Docket No. CP2009-59

PUBLIC REPRESENTATIVE COMMENTS
IN RESPONSE TO UNITED STATES POSTAL SERVICE
FILING OF ADDITIONAL GLOBAL EXPEDITED PACKAGE SERVICES 1
NEGOTIATED SERVICE AGREEMENT

(August 19, 2009)

In response to Order No. 275¹, the Public Representative hereby comments on the August 7 Notice of United States Postal Service Filing of an Additional Functionally Equivalent Global Expedited Package Services 1 (GEPS-1) Negotiated Service Agreement (Notice). This negotiated service agreement (NSA) was forged with an individual mailer for handling of a group of competitive products.

The Notice is persuasive. This NSA is consistent with the policies of 39 U.S.C. 3632, with regard to "Action of the Governors"; section 3622, "Modern rate regulation"; and section 3642, with regard to adding new products to the Mail Classification List (MCL), notice and publication. Furthermore, each pertinent element of 39 USC 3633(a) appears to be met by this GEPS-1 contract.

¹ Notice and Order Concerning Filing of Additional Global Expedited Package Services 1 Negotiated Service Agreement, August 12, 2009.

Compliance with Statutory Requirements

This NSA is a one-year contract, stipulating minimum mailing volume or postage requirements for the customer to earn discounts. The GEPS-1 formula appears to be beneficial to both parties in this NSA. The pricing appears to comport with the pricing shell in Governors' Decision 08-7. Accordingly, this NSA is (indirectly) beneficial to the general public.

The instant GEPS-1 NSA Notice and supporting data (as filed, under seal) indicate that the proposed CP2009-59 contract is appropriately categorized as a Competitive Product, and is functionally equivalent (*f ~*) to the other contracts within the GEPS-1 (CP2008-4) rubric. Analysis reveals this product to be a GEPS-1 product, as all its terms fall within the guidelines set by Governors' Decision No. 08-7, regarding Docket No. CP2008-4 and its follow-up CP2008-5, filed July 23, 2008. The NSA and its accompanying Notice comply with all relevant requirements of title 39 and the Commission's procedural rules as codified in 39 CFR.

This *f ~* GEPS-1 NSA complies with the 3-pronged requirements of 39 USC 3633(a). And, because the Notice complies with title 39 and CFR notice and publication requirements, this GEPS-1 agreement merits approval by the Commission.

Conclusion

The Public Representative has accessed and reviewed all materials the United States Postal Service submitted under seal in this matter, documentation in its original (not redacted) version. The Public Representative acknowledges the pricing in the present GEPS-1 contract comports with provisions of title 39. This contract appears to be able to generate sufficient revenue to cover its attributable costs, enable competitive products as a whole to cover their costs, and contribute a minimum of 5.5 percent to the Postal Service's total institutional costs.² In addition to having the mailer prepare mailings for less costly handling by the Postal Service, the contract employs pricing incentives based upon volumes and other provisions favorable to both the Postal Service and the public.

The Public Representative respectfully submits the preceding Comments for the Commission's consideration.
