Parties seeking disclosure of non-public materials can file a motion with the Commission requesting that non-public materials be publicly disclosed, using the procedures set out in 39 C.F.R. § 3011.400(b).<sup>3</sup> The Commission, upon its own motion, may notice a preliminary determination concerning the degree of protection, if any, to be accorded to non-public materials pursuant to 39 C.F.R. 3011.103(c), but it has not done so in this instance.<sup>4</sup> By this errata, the Commission acknowledges the U.S. Chamber and NAM Comments and concludes that said comments do not require a substantive change to the Commission analysis in which it acknowledges the Postal Service's change in rates in Order No. 5787.
