[DBP/USPS-T1-75]

January 31, 2005

I hereby submit interrogatories to the United States Postal Service. The instructions contained in the interrogatories DFC/USPS-1-18 filed May 21, 2001, in Docket C2001-1, are incorporated herein by reference.

Respectfully submitted,

DBP/USPS-T1-75 Please refer to your responses to DBP/USPS-T1-62 and OCA/USPS-T1-37. DMCS Section 521.61 permits Package Services to have a combined length and girth of not greater than 130 inches. DMCS Section 231 limits the combined length and girth for Priority Mail to a maximum of 108 inches. Proposed DMCS Section 937.11 states that parcels too large for the weekly reshipment would be sent via Priority Mail, postage due. [a] Please explain how a PFS customer receiving a parcel with a combined length and girth of between 108 and 130 inches would have that parcel forwarded by Priority Mail since it would exceed the size limits for Priority Mail. [b] Please explain how the Postal Service plans to correct the conflict in the wording of the DMCS.

CERTIFICATE OF SERVICE

I hereby certify that I have this day served the foregoing document upon the required participants of record in accordance with Rule 12.
