**“It cleans the air as it
vacuums your floors.”**

Hi, I'm David Oreck. Recently, a leading consumer products testing magazine warned: *if you're sensitive to dust, avoid bagless vacuums!* Now I wouldn't conceive of making a bagless vacuum any more than I'd dream of throwing my garbage into a bin without a liner. They're filthy.

My newest 8-lb. Oreck XL features 7-layer filtration and a 50% improvement in air filtration over our previous models. It picks up everything in one sweep, and then traps 99.99% of all harmful allergens down to 0.3 microns (1/250th the width of a hair). Thanks to our unique Saniseal® System, the dirt is locked in the disposable bags. You never come in contact with the dust and debris that can carry germs. So try my vacuum risk-free for 30 days. You'll breathe easier knowing it's an 8-lb. Oreck XL.
