Docket No. ACR2018

**NOTICE OF THE UNITED STATES POSTAL SERVICE
OF FURTHER REVISIONS TO USPS-FY18-4 -- ERRATA**
(July 17, 2019)

The United States Postal Service hereby provides notice of further minor revisions to USPS-FY18-4, FY 2018 Market Dominant Billing Determinants. The Special Services billing determinant file within this folder is being revised to reflect the results of using a better query for a few of the services to pull FY 2018 data from the General Leger. It will be beneficial to have these improved FY 2018 billing determinant data available for application in future proceedings. The changes are further described in the revised Preface also included within the revised folder submitted today.

Today's revised version of USPS-FY18-4 includes only the updated Special Services Excel file. All of the other data files in the USPS-FY18-4 folder were unaffected by these changes, and those unaffected files have not been reproduced in the revised folder. The source for those unaffected files continues to be the original folder filed on December 28, 2018. The replacement file provided for Special Services, however, does serve as a complete replacement for the updated Special Services file submitted as errata on March 29, 2019,

because the single revised tab in that version of the file is also included in this version of the updated file as well.

Respectfully submitted,

UNITED STATES POSTAL SERVICE

By its attorney:
