Docket No. R2000-1

**UNCONTESTED MOTION OF STAMPS.COM FOR PROTECTIVE CONDITIONS FOR  
MATERIAL TO BE PROVIDED IN RESPONSE TO AN INTERROGATORY OF THE  
UNITED STATES POSTAL SERVICE**

Stamps.com hereby moves that the Commission establish protective conditions for material that Stamps.com is prepared to provide in response to an interrogatory of the United States Postal Service. Stamps.com is authorized to state that the Postal Service has indicated that it will not oppose this motion or the proposed protective conditions.

USPS/Stamps.com-T3-6 seeks the results of all survey questions posed by witness Leora Lawton, including the survey responses not relied on in Lawton's testimony. Stamps.com has previously provided the results of all of the survey questions that were relied upon in Lawton's testimony as a public library reference. (See Stamps.com-LR-2.) Stamps.com has provided the results of certain other survey questions as a public library reference. (See Stamps.com-LR-3.) The results of the survey questions relating to customer requests for refunds and customer tenure, however, contain proprietary and confidential information. Stamps.com therefore seeks to provide this information only under protective conditions, and the Postal Service has agreed to this request.

Stamps.com requests that the same protective conditions set forth in Presiding Officer's Ruling R2000-1/97 for the provision of customer demographics apply to these materials. Once protective conditions are entered, Stamps.com will file the library references marked as specified in paragraph 10 of the protective conditions.

Respectfully submitted,
