The DMA Nonprofit Federation represents over 330 organizations that rely on the United States Postal Service to send a variety of communications to

members and donors. Our members are especially reliant upon the Nonprofit Standard Class of rates, as well as First Class and Periodical rates. The DMANF's members range from very small nonprofit organizations to the largest organizations, representing a broad range of interests including educational, health, religious, arts, museums, historical, environmental organizations and many others. Therefore, the DMANF has a substantial interest in this proceeding due to the significant issues raised in the proposed rate and classification filing.

Thank you for your consideration.

Respectfully Submitted,

Senny Boone, Esq.
