ORDER ADDING PRIORITY MAIL EXPRESS, PRIORITY MAIL, FIRST-CLASS
PACKAGE SERVICE & PARCEL SELECT CONTRACTS
TO THE COMPETITIVE PRODUCT LIST

(Issued September 29, 2022)

I. INTRODUCTION

In these dockets, the Postal Service seeks to add new products identified as Priority Mail Express, Priority Mail, First-Class Package Service & Parcel Select Contracts 21 through 41 (Agreements) to the competitive product list. For the reasons discussed below, the Commission approves the Postal Service's requests.

II. BACKGROUND

On September 15, 2022, through September 21, 2022, in accordance with 39 U.S.C. § 3642 and 39 C.F.R. §§ 3020.30-.35,¹ the Postal Service filed requests to add 21 Priority Mail Express, Priority Mail, First-Class Package Service & Parcel Select contracts to the competitive product list, along with supporting documents (Requests).

¹ The regulations cited by the Postal Service have been reorganized and are now found at 39 C.F.R. §§ 3040.130-.135. See Docket No. RM2019-13, Order Reorganizing Commission Regulations and Amending Rules of Practice, January 16, 2020 (Order No. 5407) (effective April 20, 2020). The Postal Service should cite to the reorganized regulations in future filings before the Commission.

In each of the Requests, the Postal Service asserts that the corresponding agreement is a competitive product that establishes rates “not of general applicability” within the meaning of 39 U.S.C. § 3632(b)(3). Requests at 1. Among the supporting documents in each filing, the Postal Service included a copy of the Governors’ Decision authorizing the product, a contract related to the proposed new product, requested changes to the competitive product list, a statement supporting the Request, a certification of compliance with 39 U.S.C. § 3633(a), and financial workpapers. In addition, with each Request, the Postal Service submitted an application for non-public treatment of materials requesting that unredacted portions of the Governors’ Decision and the contract, customer-identifying information, and related financial information remain under seal. *Id.* Attachment F.

The Commission issued notices establishing the dockets, appointing Public Representatives, and providing interested persons with an opportunity to comment on the Requests.²

III. COMMISSION ANALYSIS

The Commission has reviewed the Requests, the contracts, the supporting data filed under seal, and the Public Representatives’ comments.

Product list requirements. The Commission’s statutory responsibilities when evaluating the Requests include assigning each Agreement to either the market dominant or competitive product list. See 39 U.S.C. § 3642(b)(1); 39 C.F.R. § 3040.134. Before adding a product to the competitive product list, the Commission must determine that the Postal Service does not exercise sufficient market power that it

can effectively set the price of the product substantially above costs, raise prices significantly, decrease quality, or decrease output, without the risk of losing a significant level of business to other firms offering similar products. See 39 U.S.C. § 3642(b)(1). In addition, the Commission must consider the availability and nature of private sector enterprises engaged in delivering the product, the views of those who use the product, and the likely impact on small business concerns. See 39 U.S.C. § 3642(b)(3); 39 C.F.R. §§ 3040.132(f), (g), and (h).

The Postal Service asserts that it provides postal services of the kind provided under the contracts in a highly competitive market, that other shippers who provide similar services constrain its bargaining position, and that it can therefore neither raise prices nor decrease service, quality, or output without risking the loss of business to competitors. Requests, Attachment D at 2. The Postal Service states that the contract partners support the Requests, that expedited shipping is widely available from private firms, and that the Postal Service is unaware of any small business concerns that could offer comparable services to the contract partners. *Id.* at 3.

The Commission finds that the Postal Service does not exercise sufficient market power that it can effectively set the prices of the proposed products substantially above costs, raise prices significantly, decrease quality, or decrease output, without the risk of losing a significant level of business to other firms offering similar products. The availability of other private sector providers supports this conclusion. The contract partners and the Public Representative support the addition of the Agreements to the competitive product list. Further, there is no evidence of an adverse impact on small businesses. For these reasons, having considered the relevant statutory and regulatory requirements, the comments filed, and the Postal Service's supporting justification, the Commission finds that each of the Agreements is appropriately classified as competitive and is added to the competitive product list.

Cost considerations. Because the Commission finds the Agreements are competitive products, the Postal Service must also show that the contracts cover

attributable costs, do not cause market dominant products to subsidize competitive products as a whole, and contribute to the Postal Service's institutional costs. 39 U.S.C. § 3633(a); 39 C.F.R. §§ 3035.105 and 3035.107. As long as the revenue generated by each contract exceeds its attributable costs, that contract is unlikely to reduce the contribution of competitive products as a whole or to adversely affect the ability of competitive products as a whole to contribute an appropriate share of institutional costs. In other words, if a contract covers its attributable costs, it is likely to comply with 39 U.S.C. § 3633(a).

Based on a review of the record, the Commission finds that the rates during the first year of the contracts should cover the contract's attributable costs. 39 U.S.C. § 3633(a)(2). The contracts' prices adjust with changes to generally applicable rates.³ Combined with sufficiently high first-year cost coverage, the contracts' price adjustments will help ensure that the contracts will cover attributable costs in subsequent years. For these reasons, the Commission also finds that the contracts should not result in competitive products as a whole being subsidized by market dominant products, in accordance with 39 U.S.C. § 3633(a)(1). Similarly, the Commission finds the contracts are unlikely to prevent competitive products as a whole from contributing an appropriate share of institutional costs, consistent with 39 U.S.C. § 3633(a)(3). *See also* 39 C.F.R. § 3035.107(c). Accordingly, a preliminary review of the contracts indicates they are consistent with section 3633(a).

The Commission will review the contracts' cost coverage and the contribution of competitive products as a whole to the Postal Service's institutional costs in the Commission's Annual Compliance Determination to ensure that they continue to comply with 39 U.S.C. § 3633(a).

³ *See, e.g.*, USPS Request to Add Priority Mail Express, Priority Mail, First-Class Package Service & Parcel Select Contract 21 to Competitive Product List and Notice of Filing Materials Under Seal, September 15, 2022, Attachment B at 7 (MC2022-107 and CP2022-111 Request).

Other considerations. The contracts contain provisions that would accommodate changes to classifications of general applicability for competitive products currently before the Commission in Docket No. MC2022-82.⁴ The Commission has reviewed the provisions in question and determined that, if implemented, the classification changes would not affect the ability of the contracts to comply with 39 U.S.C. § 3633(a).

The contracts also contain a provision that allows the parties to extend the contracts for two 90-day periods if a successor agreement is being prepared and the Commission is notified at least seven days prior to each contract's expiration date. See, *e.g.*, MC2022-107 and CP2022-11 Request, Attachment B at 11. During the extension periods, prices will be adjusted as described in the contracts. See, *e.g.*, *id.* at 7. The Commission finds the two potential 90-day extension periods are reasonable because: (1) prices are automatically adjusted in the extension period; and (2) the extension(s) should assist the Postal Service's contract negotiations by providing additional flexibility.

If any of the instant contracts are terminated prior to its scheduled expiration date, the Postal Service shall promptly file notice of such termination with the Commission in the appropriate dockets.

Section IV contains a list of the docket numbers associated with each Postal Service request, the title and date of the Postal Service's filing, the term of the agreement, and a brief summary of the comments received. The Agreements filed in the docket numbers listed in section IV are approved as new products, and the Commission approves the rates for those products.

Revisions to the competitive product list and the Mail Classification Schedule appear below the signature of this Order and are effective immediately.

⁴ See, *e.g.*, MC2022-107 and CP2022-111 Request, Attachment B at 2 nn.1-4; *id.* at 7 nn.5-7. See Docket No. MC2022-82, USPS Notice of Changes in Classifications of General Applicability for Competitive Products, July 13, 2022.
