Docket No. MC2002-1

NOTICE OF UNITED STATES POSTAL SERVICE
OF FILING ERRATUM TO WORKSHEET A-5
IN LIBRARY REFERENCE USPS-LR-2
[ERRATUM]

The United States Postal Service hereby gives notice that it is filing a revised Worksheet A-5 in library reference USPS-LR-2/MC2002-1. The expectation that this erratum would be filed was established in witness Nieto's response to Presiding Officer's Information Request No. 1, Question 4. The erratum consists of a correction to a citation in note (b) so that the market research conducted by witness Rothschild is identified as the source for the number of scans associated with blocks of additional scans. (The market research used slightly different numbers from those proposed by witness Kiefer.)

A copy of the revised page is attached. A complete revised copy of the underlying spreadsheet is also being provided to the Commission's docket section.

Respectfully submitted,

UNITED STATES POSTAL SERVICE

By its attorneys:
