Order Setting the Time to Answer
the Postal Service’s Motion to Stay
Docket No. ACR2018

Comments of the Lexington Institute
(August 1, 2019)

The Lexington Institute opposes the Postal Service’s motion to stay Order No. 5151. We agree with the Commission’s finding that the public interest in maintaining the financial transparency of the Postal Service outweighs the nature and extent of likely commercial injury to the Postal Service.

We also reiterate the points made in our June 19 comments.

Thank you for your attention to these matters.

Respectfully,
