Postal Rate and Fee Changes, 2006

Docket No. R2006-1

**DOUGLAS F. CARLSON
NOTICE OF FILING OF LIBRARY REFERENCE
DFC-LR-2**

September 13, 2006

Today I am filing Category 6 Library Reference DFC-LR-2, which is titled "Collection Point Management System Data." This library reference, which consists of a single CD-ROM, contains 20 large Excel files, each of which contains data about collection boxes, including locations and posted collection times. The Excel files are too large to file with the Commission except as a library reference. The Postal Service provided the data in response to DFC/USPS-35. I discuss the data in my testimony (DFC-T-1). The data are relevant to the value of First-Class Mail service.

Respectfully submitted,

Dated: September 13, 2006
