Postal Service witness Mitchum stated that "[t]he proposed change to DMCS 991.31 would eliminate the requirement to provide prior electronic notice of entering the mail, for Destination Confirm customers, because customers found the requirement burdensome." USPS-T-40 at 21. GrayHair Software witness Bellamy states that the DMCS requirement "has not been easy for mailers to meet, and there may be cases where specific exceptions to it should be granted." GHS-T-1 at 20. To address the burden of the electronic notice requirement for certain Confirm customers, do you support exceptions being granted to those Confirm customers? Please explain any negative response.
