¹ This filing includes the establishment of price ranges for competitive Post Office Box service. Order No. 780, at 14 (July 29, 2011) directed the Postal Service to explain how it will develop and report costs for service enhancements offered at competitive P.O. Box Service locations, when it proposes to change prices for competitive P.O. Box Service. Costs for Competitive Post Office Box service will be computed from a combination of specific finance number costs for projects, such as setting up the street address option and the costs associated with making physical changes to the locations. These would be reported as product specific costs, along with advertising for the product. Information Technology (IT) costs will be calculated by reporting the number of email or text notifications to customers and the average time and data transfer cost per notification.

**CERTIFICATION OF GOVERNORS' VOTE
IN THE
GOVERNORS' DECISION NO. 11-8**

I hereby certify that the Governors voted on adopting Governors' Decision No. 11-8, and that, consistent with 39 USC 3632(a), a majority of the Governors then holding office concurred in the Decision.

Secretary of the Board of Governors

**DECISION OF THE GOVERNORS OF THE UNITED STATES POSTAL SERVICE ON CHANGES
IN RATES AND CLASSES OF GENERAL APPLICABILITY FOR COMPETITIVE PRODUCTS
(GOVERNORS' DECISION No. 11-8)**

October 18, 2011

STATEMENT OF EXPLANATION AND JUSTIFICATION

Pursuant to our authority under section 3632 of title 39, as amended by the Postal Accountability and Enhancement Act of 2006 ("PAEA"), we establish new prices of general applicability for the Postal Service's shipping services (competitive products), and such changes in classifications as are necessary to define the new prices. The changes are described generally below, with a detailed description of the changes in the attachment. The attachment includes the draft Mail Classification Schedule sections with changes in classification language in legislative format, and new prices displayed in the price charts.

As shown in the nonpublic annex being filed under seal herewith, the changes we establish should enable each competitive product to cover its attributable costs (39 U.S.C. § 3633(a)(2)) and should result in competitive products as a whole complying with 39 U.S.C. § 3633(a)(3), which, as implemented by 39 C.F.R. § 3015.7(c), requires competitive products to contribute a minimum of 5.5 percent to the Postal Service's institutional costs. Accordingly, no issue of subsidization of competitive products by market dominant products should arise (39 U.S.C. § 3633(a)(1)). We therefore find that the new prices and classification changes are in accordance with 39 U.S.C. §§ 3632-3633 and 39 C.F.R. § 3015.2.

I. Domestic Products

A. Express Mail

Overall, the Express Mail price change represents a 3.3 percent increase. The existing structure of zoned Retail, Commercial Base and Commercial Plus price categories is maintained. New for January 2012, we will be introducing a Flat Rate Box, priced at \$39.95 across all channels.

Retail prices will increase an average of 4.4 percent. The price for the Retail Flat Rate Envelope and Legal Flat Rate Envelope, a significant portion of all Express Mail volume, is increasing 3.6 percent to \$18.95.

The Commercial Base price category offers lower prices to customers who use online and other authorized postage payment methods. The Commercial Base prices will decrease 5.0 percent.

The Commercial Plus price category offers even lower prices to large-volume customers. Commercial Plus prices, as a whole, will receive a zero percent increase, although some prices will increase and other prices will decrease.

B. Priority Mail

Overall, Priority Mail prices will increase by 3.1 percent. However, the price increase varies by rate cell and price tier. The existing structure of Retail, Commercial Base, and Commercial Plus price categories is maintained.

Retail prices will increase an average of 3.2 percent. Flat Rate Box prices will be: Small, \$5.35; Medium, \$11.35; Large, \$15.45; and Large APO/FPO/DPO, \$13.45. The regular Flat Rate Envelope will be priced at \$5.15, with the Legal Size and Padded Flat Rate Envelopes priced at \$5.30 at retail.

The Commercial Base price category offers lower prices to customers using online and other authorized postage payment methods. The average price increase for Commercial Base will be 3.0 percent. A new, larger-sized Regional Rate Box price tier will be added to the two existing sizes. If deposited at retail, a \$0.75 fee will be added.

The Commercial Plus price category offers even lower prices to large-volume customers. The average price increase for Commercial Plus will be 2.8 percent. This price category will continue to contain Critical Mail letters and flats, a half pound price, an assortment of Flat Rate packaging, and Commercial Plus Cubic pricing. Cubic mailers will have a reduced threshold of 150,000 pieces per year (reduced from 250,000) to qualify. Cubic mailers will also be able to use soft packaging. Finally, Open and Distribute pricing for specified trays and flat tubs will be introduced in January.

C. Parcel Select

On average, prices for Parcel Select, the Postal Service's bulk ground shipping product, will increase 8.5 percent. For destination entered parcels, the average price increases are 7.6 percent for parcels entered at a destination delivery unit (DDU), 7.8 percent for parcels entered at a destination plant (DSCF) and 6.8 percent for parcels entered at a destination Network Distribution Center (DNDC).

For nondestination-entered parcels, the average price increases are 1.5 percent for origin Network Distribution Center (ONDC) presort, 0.9 percent for Network Distribution Center (NDC) presort, and 0.8 percent for nonpresort. The three-cent barcode discount will also be eliminated. Prices for Lightweight Parcel Select, formerly Standard Mail commercial parcels, will increase by 8.9 percent in order to complete its transfer to the competitive product list. Also, the maximum dimensions for Regional Ground will increase to accommodate any machinable parcel within this price category. Finally, in January 2012, the Intelligent Mail Package Barcode (IMpb) will provide customers with free visibility for these parcels.

D. Parcel Return Service

Parcel Return Service prices will have an overall price increase of 4.6 percent. Prices for parcels retrieved at a return Network Distribution Center (RNDC) will have a zero percent overall increase, and prices for parcels picked up at a return delivery unit (RDU) will increase 8.9 percent. Additionally, the Postal Service's suite of returns offerings, including PRS, Merchandise Return Service, Priority Mail, First-Class Mail, and Package Services, will have new "Return Service" branding.

E. Commercial First-Class Package Service

Commercial First-Class Mail parcels were recently transferred to the competitive product list, and will be renamed Commercial First-Class Package Service. This product is positioned as a lightweight (less than one pound) offering used by businesses for fulfillment purposes. Overall, Commercial First-Class Package Service prices will increase 3.7 percent, with no structural changes.

F. Domestic Extra Services

Premium Forwarding Service prices will increase 3.4 percent. The weekly reshipment fee will increase to \$15.25. On average, Address Enhancement Service prices will increase 7.3 percent. The 49 Post Office Box locations that were added to the competitive product list in June 2010 will be joined by 6,800 additional Post Office Box locations in January 2012. Additional fee ranges for these boxes in Fee Groups 2 through 7 will be added as well. Lastly, Package Intercept service will be introduced within the Competitive Ancillary Services product, priced at \$10.95.

II. International Products

A. Expedited Services

International expedited services include Global Express Guaranteed (GXG) and Express Mail International (EMI). Overall, GXG prices will rise by 6 percent, and EMI will be subject to an overall 11.6 percent increase. Classification changes include changes to published discounts. In lieu of offering an across-the-board discount for customers using approved postage payment methods, published discounts will be expanded to include rate cell-specific discounted schedules for both GXG and EMI. The commercial base discount schedules replace the current across-the-board percentage discounts for eligible shipments using selected payment methods. Customers tendering at least \$100,000 in revenue per year for GXG, EMI, and Priority Mail International (PMI) may request authorization for new commercial plus discounts. We are introducing two versions of a new Express Mail International Flat Rate Box, with a maximum weight of 20 pounds. Customers pay a flat rate of \$59.95 to Canada and \$74.95 for all other countries that accept Express Mail International. Classification changes also include

country group assignments for the country of Tonga, and changes to the dimensional limits for EMI.

B. Priority Mail International

The overall increase for Priority Mail International (PMI) will be 8.7 percent. Classification changes include the simplification of dimensional criteria for flat rate envelopes and boxes, changes to the dimensional limits for PMI, and the introduction of commercial base and commercial plus discounts as described for GXG and EMI.

C. International Priority Airmail and International Surface Air Lift

Published prices International Priority Airmail (IPA) will increase by 1.0 percent, and International Surface Air Lift (ISAL) prices will increase by 13.7 percent.

D. Airmail M-Bags

The published prices for Airmail M-Bags will increase by 3.5 percent.

E. International Ancillary Services and Special Services

Prices for several international ancillary services and paper money orders will be increased. For international ancillary services, the overall increase is 5.0 percent. Money order prices will increase by 4.7 percent.

ORDER

The changes in prices and classes set forth herein shall be effective at 12:01 A.M. on January 22, 2012. We direct the Secretary to have this decision published in the *Federal Register* in accordance with 39 U.S.C. § 3632(b)(2). We also direct management to file with the Postal Regulatory Commission appropriate notice of these changes.

APPLICATION OF THE UNITED STATES POSTAL SERVICE FOR NON-PUBLIC TREATMENT OF MATERIALS

In accordance with 39 C.F.R. § 3007.21, the Postal Service hereby applies for non-public treatment of the attributable cost, contribution, and cost coverage data in the unredacted version of the annex to Governors' Decision No. 11-8. The Postal Service hereby furnishes the justification required for this application by each subsection of 39 C.F.R. § 3007.21(c), as enumerated below. For the reasons discussed, the Postal Service asks that the Commission grant its application for non-public treatment of the identified materials.

(1) The rationale for claiming that the materials are non-public, including the specific statutory basis for the claim, and a statement justifying application of the provision(s);

The materials designated as non-public consist of information of a commercial nature, which under good business practice would not be publicly disclosed. In the Postal Service's opinion, this information would be exempt from mandatory disclosure pursuant to 39 U.S.C. § 410(c)(2) and 5 U.S.C. § 552(b)(3).¹ Because the portions of the materials which the Postal Service is applying to file only under seal fall within the scope of information not required to be publicly disclosed, the Postal Service asks the Commission to support its determination that these materials are exempt from public disclosure and grant its application for their non-public treatment.

(2) Identification, including name, phone number, and email address for any third-party who is known to have a proprietary interest in the materials, or if such an identification is sensitive, contact information for a Postal Service employee who shall provide notice to that third party;

None.

¹ In appropriate circumstances, the Commission may determine the appropriate level of confidentiality to be afforded to such information after weighing the nature and extent of the likely commercial injury to the Postal Service against the public interest in maintaining the financial transparency of a government establishment competing in commercial markets. 39 U.S.C. § 504(g)(3)(A). The Commission has indicated that "likely commercial injury" should be construed broadly to encompass other types of injury, such as harms to privacy, deliberative process, or law enforcement interests. PRC Order No. 194, Second Notice of Proposed Rulemaking to Establish a Procedure for According Appropriate Confidentiality, Docket No. RM2008-1, Mar. 20, 2009, at 11.

- (3) A description of the materials claimed to be non-public in a manner that, without revealing the materials at issue, would allow a person to thoroughly evaluate the basis for the claim that they are non-public;**

The redacted information consists of the projected FY2012 attributable cost, contribution, and cost coverage for each competitive product that is the subject of this docket.

- (4) Particular identification of the nature and extent of commercial harm alleged and the likelihood of such harm;**

If competitors of the Postal Services were to have access to this information, they would likely focus their marketing and price cutting efforts on the Postal Service's most profitable products. This will lead to erosion of contribution of these products through lost sales and/or the need to lower prices to compete. Postal product cost and contribution information would provide suppliers of postal transportation and other services with information they could use to seek higher rates for services they provide. This would lead to higher postal costs and loss of contribution. Although the extent of the commercial harm is difficult to quantify, given that Shipping Services is a multi-billion dollar enterprise, even a small change in market share, prices, or costs could lead to millions of dollars in lost revenue, higher costs, and lower contribution margins. It is highly likely that if this information were made public, the Postal Service's competitors and suppliers would take advantage of it almost immediately.

- (5) At least one specific hypothetical, illustrative example of each alleged harm;**

Identified harm: Competitors could use product cost, contribution, or cost coverage information to assess vulnerabilities and focus sales and marketing efforts to the Postal Service's detriment.

Hypothetical: Cost, contribution and/or cost coverage information is released to the public and available to a competitor. The competitor assesses the profitability of certain services based on the data released. The competitor then targets its advertising and sales efforts at actual or potential customers in market segments where the Postal

Service has substantial contribution, thereby hindering the Postal Service's ability to maintain these customers.

Identified harm: Suppliers of transportation or other services use the information to seek higher rates for services they provide to the Postal Service.

Hypothetical: Cost, contribution and/or cost coverage information is released to the public and available to a supplier. Supplier reviews the information and is made aware of expected contribution margins for the coming fiscal year. With this information, Supplier decides to increase the rate it charges the Postal Service to provide transportation and/or other services for postal products.

(6) The extent of protection from public disclosure deemed to be necessary;

The Postal Service maintains that the redacted portions of the materials filed non-publicly should be withheld from persons involved in competitive decision-making in the market for domestic parcel shipping products, as well as their consultants and attorneys. Additionally, suppliers of transportation or other services to the Postal Service that affect costs for competitive services should not have access to these materials; this restriction should include their consultants and attorneys.

(7) The length of time deemed necessary for the non-public materials to be protected from public disclosure with justification thereof; and

The Commission's regulations provide that non-public materials shall lose non-public status ten years after the date of filing with the Commission, unless the Commission or its authorized representative enters an order extending the duration of that status. 39 C.F.R. § 3007.30.

(8) Any other factors or reasons relevant to support the application.

None.
