

July 31, 2009
20 Brookside Drive
Hacker Valley, WV 26222

It is a hardship on me as a disabled veteran to try to obtain medicine, pay bills, mail packages, or other business that requires me to travel. Having served in Vietnam and been exposed to many environmental hazards, my ability to travel is quite limited at times. Many times it is even difficult for me to get up in the morning let alone get to a far distant post office.

Please do not close the Hacker Valley Post Office.

Sincerely,

Mark Watson Howes
