The Postal Service claims that this proceeding is related specifically to the 2000-01 First-Class Mail service standard changes and that any of the activities that took place after that change are irrelevant. Changes that took place after the 2001-01 changes are relevant to the complaint. The Policy For Requesting a Service Standard Change that was provided in the response to Interrogatory DFC/USPS-T1-24 is relevant to the service standards for First-Class Mail and interrogatories related to that Policy guideline are relevant to this proceeding.

For the reasons given, the Postal Service should be compelled to provide the answer to these interrogatories.
