POSTAL RATE COMMISSION
OFFICE OF THE SECRETARY

COMPLAINT ON POST E.C.S.

Docket No. C99-1

**UNITED STATES POSTAL SERVICE
SUPPLEMENT TO REQUEST FOR PARTIAL RECONSIDERATION OF P.O.
RULING NO. C99-1/20 AND REQUEST FOR EXTENSION OF TIME TO FILE
RESPONSE**

On March 23, the Postal Service filed a motion for partial reconsideration of Presiding Officer's Ruling No. 20, which directed the Postal Service to prepare compelled responses to interrogatories UPS/USPS-47(f), -52, and -54. In that motion, the Postal Service requested that the Presiding Officer narrow the response to proportions for transactions occurring in the past thirty days, because, at that time, the Postal Service had only identified records for PosteCS transactions taking place that period. The Postal Service stated, however, that it would continue to search for files containing responsive information, and offered to update the motion if further files were found. Responsible officials now confirm that the Postal Service has records of PosteCS transactions dating back to August 2000, and as of the date of this pleading, the Postal Service believes that these files can be used to generate responses. Nevertheless, the Postal Service submits that it would be reasonable to provide responses based on transactions taking place over a 30-day period. Therefore, the Postal Service does not amend its request in its Motion, but wishes to advise the Presiding Officer of this change in circumstances.

Respectfully submitted,

UNITED STATES POSTAL SERVICE
