Re: Proposed Postal Service Cuts

Gentlemen:

I am a taxpayer who relies on the U.S. Mail for delivery of business and personal communications, bill payments, and receipt of necessary medications.

It is very important that the people of this country be able to rely on dependable delivery of their mail. Bill payments, delivery of items by dates promised, delivery of medications and timely correspondence can have a huge impact on people's lives and businesses as well.

Now I understand Postmaster DeJoy is proposing further cuts to our postal service, including elimination of airplane transport of mail, reduction in post office hours, and closure of some post offices. These types of cuts do not appear to be in line with a dependable mail system. The economic costs to American families and businesses must be considered.

**I strongly oppose such service cuts, and urge you to reverse Mr. DeJoy's disastrous policies** which will disrupt our postal service further.

Please make sure that reliable mail service is restored for all of us citizens who count on it.

Thank you,
