These reports are provided as electronic versions. The Postal Service also includes a copy of the service performance reports posted on usps.com, which present the products in a more aggregated format. The reports related to Special Services present results broken down by the Postal Service's current organizational structure of four Areas and 50 Districts. Displaying these reports based on the Postal Service's legacy Areas and Districts has proven challenging to maintain; this would require costly and

time-consuming material changes to certain reporting systems. All the other reports present results broken down by the Postal Service's legacy seven Areas and 67 Districts.¹

Please feel free to contact me at (202) 268-7515 if further information would be helpful.

Sincerely,

/s/ CMO
