case-by-case basis. When there is a vacancy in a small office, it is customary to conduct a study of the business activity and investigate the feasibility of providing service by alternate means.

97. **Concern:** House delivery 7 miles round trip is too far.

Response: We will request a safety hazardness assessment done for those who do not currently receive delivery to see if this request can be met.

98. **Concern:** How many po boxes are rented/ How many customers are serviced by Tariffville?

Response: 165 post office boxes and approximately 532 rural customers

99. **Concern:** Parking at the Simsbury office is terrible and limited

Response: A review is being done at this time to see what options are availble to increase the number of parking spaces

100. **Concern:** The postmaster was very helpful and knowledgeable

Response: The decision for the emergency suspension was due to the direction of the landlord to evacuate the building. The is by no means any reflection on the postmaster or employees.

101. **Concern:** Wait Time in Line at other offices and hours of operation.

Response: The Simsbury Post Office has a 24 hour lobby allowing customers to pick mail up at their convenience. The initial increase of customers was due to handing out keys to the Tariffville post office box customers.

102.	**Concern:**	We want to see a profit and loss account for the postal service. The money was taken out of Tariffville and put into Simsbury.
	Response:	The profit and loss of the postal service is done as a whole not on an individual basis.
103.	**Concern:**	We don't want Stop and Shop, Cvs, or Staples
	Response:	These are alternate options for you to purchase stamps, in addition to online postage and stamps by mail.
104.	**Concern:**	What about 38 Main street or 14 Winthrop Street to relocate the post office
	Response:	We will have our people in real estate come out and do a review of these two sites.
105.	**Concern:**	What about our zip code
	Response:	Community identity is very important and will be preserved.
106.	**Concern:**	What Post Offices are profitable? Can we have a weekly analysis of sales?
	Response:	The information requested is for internal use only
107.	**Concern:**	Where is our Tariffville Post Office sign?
	Response:	The sign was removed by from the building by a non postal employee and a police report was filed
108.	**Concern:**	Why doesn't the Post office work with the landlord to resolve issues on the buildings?
	Response:	The postal service are on a month to month lease. There were negotiations with the landlord, but at such time different items have not been resolved.
109.	**Concern:**	Why not build a handicap ramp
	Response:	Buildings that are historic need go through the State Historic Preservation Office.
110.	**Concern:**	You have painted a one-sided picture of the decrease in money in tariffville, in addtion to trimming window hours and moving the carrier to another town. LL Bean catalogue sent to Tariffville the delivery person doesn't get credit the office which receives them does. Potential businesses you will lose to competitors. Don't alienate your customers.
	Response:	Thank you for your convnent

Some advantages of the proposal are:

1. The rural or contract delivery carrier may provide retail services, alleviating the need to go to the post office. Stamps by Mail order forms are provided for customer convenience.
2. Customers opting for carrier service will have 24-hour access to their mail.
3. Savings for the Postal Service contribute in the long run to stable postage rates and savings for customers.
4. CBUs can offer the security of individually locked mail compartments. Parcel lockers provide convenient parcel delivery for customers.
5. Customers opting for carrier service will not have to pay post office box fees.
6. Saves time and energy for customers who drive to the post office to pick up mail.

Some disadvantages of the proposal are:

1. The loss of a retail outlet and a postmaster position in the community. Retail services may be provided by the rural or contract delivery carrier.
2. Meeting the rural or contract delivery carrier at the box to transact business. However, it is not necessary to be present to conduct most Postal Service transactions.
3. A change in the mailing address. The community name will continue to be used in the new address. A carrier route address will be assigned
4. A change in your PO Box Fees may be a result of this proposal.

Taking all available information into consideration, the Postal Service concludes this proposal will provide a maximum degree of effective and regular postal services to the community.

II. EFFECT ON COMMUNITY

Tariffville is an unincorporated community located in Hartford County. The community is administered politically by . Police protection is provided by the Simsbury. Fire protection is provided by the Simsbury. The community is comprised of retired people, farmers/ranchers, and those who commute to work at nearby communities and work in local businesses.

Businesses and organizations include: Taruffville School Trinity Episcopal Church St. Bernards Church , Beauty By Jennie Elizabeths Rest. Cracker Barrell Rest. Checkered Flag Auto Village Auto Valley Barber Kement T'Ville Package Store Barrett Builders Mill At 2T Rest Many business at the Mill (2 Tunxis Road) Creations by Lilly . Residents may travel to nearby communities for other supplies and services.

Nonpostal services provided at the Tariffville Post Office will be available at the Simsbury Post Office. Government forms normally provided by the Post Office will also be available at the Simsbury Post Office or by contacting your local government agency.

The following nonpostal concerns were expressed on the returned questionnaires, at the community meeting, on the petition, and on the congressional inquiry:

1. **Concern:** No Concern

   Response: The customer r comments, along with others received, will be included in the official record and considered carefully before further action is taken. If it is determined that a discontinuance of the Tariffville Post Office should be pursued, a formal proposal will be posted in the Simsbury Post Office at a later date. If you have additional questions or comments, please feel free to contact my office at (860) 524-6495.

2. **Concern:** I spend $8 weekly on gas to get my mail.

   Response: Thank you for your comment

3. **Concern:** Opportunity to grow more business will not be there and if there is no post office then people woll begin using alternate businesses like ups...fedex

   Response: Thank you for your comment

4. **Concern:** Statement made by Tariffville Selectwoman - It is not fair to residents, businesses to balance Tariffville on the Post Office budget. Tariffville stands, ready, waiting, & willing

   Response: Thank you for your comment

5.	**Concern:**	Tariffville is what a model post office should be, not what it has become compared to DMV who has become inefficient and insufficient. In our case we had one person serving entire community who has in fact become endeared to the community. take out the loyality and there is no need.
	Response:	This is no reflection on the community or the employee
6.	**Concern:**	The east Coast Greenway will become part of Tariffville andmany bikers will be able to use the routes to travel through this community. Also the junior olympics is scheduled to take place in Tariffville.
	Response:	Thank you for your comment
7.	**Concern:**	This emergency suspension is ripping the fabric of the community apart. People need to slow down and build their communications within their community. People like you need to say hello to your neighbor instead of going outside the community
	Response:	Thank you for your comment

Based on information the Postal Service obtained, it was determined that there has been minimal growth in the area in recent years, independent post office is expected to be able to handle any future growth in the community.

NOTICE OF TAKING PROPOSAL AND COMMENTS UNDER INTERNAL CONSIDERATION

Date 07/13/2011

Postal Customers of the Tariffville Post Office: The Postal Service appreciates receiving the views of those of you who submitted comments on the proposal to close the Tariffville Post Office, which was posted 05/16/2011 through 07/17/2011. These comments will be considered carefully as the matter is reviewed further in my office and at higher levels within the Postal Service.

When a final decision is made by the Postal Service, that decision will be posted in place of this notice. If the decision is to approve the proposal, any customer of the Tariffville Post Office who disagrees will have the right to appeal that decision to the Postal Regulatory Commission in Washington, DC.

Dear Ms. York,

Thank you for your recent optional comments concerning the proposed discontinuance of the Tariffville's Post Office. Your comments will be compiled in the official record and considered carefully before further action is taken. Let me take this opportunity to address many of the concerns that have been raised.

First, as to access to postal services, we recognize that the convenience of the Tariffville's Post Office to many residents is important. Please be aware that there are six other Post Offices less than five miles from your current post office box address. These may have hours more suited to your schedule and postal requirements. In addition, there are three Alternate access points in which stamps can be purchased.

In your comment form, you stated that Tariffville's is a historical and recreation attraction. Keeping this in mind the Postal Service is helping to preserve the community name by continuing the use of the Community name in addresses.

There are some Alternate Options, which we are still reviewing as possibility in the Tariffville's community. Such options would possibly include a Village Post Office (VPO), which would provide limited services through a local business, but delivery of mail to a Detached Post Office Box Unit via the rural carrier.

Postal review of local office operations follows a strict process dictated by regulation. The decision to continue Tariffville's postal operations in the Simsbury facility reflects its central location for the greatest number of Tariffville's residents. By moving the Tariffville's post office box customers to Simsbury's building, we can preserve the current addressing for all Tariffville's customers, including the name of Tariffville's and your ZIP Code. **No change of address will be necessary**.

Your comments in addition to the others received will be included in the official record and considered carefully before further action is taken.

Respectfully,

Barbara R Mastroianni

Optional Comment Form

Following are comments I wish to make concerning the proposed discontinuance of the TARIFFVILLE Post Office.

1. **Effect on Your Postal Services.** Describe any favorable or unfavorable effects you believe the proposal would have on the regularity or effectiveness of your postal services.

Inconvenience - driving 7 miles round trip to do Post Office business - I find myself using email instead of mailing and sending checks instead of packages. Each trip takes at least 30 minutes instead of the usual 10 min in Tariffville - add in cost of gas - Inconvenient!
also - want Post Office - not contract station

2. **Effect on Your Community.** Please describe any favorable or unfavorable effects that you believe the proposal would have on your community.

Loss of convenience - Lost heritage - PO has been in Tariffville since 1826. Physical loss of antique boxes and signage that set the tone for our village. Loss of community focal point - was the center of our village. Loss of personal knowledge of our residents by postal employees -

3. **Other Comments.** Please provide any other views or information that you believe the Postal Service should consider in deciding whether to adopt the proposal.

Loss of trust in USPS - closing was too hasty ? legal.
Loss of confidence in integrity of USPS - why close a business that appeared to be making a profit?
Loss of good will and expertise of Postmaster Maryann Chiapponi - Odd responses of no postmaster/Revenue as reason for closing -

Dear Ms. Robinson,

Thank you for your recent optional comments concerning the proposed discontinuance of the Tariffville's Post Office. Your comments will be compiled in the official record and considered carefully before further action is taken. Let me take this opportunity to address many of the concerns that have been raised.

First, as to access to postal services, we recognize that the convenience of the Tariffville's Post Office to many residents is important. Please be aware that there are six other Post Offices less than five miles from your current post office box address. These may have hours more suited to your schedule and postal requirements. In addition, there are three Alternate access points in which stamps can be purchased.

The administrative Post Office serves a much larger community and has a heavier retail window workload. This concern has been brought to the attention of the administrative postmaster, window operations will be monitored to ensure that customers do not have an unreasonable wait to obtain services. The carrier can provide retail services, alleviating the need for customers to go to the Post Office for service. The rural carrier will accept any letters or packages up to 13 ounces for mailing. The carrier will estimate the cost and provide a receipt for any money received. On the following delivery day, the carrier will provide change or a bill for the amount over the estimate.

We are continuing to review other potential Alternate Options. These would include, a Detached Post Office Box Unit in a location, which would be convenient and safe for both the customer, with a mail receptacle. Another possible option would be a Village Post Office (VPO), which would provide limited services through a local business, but delivery of mail to a Detached Post Office Box Unit via the rural carrier.

The decision to continue Tariffville's postal operations in the Simsbury facility reflects its central location for the greatest number of Tariffville's residents. Optional Comment Form

Following are comments I wish to make concerning the proposed discontinuance of the TARIFFVILLE Post Office.

1. **Effect on Your Postal Services.** Describe any favorable or unfavorable effects you believe the proposal would have on the regularity or effectiveness of your postal services.

(1) The Simsbury Post Office has long lines + inadequate parking. The facility cannot handle the volume.
(2) Traveling from Tariffville to Simsbury is difficult during morning + afternoon rush hours, the only time some residents can go to the post office. Tariffville Rd gets 8,000 cars per day. Don't focus on just the ~~mile~~ distance in miles from Tariffville to Simsbury - it is the traffic jams that must be considered
(3) Tariffville Rd closing during flooding season, resulting in a much longer ride to the post office

2. **Effect on Your Community.** Please describe any favorable or unfavorable effects that you believe the proposal would have on your community.

(1) major inconvenience for residents and businesses in Tariffville.
(2) Decreased usage of Tariffville businesses because we can no longer combine postal business with visiting other Tariffville businesses?

3. **Other Comments.** Please provide any other views or information that you believe the Postal Service should consider in deciding whether to adopt the proposal.

(1) We need a collection box in Tariffville. It is unsafe to put correspondence containing checks, account numbers, and personal health information in my mailbox with the flag up.
(2) Suggestions for the Post Office to save money:
(a) Eliminate Saturday service.
(b) Eliminate walking mailmen delivering mail to a slot in the front door.

Employee courtesy is always a concern of postal managers. Postal employees receive periodic instructions regarding employee courtesy. We do not condone our employees' execution of their duties in an unprofessional or discourteous manner. The Manager, Post Office Operations, will convey this concern to the postmaster.

During such hour (when not at work) traveling from Tariffville to Simsbury is very difficult - high traffic, light on Rt 10 + 315 changed several times, dangerous trying to make a left turn into the Simsbury Post Office, parking is not sufficient, lines in post office are too long.

2. **Effect on Your Community.** Please describe any favorable or unfavorable effects that you believe the proposal would have on your community.

When the Tariffville Post Office was open, I would do my visit to the Post office and frequent the other Tariffville businesses. Since has stopped since I now have to go to Simsbury. As a Tariffville resident, I would ride my bicycle to the Post Office, with it closed, I now must drive my truck since I feel it is to ~~dangerous~~ dangerous to go by bicycle

Following are comments I wish to make concerning the proposed discontinuance of the TARIFFVILLE Post Office.

1. **Effect on Your Postal Services.** Describe any favorable or unfavorable effects you believe the proposal would have on the regularity or effectiveness of your postal services.

A major inconvenience. The Simsbury Post Office requires a special round trip, has inadequate parking, is difficult and dangerous to exit onto Route 10, and is already too busy.

2. **Effect on Your Community.** Please describe any favorable or unfavorable effects that you believe the proposal would have on your community.

Closing the Tariffville Post Office undermines the 8 year efforts of the Tariffville Village Association to boost the level of economic activity in the village.

3. **Other Comments.** Please provide any other views or information that you believe the Postal Service should consider in deciding whether to adopt the proposal.

USPS did not invite the many families and businesses in nearby East Granby, Bloomfield and Windsor that use the Tariffville Post Office for sending mail and packages out. Please do that!

Optional Comment Form

Following are comments I wish to make concerning the proposed discontinuance of the TARIFFVILLE Post Office.

1. **Effect on Your Postal Services.** Describe any favorable or unfavorable effects you believe the proposal would have on the regularity or effectiveness of your postal services.
I like mail carrier and this is no reflection on him - because of a distant past experience I always take my bills with checks and put them myself in the slot at the P.O. Since our P.O. is not there, I take mail only when I am going by Simsbury anyway. It has cost me 2 late fees so far. I have family in Norway and most of what I mail them needs to be weighed. The latest card to a grand-daughter in Virginia was late because it had to be weighed. It is unreasonable and expensive to make a trip to Simsbury just to go to the P.O.

2. **Effect on Your Community.** Please describe any favorable or unfavorable effects that you believe the proposal would have on your community. We have many local businesses, and businesses in Bloomfield, Windsor and Granby that use Tariffville P.O. We are trying to promote Tariffville as a historical and recreational attraction and a P.O. is an important part of the Village's image. I am aware of USPS national problems but can't believe Tariffville P.O. was losing money. It was always busy and I belive it was not losing money Because it was not - NOT ON THE ORIGINAL CLOSURE LIST

3. **Other Comments.** Please provide any other views or information that you believe the Postal Service should consider in deciding whether to adopt the proposal.
Consider the needs of the people who live here. I moved here only 6 years ago to retire. Having a Post office to walk to was a big part of the attraction of my new home where I could enjoy my old age. Also, alot of folks (myself included) feel they have expressed themselves already by signing the petition and coming to the April 5 meeting in support of the Tariffville P.O. as well as filling out the original questionnaire.

Dear Ms. Fredo,

Thank you for your recent optional comments concerning the proposed discontinuance of the Tariffville's Post Office. Your comments will be compiled in the official record and considered carefully before further action is taken.

First, as to access to postal services, we recognize that the convenience of the Tariffville's Post Office to many residents is important. Please be aware that there are six other Post Offices less than five miles from your current post office box address. These may have hours more suited to your schedule and postal requirements. In addition, there are three Alternate access points in which stamps can be purchased.

The decision to continue Tariffville's postal operations in the Simsbury facility reflects its central location for the greatest number of Tariffville's residents. By moving the Tariffville's post office box customers to Simsbury's building, we can preserve the current addressing for all Tariffville's customers, including the name of Tariffville's and your ZIP Code. **No change of address will be necessary**.

Your comments in addition to the others received will be included in the official record and considered carefully before further action is taken.

Respectfully,

Dear Mr. Bishop,

Thank you for your recent optional comments concerning the proposed discontinuance of the Tariffville's Post Office. Your comments will be compiled in the official record and considered carefully before further action is taken. Let me take this opportunity to address many of the concerns that have been raised.

First, as to access to postal services, we recognize that the convenience of the Tariffville's Post Office to many residents is important. Please be aware that there are six other Post Offices less than five miles from your current post office box address. These may have hours more suited to your schedule and postal requirements. In addition, there are three Alternate access points in which stamps can be purchased.

Residents may continue to meet informally, socialize, and share information at the other businesses, churches and residences in town.

The rural carrier will accept any letters or packages up to 13 ounces for mailing. The carrier will estimate the cost and provide a receipt for any money received. On the following delivery day, the carrier will provide change or a bill for the amount over the estimate.

The decision to continue Tariffville's postal operations in the Simsbury facility reflects its central location for the greatest number of Tariffville's residents. By moving the Tariffville's post office box customers to Simsbury's building, we can preserve the current addressing for all Tariffville's customers, including the name of Tariffville's and your ZIP Code. **No change of address will be necessary**.

Your comments in addition to the others received will be included in the official record and considered carefully before further action is taken.

Optional Comment Form

Following are comments I wish to make concerning the proposed discontinuance of the TARIFFVILLE Post Office.

1. **Effect on Your Postal Services.** Describe any favorable or unfavorable effects you believe the proposal would have on the regularity or effectiveness of your postal services.

It makes posting pkgs and oversize cards etc. very difficult due to limited parking and crowded conditions at other locations.

2. **Effect on Your Community.** Please describe any favorable or unfavorable effects that you believe the proposal would have on your community.

It eliminates a local gathering place and more or less the heart of a very unique community.

3. **Other Comments.** Please provide any other views or information that you believe the Postal Service should consider in deciding whether to adopt the proposal.

I think the method used to leave us was very underhanded and sneaky not to mention illegal and totally away from all postal service standards

Dear Postal Service Customer:

Thank you for taking the time to submit your comments to the proposal to close the Tariffville Post Office. Your comments are appreciated and will be carefully considered, along with the comments of other customers, as the matter is reviewed further in my office and at higher levels of the Postal Service.

In response to your letter:

- Thank you for submitting your optional comment form. The Postal Service is committed to placing services and products conveniently for its customers, including in settings close to homes and businesses such as grocery or drug stores. These provide the most in-demand offerings of local Post Offices, the sale of postage stamps. The Postal Service tries to maintain the same height of the rotary units in comparison with the post office wall units. These units tend to have a little more height then customers' post office boxes that are mounted against the wall. The box size begins with the smaller box sizes at the top graduating to the larger post office boxes located at the bottom. Unfortunately, if this person had a large box he would have to retrieve his mail much lower than if it were a smaller size.

I realize with change there is always concern. However we are confident that the alternate service listed in the proposal will continue to provide you with effective and regular service.
If you have additional questions or comments, please feel free to contact Barbara Mastroianni at (860) 524-6495.

In response to your letter:

- You expressed a concern about the detrimental effect the loss of the Post Office would have on the community. Businesses generally require regular and effective postal services, and these will always be provided to the community. Since the suspension of service, there has been no indication that the business community has been adversely affected. Questionnaire responses revealed that customers will continue to use local businesses if the Post Office is discontinued. The Postal Service is committed to placing services and products conveniently for its customers, including in settings close to homes and businesses such as grocery or drug stores. These provide the most in-demand offerings of local Post Offices, the sale of postage stamps.

Thank you for taking the time to submit your comments to the proposal to close the Tariffville Post Office. Your comments are appreciated and will be carefully considered, along with the comments of other customers, as the matter is reviewed further in my office and at higher levels of the Postal Service.

In response to your letter:

- In response to your issue regarding the non receipt of your newspapers, when a customer makes a change of address in your case from post office box to street delivery the mail must go through the markup process. This allows the postal service to update the changes internally to redirect your mail. Newspapers are generally forwarded for 60 days and then the customer needs to notify the publisher that their address has changed. Should this issue continue a publication watch could be established to find out where the holdup is in receipt of these newspapers? Residents may continue to meet informally, socialize, and share information at the other businesses, churches and residences in town. The Postal Service is very interested in the service needs of the community and customer feedback is crucial to improving service. Concerns raised by the community will be investigated by the Postal Service and appropriate actions will be taken.

Thank you for taking the time to submit your comments to the proposal to close the Tariffville Post Office. Your comments are appreciated and will be carefully considered, along with the comments of other customers, as the matter is reviewed further in my office and at higher levels of the Postal Service.

In response to your letter:

- You expressed a concern about the waiting time at the administrative Post Office. The administrative Post Office serves a much larger community and has a heavier retail window workload. This concern has been brought to the attention of the administrative postmaster, window operations will be monitored to ensure that customers do not have an unreasonable wait to obtain services. The carrier can provide retail services, alleviating the need for customers to go to the Post Office for service. Employee courtesy is always a concern of postal managers. Postal employees receive periodic instructions regarding employee courtesy. We do not condone our employees' execution of their duties in an unprofessional or discourteous manner. This concern will be conveyed to the postmaster by the Manager, Post Office Operations.

I realize with change there is always concern. However we are confident that the alternate service listed in the proposal will continue to provide you with effective and regular service.

In response to your letter:

- You expressed a concern about having to travel to another Post Office for service. Services provided at the Post Office will be available from the carrier, and customers will not have to travel to another Post Office for service. Most transactions do not require meeting the carrier at the mailbox. Stamps by Mail and Money Order Application forms are available for customer convenience. Stamps are also available at many stores and gas stations where customers may already shop, online at usps.com, or by calling 1-800-STAMP-24. In addition, the Simsbury Post Office has twenty-four hour access to the lobby which allows customers to pick up their post office box mail or drop mail into the outgoing slot for next the day to be processed.

Thank you for taking the time to submit your comments to the proposal to close the Tariffville Post Office. Your comments are appreciated and will be carefully considered, along with the comments of other customers, as the matter is reviewed further in my office and at higher levels of the Postal Service.

In response to your letter:

- You expressed a concern about those customers with disabilities who are not able to go to the Post Office to pick up their mail. Customers are not required to travel to another Post Office to receive mail or obtain retail services. These services will be provided by the carrier to a roadside mailbox located close to customers' residences. In hardship cases, delivery can be made to the home of a customer. Changes in the type of delivery are considered where service by existing methods would impose an extreme physical hardship for an individual customer. Any request for a change in delivery method must be submitted in writing to the administrative postmaster. The Postal Service is not supported by tax dollars and must meet expenses by revenue it generates. Operational savings for the Postal Service contributes in the long run to stable postage rates and savings for customers.

I realize with change there is always concern. However we are confident that the alternate service listed in the proposal will continue to provide you with effective and regular service.

Dear Postal Service Customer:

Thank you for taking the time to submit your comments to the proposal to close the Tariffville Post Office. Your comments are appreciated and will be carefully considered, along with the comments of other customers, as the matter is reviewed further in my office and at higher levels of the Postal Service.

In response to your letter:

- You expressed a concern about those customers with disabilities who are not able to go to the Post Office to pick up their mail. Customers are not required to travel to another Post Office to receive mail or obtain retail services. These services will be provided by the carrier to a roadside mailbox located close to customers' residences. In hardship cases, delivery can be made to the home of a customer. Changes in the type of delivery are considered where service by existing methods would impose an extreme physical hardship for an individual customer. Any request for a change in delivery method must be submitted in writing to the administrative postmaster.

- You expressed a concern about senior citizens. Carrier service is beneficial to many senior citizens and those who face special challenges because the carrier can provide delivery and retail services to roadside mailboxes or Centralized Box Units. Customers do not have to make a special trip to the Post Office for service. Special provisions are made for hardship cases or special customer needs. To request an exception for hardship delivery, customers may contact the administrative postmaster for more information.

I realize with change there is always concern. However we are confident that the alternate service listed in the proposal will continue to provide you with effective and regular service.
If you have additional questions or comments, please feel free to contact Barbara Mastroianni at (860) 524-6495.

Sincerely,

Following are comments I wish to make concerning the proposed discontinuance of the TARIFFVILLE Post Office.

1. **Effect on Your Postal Services:** Describe any favorable or unfavorable effects you believe the proposal would have on regularity or effectiveness of your postal services.

We do company mailings and we don't get the service I did in the Tariffville Post office

2. **Effect on Your Community.** Please describe any favorable or unfavorable effects that you believe the proposal would have on your community.

We have a lot of Hartford Capeol & elderly in town and it makes it very hard for them to get to Simsbury Post office. People walked when Tariffville was open we would get walk in customers.

3. **Other Comments.** Please provide any other views or information that you believe the Postal Service should consider in deciding whether to adopt the proposal.

Dear Postal Service Customer:

Thank you for taking the time to submit your comments to the proposal to close the Tariffville Post Office. Your comments are appreciated and will be carefully considered, along with the comments of other customers, as the matter is reviewed further in my office and at higher levels of the Postal Service.

In response to your letter:

- You expressed a concern that the Office was closed without going through the formal discontinuance procedure. Operation of the Post Office was suspended because of an emergency -but it has not been officially discontinued. An emergency suspension is a temporary change, not a permanent closing of the Post Office. Extensive information must be analyzed before a final decision is made. Regulations require the posting of a proposal to close and a final determination before the office can be officially closed. Customers that do not agree with the final determination may appeal that determination to the Postal Regulatory Commission.

- You expressed a concern about cutting management positions from the top down instead of taking services away from customers. The Postal Service organizational "redesign" is aimed at cutting some 3,000 administrative positions, or almost 21 percent of the total management employees.

- You expressed a concern about the cost savings obtained by the Postal Service from the closure of Post Offices. The Postal Service has developed and begun implementing a range of cost-reducing initiatives. These include: consolidating operations, adjusting delivery routes, restructuring administrative and processing functions and closing district offices. We also have introduced several new products and services, including Priority Mail Flat Rate boxes and Adult Signature service, in an effort to grow revenue.

I realize with change there is always concern. However we are confident that the alternate service listed in the proposal will continue to provide you with effective and regular service.
If you have additional questions or comments, please feel free to contact Barbara Mastroianni at (860) 524-6495.

Dear Postal Service Customer:

Thank you for taking the time to submit your comments to the proposal to close the Tariffville Post Office. Your comments are appreciated and will be carefully considered, along with the comments of other customers, as the matter is reviewed further in my office and at higher levels of the Postal Service.

In response to your letter:

- As you recall the Tariffville Post Office Landlord required our immediate evacuation. We followed that instruction for the safety of our customers and our employee. In compliance with Section 123.7 of our Postal Operations Manual, "a district manager may suspend the operations of any Post office under his or her jurisdiction when emergency or other conditions require such action." We made immediate provisions to assure service for the next day, in Simsbury, and took custody of the mail and postal property under difficult circumstances not our making. According to postal operating procedures, an emergency suspension results from a natural disaster, eviction, safety, or serious health issues that cannot/have not been abated, or facility is in substandard conditions. We did not receive a report of abatement and repairs or certification for occupancy and safe use from our landlord. We however, conduct inspections by our own trained safety professionals whose report was extensive. An emergency suspension is not a decision to close a post office. However, it does automatically trigger a study on whether we should discontinue a post office. A formal study looks at several items including office workload (types of transactions in an office and the complexity of those transactions), customer demand (types of window transaction and down time) and the availability of alternatives (services that are available at nearby post offices or at partner businesses). In addition, we consider total operating expenses. That includes lease, salaries and benefits; replacement pay when there is an absence; equipment, stock, and supplies on hand; utilities; maintenance; transportation and other operational costs. Our studies for Tariffville indicate that we provide post office service to 165 box holders. In the last calendar year, our local revenue was just over $141,000 yet total operating expenses were $175,400. Our workload analysis shows that there was, on average, 3.9 hours of work daily. This is not an efficient design of a full eight-hour day, as paid by your postage dollars. As to your concerns with accessibility and convenience, we realize that the convenience of the Tariffville Post Office to many residents is very important. Several customers have mentioned that the Tariffville Post office is an important part of the community, and adds to the quality of life in the area. The postal service will continue to provide the Tariffville community with regular and effective service.

Re: Closure of Tariffville Post Office

Dear Ms. Mastroianni,

I am opposed to the closure of the Tariffville Post Office for the following reasons:

1. The USPS was free to return to its space in Tariffville shortly after its temporary closure in February but elected not to, unlike the other tenants in the building who returned within two days. This is an obviously misguided attempt by the Postal Service to circumvent its own closure proceedings and balance the budget on the backs of Tariffville citizens.
2. The Tariffville Post Office was never on any closure list and should not be closed now.
3. If the United States Postal Service needs to save/make money it needs to go about it with a comprehensive national strategy in an organized and understandable way and not try to take advantage of a temporary situation in a small community such as ours in a misguided attempt to achieve short term savings.
4. The Tariffville Post Office's income exceeded expenses and therefore made money for the United States Postal Service.
5. The Tariffville Post Office brings many people to town from outside town and as such is an economic engine for our community.
6. The Tariffville Post Office is a focal point and gathering place for our small community which would be sorely missed.
7. The Tariffville Post Office should immediately return to its previous location which remains vacant.

On a more personal note I can tell you resentment toward the United States Postal Service is high in our community as a result of your actions thus far. We sincerely hope you understand that mistreating your loyal customer base as you have done can only undermine your efforts to return the national USPS to profitability. It's not too late to reconsider your actions and restore the good will of your customers.

Sincerely yours,

John Nagy

Dear Postal Service Customer:

Thank you for taking the time to submit your comments to the proposal to close the Tariffville Post Office. Your comments are appreciated and will be carefully considered, along with the comments of other customers, as the matter is reviewed further in my office and at higher levels of the Postal Service.

In response to your letter:

- You expressed a concern about the collection of outgoing mail. Collection of mail will be made by the carrier when serving the route. The customer should raise the flag on the mailbox to alert the carrier that outgoing mail is to be collected from the mailbox. The Simsbury Post Office has been notified regarding the request of a collection box for customers to deposit their outgoing mail. A location will be established which will be centrally located and convenient for customers and the rural carrier who will be collecting the mail which has been deposited.

- You expressed a concern about how the loss of the Post Office would negatively impact the historical dimension of the community. The Postal Service is helping to preserve the community name by continuing the use of the Community name in addresses. One consideration that will no influence our decision-making is the role of the Post Office as part of a federal historic distric. In ahistric district, the use of a facility is not a measure of historic significance. The Tariffville Historic district was designated in 1993 for its mill housing and street layout. Our tenancy in a facility within the district is not an issue.

I realize with change there is always concern. However we are confident that the alternate service listed in the proposal will continue to provide you with effective and regular service.
If you have additional questions or comments, please feel free to contact Barbara Mastroianni at (860) 524-6495.

Optional Comment Form

Following are comments I wish to make concerning the proposed discontinuance of the TARIFFVILLE Post Office.

1. **Effect on Your Postal Services.** Describe any favorable or unfavorable effects you believe the proposal would have on the regularity or effectiveness of your postal services.

Without the Post Office in Tariffville, I have no easy way to mail bill payments or cards or letters. They will not accept personal stamped mail at my job. my route to work in East Hartford every weekday does not leave time for driving backwards into Simsbury or Granby. I have no way to mail packages, except on Saturday morning with the crowds. This is a terrible situation.

2. **Effect on Your Community.** Please describe any favorable or unfavorable effects that you believe the proposal would have on your community.

Tariffville has lost part of our identity as a Historic Village - our post office was perfect for that role. Neighbors & friends no longer meet while mailing items and the convenience is gone. There is a hole in Tariffville. We don't even have any outside boxes to deposit our mail.

3. **Other Comments.** Please provide any other views or information that you believe the Postal Service should consider in deciding whether to adopt the proposal.

Stamps from local stores are very limited. We all enjoyed the variety of stamps from our local post office. I just tried to order stamps by mail and paid a $1.00 for the "privilege" for handling & postage. I used to collect unused blocks of stamps that I liked - No more! This is lost business for the Post office.

   Customer expressed a concern about the cost savings obtained by the Postal Service from the closure of Post Offices. Quoting the PRC which said if the Postal Service closed 1000 Post Offices, it would only save 0.7% of the postal budget.

   The Postal Service has developed and begun implementing a range of cost-reducing initiatives. Changes in the type of delivery are considered where service by existing methods would impose an extreme physical hardship for an individual customer. Any request for a change in delivery method must be submitted in writing to the administrative postmaster. The Postal Service is not supported by tax dollars and must meet expenses by revenue it generates. Operational savings for the Postal Service contributes in the long run to stable postage rates and savings for customers.

10. Concern (UnFavorable):
Customers expressed concern that postal employees at the administrative Post Office are rude.

Response:
Employee courtesy is always a concern of postal managers. Postal employees receive periodic instructions regarding employee courtesy. We do not condone our employees' execution of their duties in an unprofessional or discourteous manner. This concern will be conveyed to the postmaster by the Manager, Post Office Operations.

11. Concern (UnFavorable):
Customers stated the Post Office had been closed without going through the formal discontinuance procedure.

Response:
Operation of the Post Office was suspended because of an emergency -but it has not been officially discontinued. An emergency suspension is a temporary change, not a permanent closing of the Post Office. Extensive information must be analyzed before a final decision is made. Regulations require the posting of a proposal to close and a final determination before the office can be officially closed. Customers that do not agree with the final determination may appeal that determination to the Postal Regulatory Commission.

12. Concern (UnFavorable):
Customers suggested cutting management positions from the top down instead of taking services away from customers.

Response:
The Postal Service organizational "redesign" is aimed at cutting some 3,000 administrative positions, or almost 21 percent of the total management employees.

13. Concern (UnFavorable):
Customers wanted to know why the customer lines were so long at the administrative Post Office.

Response:
The administrative Post Office serves a much larger community and has a heavier retail window workload. This concern has been brought to the attention of the administrative postmaster, window operations will be monitored to ensure that customers do not have an unreasonable wait to obtain services. The carrier can provide retail services, alleviating the need for customers to go to the Post Office for service.

15. Concern (UnFavorable):
Customers were concerned about having to travel to another Post Office for service.

Response:
Services provided at the Post Office will be available from the carrier, and customers will not have to travel to another Post Office for service. Most transactions do not require meeting the carrier at the mailbox. Stamps by Mail and Money Order Application forms are available for customer convenience. Stamps are also available at many stores and gas stations where customers may already shop, online at usps.com, or by calling 1-800-STAMP-24. In addition, the Simsbury Post Office has twenty-four hour access to the lobby which allows customers to pick up their post office box mail or drop mail into the outgoing slot for next the day to be processed.

16. Concern (UnFavorable):
Customers were concerned about obtaining services from the carrier.

Response:
The rural carrier provides all the services that are available at the Post Office with the exception of PO Box service and bulk mail acceptance. This includes stamp sales, package pick up, special services and money order sales.

17. Concern (UnFavorable):
Customers were concerned about senior citizens.

Response:
Carrier service is beneficial to many senior citizens and those who face special challenges because the carrier can provide delivery and retail services to roadside mailboxes or Centralized Box Units. Customers do not have to make a special trip to the Post Office for service. Special provisions are made for hardship cases or special customer needs. To request an exception for hardship delivery, customers may contact the administrative postmaster for more information.

18. Concern (UnFavorable):
Delayed Mail

Response:
In response to your issue regarding the non receipt of your newspapers, when a customer makes a change of address in your case from post office box to street delivery the mail must go through the markup process. This allows the postal service to update the changes internally to redirect your mail. Newspapers are generally forwarded for 60 days and then the customer needs to notify the publisher that their address has changed. Should this issue continue a publication watch could be established to find out where the holdup is in receipt of these newspapers? Residents may continue to meet informally, socialize, and share information at the other businesses, churches and residences in town. The Postal Service is very interested in the service needs of the community and customer feedback is crucial to improving service. Concerns raised by the community will be investigated by the Postal Service and appropriate actions will be taken.

19. Concern (UnFavorable):
Inconvenient

Response:

Thank you for submitting your optional comment form. The Postal Service is committed to placing services and products conveniently for its customers, including in settings close to homes and businesses such as grocery or drug stores. These provide the most in-demand offerings of local Post Offices, the sale of postage stamps. The Postal Service tries to maintain the same height of the rotary units in comparison with the post office wall units. These units tend to have a little more height then customers' post office boxes that are mounted against the wall. The box size begins with the smaller box sizes at the top graduating to the larger post office boxes located at the bottom. Unfortunately, if this person had a large box he would have to retreve his mail much lower than if it were a smaller size.

2. Concern (UnFavorable):
Customers felt the loss of a Post Office would have a detrimental effect on the business community.

Response:
Businesses generally require regular and effective postal services, and these will always be provided to the community. Since the suspension of service, there has been no indication that the business community has been adversely affected. Questionnaire responses revealed that customers will continue to use local businesses if the Post Office is discontinued. The Postal Service is committed to placing services and products conveniently for its customers, including in settings close to homes and businesses such as grocery or drug stores. These provide the most in-demand offerings of local Post Offices, the sale of postage stamps.

3. Concern (UnFavorable):
Customers were concerned about senior citizens.

Response:
The Village Post Office will continue to provide stamp sales and package mailing services. The Village Post Office operator will provide special assistance to senior citizens and those who face special challenges.

4. Concern (UnFavorable):
Customers were concerned about the loss of a gathering place and an information center.

Response:
Thank you for your recent optional comments concerning the proposed discontinuance of the Tariffville's Post Office. Your comments will be compiled in the official record and considered carefully before further action is taken. Let me take this opportunity to address many of the concerns that have been raised. First, as to access to postal services, we recognize that the convenience of the Tariffville's Post Office to many residents is important. Please be aware that there are six other Post Offices less than five miles from your current post office box address. These may have hours more suited to your schedule and postal requirements. In addition, there are three Alternate access points in which stamps can be purchased. The rural carrier will accept any letters or packages up to 13 ounces for mailing. The carrier will estimate the cost and provide a receipt for any money received. On the following delivery day, the carrier will provide change or a bill for the amount over the estimate. The decision to continue Tariffville's postal operations in the Simsbury facility reflects its central location for the greatest number of Tariffville's residents. By moving the Tariffville's post office box customers to Simsbury's building, we can preserve the current addressing for all Tariffville's customers, including the name of Tariffville's and your ZIP Code. No change of address will be necessary. Residents may continue to meet informally, socialize, and share information at the other businesses, churches and residences in town. Your comments in addition to the others received will be included in the official record and considered carefully before further action is taken.

PROPOSAL TO CLOSE THE SUSPENDED TARIFFVILLE, CT POST OFFICE AND CONTINUE TO PROVIDE SERVICE BY INDEPENDENT POST OFFICE (REVISED)

DOCKET NUMBER 1384296 - 06081

I. RESPONSIVENESS TO COMMUNITY POSTAL NEEDS

The Postal Service is proposing to close the Tariffville, CT Post Office and provide delivery and retail services by independent post office under the administrative responsibility of the Simsbury Post Office, located three miles away.

The postmaster position became vacant when the postmaster was reassigned on February 04, 2011. Postmaster level and office service hours are determined by a workload analysis which includes the number of deliveries and revenue.

The office is being studied for possible closing or consolidation due to the following reasons: The Tariffville Post Office is located at 39 Main Street in the first floor of a building which has dwellings on the second floor. The tenant in one of the second floor apartments noticed that the ceiling and walls were cracking and notified the landlord. At the direction of the Landlord instructed the tenant and the Postal Service to evacuate the premises'due to structural deficiencies.

The Post Office facility had severe building deficiencies that included: Building is not handicap accessible and the tenant upstairs has had problems with water coming in from roof, so roof could also be a problem. The Tariffville Post Office, an EAS-13 level, is currently suspended and services have been moved to another facility since 02/04/2011.

The retail window averaged zero transaction(s) accounting for zero minute(s) of retail workload daily. With minimal workload, the Postal Service feels that effective and regular service will be provided by independent post office. Office receipts for the last 3 years were: $164,252 (428 revenue units) in FY 2008; $159,375 (416 revenue units) in FY 2009; and $148,092 (386 revenue units) in FY 2010. There were two permit mailer(s) or postage meter customer(s).

Since the suspension of service, customers have received delivery and retail services by independent post office emanating from the Simsbury Post Office, an EAS-20 level office located 3.4 miles away. Window service hours are from 08:30 - 17:00, Monday through Friday, and 09:00 - 12:00 on Saturday. There are 281 Post Office boxes available.

On April 05, 2011, representatives from the Postal Service were available at Trinity Church Parish Hall to answer questions and provide information to customers. 125 customer(s) attended the meeting.

On March 21, 2011, 760 questionnaires were distributed to delivery customers of the Tariffville Post Office. Questionnaires were also available over the counter for retail customers at the Simsbury Post Office. 234 questionnaires were returned. Responses regarding the proposed alternate service were as follows: 2 favorable, 125 unfavorable, and 107 expressed no opinion.

One congressional inquiry was received on February 18, 2011.

A petition supporting the retention of the Tariffville Post Office was received on April 05, 2011, with 88 signatures.

The following concerns were expressed from questionnaires, the community meeting, from customer letters, on the petition, and from the congressional inquiry:

1. **Concern:** collection box request

   Response: The customer r comments along with others received will be included in the official record and considered carefully before further action is taken. I would like to take this opportunity to address many of the concerns that have been raised. First, as to accessibility and convenience, we realize that the convenience of Tariffville Post Office too many residents are very important. However, as part of an overall examination of efficiency and service to all of our customers, we must look at the proximity of all customers to postal services. As you are aware, the Simsbury Post Office, 932 Hopmeadow Road, is only 3.4 miles away. We are currently looking for a location to put a collection box within the Tariffville Community. If it is determined that discontinuance of Tariffville Post Office should be pursued, a formal proposal will be written and forwarded to Headquarters for final approval. Again, thank you for sharing your thoughts with us.

2. **Concern:** Concern was limited hours

   Response: The customer r comments along with others received will be included in the official record and considered carefully before further action is taken. I would like to address your suggestions regarding less branches and later hours. We have several offices within a ten mile radius of the Tariffville Post Office which have Automated Postal Centers (APC). The APC allows the customer access to mail and purchase stamps. These sites are located at: Hartford Post Office, 141 Weston Street, Hartford; West Hartford Post Office, 102 LaSalle Road, West Hartford; Enfield Post Office, 31 Palomba Drive, Enfield these sites offer 24/7 access for your mailing needs. In additional there are several businesses, such CVS, Staples, Wells Fargo Bank, and Stop & Shop which provide the convenience of selling stamps to customers. If it is determined that a discontinuance of the Tariffville Post Office should be pursued, a formal proposal will be posted in the Simsbury Post Office at a later date. If you have additional questions or comments, please feel free to contact my office at (860) 52

3. **Concern:** Customer expressed a concern about package delivery and pickup

Response: The customer expressed a concern about package delivery and pickup. Rural carriers will deliver packages that fit in your rural mail box, if the package does not fit in the mail box, the carrier will deliver the package up to ½ mile off of the line of travel, at a designated place, such as on your porch or under a carport.

12. **Concern:** Customers expressed concern for loss of community meeting place

Response: Several customers have mentioned that Tariffville is an important part of the community, and adds to the quality of life in the area. We appreciate these feelings and will include them in our report. Also, customers have commented on the friendly service they receive at the Tariffville Post Office, and we hope this level of satisfaction is true of our other post offices as well.

16. **Concern:** Customers expressed concern over a postal representative not being customer oriented

Response: The customer expressed concern over a postal representative not being customer oriented. The Postal Service is very interested in the service needs of the community and customer feedback is crucial to improving service. Concerns raised by the community will be investigated by the Postal Service and appropriate actions will be taken.

17. **Concern:** Customers expressed concern over the dependability of rural route service

Response: The customer expressed a concern over the dependability of rural route service. Rural letter carriers perform a vital function in the United States Postal Service serving thousands of families and businesses in rural and suburban areas while traveling millions of miles daily. Rural letter carriers are highly respected by the American public. This respect has been earned by many years of dedication to the Postal Service and to postal customers. During national and local emergencies, including prolonged periods of extreme weather conditions, rural carriers have demonstrated great responsibility in providing mail service to postal customers. Rural carriers are required to serve the route expeditiously and arrive at boxes at about the same time each day.

As you are aware, the Simsbury Post Office, 932 Hopmeadow Road, is only 3.4 miles away. You expressed a concern that postal employees at the administrative Post Office are rude. Employee courtesy is always a concern of postal managers. Postal employees receive periodic instructions regarding employee courtesy. We do not condone our employees' execution of their duties in an unprofessional or discourteous manner. This concern will be conveyed to the postmaster by the manager, post office operations. We are reviewing parking concerns which have been raised by several Tariffville Community members. Currently there are enough spaces to accomodate the daily flow of customer visits. 20. **Concern:** Customers felt the loss of a post office would have a detrimental effect on the business community

Response: The customer expressed a concern about the detrimental effect the loss of the post office would have on the community. Businesses generally require regular and effective postal services, and these will always be provided to the suspended Post Office community. There is no indication that the business community will be adversely affected. Questionnaire responses revealed that customers will continue to use local businesses if the post office is discontinued.

22. **Concern:** Customers inquired about mailbox installation and maintenance

Response: The customer inquired about home delivery and post office box refund. Customers are responsible for mailbox installation and maintenance. Mailboxes must be placed so that they may be safely and conveniently served by the carrier and must be located on the right-hand side of the road in the direction of the carrier's travel. Mailbox supports should conform to state laws and highway regulations. The Postal Service recommends that customers contact the administrative postmaster or carrier for advice on placement of mailboxes and mailbox height and supports. Mail will be forwarded in accordance with postal regulations, and change of address forms are available from the Postal Service to assist customers in notifying correspondents of the change. In addition, When a postal facility is discontinued or relocated, a box customer at that facility may obtain a refund of unused box fees if box service at that location is discontinued and additional travel of 1/4 mile or more (from the physical address on the customer's Form 1093) is required to obtain equivalent service. In addition, www.usps.com enables customers to print shipping labels with postage for Express Mail and Priority Mail, as well as schedule free package pickups. Other local businesses sell postage stamps and provide money order service. Third, as previously communicated if Tariffville does close, customers with Post Office Boxes at Tariffville who choose to retain a box at the Simsbury Post Office will keep the same PO Box number and ZIP Code. No change of address will be necessary. Several customers have mentioned that Tariffville is an important part of the community, and adds to the quality of life in the area. We appreciate these feelings and will include them in our report. Also, customers have commented on the friendly service they receive at the Tariffville Post Office, and we hope this level of satisfaction is true of our other post offices as well. If it is determined that discontinuance of Tariffville Post Office should be pursued, a formal proposal will be written and forwarded to Headquarters for final approval. 34. **Concern:**

Customers were concerned about having to travel to another post office for service

Response:

The customer r comments along with others received will be included in the official record and considered carefully before further action is taken. I would like to take this opportunity to address many of the concerns that have been raised. First, as to accessibility and convenience, we realize that the convenience of Tariffville Post Office too many residents are very important. However, as part of an overall examination of efficiency and service to all of our customers, we must look at the proximity of all customers to postal services. As you are aware, the Simsbury Post Office, 932 Hopmeadow Road, is only 3.4 miles away Second, for those local customers who have limited transportation options, I would like to remind you that you may choose to have delivery to your residences. There are also many ways to obtain postal products and services without visiting a Post Office. These include buying postage online at www.usps.com, by phone at 1-800-STAMP24, or by mail. In addition, www.usps.com enables customers to print shipping labels with postage for Express Mail and Priority Mail, as well as schedule free package pickups. Other local businesses sell postage stamps and provide money order service. Third, we are reviewing parking concerns which have been raised by several Tariffville Community members. Currently there are enough spces to accomodate the daily flow of customer visits. Several customers have mentioned that Tariffville is an important part of the community, and adds to the quality of life in the area. We appreciate these feelings and will include them in our report. The administrative Post Office serves a much larger community and has a heavier retail window workload. This concern has been brought to the attention of the administrative postmaster so he can monitor window operations and ensure that customers do not have an unreasonable wait to obtain services. Several customers have mentioned that Tariffville is an important part of the community, and adds to the quality of life in the area. We appreciate these feelings and will include them in our report. 39. **Concern:** Customers were concerned about permit mailing

Response: The customer expressed a concern about permit mailing that was input at the suspended Post Office. Responsibility for the permit account has been transferred to the administrative Post Office. Mailings must be submitted to that office for verification. Customers interested in obtaining a permit should contact the administrative postmaster.

55. **Concern:**

You were concerned about having to travel to another post office for service

Response:

In your questionnaire you indicated that it would be inconvenient to use another post office. I realize that with change there is always concern. However, we are confident that the Simsbury Main Post Office will continue to provide you with effective and regular service. We are looking at changes that would have as little impact to our customers as possible and that is why there would be NO Change of Address necessary if you choose to receive your post office box mail at the Tariffville Main Post Office. If this proposal is finalized the actual Tariffville post office boxes will remain at the Simsbury Main Post Office located at 932 Hopmeadow Road Simsbury CT 06070. That means you would have the same key, the same box and the same location of the box within the box section configuration and the same zip code you are using now. The length of time that you prepaid your box rent for would also be honored. Street delivery is available in the Tariffville 06070 zip code area. Additionally, customers may order stamps by telephone with a credit card by calling 1-800-STAMP 24 or by utilizing Stamps by Mail envelopes available at your local post office or from your letter carrier. Retail services such as Click &

Ship™ and Carrier Pickup are also available on line at www.usps.com. There are several locations within a short distance of the Tariffville Post Office where mailing services can be obtained along with multiple Stamps on Consignment loca

Third, as previously communicated if Tariffville does close, customers with Post Office Boxes at Tariffville who choose to retain a box at the Simsbury Post Office will keep the same PO Box number and ZIP Code. No change of address will be necessary. Several customers have mentioned that Tariffville is an important part of the community, and adds to the quality of life in the area. We appreciate these feelings and will include them in our report. Also, customers have commented on the friendly service they receive at the Tariffville Post Office, and we hope this level of satisfaction is true of our other post offices as well. If it is determined that discontinuance of Tariffville Post Office should be pursued, a formal proposal will be written and forwarded to Headquarters for final approval. Several customers have mentioned that Tariffville is an important part of the community, and adds to the quality of life in the area. We appreciate these feelings and will include them in our report. Also, customers have commented on the friendly service they receive at the Tariffville Post Office, and we hope this level of satisfaction is true of our other post offices as well. If it is determined that discontinuance of Tariffville Post Office should be pursued, a formal proposal will be written and forwarded to Headquarters for final approval. Again, thank you for sharing your thoughts with us.

82. **Concern:** You were concerned about having to travel to another post office for service-inconvenient, long lines, parking

Response:

The customer r comments along with others received will be included in the official record and considered carefully before further action is taken. I would like to take this opportunity to address many of the concerns that have been raised. First, as to accessibility and convenience, we realize that the convenience of Tariffville Post Office too many residents are very important. However, as part of an overall examination of efficiency and service to all of our customers, we must look at the proximity of all customers to postal services. As you are aware, the Simsbury Post Office, 932 Hopmeadow Road, is only 3.4 miles away. Second, for those local customers who have limited transportation options, I would like to remind you that you may choose to have delivery to your residences. There are also many ways to obtain postal products and services without visiting a Post Office. These include buying postage online at www.usps.com, by phone at 1-800-STAMP24, or by mail. In addition, www.usps.com enables customers to print shipping labels with postage for Express Mail and Priority Mail, as well as schedule free package pickups. Other local businesses sell postage stamps and provide money order service. Third, as previously communicated if Tariffville does close, customers with Post Office Boxes at Tariffville who choose to retain a box at the Simsbury Post Office will keep the same PO Box number and ZIP Code. No change of address will be necessary. Several customers have mentioned that Tariffville is an important part of the community, and adds to the quality of life in the area. 93. **Concern:**

Response: As you recall the Tariffville Post Office Landlord required our immediate evacuation. We followed that instruction for the safety of our customers and our employee. In compliance with Section 123.7 of our Postal Operations Manual, "a district manager may suspend the operations of any Post office under his or her jurisdiction when emergency or other conditions require such action." We made immediate provisions to assure service for the next day, in Simsbury, and took custody of the mail and postal property under difficult circumstances not our making. According to postal operating procedures, an emergency suspension results from a natural disaster, eviction, safety, or serious health issues that cannot/have not been abated, or facility is in substandard conditions. We did not receive a report of abatement and repairs or certification for occupancy and safe use from our landlord. We however, conduct inspections by our own trained safety professionals whose report was extensive. An emergency suspension is not a decision to close a post office. However, it does automatically trigger a study on whether we should discontinue a post office. A formal study looks at several items including office workload (types of transactions in an office and the complexity of those transactions), customer demand (types of window transaction and down time) and the availability of alternatives (services that are available at nearby post offices or at partner businesses). In addition, we consider total operating expenses. That includes lease, salaries and benefits; replacement pay when there is an absence; equipment, stock, and supplies on hand; utilities; maintenance; transportation and other operational costs. Our studies for Tariffville indicate that we provide post office service to 165 box holders. In the last calendar year, our local revenue was just over $141,000 yet total operating expenses were $175,400. Our workload analysis shows that there was, on average, 3.9 hours of work daily. This is not an efficient design of a full eight-hour day, as paid by your postage dollars. As to your concerns with accessibility and convenience, we realize that the convenience of the Tariffville Post Office to many residents is very important. Several customers have mentioned that the Tariffville Post office is an important part of the community, and adds to the quality of life in the area. The postal service will continue to provide the Tariffville community with regular and effective service.

95. **Concern:** Customer expressed a concern about the cost savings obtained by the Postal Service from the closure of Post Offices. Quoting the PRC which said if the Postal Service closed 1000 Post Offices, it would only save 0.7% of the postal budget.

Response: The Postal Service has developed and begun implementing a range of cost-reducing initiatives. These include: consolidating operations, adjusting delivery routes, restructuring administrative and processing functions and closing district offices. We also have introduced several new products and services, including Priority Mail Flat Rate boxes and Adult Signature service, in an effort to grow revenue.

96. **Concern:** Customers expressed concern about collection of outgoing mail.

Response: Collection of mail will be made by the carrier when serving the route. The customer should raise the flag on the mailbox to alert the carrier that outgoing mail is to be collected from the mailbox. The Simsbury Post Office has been notified regarding the request of a collection box for customers to deposit their outgoing mail. A location will be established which will be centrally located and convenient for customers and the rural carrier who will be collecting the mail which has been deposited.

97. **Concern:** Customers expressed concern about how the loss of the Post Office would negatively impact the historical dimension of the community.

Response: The Postal Service is helping to preserve the community name by continuing the use of the Community name in addresses.

98. **Concern:** Customers expressed concern about how the loss of the Post Office would negatively impact the historical dimension of the community.

Response: The Postal Service is helping to preserve the community name by continuing the use of the Community name in addresses. One consideration that will no influence our decision-making is the role of the Post Office as part of a federal historic distric. In ahistric district, the use of a facility is not a measure of historic significance. The Tariffville Historic district was designated in 1993 for its mill housing and street layout. Our tenancy in a facility within the district is not an issue.

99. **Concern:** Customers expressed concern for those customers with disabilities who are not able to go to administrative Post Office to pick up their mail.

Response: Customers are not required to travel to another Post Office to receive mail or obtain retail services. These services will be provided by the carrier to a roadside mailbox located close to customers' residences. In hardship cases, delivery can be made to the home of a customer. Changes in the type of delivery are considered where service by existing methods would impose an extreme physical hardship for an individual customer. Any request for a change in delivery method must be submitted in writing to the administrative postmaster.

100. **Concern:** Customers expressed concern for those customers with disabilities who are not able to go to administrative Post Office to pick up their mail.

Response: Customers are not required to travel to another Post Office to receive mail or obtain retail services. Changes in the type of delivery are considered where service by existing methods would impose an extreme physical hardship for an individual customer. Any request for a change in delivery method must be submitted in writing to the administrative postmaster. The Postal Service is not supported by tax dollars and must meet expenses by revenue it generates. Operational savings for the Postal Service contributes in the long run to stable postage rates and savings for customers.

101. **Concern:** Customers expressed concern that postal employees at the administrative Post Office are rude.

Response: Employee courtesy is always a concern of postal managers. Postal employees receive periodic instructions regarding employee courtesy. We do not condone our employees' execution of their duties in an unprofessional or discourteous manner. This concern will be conveyed to the postmaster by the Manager, Post Office Operations.

102. **Concern:** Customers stated the Post Office had been closed without going through the formal discontinuance procedure.

Response: Operation of the Post Office was suspended because of an emergency -but it has not been officially discontinued. An emergency suspension is a temporary change, not a permanent closing of the Post Office. Extensive information must be analyzed before a final decision is made. Regulations require the posting of a proposal to close and a final determination before the office can be officially closed. Customers that do not agree with the final determination may appeal that determination to the Postal Regulatory Commission.

103. **Concern:** Customers suggested cutting management positions from the top down instead of taking services away from customers.

Response: The Postal Service organizational "redesign" is aimed at cutting some 3,000 administrative positions, or almost 21 percent of the total management employees.

104. **Concern:** Customers wanted to know why the customer lines were so long at the administrative Post Office.

Response: The administrative Post Office serves a much larger community and has a heavier retail window workload. This concern has been brought to the attention of the administrative postmaster, window operations will be monitored to ensure that customers do not have an unreasonable wait to obtain services. The carrier can provide retail services, alleviating the need for customers to go to the Post Office for service.

106. **Concern:** Customers were concerned about having to travel to another Post Office for service.

Response: Services provided at the Post Office will be available from the carrier, and customers will not have to travel to another Post Office for service. Most transactions do not require meeting the carrier at the mailbox. Stamps by Mail and Money Order Application forms are available for customer convenience. Stamps are also available at many stores and gas stations where customers may already shop, online at usps.com, or by calling 1-800-STAMP-24. In addition, the Simsbury Post Office has twenty-four hour access to the lobby which allows customers to pick up their post office box mail or drop mail into the outgoing slot for next the day to be processed.

107. **Concern:** Customers were concerned about obtaining services from the carrier.

Response: The rural carrier provides all the services that are available at the Post Office with the exception of PO Box service and bulk mail acceptance. This includes stamp sales, package pick up, special services and money order sales.

108. **Concern:** Customers were concerned about senior citizens.

Response: Carrier service is beneficial to many senior citizens and those who face special challenges because the carrier can provide delivery and retail services to roadside mailboxes or Centralized Box Units. Customers do not have to make a special trip to the Post Office for service. Special provisions are made for hardship cases or special customer needs. To request an exception for hardship delivery, customers may contact the administrative postmaster for more information.

109. **Concern:** Delayed Mail

Response: In response to your issue regarding the non receipt of your newspapers, when a customer makes a change of address in your case from post office box to street delivery the mail must go through the markup process. This allows the postal service to update the changes internally to redirect your mail. Newspapers are generally forwarded for 60 days and then the customer needs to notify the publisher that their address has changed. Should this issue continue a publication watch could be established to find out where the holdup is in receipt of these newspapers? Residents may continue to meet informally, socialize, and share information at the other businesses, churches and residences in town. The Postal Service is very interested in the service needs of the community and customer feedback is crucial to improving service. Concerns raised by the community will be investigated by the Postal Service and appropriate actions will be taken.

110. **Concern:** Inconvenient

Response: Thank you for submitting your optional comment form. The Postal Service is committed to placing services and products conveniently for its customers, including in settings close to homes and businesses such as grocery or drug stores. These provide the most in-demand offerings of local Post Offices, the sale of postage stamps. The Postal Service tries to maintain the same height of the rotary units in comparison with the post office wall units. These units tend to have a little more height then customers' post office boxes that are mounted against the wall. The box size begins with the smaller box sizes at the top graduating to the larger post office boxes located at the bottom. Unfortunately, if this person had a large box he would have to retrieve his mail much lower than if it were a smaller size.

111. **Concern:** Bulk Mailings now she will have to travel to do them and the postmaster was extremely helpful

Response: The Simsbury post Office has employees who are very knowledgeable and helpful.

112. **Concern:** Can we purchase the old Post Office Boxes

Response: We can check to see how your request to purchase these boxes is handled.

113. **Concern:** Customer service was great at Tariffville and horrible in Simsbury

Response: Again this is no reflection on the Tariffville community or postal employees. Issues with the Simsbury office will be addressed with the Postmaster.

114.	**Concern:**	Customers asked why their post office was being discontinued while others were retained
	Response:	The customer asked why the suspended post office was being discontinued while others were retained. Post offices are reviewed on a case-by-case basis. When there is a vacancy in a small office, it is customary to conduct a study of the business activity and investigate the feasibility of providing service by alternate means.
115.	**Concern:**	House delivery 7 miles round trip is too far.
	Response:	We will request a safety hazardness assessment done for those who do not currently receive delivery to see if this request can be met.
116.	**Concern:**	How many po boxes are rented/ How many customers are serviced by Tariffville?
	Response:	165 post office boxes and approximately 532 rural customers
117.	**Concern:**	Parking at the Simsbury office is terrible and limited
	Response:	A review is being done at this time to see what options are availble to increase the number of parking spaces.
118.	**Concern:**	The postmaster was very helpful and knowledgeable
	Response:	The decision for the emergency suspension was due to the direction of the landlord to evacuate the building. The is by no means any reflection on the postmaster or employees.
119.	**Concern:**	Wait Time in Line at other offices and hours of operation.
	Response:	The Simsbury Post Office has a 24 hour lobby allowing customers to pick mail up at their convenience. The initial increase of customers was due to handing out keys to the Tariffville post office box customers.
120.	**Concern:**	We want to see a profit and loss account for the postal service. The money was taken out of Tariffville and put into Simsbury.
	Response:	The profit and loss of the postal service is done as a whole not on an individual basis.
121.	**Concern:**	We don't want Stop and Shop, Cvs, or Staples
	Response:	These are alternate options for you to purchase stamps, in addition to online postage and stamps by mail.
122.	**Concern:**	What about 38 Main street or 14 Winthrop Street to relocate the post office
	Response:	We will have our people in real estate come out and do a review of these two sites.
123.	**Concern:**	What about our zip code
	Response:	Community identity is very important and will be preserved.
124.	**Concern:**	What Post Offices are profitable? Can we have a weekly analysis of sales?
	Response:	The information requested is for internal use only
125.	**Concern:**	Where is our Tariffville Post Office sign?
	Response:	The sign was removed by from the building by a non postal employee and a police report was filed
126.	**Concern:**	Why doesn"t the Post office work with the landlord to resolve issues on the buildings?
	Response:	The postal service are on a month to month lease. There were negotiations with the landlord, but at such time different items have not been resolved.
127.	**Concern:**	Why not build a handicap ramp

	Response:	Buildings that are historic need go through the State Historic Preservation Office.
128.	**Concern:**	You have painted a one-sided picture of the decrease in money in tariffville, in addtion to trimming window hours and moving the carrier to another town. LL Bean catalogue sent to Tariffville the delivery person doesn't get credit the office which receives them does. Potential businesses you will lose to competitors. Don't alienate your customers.
	Response:	Thank you for your comment

Some advantages of the proposal are:

1. The rural or contract delivery carrier may provide retail services, alleviating the need to go to the post office. Stamps by Mail order forms are provided for customer convenience.
2. Customers opting for carrier service will have 24-hour access to their mail.
3. Savings for the Postal Service contribute in the long run to stable postage rates and savings for customers.
4. CBUs can offer the security of individually locked mail compartments. Parcel lockers provide convenient parcel delivery for customers.
5. Customers opting for carrier service will not have to pay post office box fees.
6. Saves time and energy for customers who drive to the post office to pick up mail.

Some disadvantages of the proposal are:

1. The loss of a retail outlet and a postmaster position in the community. Retail services may be provided by the rural or contract delivery carrier.
2. Meeting the rural or contract delivery carrier at the box to transact business. However, it is not necessary to be present to conduct most Postal Service transactions.
3. A change in the mailing address. The community name will continue to be used in the new address. A carrier route address will be assigned.
4. A change in your PO Box Fees may be a result of this proposal.

Taking all available information into consideration, the Postal Service concludes this proposal will provide a maximum degree of effective and regular postal services to the community.

II. EFFECT ON COMMUNITY

Tariffville is an unincorporated community located in Hartford County. The community is administered politically by . Police protection is provided by the Simsbury. Fire protection is provided by the Simsbury. The community is comprised of , and those who commute to work at nearby communities and work in local businesses.

Businesses and organizations include: Taruffville School Trinity Episcopal Church St. Bernards Church , Beauty By Jennie Elizabeths Rest. Cracker Barrell Rest. Checkered Flag Auto Village Auto Valley Barber Kement T'Ville Package Store Barrett Builders Mill At 2T Rest Many business at the Mill (2 Tunxis Road) Creations by Lilly . Residents may travel to nearby communities for other supplies and services.

Nonpostal services provided at the Tariffville Post Office will be available at the Simsbury Post Office. Government forms normally provided by the Post Office will also be available at the Simsbury Post Office or by contacting your local government agency.

The following nonpostal concerns were expressed from questionnaires, the community meeting, on the petition, and on the congressional inquiry:

1. **Concern:** Customers felt the loss of a Post Office would have a detrimental effect on the business community.

   Response: Businesses generally require regular and effective postal services, and these will always be provided to the community. Since the suspension of service, there has been no indication that the business community has been adversely affected. Questionnaire responses revealed that customers will continue to use local businesses if the Post Office is discontinued. The Postal Service is committed to placing services and products conveniently for its customers, including in settings close to homes and businesses such as grocery or drug stores. These provide the most in-demand offerings of local Post Offices, the sale of postage stam

2. **Concern:** Customers were concerned about senior citizens.

   Response: The Village Post Office will continue to provide stamp sales and package mailing services. The Village Post Office operator will provide special assistance to senior citizens and those who face special challenges.

3. **Concern:** Customers were concerned about the loss of a gathering place and an information center.

	Response:	Thank you for your recent optional comments concerning the proposed discontinuance of the Tariffville's Post Office. Your comments will be compiled in the official record and considered carefully before further action is taken. Let me take this opportunity to address many of the concerns that have been raised. First, as to access to postal services, we recognize that the convenience of the Tariffville's Post Office to many residents is important. Please be aware that there are six other Post Offices less than five miles from your current post office box address. These may have hours more suited to your schedule and postal requirements. In addition, there are three Alternate access points in which stamps can be purchased. The rural carrier will accept any letters or packages up to 13 ounces for mailing. The carrier will estimate the cost and provide a receipt for any money received. On the following delivery day, the carrier will provide change or a bill for the amount over the estimate. The decision to continue Tariffville's postal operations in the Simsbury facility reflects its central location for the greatest number of Tariffville's residents. By moving the Tariffville's post office box customers to Simsbury's building, we can preserve the current addressing for all Tariffville's customers, including the name of Tariffville's and your ZIP Code. No change of address will be necessary. Residents may continue to meet informally, socialize, and share information at the other businesses, churches and residences in town. Your comments in addition to the others received will be included in the official record and considered carefully before further action is taken.
4.	**Concern:**	Customers were concerned about the loss of a gathering place and an information center.
	Response:	Residents may continue to meet informally, socialize, and share information at the other businesses, churches and residences in town.
1.	**Concern:**	I spend $8 weekly on gas to get my mail.
	Response:	Thank you for your comment
2.	**Concern:**	Opportunity to grow more business will not be there and if there is no post office then people woll begin using alternate businesses like ups...fedex
	Response:	Thank you for your comment
3.	**Concern:**	Statement made by Tariffville Selectwoman - It is not fair to residents, businesses to balance Tariffville on the Post Office budget. Tariffville stands, ready, waiting, & willing
	Response:	Thank you for your comment
4.	**Concern:**	Tariffville is what a model post office should be, not what it has become compared to DMV who has become inefficient and insufficient. In our case we had one person serving entire community who has in fact become endeared to the community. take out the loyality and there is no need.
	Response:	This is no reflection on the community or the employee
5.	**Concern:**	The east Coast Greenway will become part of Tariffville andmany bikers will be able to use the routes to travel through this community. Also the junior olympics is scheduled to take place in Tariffville.
	Response:	Thank you for your comment
6.	**Concern:**	This emergency suspension is ripping the fabric of the community apart. People need to slow down and build their communications within their community. People like you need to say hello to your neighbor instead of going outside the community
	Response:	Thank you for your comment

Based on information the Postal Service obtained, it was determined that there has been minimal growth in the area in recent years, independent post office is expected to be able to handle any future growth in the community.

III. EFFECT ON EMPLOYEES

The postmaster position became vacant when the postmaster was reassigned on February 04, 2011. The noncareer postmaster relief (PMR) may be separated from the Postal Service. No other Postal Service employee will be adversely affected.

IV. ECONOMIC SAVINGS

The Postal Service estimates an annual savings of $ 66,383 with a breakdown as follows:

Postmaster Salary (EAS-13, No COLA)	$ 35,580
Fringe Benefits @ 33.5%	$ 11,919
Annual Lease Costs	+ $ 18,884
Total Annual Costs	$ 66,383
Less Annual Cost of Replacement Service	- $ 0
Total Annual Savings	$ 66,383

V. OTHER FACTORS

Real estate Specialist provided the following information regarding to sites provided by Selectman Mary Glassman. "As info...Tariffville should be sized at 700 net interior square feet if it is to operate as an MPO with a service counter and PO boxes. For a DBU, it could function in about 300 sq. ft. since it would only require 4 racks of boxes and 1 rack of parcel lockers. If the selected location allows for common lobby in front of the boxes and joint use restroom, the exclusive space could be reduced to about 200 sq. ft. These are just guidelines since AQ is generally governed by what space is available. The generic SSBD plan would be SSBD 7, typically presented as a modular concept". There were two offers presented in the letter from Mary Glassman - First Selectman, Simsbury, CT dated March 10, 2011. The first located at 14 Winthrop Street offers 500 sf which is too small and should be eliminated. The second located at 38 Main Streeet offers 800 sf however presents problems. Per conversation with the owner today, this is a house built in 1901 which was converted into a beauty salon. There is an apartment upstairs with a separate entrance. The 800 sf consists of three rooms which would be operationally difficult. The handicapped ramp is located at the rear of the building and enters the kitchen. This is not a practical alternative. NDCBU - Facilities could solicit for land and we would probably be able to find a site. The Postal Service has identified no other factors for consideration.

VI. SUMMARY

The Postal Service is proposing to close the Tariffville, CT Post Office and provide delivery and retail services by independent post office under the administrative responsibility of the Simsbury Post Office, located three miles away.

Operations were suspended on February 04, 2011, due to The Tariffville Post Office is located at 39 Main Street in the first floor of a building which has dwellings on the second floor. The tenant in one of the second floor apartments noticed that the ceiling and walls were cracking and notified the landlord. The Landlord instructed the tenant and the Postal Service to evacuate the premises' to structural deficiencies. . There were no suitable alternate quarters available.

The postmaster was reassigned on February 04, 2011. If the office has a noncareer PMR(s), they may be separated from the Postal Service; however, attempts will be made to reassign the employee(s) to a nearby facility. No other employee(s) will be adversely affected. Post office workload has declined. Effective and regular service will continue to be provided by independent post office.

The Tariffville Post Office provided delivery and retail service to 166 PO Box or general delivery customers and no delivery route customers. The daily retail window transactions averaged zero. There are two permit mailers or postage meter customers.

There will no longer be a retail outlet in the community. However, delivery and retail services may be available from a rural or contract delivery carrier, which could alleviate the need to travel to a post office for service. The Postal Service will save an estimated $66,383 annually. A disadvantage to some may be in meeting the rural or contract delivery carrier to transact business. However, it is not necessary to be present to conduct most Postal Service transactions with a rural or contract delivery carrier.

Taking all available information into consideration, the Postal Service has determined that the advantages outweigh the disadvantages and this proposal is warranted.

VII. NOTICES

A. Support Materials. Copies of all materials upon which this proposal is based are available for public inspection at the Simsbury Post Office during normal office hours.

B. This is a proposal. It is not a final determination to close this post office. If a final determination is made to close this post office, after public comments on this proposal are received and taken into account, a notice of that final determination will be posted in this office.

The final determination will contain instructions on how affected customers may appeal that decision to the Postal Regulatory Commission. Any such appeal must be received by the commission within 30 days of the posting of the final determination.

FINAL DETERMINATION TO CLOSE
THE SUSPENDED TARIFFVILLE, CT POST OFFICE
AND CONTINUE TO PROVIDE
SERVICE BY INDEPENDENT POST OFFICE

DOCKET NUMBER: 1384256 - 06081

I. RESPONSIVENESS TO COMMUNITY POSTAL NEEDS

The Postal Service is issuing the final determination to close the Tariffville, CT Post Office and provide delivery and retail services by independent post office under the administrative responsibility of the Simsbury Post Office, located three miles away.

The postmaster position became vacant when the postmaster was reassigned on February 04, 2011. Postmaster level and office service hours are determined by a workload analysis which includes the number of deliveries and revenue.

The office was studied for possible closing or consolidation due to the following reasons: The Tariffville Post Office is located at 39 Main Street in the first floor of a building which has dwellings on the second floor. The tenant in one of the second floor apartments noticed that the ceiling and walls were cracking and notified the landlord. At the direction of the Landlord instructed the tenant and the Postal Service to evacuate the premises'due to structural deficiencies.

The Post Office facility had severe building deficiencies that included: Building is not handicap accessible and the tenant upstairs has had problems with water coming in from roof, so roof could also be a problem. The Tariffville Post Office, an EAS-13 level, is currently suspended and services have been moved to another facility since 02/04/2011.

The retail window averaged zero transaction(s) accounting for zero minute(s) of retail workload daily. With minimal workload, the Postal Service feels that effective and regular service will be provided by independent post office. Office receipts for the last 3 years were: $164,252 (428 revenue units) in FY 2008; $159,375 (416 revenue units) in FY 2009; and $148,092 (386 revenue units) in FY 2010. There were two permit mailer(s) or postage meter customer(s).

Since the suspension of service, customers have received delivery and retail services by independent post office emanating from the Simsbury Post Office, an EAS-20 level office located 3.4 miles away. Window service hours are from 08:30 - 17:00, Monday through Friday, and 09:00 - 12:00 on Saturday. There are 281 Post Office boxes available. On April 05, 2011, representatives from the Postal Service were available at Trinity Church Parish Hall to answer questions and provide information to customers. 125 customer(s) attended the meeting.

On March 21, 2011, 760 questionnaires were distributed to delivery customers of the Tariffville Post Office. Questionnaires were also available over the counter for retail customers at the Simsbury Post Office. 234 questionnaires were returned. Responses regarding the proposed alternate service were as follows: 2 favorable, 125 unfavorable, and 107 expressed no opinion.

One congressional inquiry was received on February 18, 2011.

A petition supporting the retention of the Tariffville Post Office was received on April 05, 2011, with 88 signatures.

The proposal to close the Tariffville Post Office was posted with an invitation for comment at the Simsbury Post Office from May 16, 2011 to July 17, 2011. The following additional concerns were received during the proposal posting period:

1. **Concern:**

Response: As you recall the Tariffville Post Office Landlord required our immediate evacuation. We followed that instruction for the safety of our customers and our employee. In compliance with Section 123.7 of our Postal Operations Manual, "a district manager may suspend the operations of any Post office under his or her jurisdiction when emergency or other conditions require such action." We made immediate provisions to assure service for the next day, in Simsbury, and took custody of the mail and postal property under difficult circumstances not our making. According to postal operating procedures, an emergency suspension results from a natural disaster, eviction, safety, or serious health issues that cannot/have not been abated, or facility is in substandard conditions. We did not receive a report of abatement and repairs or certification for occupancy and safe use from our landlord. We however, conduct inspections by our own trained safety professionals whose report was extensive. An emergency suspension is not a decision to close a post office. However, it does automatically trigger a study on whether we should discontinue a post office. A formal study looks at several items including office workload (types of transactions in an office and the complexity of those transactions), customer demand (types of window transaction and down time) and the availability of alternatives (services that are available at nearby post offices or at partner businesses). In addition, we consider total operating expenses. That includes lease, salaries and benefits; replacement pay when there is an absence; equipment, stock, and supplies on hand; utilities; maintenance; transportation and other operational costs. Our studies for Tariffville indicate that we provide post office service to 165 box holders. In the last calendar year, our local revenue was just over $141,000 yet total operating expenses were $175,400. Our workload analysis shows that there was, on average, 3.9 hours of work daily. This is not an efficient design of a full eight-hour day, as paid by your postage dollars. As to your concerns with accessibility and convenience, we realize that the convenience of the Tariffville Post Office to many residents is very important. Several customers have

mentioned that the Tariffville Post office is an important part of the community, and adds to the quality of life in the area. The postal service will continue to provide the Tariffville community with regular and effective service.

Our studies for Tariffville indicate that we provide post office service to 165 box holders. In the last calendar year, our local revenue was just over $141,000 yet total operating expenses were $175,400. Our workload analysis shows that there was, on average, 3.9 hours of work daily. This is not an efficient design of a full eight-hour day, as paid by your postage dollars. As to your concerns with accessibility and convenience, we realize that the convenience of the Tariffville Post Office to many residents is very important. Several customers have mentioned that the Tariffville Post office is an important part of the community, and adds to the quality of life in the area. The postal service will continue to provide the Tariffville community with regular and effective service.

3. **Concern:** Customer expressed a concern about the cost savings obtained by the Postal Service from the closure of Post Offices. Quoting the PRC which said if the Postal Service closed 1000 Post Offices, it would only save 0.7% of the postal budget.

Response: The Postal Service has developed and begun implementing a range of cost-reducing initiatives. These include: consolidating operations, adjusting delivery routes, restructuring administrative and processing functions and closing district offices. We also have introduced several new products and services, including Priority Mail Flat Rate boxes and Adult Signature service, in an effort to grow revenue.

4. **Concern:** Customers expressed concern about collection of outgoing mail.

Response: Collection of mail will be made by the carrier when serving the route. The customer should raise the flag on the mailbox to alert the carrier that outgoing mail is to be collected from the mailbox. The Simsbury Post Office has been notified regarding the request of a collection box for customers to deposit their outgoing mail. A location will be established which will be centrally located and convenient for customers and the rural carrier who will be collecting the mail which has been deposited.

5. **Concern:** Customers expressed concern about how the loss of the Post Office would negatively impact the historical dimension of the community.

Response: The Postal Service is helping to preserve the community name by continuing the use of the Community name in addresses.

6. **Concern:** Customers expressed concern about how the loss of the Post Office would negatively impact the historical dimension of the community.

Response: The Postal Service is helping to preserve the community name by continuing the use of the Community name in addresses. One consideration that will no influence our decision-making is the role of the Post Office as part of a federal historic distric. In ahistric district, the use of a facility is not a measure of historic significance. The Tariffville Historic district was designated in 1993 for its mill housing and street layout. Our tenancy in a facility within the district is not an issue.

7. **Concern:** Customers expressed concern for those customers with disabilities who are not able to go to administrative Post Office to pick up their mail.

Response: Customers are not required to travel to another Post Office to receive mail or obtain retail services. These services will be provided by the carrier to a roadside mailbox located close to customers' residences. In hardship cases, delivery can be made to the home of a customer. Changes in the type of delivery are considered where service by existing methods would impose an extreme physical hardship for an individual customer. Any request for a change in delivery method must be submitted in writing to the administrative postmaster.

8. **Concern:** Customers expressed concern for those customers with disabilities who are not able to go to administrative Post Office to pick up their mail.

Response: Customers are not required to travel to another Post Office to receive mail or obtain retail services. Changes in the type of delivery are considered where service by existing methods would impose an extreme physical hardship for an individual customer. Any request for a change in delivery method must be submitted in writing to the administrative postmaster. The Postal Service is not supported by tax dollars and must meet expenses by revenue it generates. Operational savings for the Postal Service contributes in the long run to stable postage rates and savings for customers.

9. **Concern:** Customers expressed concern that postal employees at the administrative Post Office are rude.

Response: Employee courtesy is always a concern of postal managers. Postal employees receive periodic instructions regarding employee courtesy. We do not condone our employees' execution of their duties in an unprofessional or discourteous manner. This concern will be conveyed to the postmaster by the Manager, Post Office Operations.

10. **Concern:** Customers stated the Post Office had been closed without going through the formal discontinuance procedure.

Response: Operation of the Post Office was suspended because of an emergency -but it has not been officially discontinued. An emergency suspension is a temporary change, not a permanent closing of the Post Office. Extensive information must be analyzed before a final decision is made. Regulations require the posting of a proposal to close and a final determination before the office can be officially closed. Customers that do not agree with the final determination may appeal that determination to the Postal Regulatory Commission.

11. **Concern:** Customers suggested cutting management positions from the top down instead of taking services away from customers.

Response: The Postal Service organizational "redesign" is aimed at cutting some 3,000 administrative positions, or almost 21 percent of the total management employees.

12. **Concern:** Customers wanted to know why the customer lines were so long at the administrative Post Office.

Response: The administrative Post Office serves a much larger community and has a heavier retail window workload. This concern has been brought to the attention of the administrative postmaster, window operations will be monitored to ensure that customers do not have an unreasonable wait to obtain services. The carrier can provide retail services, alleviating the need for customers to go to the Post Office for service.

This concern will be conveyed to the postmaster by the Manager, Post Office Operations.

14. **Concern:** Customers were concerned about having to travel to another Post Office for service.

Response: Services provided at the Post Office will be available from the carrier, and customers will not have to travel to another Post Office for service. Most transactions do not require meeting the carrier at the mailbox. Stamps by Mail and Money Order Application forms are available for customer convenience. Stamps are also available at many stores and gas stations where customers may already shop, online at usps.com, or by calling 1-800-STAMP-24. In addition, the Simsbury Post Office has twenty-four hour access to the lobby which allows customers to pick up their post office box mail or drop mail into the outgoing slot for next the day to be processed.

15. **Concern:** Customers were concerned about obtaining services from the carrier.

Response: The rural carrier provides all the services that are available at the Post Office with the exception of PO Box service and bulk mail acceptance. This includes stamp sales, package pick up, special services and money order sales.

16. **Concern:** Customers were concerned about senior citizens.

Response: Carrier service is beneficial to many senior citizens and those who face special challenges because the carrier can provide delivery and retail services to roadside mailboxes or Centralized Box Units. Customers do not have to make a special trip to the Post Office for service. Special provisions are made for hardship cases or special customer needs. To request an exception for hardship delivery, customers may contact the administrative postmaster for more information.

17. **Concern:** Delayed Mail

Response: In response to your issue regarding the non receipt of your newspapers, when a customer makes a change of address in your case from post office box to street delivery the mail must go through the markup process. This allows the postal service to update the changes internally to redirect your mail. Newspapers are generally forwarded for 60 days and then the customer needs to notify the publisher that their address has changed. Should this issue continue a publication watch could be established to find out where the holdup is in receipt of these newspapers? Residents may continue to meet informally, socialize, and share information at the other businesses, churches and residences in town. The Postal Service is very interested in the service needs of the community and customer feedback is crucial to improving service. Concerns raised by the community will be investigated by the Postal Service and appropriate actions will be taken.

18. **Concern:** Inconvenient

Response: Thank you for submitting your optional comment form. The Postal Service is committed to placing services and products conveniently for its customers, including in settings close to homes and businesses such as grocery or drug stores. These provide the most in-demand offerings of local Post Offices, the sale of postage stamps. The Postal Service tries to maintain the same height of the rotary units in comparison with the post office wall units. These units tend to have a little more height then customers' post office boxes that are mounted against the wall. The box size begins with the smaller box sizes at the top graduating to the larger post office boxes located at the bottom. Unfortunately, if this person had a large box he would have to retrieve his mail much lower than if it were a smaller size.

The following nonpostal concerns were expressed from questionnaires, the community meeting, on the petition, and on the congressional inquiry:

1. **Concern:** collection box request

   Response: The customer r comments along with others received will be included in the official record and considered carefully before further action is taken. I would like to take this opportunity to address many of the concerns that have been raised. First, as to accessibility and convenience, we realize that the convenience of Tariffville Post Office too many residents are very important. However, as part of an overall examination of efficiency and service to all of our customers, we must look at the proximity of all customers to postal services. As you are aware, the Simsbury Post Office, 932 Hopmeadow Road, is only 3.4 miles away. We are currently looking for a location to put a collection box within the Tariffville Community. If it is determined that discontinuance of Tariffville Post Office should be pursued, a formal proposal will be written and forwarded to Headquarters for final approval. Again, thank you for sharing your thoughts with us.

2. **Concern:** Concern was limited hours

   Response: The customer r comments along with others received will be included in the official record and considered carefully before further action is taken. I would like to address your suggestions regarding less branches and later hours. We have several offices within a ten mile radius of the Tariffville Post Office which have Automated Postal Centers (APC). The APC allows the customer access to mail and purchase stamps. These sites are located at: Hartford Post Office, 141 Weston Street, Hartford; West Hartford Post Office, 102 LaSalle Road, West Hartford; Enfield Post Office, 31 Palomba Drive, Enfield these sites offer 24/7 access for your mailing needs. In additional there are several businesses, such CVS, Staples, Wells Fargo Bank, and Stop & Shop which provide the convenience of selling stamps to customers. If it is determined that a discontinuance of the Tariffville Post Office should be pursued, a formal proposal will be posted in the Simsbury Post Office at a later date. If you have additional questions or comments, please feel free to contact my office at (860) 52

3. **Concern:** Customer expressed a concern about package delivery and pickup

   Response: The customer expressed a concern about package delivery and pickup. Rural carriers will deliver packages that fit in your rural mail box, if the package does not fit in the mail box, the carrier will deliver the package up to ½ mile off of the line of travel, at a designated place, such as on your porch or under a carport.

8. **Concern:** Customers expressed concern for loss of community identity

   Response: The customer expressed a concern about the loss of the Communities' identity. A community's identity derives from the interest and vitality of its residents and their use of its name. The Postal Service is helping to preserve community identity by continuing the use of the suspended Post Office name and ZIP Code in addresses and in Post Office Directory.

12. **Concern:** Customers expressed concern for loss of community meeting place

Response: Several customers have mentioned that Tariffville is an important part of the community, and adds to the quality of life in the area. We appreciate these feelings and will include them in our report. Also, customers have commented on the friendly service they receive at the Tariffville Post Office, and we hope this level of satisfaction is true of our other post offices as well.

Response: The customer expressed concern over a postal representative not being customer oriented. The Postal Service is very interested in the service needs of the community and customer feedback is crucial to improving service. Concerns raised by the community will be investigated by the Postal Service and appropriate actions will be taken.

17. **Concern:** Customers expressed concern over the dependability of rural route service

Response: The customer expressed a concern over the dependability of rural route service. Rural letter carriers perform a vital function in the United States Postal Service serving thousands of families and businesses in rural and suburban areas while traveling millions of miles daily. Rural letter carriers are highly respected by the American public. This respect has been earned by many years of dedication to the Postal Service and to postal customers. During national and local emergencies, including prolonged periods of extreme weather conditions, rural carriers have demonstrated great responsibility in providing mail service to postal customers. Rural carriers are required to serve the route expeditiously and arrive at boxes at about the same time each day.

20. **Concern:** Customers felt the loss of a post office would have a detrimental effect on the business community

Response: The customer expressed a concern about the detrimental effect the loss of the post office would have on the community. Businesses generally require regular and effective postal services, and these will always be provided to the suspended Post Office community. There is no indication that the business community will be adversely affected. Questionnaire responses revealed that customers will continue to use local businesses if the post office is discontinued.

22. **Concern:** Customers inquired about mailbox installation and maintenance

Response: The customer inquired about home delivery and post office box refund. Customers are responsible for mailbox installation and maintenance. Mailboxes must be placed so that they may be safely and conveniently served by the carrier and must be located on the right-hand side of the road in the direction of the carrier's travel. Mailbox supports should conform to state laws and highway regulations. The Postal Service recommends that customers contact the administrative postmaster or carrier for advice on placement of mailboxes and mailbox height and supports. Mail will be forwarded in accordance with postal regulations, and change of address forms are available from the Postal Service to assist customers in notifying correspondents of the change. In addition, When a postal facility is discontinued or relocated, a box customer at that facility may obtain a refund of unused box fees if box service at that location is discontinued and additional travel of 1/4 mile or more (from the physical address on the customer's Form 1093) is required to obtain equivalent service. 28. **Concern:** Customers were concerned about being inconvenienced going to another office

Response: In your questionnaire you indicated that it would be inconvenient to use another post office. I realize that with change there is always concern. However, we are confident that the Simsbury Main Post Office will continue to provide you with effective and regular service. We are looking at changes that would have as little impact to our customers as possible and that is why there would be NO Change of Address necessary if you choose to receive your post office box mail at the Tariffville Main Post Office. If this proposal is finalized the actual Tariffville post office boxes will remain at the Simsbury Main Post Office located at 932 Hopmeadow Road Simsbury CT 06070. That means you would have the same key, the same box and the same location of the box within the box section configuration and the same zip code you are using now. The length of time that you prepaid your box rent for would also be honored. Street delivery is available in the Tariffville 06070 zip code area. Additionally, customers may order stamps by telephone with a credit card by calling 1-800-STAMP 24 or by utilizing Stamps by Mail envelopes available at your local post office or from your letter carrier. Retail services such as Click &

Ship™ and Carrier Pickup are also available on line at www.usps.com. There are several locations within a short distance of the Tariffville Post Office where mailing services can be obtained along with multiple Stamps on Consignment loca

If this proposal is finalized the actual Tariffville post office boxes will remain at the Simsbury Main Post Office located at 932 Hopmeadow Road Simsbury CT 06070. That means you would have the same key, the same box and the same location of the box within the box section configuration and the same zip code you are using now. The length of time that you prepaid your box rent for would also be honored. Street delivery is available in the Tariffville 06070 zip code area. Additionally, customers may order stamps by telephone with a credit card by calling 1-800-STAMP 24 or by utilizing Stamps by Mail envelopes available at your local post office or from your letter carrier. Retail services such as Click & Ship™ and Carrier Pickup are also available on line at www.usps.com. There are several locations within a short distance of the Tariffville Post Office where mailing services can be obtained along with multiple Stamps on Consignment loca

30. **Concern:** Customers were concerned about having to travel to another post office for service

Response: The customer r comments along with others received will be included in the official record and considered carefully before further action is taken. I would like to take this opportunity to address many of the concerns that have been raised. First, as to accessibility and convenience, we realize that the convenience of Tariffville Post Office too many residents are very important. However, as part of an overall examination of efficiency and service to all of our customers, we must look at the proximity of all customers to postal services. As you are aware, the Simsbury Post Office, 932 Hopmeadow Road, is only 3.4 miles away Second, for those local customers who have limited transportation options, I would like to remind you that you may choose to have delivery to your residences. There are also many ways to obtain postal products and services without visiting a Post Office. These include buying postage online at www.usps.com, by phone at 1-800-STAMP24, or by mail. In addition, www.usps.com enables customers to print shipping labels with postage for Express Mail and Priority Mail, as well as schedule free package pickups. Other local businesses sell postage stamps and provide money order service. Third, we are reviewing parking concerns which have been raised by several Tariffville Community members. Currently there are enough spaces to accomodate the daily flow of customer visits. Several customers have mentioned that Tariffville is an important part of the community, and adds to the quality of life in the area. We appreciate these feelings and will include them in our report. Also, customers have commented on the friendly service they receive at the Tariffville Post Office, and we hope this level of satisfaction is true of our other post offices as well. If it is determined that discontinuance of Tariffville Post Office should be pursued, a formal proposal will be written and forwarded to Headquarters for final approval. Again, thank you for sharing your thoughts with us.

31. **Concern:** Customers were concerned about having to travel to another post office for service

Response: The customer r comments along with others received will be included in the official record and considered carefully before further action is taken. I would like to address your suggestions regarding less branches and later hours. We have several offices within a ten mile radius of the Tariffville Post Office which have Automated Postal Centers (APC). The APC allows the customer access to mail and purchase stamps. These sites are located at: Hartford Post Office, 141 Weston Street, Hartford; West Hartford Post Office, 102 LaSalle Road, West Hartford; Enfield Post Office, 31 Palomba Drive, Enfield these sites offer 24/7 access for your mailing needs. In additional there are several businesses, such CVS, Staples, Wells Fargo Bank, and Stop & Shop which provide the convenience of selling stamps to customers. Thank you for returning your

questionnaire concerning the proposed discontinuance of the Tariffville Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken. If it is determined that a discontinuance of the Tariffville Post Office should be pursued, a formal proposal will be posted in the Simsbury Post Office at a later date. If you have additional questions or comments, please feel free to contact my office at (860) 524-6495.

55. **Concern:** You were concerned about having to travel to another post office for service

Response: In your questionnaire you indicated that it would be inconvenient to use another post office. I realize that with change there is always concern. However, we are confident that the Simsbury Main Post Office will continue to provide you with effective and regular service. We are looking at changes that would have as little impact to our customers as possible and that is why there would be NO Change of Address necessary if you choose to receive your post office box mail at the Tariffville Main Post Office. If this proposal is finalized the actual Tariffville post office boxes will remain at the Simsbury Main Post Office located at 932 Hopmeadow Road Simsbury CT 06070. That means you would have the same key, the same box and the same location of the box within the box section configuration and the same zip code you are using now. The length of time that you prepaid your box rent for would also be honored. Street delivery is available in the Tariffville 06070 zip code area. Additionally, customers may order stamps by telephone with a credit card by calling 1-800-STAMP 24 or by utilizing Stamps by Mail envelopes available at your local post office or from your letter carrier. Retail services such as Click & Ship™ and Carrier Pickup are also available on line at www.usps.com. There are several locations within a short distance of the Tariffville Post Office where mailing services can be obtained along with multiple Stamps on Consignment loca

58. **Concern:** You were concerned about having to travel to another post office for service

Response: The customer r comments along with others received will be included in the official record and considered carefully before further action is taken. I would like to take this opportunity to address many of the concerns that have been raised. First, as to accessibility and convenience, we realize that the convenience of Tariffville Post Office too many residents are very important. However, as part of an overall examination of efficiency and service to all of our customers, we must look at the proximity of all customers to postal services. As you are aware, the Simsbury Post Office, 932 Hopmeadow Road, is only 3.4 miles away Second, for those local customers who have limited transportation options, I would like to remind you that you may choose to have delivery to your residences. There are also many ways to obtain postal products and services without visiting a Post Office. These include buying postage online at www.usps.com, by phone at 1-800-STAMP24, or by mail. In addition, www.usps.com enables customers to print shipping labels with postage for Express Mail and Priority Mail, as well as schedule free package pickups. Other local businesses sell postage stamps and provide money order service. Third, as previously communicated if Tariffville does close, customers with Post Office Boxes at Tariffville who choose to retain a box at the Simsbury Post Office will keep the same PO Box number and ZIP Code. No change of address will be necessary. Several customers have mentioned that Tariffville is an important part of the community, and adds to the quality of life in the area. We appreciate these feelings and will include them in our report. Also, customers have commented on the friendly service they receive at the Tariffville Post Office, and we hope this level of satisfaction is true of our other post offices as well. If it is determined that discontinuance of Tariffville Post Office should be pursued, a formal proposal will be written and forwarded to Headquarters for final approval. I would like to take this opportunity to address many of the concerns that have been raised. First, as to accessibility and convenience, we realize that the convenience of Tariffville Post Office too many residents are very important. However, as part of an overall examination of efficiency and service to all of our customers, we must look at the proximity of all customers to postal services. As you are aware, the Simsbury Post Office, 932 Hopmeadow Road, is only 3.4 miles away. We are reviewing parking concerns which have been raised by several Tariffville Community members. Currently there are enough

spaces to accomodate the daily flow of customer visits. We have several offices within a ten mile radius of the Tariffville Post Office which have Automated Postal Centers (APC). The APC allows the customer access to mail and purchase stamps. These sites are located at: Hartford Post Office, 141 Weston Street, Hartford; West Hartford Post Office, 102 LaSalle Road, West Hartford; Enfield Post Office, 31 Palomba Drive, Enfield these sites offer 24/7 access for your mailing needs. In additional there are several businesses, such CVS, Staples, Wells Fargo Bank, and Stop & Shop which provide the convenience of selling stamps to customers. If it is determined that discontinuance of Tariffville Post Office should be pursued, a formal proposal will be written and forwarded to Headquarters for final approval. Again, thank you for sharing your thoughts with us.

79. **Concern:** You were concerned about having to travel to another post office for service-inconvenience

Response: The customer r comments along with others received will be included in the official record and considered carefully before further action is taken. Second, for those local customers who have limited transportation options, I would like to remind you that you may choose to have delivery to your residences. There are also many ways to obtain postal products and services without visiting a Post Office. These include buying postage online at www.usps.com, by phone at 1-800-STAMP24, or by mail. In addition, www.usps.com enables customers to print shipping labels with postage for Express Mail and Priority Mail, as well as schedule free package pickups. Other local businesses sell postage stamps and provide money order service. Several customers have mentioned that Tariffville is an important part of the community, and adds to the quality of life in the area. We appreciate these feelings and will include them in our report. Also, customers have commented on the friendly service they receive at the Tariffville Post Office, and we hope this level of satisfaction is true of our other post offices as well. If it is determined that discontinuance of Tariffville Post Office should be pursued, a formal proposal will be written and forwarded to Headquarters for final approval. 93. **Concern:** Bulk Mailings now she will have to travel to do them and the postmaster was extremely helpful

Response: The Simsbury post Office has employees who are very knowledgeable and helpful.

94. **Concern:** Can we purchase the old Post Office Boxes

Response: We can check to see how your request to purchase these boxes is handled.

95. **Concern:** Customer service was great at Tariffville and horrible in Simsbury

Response: Again this is no reflection on the Tariffville community or postal employees. Issues with the Simsbury office will be addressed with the Postmaster.

96. **Concern:** Customers asked why their post office was being discontinued while others were retained

Response: The customer asked why the suspended post office was being discontinued while others were retained. Post offices are reviewed on a case-by-case basis. When there is a vacancy in a small office, it is customary to conduct a study of the business activity and investigate the feasibility of providing service by alternate means.

97. **Concern:** House delivery 7 miles round trip is too far.

Response: We will request a safety hazardness assessment done for those who do not currently receive delivery to see if this request can be met.

98. **Concern:** How many po boxes are rented/ How many customers are serviced by Tariffville?

Response: 165 post office boxes and approximately 532 rural customers

99. **Concern:** Parking at the Simsbury office is terrible and limited

Response: A review is being done at this time to see what options are availble to increase the number of parking spaces.

100. **Concern:** The postmaster was very helpful and knowledgeable

Response: The decision for the emergency suspension was due to the direction of the landlord to evacuate the building. The is by no means any reflection on the postmaster or employees.

101. **Concern:** Wait Time in Line at other offices and hours of operation.

Response: The Simsbury Post Office has a 24 hour lobby allowing customers to pick mail up at their convenience. The initial increase of customers was due to handing out keys to the Tariffville post office box customers.

102. **Concern:** We want to see a profit and loss account for the postal service. The money was taken out of Tariffville and put into Simsbury.

Response: The profit and loss of the postal service is done as a whole not on an individual basis.

103. **Concern:** We don't want Stop and Shop, Cvs, or Staples

Response: These are alternate options for you to purchase stamps, in addition to online postage and stamps by mail.

104. **Concern:** What about 38 Main street or 14 Winthrop Street to relocate the post office

Response: We will have our people in real estate come out and do a review of these two sites.

105. **Concern:** What about our zip code

Response: Community identity is very important and will be preserved.

106. **Concern:** What Post Offices are profitable? Can we have a weekly analysis of sales?

Response: The information requested is for internal use only

107. **Concern:** Where is our Tariffville Post Office sign?

Response: The sign was removed by from the building by a non postal employee and a police report was filed

108. **Concern:** Why doesn"t the Post office work with the landlord to resolve issues on the buildings?

Response: The postal service are on a month to month lease. There were negotiations with the landlord, but at such time different items have not been resolved.

109. **Concern:** Why not build a handicap ramp

Response: Buildings that are historic need go through the State Historic Preservation Office.

110. **Concern:** You have painted a one-sided picture of the decrease in money in tariffville, in addtion to trimming window hours and moving the carrier to another town. LL Bean catalogue sent to Tariffville the delivery person doesn't get credit the office which receives them does. Potential businesses you will lose to competitors. Don't alienate your customers.

Response: Thank you for your comment

Some advantages of the proposal are:

1. The rural and contract carriers may provide retail services, alleviating the need to go to the post office. Stamps by Mail order forms are provided for customer convenience.
2. Customers opting for carrier service will have 24-hour access to their mail.
3. Savings for the Postal Service contribute in the long run to stable postage rates and savings for customers.
4. CBUs can offer the security of individually locked mail compartments. Parcel lockers provide convenient parcel delivery for customers.
5. Customers opting for carrier service will not have to pay post office box fees.
6. Saves time and energy for customers who drive to the post office to pick up mail.

Some disadvantages of the proposal are:

1. The loss of a retail outlet and a postmaster position in the community. Retail services may be provided by the rural or contract delivery carrier.
2. Meeting the rural or contract delivery carrier at the box to transact business. However, it is not necessary to be present to conduct most Postal Service transactions.
3. A change in the mailing address. The community name will continue to be used in the new address. A carrier route address will be assigned.
4. A change in your PO Box Fees may be a result of this proposal.

Taking all available information into consideration, the Postal Service concludes this final determination will provide a maximum degree of effective and regular postal services to the community.

II. EFFECT ON COMMUNITY

Tariffville is an unincorporated community located in Hartford County. The community is administered politically by . Police protection is provided by the Simsbury. Fire protection is provided by the Simsbury. The community is comprised of and those who commute to work at nearby communities and may work in local businesses.

Businesses and organizations include: Taruffville School Trinity Episcopal Church St. Bernards Church , Beauty By Jennie Elizabeths Rest. Cracker Barrell Rest. Checkered Flag Auto Village Auto Valley Barber Kement T'Ville Package Store Barrett Builders Mill At 2T Rest Many business at the Mill (2 Tunxis Road) Creations by Lilly . Residents may travel to nearby communities for other supplies and services.

Nonpostal services provided at the Tariffville Post Office will be available at the Simsbury Post Office. Government forms normally provided by the Post Office will also be available at the Simsbury Post Office or by contacting your local government agency.

The following nonpostal concerns were expressed from questionnaires, the community meeting, on the petition, and on the congressional inquiry:

1. **Concern:** Customers felt the loss of a Post Office would have a detrimental effect on the business community.

Response: Businesses generally require regular and effective postal services, and these will always be provided to the community. Since the suspension of service, there has been no indication that the business community has been adversely affected. Questionnaire responses revealed that customers will continue to use local businesses if the Post Office is discontinued. The Postal Service is committed to placing services and products conveniently for its customers, including in settings close to homes and businesses such as grocery or drug stores. These provide the most in-demand offerings of local Post Offices, the sale of postage stamps.

2. **Concern:** Customers were concerned about senior citizens.

Response: The Village Post Office will continue to provide stamp sales and package mailing services. The Village Post Office operator will provide special assistance to senior citizens and those who face special challenges.

3. **Concern:** Customers were concerned about the loss of a gathering place and an information center.

Response: Thank you for your recent optional comments concerning the proposed discontinuance of the Tariffville's Post Office. Your comments will be compiled in the official record and considered carefully before further action is taken. Let me take this opportunity to address many of the concerns that have been raised. First, as to access to postal services, we recognize that the convenience of the Tariffville's Post Office to many residents is important. Please be aware that there are six other Post Offices less than five miles from your current post office box address. These may have hours more suited to your schedule and postal requirements. In addition, there are three Alternate access points in which stamps can be purchased. The rural carrier will accept any letters or packages up to 13 ounces for mailing. The carrier will estimate the cost and provide a receipt for any money received. On the following delivery day, the carrier will provide change or a bill for the amount over the estimate. The decision to continue Tariffville's postal operations in the Simsbury facility reflects its central location for the greatest number of Tariffville's residents. By moving the Tariffville's post office box customers to Simsbury's building, we can preserve the current addressing for all Tariffville's customers, including the name of Tariffville's and your ZIP Code. No change of address will be necessary. Residents may continue to meet informally, socialize, and share information at the other businesses, churches and residences in town. Your comments in addition to the others received will be included in the official record and considered carefully before further action is taken.

4. **Concern:** Customers were concerned about the loss of a gathering place and an information center.

Response: Residents may continue to meet informally, socialize, and share information at the other businesses, churches and residences in town.

5. **Concern:** I spend $8 weekly on gas to get my mail.

Response: Thank you for your comment

6. **Concern:** Opportunity to grow more business will not be there and if there is no post office then people woll begin using alternate businesses like ups...fedex

Response: Thank you for your comment

7. **Concern:** Statement made by Tariffville Selectwoman - It is not fair to residents, businesses to balance Tariffville on the Post Office budget. Tariffville stands, ready, waiting, & willing

Response: Thank you for your comment

8. **Concern:** Tariffville is what a model post office should be, not what it has become compared to DMV who has become inefficient and insufficient. In our case we had one person serving entire community who has in fact become endeared to the community. take out the loyality and there is no need.

Response: This is no reflection on the community or the employee

9. **Concern:** The east Coast Greenway will become part of Tariffville andmany bikers will be able to use the routes to travel through this community. Also the junior olympics is scheduled to take place in Tariffville.

Response: Thank you for your comment

10.	**Concern:**	This emergency suspension is ripping the fabric of the community apart. People need to slow down and build their communications within their community. People like you need to say hello to your neighbor instead of going outside the community
	Response:	Thank you for your comment

Based on information the Postal Service obtained, it was determined that there has been minimal growth in the area in recent years, independent post office is expected to be able to handle any future growth in the community.

III. EFFECT ON EMPLOYEES

The postmaster position became vacant when the postmaster was reassigned on February 04, 2011. The noncareer postmaster relief (PMR) may be separated from the Postal Service. No other Postal Service employee will be adversely affected.

IV. ECONOMIC SAVINGS

The Postal Service estimates an annual savings of $ 66,383 with a breakdown as follows:

Postmaster Salary (EAS-13, No COLA)	$ 35,580
Fringe Benefits @ 33.5%	$ 11,919
Annual Lease Costs	+ $ 18,884
Total Annual Costs	$ 66,383
Less Annual Cost of Replacement Service	- $ 0
Total Annual Savings	$ 66,383

V. OTHER FACTORS

Real estate Specialist provided the following information regarding to sites provided by Selectman Mary Glassman. "As info...Tariffville should be sized at 700 net interior square feet if it is to operate as an MPO with a service counter and PO boxes. For a DBU, it could function in about 300 sq. ft. since it would only require 4 racks of boxes and 1 rack of parcel lockers. If the selected location allows for common lobby in front of the boxes and joint use restroom, the exclusive space could be reduced to about 200 sq. ft. These are just guidelines since AQ is generally governed by what space is available. The generic SSBD plan would be SSBD 7, typically presented as a modular concept". There were two offers presented in the letter from Mary Glassman - First Selectman, Simsbury, CT dated March 10, 2011. The first located at 14 Winthrop Street offers 500 sf which is too small and should be eliminated. The second located at 38 Main Streeet offers 800 sf however presents problems. Per conversation with the owner today, this is a house built in 1901 which was converted into a beauty salon. There is an apartment upstairs with a separate entrance. The 800 sf consists of three rooms which would be operationally difficult. The handicapped ramp is located at the rear of the building and enters the kitchen. This is not a practical alternative. NDCBU - Facilities could solicit for land and we would probably be able to find a site. The Postal Service has identified no other factors for consideration.

VI. SUMMARY

This is the final determination to close the Tariffville, CT Post Office and provide delivery and retail services by independent post office under the administrative responsibility of the Simsbury Post Office, located three miles away.

Operations were suspended on February 04, 2011, due to The Tariffville Post Office is located at 39 Main Street in the first floor of a building which has dwellings on the second floor. The tenant in one of the second floor apartments noticed that the ceiling and walls were cracking and notified the landlord. The Landlord instructed the tenant and the Postal Service to evacuate the premises' to structural deficiencies. . There were no suitable alternate quarters available.

The postmaster was reassigned on February 04, 2011. If the office has a noncareer PMR(s), they may be separated from the Postal Service; however, attempts will be made to reassign the employee(s) to a nearby facility. No other employee(s) will be adversely affected. The workload has declined. Effective and regular service will continue to be provided by independent post office.

The Tariffville Post Office provided delivery and retail service to 166 PO Box or general delivery customers and no delivery route customers. The daily retail window transactions averaged zero. There are two permit mailers or postage meter customers.

There will no longer be a retail outlet in the community. However, delivery and retail services may be available from a rural or contract delivery carrier, which could alleviate the need to travel to a Post Office for service. The Postal Service will save an estimated $66,383 annually. A disadvantage to some will be in meeting the rural or contract delivery carrier to transact business. However, it is not necessary to be present to conduct most Postal Service transactions with rural or contract delivery carrier.

Taking all available information into consideration, the Postal Service has determined that the advantages outweigh the disadvantages and this final determination is warranted.

VII. NOTICES

A. Support Materials. Copies of all materials upon which this final determination is based are available for public inspection at the Simsbury Post Office during normal office hours.

B. Appeal Rights. This final determination to close the Tariffville Post Office may be appealed by any person served by that office to the Postal Regulatory Commission at 901 New York Ave NW, Suite 200, Washington DC 20268-000I. Appeals must be received by the Commission within 30 days of the date this final determination is posted. If an appeal is filed, copies of appeal documents prepared by the Postal Regulatory Commission or the parties to the appeal will be made available for public inspection at Simsbury Post Office during normal office hours.

NOTICE OF FILING UNDER 39 U.S.C. § 404(d)

TO THE UNITED STATES POSTAL SERVICE:

Please take notice that on September 21, 2011, the Commission received two petitions for review of the Postal Service's determination to close the Tariffville post office located in Tariffville, Connecticut. The first petition for review was filed by Mary A. Glassman on behalf of the Town of Simsbury. The second petition for review was filed by Theresa Salb. They are both postmarked September 9, 2011.

This notice is advisory only and is being furnished so that the Postal Service may begin assembling the administrative record in advance of any formal appeal proceedings held upon the alleged (closing/consolidation) for transmittal pursuant to 39 CFR § 3001.113(a) (requiring the filing of the record within 15 days of the filing with the Commission of a petition for review). The Postal Service's administrative record is due no later than October 6, 2011.

Dear Commission:

I am writing on behalf of the Town of Simsbury to object to the closing of the Tariffville Post Office decision made by the United States Postal Service Headquarters.

As a preliminary matter, the people of Simsbury are disappointed with the process that the Post Office followed in making the decision as well as informing the Town about the closure.

Last February, postal officials took advantage of a winter incident to close the Tariffville Post Office even though it was determined that the building had no structural damage. We believe that this discontinuation of service was the beginning of an unfair process.

As has been stated by residents, local public officials as well as state and federal elected officials, the closure of the Tariffville Post Office is detrimental to the village community that relies heavily on this post office branch and does provide any feasible alternatives.

We believe the closure should be reversed for the following reasons:

- Tariffville Post Office serves many elderly and disabled individuals who find it difficult to travel the additional miles to the Simsbury Post Office
- Tariffville Post Office is the only postal service available to residents during winter and flooding incidents when access across the Farmington River to get to the Simsbury Post Office is often not possible for days at a time
- Simsbury Post Office is already overburdened and does not provide adequate parking and staff to service additional customers
- Tariffville Post Office provides an economic development function to the nearby schools, churches and businesses

An Equal Opportunity Employer

8:30 - 4:30 Tuesday through Friday

- Tariffville Post Office officials were provided other, cost effective alternatives that would have enabled the post office to function more efficiently and to produce a profit enabling the branch to remain open.

Given the amount of time, effort and alternatives provided to Postal officials, the closure of the Tariffville Post Office is extremely disappointing and short sighted.

It is also disconcerting that the decision to close the Tariffville Post Office was also made without any notification to residents, town or state and federal officials despite the numerous letters and correspondence sent on this matter to Post Office officials since February. The method of communication of simply posting the decision which then starts the 30 day appeal period running is clearly unfair.

The Town of Simsbury asks that you reverse the decision to close the Tariffville Post Office. We believe that the alternative locations provided to Postal officials as well as the special needs of village residents and lack of other adequate options support this decision.

Sincerely,

Mary A. Glassman

Tariffville Post Office

An open letter to Kimberly Peters, Conn. district manager, U.S. Post Office.

Thank you for hosting a public hearing on the status of the Tariffville Post Office on April 5th. We appreciate your colleagues taking the time to make a presentation, listen to the concerns of the residents and answer questions.

As you know full well by now, this community is fiercely united in its desire to maintain a post office in the village. The standing-room only crowd offered compelling testimony as to why closing this branch would be devastating to Tariffville. I would like to reinforce the following significant points made that evening and hope that they resonate with you:

The Tariffville Post Office is a community treasure, an historical site, an economic anchor, and a major gathering place for locals to meet and share information.

Local businesses count on the Tariffville Post Office to drive their commercial enterprises. Also, the elementary school and two large churches use this post office for direct mail and major bulk mailings.

While we certainly appreciate the difficult financial straits the post office claims, please do not balance your budget on the backs of our good citizens. The Town of Simsbury, facing economic challenges as well, has kept its financial house in order, putting forward a budget with a de minimis 0.21 increase for the fiscal year. We have found creative ways to save while still providing all services. We have not closed any public buildings. We believe that the U.S. Post Office can do the same.

Closing the Tariffville branch would put heavier weight on the Simsbury Post Office — increased traffic, parking problems, longer lines and reduction of quality service. For Tariffville residents, traveling to Simsbury is a hardship, particularly for seniors and the disabled, especially during the winter and periods of flooding. In addition, gas prices are rising, making it economically burdensome and environmentally unsound.

The Town of Simsbury has presented viable alternatives for relocation, within Tariffville, that are readily available with substantially cheaper rent than the Tariffville Post Office was paying at 39 Main St.

The USPS closed the Tariffville Post Office without prior study, and in violation of Section 123.7 of the USPS Postal Operation Manual on Emergency Suspension of Services. In addition, they have not undertaken the study required by Section 106 of the National Historic Preservation Act of 1966.

Town officials remain committed to the campaign initiated to maintain a post office in Tariffville and stand by its citizens in this fight. Please hear my plea and those of countless others to make the right decision. We continue to remain available to assist you in doing so.

Please keep us apprised of developments since the April 5th hearing and what the next steps will be.

Thank you for your consideration.

Over 100 residents implore officials to re-open post office

By Sloan Brewster
Staff Writer

Approximately 150 people crowded into a meeting room at Trinity Episcopal Church in Tariffville to make their case for getting a post office back in the village.

"Fight injustice," said one man as he filed into the church.

First Selectman Mary Glassman spoke briefly before departing for the Simsbury budget hearing.

"We're here to tell you tonight that closing the Tariffville Post Office would have devastating effects on the businesses and people of Simsbury," she said. "We need to keep the Tariffville Post Office open!" Folks cheered and applauded.

In February, the historic Main Street building where the post office was located was evacuated by the landlord due to structural issues. While the building itself was later re-opened and other tenants returned, the post office has remained closed and local services were moved to the Simsbury branch.

People in attendance at the April 5 public hearing, which was hosted by the Postal Service, expected answers to questions about the closure of the post office, but as they were leaving, many grumbled that most of those questions remained unanswered.

People in attendance at the April 5 public hearing, which was hosted by the Postal Service, expected answers to questions about the closure of the post office, but as they were leaving, many grumbled that most of those questions remained unanswered. ... "I think from this meeting we all realize that the postal officials did not come prepared," someone from the audience said toward the end of the meeting.

During discussions in the meeting, people voiced those concerns aloud.

"I think from this meeting we all realize that the postal officials did not come prepared," someone from the audience said toward the end of the meeting.

"You should be ashamed at how unprepared you are," someone else said.

Among questions not answered was why the post office was not re-opened when the rest of the building was.

What people did learn was that the Tariffville branch was not slated for closure before the building was evacuated. They did not get an answer to why that changed simply because of temporary structural issues. Some in the audience suggested that the Postal Service merely took advantage of the situation.

Maureen Marion, manager of public affairs and communications for the Northeast area said no decisions had been made on permanently closing the local branch and that the idea was merely under study by the Postal Service.

Before opening the hearing to the public, Marion gave a presentation in which she discussed financial troubles the Postal Service is suffering.

In 2010, the Postal Service lost $8.5 billion and in 2011 the service anticipates a $7 billion loss, she said.

Residents make pleas to have Tariffville Post Office re-opened

Continued from page 17

"For many reasons, the volume of mail has declined 2.7 percent since 2007," Marion said.

She said the Postal Service was looking into ways to save some money. In two years, revenue at the Tariffville branch went down by 19 percent or $30,000, she said.

Some speakers discussed the personal hardship of losing the local branch and being forced to do their postal business in Simsbury. They commented on poor parking and the additional gas costs. One person said he had calculated, that based on current gas prices, it costs an extra $8 per week to go to the Simsbury office.

"I haven't picked my mail up in two weeks. I don't go to Simsbury," one woman said. "People who work in Hartford, they don't go to Simsbury."

She also described being treated like an outsider at post offices in other towns. "A couple of years ago I stopped in Southwick (Mass.) to get some packing supplies and they were out. She said, 'I stock them for my regular customers,' and I thought to myself, I'm a regular customer, but I don't think I am," she said. "I'm Mary Ann's customer."

Mary Ann Chiapponi was the postmaster at the Tariffville Post Office and is now working in Simsbury and other offices as needed.

Ellen Corvo of Trinity Episcopal Church said the church relies on the post office for bulk mailings and sometimes sends as many as 600 or 700 a month.

"The bottom line is you have 700 households here and I'm not the only church represented here," Corvo said.

Others spoke to the overall industry. "I think you've missed the entire point of what the Tariffville Post Office was," said Jay Sottolano. "The Tariffville Post Office was the model of what the Postal Service should become."

Sottolano spoke of upgrades the postal service has implemented and "modernization techniques" such as building larger more regionalized stores, and suggested these changes could be the reason the Postal Service is in financial straits. In Tariffville, he said, there was a single solitary worker who not only completed her tasks efficiently, but did so with a personality that endeared her to the entire community. Large-scale operations have no way of competing with that, he insisted, and was given a round of cheers and applause.

The Postal Service made no promises on whether or not it would return to Tariffville, though Marion said it was looking at two buildings that have been suggested for alternative locations. Residents, for their part, did make a promise. They said they would keep up the fight to get their post office back. Postal Worker's Union President Robert Johnson gave some ideas on how they should pursue their case. "Go home, write your comments," he said. "The decision is going to be made when they get written commentary."

He also said he would look into having the Main Street location reopened while the study is ongoing.

"Tomorrow I'm going to make calls," he said. "Why aren't we back in there? If the building is habitable, why aren't we in there?"

Docket No. A2011-80

NOTICE AND ORDER ACCEPTING APPEAL AND ESTABLISHING PROCEDURAL SCHEDULE

(Issued September 23, 2011)

Notice is hereby given that, pursuant to 39 U.S.C. 404(d), on September 21, 2011, the Commission received two petitions for review of the Postal Service's determination to close the Tariffville post office in Tariffville, Connecticut. The first petition was filed by Mary A. Glassman on behalf of the Town of Simsbury. The second petition was filed by Theresa Salb. Both petitions are postmarked September 9, 2011. The Commission hereby institutes a proceeding under 39 U.S.C. 404(d)(5) and establishes Docket No. A2011-80 to consider Petitioners' appeal. If Petitioners would like to further explain their position with supplemental information or facts, Petitioners may either file a Participant Statement on PRC Form 61 or file a brief with the Commission no later than October 26, 2011.

Categories of issues apparently raised. Petitioners contend that the Postal Service failed to consider the effect of the closing on the community. *See* 39 U.S.C. 404(d)(2)(A)(i).

After the Postal Service files the administrative record and the Commission reviews it, the Commission may find that there are more legal issues than the one set forth above, or that the Postal Service's determination disposes of one or more of those issues. The deadline for the Postal Service to file the applicable administrative record with the Commission is October 6, 2011. *See* 39 CFR 3001.113. In addition, the due date for any responsive pleading by the Postal Service to this Notice is October 6, 2011.

Availability; website posting. The Commission has posted the appeal and supporting material on its website at *http://www.prc.gov*. Additional filings in this case and participants' submissions also will be posted on the Commission's website, if provided in electronic format or amenable to conversion, and not subject to a valid protective order. Information on how to use the Commission's website is available online or by contacting the Commission's webmaster via telephone at 202-789-6873 or via electronic mail at *prc-webmaster@prc.gov*.

The appeal and all related documents are also available for public inspection in the Commission's docket section. Docket section hours are 8 a.m. to 4:30 p.m., eastern time, Monday through Friday, except on Federal government holidays. Docket section personnel may be contacted via electronic mail at *prc-dockets@prc.gov* or via telephone at 202-789-6846.

Filing of documents. All filings of documents in this case shall be made using the Internet (Filing Online) pursuant to Commission rules 9(a) and 10(a) at the Commission's website, *http://www.prc.gov*, unless a waiver is obtained. *See* 39 CFR 3001.9(a) and 3001.10(a). Instructions for obtaining an account to file documents online may be found on the Commission's website or by contacting the Commission's docket section at *prc-dockets@prc.gov* or via telephone at 202-789-6846.

The Commission reserves the right to redact personal information which may infringe on an individual's privacy rights from documents filed in this proceeding.

Intervention. Persons, other than Petitioners and respondent, wishing to be heard in this matter are directed to file a notice of intervention. *See* 39 CFR 3001.111(b). Notices of intervention in this case are to be filed on or before October 18, 2011. A notice of intervention shall be filed using the Internet (Filing Online) at the Commission's website unless a waiver is obtained for hardcopy filing. *See* 39 CFR 3001.9(a) and 3001.10(a).

Further procedures. By statute, the Commission is required to issue its decision within 120 days from the date it receives the appeal. *See* 39 U.S.C. 404(d)(5). A procedural schedule has been developed to accommodate this statutory deadline. In the interest of expedition, in light of the 120-day decision schedule, the Commission may request the Postal Service or other participants to submit information or memoranda of law on any appropriate issue. As required by the Commission rules, if any motions are filed, responses are due 7 days after any such motion is filed. *See* 39 CFR 3001.21.

It is ordered:

1. The Postal Service shall file the applicable administrative record regarding this appeal no later than October 6, 2011.

2. Any responsive pleading by the Postal Service to this Notice is due no later than October 6, 2011.

3. The procedural schedule listed below is hereby adopted.

4. Pursuant to 39 U.S.C. 505, Cassandra L. Hicks is designated officer of the Commission (Public Representative) to represent the interests of the general public.

5. The Secretary shall arrange for publication of this Notice and Order in the *Federal Register*.

By the Commission.

APPEALS OF POSTAL SERVICE DETERMINATIONS TO CLOSE OR CONSOLIDATE POST OFFICES

INTRODUCTION

Congress statutorily requires the Postal Service to follow specific procedures and consider certain factors before making a Final Determination to close or consolidate a post office. The law gives any patron the right to appeal the Postal Service's final determination to the Postal Regulatory Commission, ("PRC" or "Commission"), an independent agency which is not affiliated with the Postal Service. When a patron appeals a Postal Service Final Determination, the PRC must decide whether the Postal Service's closure of consolidation of a post office is consistent with the law.

To assist the Commission in its consideration of an appeal of the Postal Service's decision to close or consolidate your post office, you may want to send a written statement explaining why you believe the Commission should reverse the Final Determination and return the entire matter for further consideration. Enclosed, please find a *Participant Statement* form that you may use to present your written argument.

POSTAL REGULATORY COMMISSION AUTHORITY

With respect to appeals of Postal Service Final Determinations to close or consolidate a post office, the Commission is limited to "appellate jurisdiction." As a result, the Commission cannot conduct its own fact-finding investigation and must consider appeals based solely upon the record which consists of the Proposal, Final Determination and other documents the Postal Service collected during closure or consolidation consideration. Postal Service regulations require that a copy of the record be available at the affected post office for thirty (30) days after the Final Determination is posted. After the initial posting period, Postal Service employees will have information on how a copy of the record may be obtained.

Limitations on the Commission's authority prohibits it from returning a Final Determination to the Postal Service simply because the Commission believes a different result might be better. Rather, the PRC may only examine the Postal Service's decision and record in order to determine whether the Postal Service abided by the statutory guidelines. Specifically, the law requires that the Commission affirm the Postal Service's Final Determination unless the determination is:

(A) arbitrary, capricious, an abuse of discretion or otherwise not in accordance with the law;

(B) without observance of procedure required by law; or

(C) unsupported by substantial evidence on the record.

Furthermore, the Commission may not change the Postal Service's Final Determination. It may only (1) affirm the decision or (2) remand the entire matter to the Postal Service for further consideration.

AUTHORITY OF POSTAL SERVICE

In keeping with its responsibility to operate the nation's mail system, the Postal Service has been given considerable authority over the operations of post offices; this authority includes the power to decide whether an office should be closed or consolidated. However, before reaching a decision to close or consolidate a post office, the Postal Service must follow a procedure set up by law as well as consider specific factors involved in such an action.

PROCEDURE

The law sets out the steps the Postal Service must take before is closes or consolidates a post office. Specifically, the Postal Service, prior to making a determination . . . as to the necessity of the closing and consolidation of any post office, shall provide adequate notice of its intention to close or consolidate such post office *at least sixty (60) days prior to the proposed date of such closing or consolidation* to persons served by such post office to insure that that such persons will have an opportunity to present their views.

The Postal Service calls its "notice of its intention to close or consolidate" the "Proposal." As noted above, the proposal must be posted for sixty (60) days. During the sixty (60) days, patrons are invited to give the Postal Service their comments on the proposed closing or consolidation. The Postal Service calls its determination to close or consolidate the "Final Determination." Any determination of the Postal Service to close or consolidate a post office shall be in writing and shall include the findings of the Postal Service with respect to the considerations required to be made . Such determination and findings shall be made available to persons served by such post office. The Postal Service shall take no action to close or consolidate a post office *until sixty (60) days after its written determination is made available to persons served* by such post office.

FACTORS TO BE CONSIDERED

In addition to following the required procedure, the Postal Service must also consider certain factors.

The Postal Service, in making a determination whether or not to close or consolidate a post office, shall consider:

(A) the effect of such closing or consolidation on the community served by such post office;

(B) the effect of such closing or consolidation on employees of the Postal Service employed at such office;

(C) whether such closing or consolidation is consistent with the policy of the Government . . . that the Postal Service shall provide a maximum degree of effective and regular postal services to rural areas, communities and small towns where post offices are not self-sustaining;

(D) the economic savings to the Postal Service resulting from such closing or consolidation; and

(E) such other factors as the Postal Service determines are necessary.

PARTICIPANT STATEMENT

We have included a form that you may use for your written argument. The purpose of the Participant Statement is the same a formal brief which is to point out issues that you believe that Commission should consider in its review of the Postal Service's actions. You may file a Participant Statement as a formal brief. General examples of some issues that would be proper to include would be:

1. That the Postal Service did not consider certain issues it is required to consider;

2. The facts relied on by the Postal Service have not been established;

3. The Postal Service did not follow the procedure required by law; or

4. The facts is the Postal Service's final determination are true, but they do not prove what the Postal Service says they prove.

The Participant Statement should be as specific as possible.

In reviewing Postal Service determinations to close or consolidate post offices, Commission proceedings can be much less formal than is customary in courts. The Commission does not require patrons appealing Postal Service decisions to meet the usual format requirements for filed documents. No technical formalities are required. However, it is important that papers sent to the PRC are legible. It is also important for statements to be clear and as specific as possible.

The due date for a Participant Statement or brief can be found in the schedule which is attached as an Appendix to the "Notice and Order of Filing of Appeal." You should have a copy of the Notice and Order. If you do not, you should be able to find a copy posted at the post

office. Under its rules, the Commission expects to receive briefs on the day specified in the schedule, rather than receiving briefs that are simply postmarked by that day.
