To Whom it May Concern:

I am writing to convey my opposition to proposed new policies and regulations by the USPS. The move to eliminate all air delivery will result in slower mail, thereby creating problems with the delivery of critical letters, notifications, and prescriptions. Further, the proposal will raise postal rates and close post offices, which will be a hardship for tens of millions. Finally, I am afraid these measures will effectively ruin forever a wonderful and critical service in the United States. Please do not allow this to happen.

Sincerely,

Philadelphia Andrews-Broughton
