OCA/USPS-1. Please confirm that Jim Wilson, who testified on behalf of the Postal Service in Docket No. MC2002-2, spoke at the National Postal Forum, held in Nashville, TN, in March 2005. If the Postal Service does not confirm, then please provide an explanation.

- a. Confirm that topics addressed in his presentation included the National Change of Address (NCOA) service, Address Change Service (ACS), and NCOALink. If the Postal Service does not confirm, then please explain.
- b. Confirm that, at the Forum, the Postal Service presented the results of data from an “average” 20-million-piece First-Class mailing where the NCOA service was utilized prior to the mailing and ACS was used when the pieces were mailed. If the Postal Service does not confirm, then please explain.
- c. Confirm that the 20 million-piece-mailing revealed that when an address was ZIP+4 coded, 91.7% of the mail was delivered, 5.94% of the mail was returned, and 2.35% of the mail was forwarded. If the Postal Service does not confirm, then please explain.
