DBP/USPS-31 It would appear that the Postal Service has either instituted or is considering institution of summer hours for retail window service hours. This would result in the reduction of retail window service hours and/or lobby access hours at some post offices, including stations and branches of some post offices, during the summer time frame and perhaps beyond.

Please furnish details of any such programs that have been or are being planned at the Area level or above. Please also furnish copies of any memoranda or directives that

have been issued at the Area level or above which are related to the temporary or permanent reduction in retail window service hours and/or lobby access hours.
