Docket No. MC96-3

UNITED STATES POSTAL SERVICE NOTICE
OF FILING REVISIONS
TO LIBRARY REFERENCE SSR-11
(July 26, 1996)

The United States Postal Service hereby gives notice of the filing of revisions to Library Reference SSR-11, Rollforward Expense Factors. Using the informal procedure for resolving technical problems that was established at the July 17 Technical Conference, the fact that a spreadsheet in SSR-11 contained a link to a file that was not otherwise available or documented was brought to the attention of postal counsel.

This problem is resolved by the filing of an updated diskette and an additional page of hard copy documentation. The link now points to another spreadsheet page that explains the derivation of a single figure (3,466) in the original spreadsheet. The diskette in SSR-11 contains many files that are compressed into one. Rather than filing just the one file that required a fix (which would require use of both the original and revised diskettes), the Postal Service is filing a complete replacement diskette that contains all the files again compressed together. The additional hard copy

documentation reflecting the linked spreadsheet page has been marked as page 207A and should be inserted in SSR-11 immediately following existing page 207.
