DBP/USPS-30 [a] In the evaluation of a specific station or branch of a Level 24 or higher post office, will the Postal Service be limited to one of only two choices, namely maintain status quo or complete discontinuance of the facility or will the Postal Service consider making some partial elimination of service at that facility?

[b] If the Postal Service will limit their choice to only one of two options [the first choice in subpart a], please explain why that option was chosen.

[c] Please provide a listing of the different types of partial eliminations of service that could be employed at a specific station or branch of a Level 24 or higher post office.
