- if the Commission completes its review of the successor agreement filed in Docket No. CP2019-104 after March 29, 2019, and an effective date for the successor agreement is established, then the Agreement shall remain in effect until the business day prior to the effective date of the successor agreement, unless the Agreement is terminated sooner pursuant to Article 13, Article 14, or Article 34;
- if an effective date for the successor agreement is not established, the Agreement shall remain in effect until February 29, 2020, unless terminated sooner, pursuant to Article 13, Article 14, or Article 34.

A redacted version of Modification One is filed publicly as Attachment 1, while the unredacted version of the modification is filed under seal. With respect to the nonpublic version of the modification that is filed under seal, the Postal Service hereby includes an Application for Non-Public Treatment as Attachment 2.

All other terms and conditions of the Agreement shall remain in force.

The Parties acknowledge and understand that all obligations of the USPS under this Modification shall be contingent on the USPS receiving approvals (hereinafter "Conditions Precedent") from one or more internal and external bodies that have oversight responsibilities. Conditions Precedent may include, but are not limited to: approvals or, if applicable, non-object, from responsible USPS management officials, the USPS Board of Governors, the USPS Governors, the Postal Regulatory Commission, and/or any other governmental body with oversight responsibility for the USPS. In the event that the Conditions Precedent are not fulfilled, the USPS shall have no liability, which shall include no obligation to pay costs associated with any action taken by the Mailer prior to the Effective Date of this Modification. Further, in the event of termination of the Agreement or the failure of any Condition Precedent, the USPS shall not be held liable for any damages including, without limitation, actual, special, indirect, incidental, punitive, consequential, or any other damages, which shall include but not be limited to damages for loss of business profits; business interruption; any other loss; and/or any costs incurred by either Party attributable to such non-approval such as attorney's fees.

revenue, cost or volume data) in other Commission dockets, including the Commission docket number for the Annual Compliance Report (ACR) for the USPS fiscal year(s) in which this Agreement is in effect. Each ACR docket has a distinct docket number, such as ACR201#, in which "201#" signifies the USPS fiscal year to which the ACR pertains. The Mailer has the right, in accordance with the Commission's rules, to address its confidentiality concerns directly with the Commission. The procedure for making an application to the Commission for non-public treatment of materials believed to be protected from disclosure is found in part 3007 of the regulations concerning the Commission in Title 39 of the Code of Federal Regulations.

APPLICATION OF THE UNITED STATES POSTAL SERVICE FOR NON-PUBLIC TREATMENT OF MATERIALS

In accordance with 39 C.F.R. § 3007.201, the United States Postal Service (Postal Service) hereby applies for non-public treatment of certain materials filed with the Commission in this docket concerning Modification One to a Global Expedited Package Services - Non-Published Rates 14 (hereinafter “GEPS - NPR 14”) contract.

Modification One to the contract that is the subject of this docket is being filed separately in this docket under seal with the Commission. A redacted copy of Modification One is filed as Attachment 1.

The Postal Service hereby furnishes the justification required for this application by 39 C.F.R. § 3007.201(b) below.

(1) The rationale for claiming that the materials are non-public, including the specific statutory provision(s) supporting the claim, and an explanation justifying application of the provision(s) to the materials.

Information of a commercial nature, which under good business practice would not be publicly disclosed, as well as third party business information, is not required to be disclosed to the public. 39 U.S.C. § 410(c)(2); 5 U.S.C. § 552(b)(3) and (4). The Commission may determine the appropriate level of confidentiality to be afforded to such information after weighing the nature and extent of the likely commercial injury to the Postal Service against the public interest in maintaining the financial transparency of a government establishment competing in commercial markets.

39 U.S.C. § 504(g)(3)(A). Because the portions of materials filed non-publicly in this

1 The Commission has indicated that "likely commercial injury" should be construed broadly to encompass other types of injury, such as harms to privacy, deliberative process, or law enforcement interests. PRC Order No. 194, Second Notice of Proposed Rulemaking to Establish a Procedure for According Appropriate Confidentiality, Docket No. RM2008-1, March 20, 2009, at 11.
docket fall within the scope of information not required to be publicly disclosed, the
Postal Service asks the Commission to support its determination that these materials
are exempt from public disclosure and grant its application for their non-public
treatment.

(2) A statement of whether the submitter, any person other than the submitter, or
both have a proprietary interest in the information contained within the non-
public materials, and the identification(s) specified in paragraphs (b)(2)(i) through
(ii) of this section (whichever is applicable). For purposes of this paragraph,
identification means the name, phone number, and email address of an
individual.2

Concerning this Modification One to a GEPS - NPR 14 contract, the Postal
Service believes that persons other than the Postal Service with a proprietary interest
contained within the materials are the customer.

The Postal Service maintains that customer identifying information should be
withheld from public disclosure. Therefore, rather than identifying the customer for the
contract that is the subject of this docket, the Postal Service gives notice that it has
already informed the customer, in compliance with 39 C.F.R. § 3007.200(b), of the
nature and scope of this filing and its ability to address its confidentiality concerns
directly with the Commission.

2 Section 3007.201(b)(2) further states the following:
(i) If the submitter has a proprietary interest in the information contained within the materials,
identification of an individual designated by the submitter to accept actual notice of a motion related to the
non-public materials or notice of the pendency of a subpoena or order requiring production of the
materials.
(ii) If any person other than the submitter has a proprietary interest in the information contained
within the materials, identification of each person who is known to have a proprietary interest in the
information. If such an identification is sensitive or impracticable, an explanation shall be provided along
with the identification of an individual designated by the submitter to provide notice to each affected
person.
(iii) If both the submitter and any person other than the submitter have a proprietary interest in the
information contained within the non-public materials, identification in accordance with both paragraphs
(b)(2)(i) and (ii) of this section shall be provided. The submitter may designate the same individual to
fulfill the requirements of paragraphs (b)(2)(i) and (ii) of this section.
The Postal Service employee responsible for providing notice to the customer with proprietary interest in the materials filed in this docket is Ms. Amy E. Douvlos, Marketing Specialist, Global Business, United States Postal Service, 475 L’Enfant Plaza, SW, Room 5427, Washington, DC 20260-4017, whose email address is Amy.E.Douvlos@usps.gov, and whose telephone number is 202-268-3777.

(3) A description of the information contained within the materials claimed to be non-public in a manner that, without revealing the information at issue, would allow the Commission to thoroughly evaluate the basis for the claim that the information contained within the materials are non-public.

In connection with the Notice filed by the Postal Service in this docket, the Postal Service included a Modification One. This modification was filed under seal, with a redacted copy filed publicly, after notice to the customer.

With regard to Modification One, the redactions on page 1, and to the footers of each page, and the signature block of the modification constitute the name or address of postal patrons whose identifying information may be withheld from mandatory public disclosure by virtue of 39 U.S.C. § 504(g)(1) and 39 U.S.C. § 410(c)(2).

(4) Particular identification of the nature and extent of the harm alleged and the likelihood of each harm alleged to result from disclosure.

If the portions of the modification that the Postal Service determined to be protected from disclosure due to their commercially sensitive nature were to be disclosed publicly, the Postal Service considers that it is quite likely that it would suffer commercial harm. Revealing customer-identifying information would enable competitors to focus marketing efforts on current postal customers, undermining the efforts and resources that the Postal Service has invested in cultivating business relationships with these customers.

(5) At least one specific hypothetical, illustrative example of each alleged harm.
Identified harm: Revealing customer identifying information would enable competitors to target the customers for sales and marketing purposes.

Hypothetical: The identity of the customer in this contract is revealed to the public. Another delivery service has an employee monitoring the filing of GEPS - NPR contracts and passing along the information to its sales function. The competitor’s sales representatives could quickly contact the Postal Service’s customer and offer the customer lower rates or other incentives to terminate its contract with the Postal Service in favor of using the competitor’s services.

(6) The extent of the protection from public disclosure alleged to be necessary.

The Postal Service maintains that the redacted portions of the materials filed non-publicly should be withheld from persons involved in competitive decision-making in the relevant markets, including parcel and expedited services, as well as their consultants and attorneys. Additionally, the Postal Service believes that actual or potential customers of the Postal Service for this or similar products should not be provided access to the non-public materials. This includes all competitors of the relevant customer, whether or not they are currently actual Postal Service customers.

(7) The length of time for which non-public treatment is alleged to be necessary with justification thereof.

The Commission’s regulations provide that non-public materials shall lose non-public status ten years after the date of filing with the Commission, unless otherwise provided by the Commission. 39 C.F.R. § 3007.401(a). However, because the Postal Service’s relationships with customers often continue beyond ten years or decades, the Postal Service intends to oppose requests for disclosure of these materials pursuant to
39 C.F.R. § 3007.401(b-c).

(8) Any other factors or reasons relevant to support the application.

None.

**Conclusion**

For the reasons discussed, the Postal Service asks that the Commission grant its application for non-public treatment of the identified materials.
