determine the number of addresses that corresponded to the ZIP Codes that were referenced in the response to subparts a and b.

DBP/USPS-194            Please refer to your response to DFC/USPS-76 subpart b. Please advise whether your response of 8,830 ZIP Codes takes into account both the availability of transportation to that ZIP Code as well as that ZIP Code being on the list of those offices that provide Sunday/holiday delivery.

DBP/USPS-195            Please refer to your response to DFC/USPS-76. [a] Please confirm, or explain if you are unable to confirm, that the Sunday/holiday delivery for 070-073 contains ZIP Codes in the range of only 010 to 227 and that all of these ZIP Codes are serviced by surface transportation. [b] Please advise the nominal distance corresponding to surface transportation. [c] Please provide a breakdown similar to that provided in the response provided in DFC/USPS-76 subparts a and b for Express Mail deposited in a 070-073 post office showing both the total breakdown for all ZIP Codes as well as a separation of those that are in the 010 to 227 ZIP Code range vs. those that are outside that range.

DBP/USPS-196            Please refer to your response to DFC/USPS-76. Please provide a copy of the Express Mail directory for 10001.

DBP/USPS-197            Please refer to your response to DFC/USPS-76. Please provide a breakdown of the responses to subparts a and b that fall into the ZIP Code range of 010 to the highest ZIP Code in the 20001 to 24599 range that has Sunday/holiday delivery vs. those that fall outside that range for mail deposited in 10001.

DBP/USPS-198            Please refer to your response to DBP/USPS-41. [a] Does a postmaster have the discretion of providing post office box delivery service only five days a week [also less any holidays and/or days around a holiday that are not an official holiday such as Thanksgiving Friday]? [b] If so, what is the regulatory authority for providing less than six days a week delivery? [c] Please specify any conditions where customers having street delivery will receive mail on a day when a post office box customer will not have delivery service. [d] If six days a week delivery service is required [other than official holidays] must the post office place incoming mail into the boxes? [e] If six days a week delivery service is required [other than official holidays] must the post office provide access to the post office box

at a time after which Saturday's incoming mail has been placed into the post office box? [f] If six days a week delivery service is required [other than official holidays] must the post office make arrangements to allow for post office box customers to have the ability on Saturday to pick up accountable mail and articles that are too large for the box?

DBP/USPS-199                      Please refer to your response to DBP/USPS-109. Please provide any information that will allow for evaluating the original interrogatory such as the availability of the service, the cost of providing each of the services, the weight sent by each of the services, the number of pieces sent by each of the services, or a best estimate by those that are responsible for this choice of services.

DBP/USPS-200                      Please refer to your response to DBP/USPS-109. Are hard copy Express Mail directories available at every post office? How should customers obtain a copy and what action should be taken if the local office does not have a copy to provide?

DBP/USPS-201                      Please refer to your response to DBP/USPS-122. [a] Please confirm, or explain if you are unable to confirm, that the list of 800 some post office that have Express Mail delivery service on a Sunday or Holiday applies only to expected delivery on Sunday or holiday and does not apply to delivery on a Saturday [unless it is a holiday]. [b] If one goes to the website and evaluates a shipment of Express Mail on Friday June 24th from Portland OR 97201 to Astoria OR 97103 it states that it will be delivered Next Day by 3 PM and the USPS website also shows that Astoria does not have retail window hours on a Saturday. This does not appear to agree with your response to subparts a and b of DBP/USPS-122. Please explain. [c] If in fact, a mailer is not able to send Express Mail on a Friday for overnight delivery [or on a Thursday for a 2-day area for scheduled delivery on a Saturday such as from Ketchikan AK 99901 to Astoria OR 97103] to a post office box address where there are no retail window access why isn't a similar listing provided to the public to allow for proper evaluation?

DBP/USPS-202                      Please refer to your responses to DBP/USPS-123 and 124 subpart b. Since I have a copy of a December 25, 2004 listing of Sunday and holiday delivery offices showing the 13,000 some odd list of post offices that have Sunday and holiday street delivery and 800 some odd list of offices that have Sunday and holiday post office box delivery, please explain why the preparation and distribution of this listing has been terminated.
