This is a request to mend the postal service from the damage that has occurred during the last few years.

I am a retired postal worker and very proud of it. I started my career here in Red Bluff in 1966 and worked at every position from janitor to Postmaster in: Red Bluff, Proberta, Corning, Redding, Calif., and ASHLAND, Or. I retired in 1991.

The morale was good & safety and abilities to perform the tasks assigned; not so today. The postal workers were proud to serve the public and the public appreciated them.

Replace the sorting machines for one,
and allow overtime when needed, just
to name a couple of things to change.
Also replace the Postmaster General,
Louis DeJoy with someone who cares about
this old-respected-world class department,
at least back to its "hey day" and
continues to evolve constructively.

I hope I see improvement during my
lifetime - maybe within 10 years.

Thank you

Patricia Bailey
