FAILURE TO REVISE AND UPDATE INFORMATION
TO THE UNION & CONSUMERS ON THE AMP STUDY
FOR MID-HUDSON P. & D. CENTER

DOCKET # C2013-3

**MID-HUDSON AREA LOCAL MOTION TO FILE LATE ACCEPTANCE
AND REQUESTING AN EXTENSION TO
RESPOND TO MOTION TO DISMISS
MAY 16, 2013**

The Mid-Hudson Area Local was not aware that any motion had been submitted by the USPS as we believed that any motions would be sent by the mail service. Most federal agencies provide for the public and other complainant's that do not utilize the electronic system the ability to receive motions by certified mail. We are a supporter of our Employer and process everything in our local through the mail service system and the USPS has always supported that process.

We were contacted today by phone from the PRC with regard to the USPS Motion to Dismiss today. We immediately requested information on how to respond to their motion and how to receive a copy of this motion. We plead with the PRC in all fairness to give us an extension to provide a response.

We are requesting that the PRC accept our lateness and to provide us an extension and give us a new deadline to respond to the USPS Motion to Dismiss.

The Mid-Hudson Area Local petitions the Commission to accept our motion.

Respectfully Submitted,

Deborah Szeredy/Mid-Hudson Area Local
for Docket Nos. C2013-3
