Attachment B Development of Parcel Post Transportation Costs	Tables 1 – 24
Attachment C Development of Bulk Parcel Return Service Costs	Tables 1 – 22

Description

Library reference USPS LR-K-113 is a category 5 library reference containing both hard copies and electronic copies of the PRC versions of the cost models in USPS-LR-K-89. The cost studies contained in this library reference include the updated calculation of the transportation costs associated with the rate categories of Parcel Post, the transportation costs of Bound Printed Matter, and the cost of Bulk Parcel Return Service.

Attachment A of this library reference contains the spreadsheets used to develop the Bound Printed Matter transportation costs. The electronic version of Attachment A is contained in EXCEL file BPMTranspPRC.xls. Attachment B of this library reference contains the spreadsheets used to develop the Parcel Post transportation costs. The results are used by witness Page (USPS-T-23) in developing the final adjustments to the PRC version of the rollforward cost forecasting model. The electronic version of Attachment B is contained in EXCEL file PPTranspPRC.xls. Attachment C of this library reference contains the spreadsheets used to develop the costs of Bulk Parcel Return Service. The electronic version of Attachment C is contained in EXCEL file BPRSPRC.xls.
