**RE: Docket No. MC2002-3, Revised Data Collection Report**

Dear Mr. Williams:

In preparing discovery responses in Docket No. MC2004-1, the Postal Service discovered an error in its first data collection report, provided November 8, 2003, in accordance with the Commission's Opinion and Recommended Decision in Docket No. MC2002-3. The number of "Pallets After Copalletization" is corrected from 4639 to 3213, for AP11, and from 19,647 to 18,221, for Total. The corrected report is provided in the attached Excel spreadsheet.

Sincerely,

David H. Rubin  
Attorney

The After Copalletization data generally track the data for Pre-Copalletization sacks. The number of pallets after co-palletization includes both new pallets prepared as a result of copalletization and pre-copalletization pallets that were built upon, but excludes other pre-copalletization pallets.
