FINAL DETERMINATION TO CLOSE
THE SUSPENDED
ELIZABETHPORT, NJ CLASSIFIED STATION
AND CONTINUE TO PROVIDE
CITY DELIVERY SERVICE

DOCKET NUMBER 07206

I. RESPONSIVENESS TO COMMUNITY POSTAL NEEDS

The Postal Service has determined to close the suspended Elizabethport, NJ Classified Station and provide city delivery service administered by the Elizabeth, NJ Post Office, located 1.78 miles away. Customers also have the option of post office box delivery at three other classified units within two miles.

The Postal Service was unable to negotiate an acceptable lease with the lessor. No suitable alternate quarters were available; therefore, service was suspended on March 17, 2007.

The Elizabethport Classified Station provided service 50 hours a week from 8 a.m. to 5 p.m., Monday through Friday and 8 a.m. to 1:30 p.m. on Saturday to 352 post office box customers. Retail services included the sale of stamps, stamped paper, and money orders; special services such as registered mail, certified, insured, COD, and Express Mail; and the acceptance and dispatch of all classes of mail. Daily retail window transactions averaged 232. Office receipts for the last three years were: \$495,360.00 in FY-2004; \$456,084.00 in FY-2005; and \$445,483.00 in FY-2006.

Since the suspension of service, customers have received delivery and retail services from city delivery emanating from the Elizabeth Post Office, an EAS-24 level office, located 1.78 miles away. Window service hours at Elizabeth are from 7:30 a.m. to 5:30 p.m., Monday through Friday and 7:30 a.m. to 2 p.m. on Saturday. There are 132 post office boxes available.

Retail service is also available at the Union Square Classified Station, located one mile away. Window service hours at Union Square are from 9:15 a.m. to 5 p.m., Monday through Friday.

On March 14, 2007 questionnaires were distributed to delivery customers of the Elizabethport Classified Station. Questionnaires were also available over the counter for retail customers at Elizabeth. Eight-one questionnaires were returned. Twenty-two responses were favorable, seventeen unfavorable, and forty-two expressed no opinion regarding the proposed alternate service.

The following postal concerns were expressed on the returned questionnaires:

1. **Concern:** Customers were concerned about having to travel to another post office for service.

Response: Services provided at the classified station will be available from the carrier, and customers will not have to travel to another post office for service. Most transactions do not require meeting the carrier at the mailbox. Stamps by Mail and Money Order Application forms are available for customer convenience.

Also there are five full service locations within the city of Elizabeth and the Main Post Office has an Automated Postal Center (APC) with extended hours of availability. There are also ten stamps on consignment locations within three miles of the suspended Elizabethport Classified Station. The Elizabeth Main Post Office will also distribute regular Stamps by Mail brochures, to the residents of the Elizabethport area.

2. **Concern:** Customers were concerned about how they would receive post office box delivery.

Response: Customers were advised that there were post office boxes available at three adjacent facilities within two miles and that they should contact the Elizabeth Main Post Office where they may have some mail still being held that was not delivered. At that time they can decide on the alternate delivery that best suits their needs.

Window service hours at Elizabeth are from 7:30 a.m. to 5:30 p.m., Monday through Friday and 7:30 a.m. to 2 p.m. on Saturday. There are 132 post office boxes available.

Retail service is also available at the Union Square Classified Station, located one mile away. Window service hours at Union Square are from 9:15 a.m. to 5 p.m., Monday through Friday.

On March 14, 2007 questionnaires were distributed to delivery customers of the Elizabethport Classified Station. Questionnaires were also available over the counter for retail customers at Elizabeth. Eight-one questionnaires were returned. Twenty-two responses were favorable, seventeen unfavorable, and forty-two expressed no opinion regarding the proposed alternate service.

The following postal concerns were expressed on the returned questionnaires:

1. **Concern:** Customers were concerned about having to travel to another post office for service.

Response: Services provided at the classified station will be available from the carrier, and customers will not have to travel to another post office for service. Most transactions do not require meeting the carrier at the mailbox. Stamps by Mail and Money Order Application forms are available for customer convenience.

Also there are five full service locations within the city of Elizabeth and the Main Post Office has an Automated Postal Center (APC) with extended hours of availability. There are also ten stamps on consignment locations within three miles of the suspended Elizabethport Classified Station. The Elizabeth Main Post Office will also distribute regular Stamps by Mail brochures, to the residents of the Elizabethport area.

2. **Concern:** Customers were concerned about how they would receive post office box delivery.

Response: Customers were advised that there were post office boxes available at three adjacent facilities within two miles and that they should contact the Elizabeth Main Post Office where they may have some mail still being held that was not delivered. At that time they can decide on the alternate delivery that best suits their needs.

3. **Concern:** Customers were concerned about senior citizens.

Response: Carrier service is beneficial to many senior citizens and those who face special challenges because the carrier can provide delivery and retail services to roadside mailboxes. Customers do not have to make a special trip to the post office for service. Special provisions are made for hardship cases or special customer needs. To request an exception for hardship delivery, customers may contact the Elizabeth Postmaster for more information.

4. **Concern:** Customers felt the community should have an office and wanted a new facility provided.

Response: No suitable quarters are available in the area to house another facility. A new lease would require a building which meets federal guidelines. A postal facility is not constructed when effective and regular service can be provided by a more cost-effective alternate service.

5. **Concern:** Customers said they would miss the special attention and assistance provided by the personnel at the Elizabethport Classified Station.

Response: Courteous and helpful service will be provided by personnel at the Union Square Classified Station, Bayway Classified Station, the Elizabeth Post Office and from the carrier. Special assistance will be provided as needed.

Some advantages to the final determination are:

1. Carrier delivery service is beneficial to some senior citizens, the handicapped, and working people since customers will no longer need to travel to the post office to pick up their mail.
2. The carrier provides retail services, alleviating the need to go to the post office. Stamps by Mail order forms are provided for customer convenience.
3. Customers opting for carrier service will have 24-hour access to their mail.
4. A savings for the Postal Service, which contributes in the long run to stable postage rates and savings for customers.
5. Customers opting for carrier service will no longer have to pay post office box fees.
6. Saves time and energy for customers who drive to the post office to pick up mail.

Some disadvantages to the final determination are:

1. The loss of a retail outlet in the area.
2. Meeting the carrier at the mailbox to transact business. However, it is not necessary to be present to conduct most postal transactions.
3. A change in mailing address.

Taking all available information into consideration, the Postal Service concludes this final determination will provide a maximum degree of effective and regular postal services to the community.

3. **Concern:** Customers were concerned about senior citizens.

Response: Carrier service is beneficial to many senior citizens and those who face special challenges because the carrier can provide delivery and retail services to roadside mailboxes. Customers do not have to make a special trip to the post office for service. Special provisions are made for hardship cases or special customer needs. To request an exception for hardship delivery, customers may contact the Elizabeth Postmaster for more information.

4. **Concern:** Customers felt the community should have an office and wanted a new facility provided.

Response: No suitable quarters are available in the area to house another facility. A new lease would require a building which meets federal guidelines. A postal facility is not constructed when effective and regular service can be provided by a more cost-effective alternate service.

5. **Concern:** Customers said they would miss the special attention and assistance provided by the personnel at the Elizabethport Classified Station.

Response: Courteous and helpful service will be provided by personnel at the Union Square Classified Station, Bayway Classified Station, the Elizabeth Post Office and from the carrier. Special assistance will be provided as needed.

Some advantages to the final determination are:

1. Carrier delivery service is beneficial to some senior citizens, the handicapped, and working people since customers will no longer need to travel to the post office to pick up their mail.
2. The carrier provides retail services, alleviating the need to go to the post office. Stamps by Mail order forms are provided for customer convenience.
3. Customers opting for carrier service will have 24-hour access to their mail.
4. A savings for the Postal Service, which contributes in the long run to stable postage rates and savings for customers.
5. Customers opting for carrier service will no longer have to pay post office box fees.
6. Saves time and energy for customers who drive to the post office to pick up mail.

Some disadvantages to the final determination are:

1. The loss of a retail outlet in the area.
2. Meeting the carrier at the mailbox to transact business. However, it is not necessary to be present to conduct most postal transactions.
3. A change in mailing address.

Taking all available information into consideration, the Postal Service concludes this final determination will provide a maximum degree of effective and regular postal services to the community.

II. EFFECT ON COMMUNITY

Elizabethport is located in the incorporated city of Elizabeth. The area is administered politically by a council form of government. Police and fire protection, is provided by the City of Elizabeth. The area is comprised of those who commute to work to nearby areas and those who work in local businesses.

Nonpostal services provided at the Elizabethport Classified Station will be available at the Union Square Classified Station. Government forms normally provided by the station will also be available at the Union Square Classified Station or by contacting your local government agency.

Based on information the Postal Service obtained, it was determined that there has been minimal growth in the area in recent years. Carrier service is expected to be able to handle any future growth in the community.

Based on information obtained in the course of this discontinuance study, the Postal Service concludes this final determination will not adversely affect the community. Carrier service has been in effect since the suspension of the Elizabethport Classified Station on March 17, 2007.

III. EFFECT ON EMPLOYEES

The three clerks will be reassigned to the Elizabeth Post Office and maintain bidding status within that office.

IV. ECONOMIC SAVINGS

The Postal Service estimates annual savings of \$143,026.00 with a breakdown as follows:

Clerks Salary (PS-5, Minimum)	\$111,630.00
Fringe Benefits @33.5%	37,396.00
Rental Costs, Excluding Utilities	<u>+30,000.00</u>
Total Annual Costs	\$179,026.00
Less Cost of Replacement Service	-36,000.00
Total Annual Savings	\$143,026.00

V. OTHER FACTORS

The Postal Service has identified no other factors for consideration.

VI. SUMMARY

The Postal Service has determined to close the suspended Elizabethport Classified Station and provide city delivery service administered by the Elizabeth Post Office, located 1.78 miles away.

The Postal Service was unable to negotiate an acceptable lease with the lessor. No suitable alternate quarters were available; therefore, service was suspended on March 17, 2007.

The Elizabethport Classified Station provided 50 hours of window service per week to 352 customers. Daily retail window transactions averaged 232.

Carrier service will continue to provide effective and regular service to the community. There will be one less retail outlet in the area. However, delivery and retail services will be available from the carrier, alleviating the need to travel to a post office for service. Customers opting for carrier delivery will have 24-hour access to their mail. The Postal Service will save an estimated \$143,026.00 annually. A disadvantage to some may be in meeting the carrier to transact business. However, it is not necessary to be present to conduct most postal transactions.

Taking all available information into consideration, the Postal Service has determined that the advantages outweigh the disadvantages and this final determination is warranted.

VII. NOTICES

Notify customers of the permanent discontinuance of the suspended Elizabethport Classified Station and advise them of the hours of operation and services available at the Union Square Classified Station, Bayway Classified Station and Elizabeth Post Office. Explain specific information on address changes and why the change is necessary.

Dear Postal Customer:

Please be advised that effective March 17, 2007 this Post Office will be closed. The U.S. Postal Service must vacate this location due to an expired lease.

I have notified Mayor Christian Bollwage and have met with Councilman Manny Grova to ensure there is a smooth transition. The following action will be taken to ensure that you are provided with services to meet your mailing needs:

- Your P.O. Box will be moved to the Bayway Post Office; 544 Bayway Avenue where you will retain the same P.O. Box number. We have changed the hours from 9AM to 4:30PM to 8AM to 5PM for your convenience.
- A mobile Post Office van will be visiting this location one time per week to sell stamps and mail packages, during this transition. Specifics will be discussed with Councilman Manny Grova. A notice will be posted by March 17th.
- The Postal Service has partnered with many local retail establishments, ten (10) within the city of Elizabeth where Postage Stamps may be purchased which are within a 3 mile radius of this location. (see attached)
- There are five (5) Post Offices located within the city of Elizabeth that provide full retail services. (see attached)
- It is our plan to partner with a retail establishment to open a Contract Postal Unit or Stamps on Consignment agreement, in the new redevelopment area. We have asked the Mayor and Councilman Manny Grova for their assistance.
- There is an Automated Postal Center located in the Elizabeth Main Post Office that is available for use M – F 6:00 AM to 8:30 PM and Sat/Sun 6:00 AM to 6:00 PM. With a debit or credit card you could purchase stamps and mail domestic packages with special services and expedited services.
- You will receive a Stamps by Mail envelope, so that you can order your stamps by Mail on a frequent basis.
- You may purchase stamps and mail packages on line by visiting our web site at usps.com.

Please understand that we want to ensure that you are provided with the service you expect and deserve. I look forward to working with you through Councilman Grova as we move forward in this transition. Thank you for your cooperation.

Sincerely,

Carmen Fede,
Officer-In-Charge

RE: Elizabethport Postal Station
112-114 Third Street
Elizabeth NJ

Dear Mrs. Cutillo,

Manny Grova, Jr., Councilman of the First Ward in Elizabeth New Jersey, recently communicated with your office in regards to the above postal station and the closure of the site effective March 17, 2007.

As owner of the property and a vital institution in the Elizabethport section of the city, [REDACTED] recognizes the importance of the station to the life of the community. We also recognize that the physical state of the building could jeopardize the safety of workers unless significant upgrades are undertaken. Consequently, our decision to sell the property and not renew the lease is based on the condition of the physical plant and our limited financial resources to fund much needed repairs and renovations.

We would certainly like to participate in discussions with the City of Elizabeth and the Post Office regarding the possible extension of the lease and the availability of funding for repairs/renovations.

Please contact me at [REDACTED] to schedule a meeting with myself and parish representatives.

Sincerely,
[REDACTED]

**Elizabeth Port Station
Congressional Meeting Minutes
3/9/2007**

Phyllis Broughton opened the meeting and welcomed all of the attendees (see attached sign in sheet). She then opened the floor to each invited attendee in order for them to present their concerns regarding the Elizabeth Port Station Emergency Suspension and the long term future plans:

██████████ Senator Lautenberg: They are concerned with the impact on senior citizens and requested that the USPS consider a one year lease extension in order to keep the site open while the analysis on the future direction for the location is ongoing.

██████████ Senator Menendez: His concerns were the same as Mr. Torraca's and added that he feels the identified new waterfront location is a very good site for a future facility.

██████████: Same as above.

██████████: The councilman has lived in this area for over 40 years. He explained how the NJ Turnpike has isolated this community and they recently received \$29 million in federal redevelopment funds which spurred an additional \$70- \$75 million in additional private investment funding. He stated that the median income is up 30% in the past three years. He spoke on the 2/16/2007 letter that advised the customers of the pending emergency suspension and also spoke about the petition and protest. He feels this is wrong for the community and they are being treated unfairly. He also cited federal law that he accused the USPS of violating with respect to the closing or relocating of a postal facility.

██████████: Spoke about the demographics, job creation, and that this area is the poorest neighborhood in the city and requiring them to spend money to take public transportation to a post office would be a hardship.

██████████: Feels there has been no consideration given to the city of Elizabeth during this process.

Bruce Grygus then addressed the federal law that ██████████ had cited. He advised that the law applies to independent post offices and not to classified station and branches. He pointed to a copy of chapter 7 of the PO-101 Post Office Discontinuance Guide which outlines the process for a classified station and branch that was in their handout. He then addressed the Emergency Suspension and current status of the station. He advised that the emergency suspension was driven by the loss of the lease, on the current location, and no suitable locations are available in the immediate area. When asked why so much time was taken when we were identified that the lease would not be renewed he advised that the new facility analysis process had changed recently. The new process also requires input from headquarters and that process started in April of 2006. In December that analysis indicated that this facility is a location that additional analysis

needs to be completed as, based upon the declining revenue and the types of transactions, it may be a good candidate for a Community Post Office (CPO) in lieu of a USPS staffed station. He explained that this process is continuing and the next step will be a questionnaire, to the customers, and that the process would end with a formal proposal in 90-120 days.

The councilman wanted to know why we will not stay open during that time period. Mr. Grygus advised that the District has received correspondence from the owner that indicated they would only entertain a lease extension if the USPS invested money into the building to correct the current condition that both the owner and the USPS recognize. Mr. Grygus advised that it would not be in the best interest of the USPS to invest money into this location given the fact that the majority of the work that needs to be done has been the responsibility of the owner, for the entire time of the lease, and they have failed to maintain the building. In addition the site is not accessible to the handicapped and it has been identified, by an Architectural firm contracted by the USPS to complete an accessibility project on leased facilities nation wide, that the current location can not be made accessible without major interior renovations that would have a significant impact on the net interior usable space.

The Councilman asked the District Manager if the District would consider keeping the location open during the ongoing analysis period. She advised that we would take that request under consideration, along with all of their concerns, and would work with the NYFSO Real Estate to explore that potential. She advised the councilman that we would advise him next week, of that decision, and would also provide him with a copy of the customer survey.

I just spoke to Rev Szczotka, the Pastor of St. Alberts' and landlord for the facility.

He would only be interested in renting a year at a time. He's concerned about the structure and condition of the bldg. He feels, it is in very poor condition and does not have the money for repairs.

He indicated that if, the Councilman, Congressman and Senators..... want us to stay there, "let them come up with the money for repairs"

Like requested, I told him it was under review and I would get back to him one way or the other. The last email I received from the District indicated they were closing shop on the 15th and cleaning out for the remainder of the month.

I would like to know, asap, so that I can follow-up with a courtesy call.....please!. Thank you, Daryl

Dear Postal Customer:

As the postal manager responsible for all Post Offices in your area, I would like your opinion concerning a possible change in how your postal services are provided. The recommended change is under consideration and will not lead to a formal proposal unless we conclude that it will provide a maximum degree of regular and effective service.

Operations at the Elizabethport Station were Emergency Suspended on 3/17/2007 due to the loss of the lease on the location at 114 Third Street and there are no suitable alternate quarters available.

Briefly, we would like to provide service to you by establishing a Community Post Office (CPO) located within your community, administered by the Elizabeth Post Office. The CPO will provide the same retail services as an independent Post Office, except permit mailings and postage meter setting. The Postal Service will solicit offers from the public for operation of the facility. Award of the contract is based on evaluation of criteria including the annual monetary amount, contractor ability and background, and the quality and location of the facility. The successful offeror must be bonded and will be trained, administered, and supervised by the Postal Service. Generally, a member of the community is awarded the contract, which may add to the financial base of the community. Many communities such as yours are very satisfied with this type of postal service.

Under this arrangement, a community continues to use its name and ZIP Code and it will continue to appear in Publication 65, *National Five-Digit ZIP Code and Post Office Directory*. Your address will not be changed.

I invite you to send us your thoughts on a possible change to a CPO by completing the enclosed questionnaire. Please return the questionnaire by April 1, 2007, using the pre-addressed envelope provided. Please be aware that if we formalize a proposal, your questionnaire will become part of an official record and will be available for public viewing.

If you have any questions you may contact Bruce Grygus, NNJD Post Office Review Coordinator, at 973-468-7035.

Thank you for your assistance.

Sincerely,

Brian Del Colle

March 15, 2007

Mr. Manny Grova, Jr.
Councilman—First Ward
City of Elizabeth
104 Clark Place
Elizabeth, NJ 07206

Dear Mr. Grova:

This is in reference to our meeting on March 9, 2007, to discuss the expired lease agreement for the Elizabeth Port Post Office Station and the pending emergency suspension.

As we outlined at the meeting, this office was initially advised that the landlord, St. Adalbert R.C. Church, was not interested in renewing the lease. However, as per your request dated February 21st and the letter dated February 23rd from Reverend Krzysztof Szczotka, our New York Facilities Service Office (NYFSO) contacted the Reverend to ensure that there has not been a lack of communication regarding the renewal of the lease.

Please be advised that Real Estate Specialist Daryl Cutillo contacted Reverend Szczotka who is the landlord of this facility. The Reverend advised us that they would only be interested in entering into a lease agreement with the USPS in one (1) year intervals for two (2) years. Also, as you know, there are much needed repairs and he is concerned about the structure and condition of this facility. He feels that it is in very poor condition and does not have the funding for the repairs needed.

At this time, the Postal Service is not interested in investing capital dollars into this location. In addition, since the original notice of emergency suspension was sent out on February 16th, over 60% of the P.O. Box holders have already committed to alternate arrangements to receive their mail.

A thorough review has been conducted and there are five (5) full service Post Offices and approximately (10) alternate access locations within the City of Elizabeth, which will provide USPS services in lieu of the Elizabeth Port Station until a final determination on this facility has been reached. Additionally, as indicated at the meeting by Carmen Fede, Elizabeth Officer In Charge, we will also provide the following during this transition:

484 Broad Street
NEWARK, NJ 07102-9300
TEL: 973-468-7111
FAX: 973-468-7215

Mr. Manny Grova
March 15, 2007

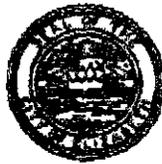

- A Mobile Unit will be placed at this location for two (2) hours on Mondays and Wednesdays and in the area of selected senior complexes at other designated times.
- Stamps-by-Mail applications will be mailed each month during March through May.
- We will solicit for a Contract Postal Unit and/or Stamps-on-Consignment contract in the Elizabeth Port community.

It is our hope that you understand that it is our mission to provide all of our customers with Postal products and services at reasonable costs. We thank you for your understanding during this transition.

Sincerely,

Maria Morse

Dear Ms. Morse:

This letter comes as a follow-up to your correspondence of March 15, 2007. Unfortunately you and your staff decided to continue with the Emergency Suspension of services at the Elizabeth Post Office Station. Although we met on March 9, 2007, it took you almost a full week to respond with an answer. Please note that in reviewing your letter, I am a bit upset with the manner in which your facilities people handled this situation. Please note that on Friday, March 9, 2007 after our meeting, I did have a discussion with Henry Baumeister and informed him of our meeting and I asked him even though he had been written to by Father Chris of St. Adalbert's Church on February 23, 2007, he had not yet spoken with the pastor in response to the letter. In essence, a full two weeks had gone by since receipt of the letter from the Pastor of St. Adalbert's Church, the landlord, and no communication was extended by Mr. Baumeister or any of his staff to discuss the possibilities in reaching an extension of the lease. It is my understanding that the communication between Darryl Cutillo and Father Chris did not take place until Monday or Tuesday of this week March 12, or 13. Further, please note that during my discussion with Mr. Baumeister on March 9, 2007, I stressed on more than one occasion, the importance of having myself or someone from the City of Elizabeth present during the meeting with Father Chris in order to try to discuss the possibility of finding funding to assist in any repairs that were needed or identified at the meeting in order that we could move ahead with an extension of the lease. Although Mr. Baumeister was very pleasant during our discussion, he never contacted me and

asked me to be present during the meeting with Pastor Chris. Instead, I receive a letter from you indicating that the much needed repairs at the facilities are an expense that the Post Office Service is not interested in investing capital dollars into. Clearly, nobody at the table on March 9, 2007, ever expressed or insinuated that the post office should come up with all of the funds to conduct repairs needed. As a matter of fact, I think that on more than one occasion, I expressed to you specifically that we would find dollars to satisfy any cosmetic repairs that were needed in order that we could continue to have the post office open for a short period of time until an alternative site was located.

Clearly, the failure on the part of your facilities individuals to discuss these alternatives shows me that there was never an intention on the part of the post office to continue to provide service to the Elizabeth Port Community out of the post office located in the Elizabeth Port Station.

Further, at the meeting I specifically asked if your department ultimately decided to continue to provide service at the Elizabeth Port Station, what would happen with all of the procedures that had been commenced in moving ahead with the suspension of service. The response given was that the procedure could be terminated immediately and reversed with no problem. In your letter, you indicate that over 60% of the P.O. Box holders have already committed to alternative arrangements to receive their mail insinuating that we are too late to now change the pattern the emergency suspension and its procedures. To be quite honest with you, I am a bit disappointed with the manner in which this entire situation was handled by your office, by the Elizabeth Post Master, and by the Facilities Representative. There was clearly a lack of communication between the post office and the City of Elizabeth and its residence.

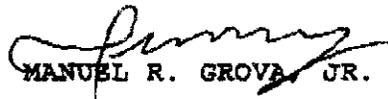

Further, in reviewing all of the correspondence between yourself and the landlord, it is obvious that there was a clear lack of communication between yourselves and the landlords. The only explanation that I can conclude is that there was a decision made to terminate service to this community and if we do not react to this termination, the doors would have been closed and no further attempt to provide service would ever be made by your office. It seems that now after the fact, your office is looking to appease the community and as Phyllis Broughton stated to me in a telephone conversation of March 15, 2007, your office is now trying to "work with the City and the community". Unfortunately as I stated to her, the actions of the post office and of your office in closing this station does not coincide with an agency that is looking to "work with the City".

DOCKET NO. 07206
ITEM NO. 12
PAGE 3

In light of the fact that the decision whether I accept it or not, has been made and at this time I would refer to the services that the Post Master is looking to provide during the transition. It is stated in your letter that a mobile unit will be placed at the location for two hours on Mondays and Wednesdays and in front of the senior complexes at designated times. I would ask that you please consider extending the mobile unit to be placed at the location of the post office for a period of five hours per day from Tuesday to Saturday for a total of five days at five hours a day for a total of twenty-five hours per week. If you again would like to "work with the City and this community", I think an effort such as this would be appreciated. Please relay this request to Mr. Fede and advise as to his position with regard to this request.

Thank you for your anticipated courtesy and cooperation with regard to this matter.

Very truly yours,

DISTRICT MANAGER, CUSTOMER SERVICE AND SALES
NORTHERN NEW JERSEY DISTRICT

March 23, 2007

Mr. Manny Grova, Jr.
Councilman—First Ward
City of Elizabeth
104 Clark Place
Elizabeth, NJ 07206

Dear Mr. Grova:

This is in reference to your letter dated March 19, 2007, regarding the Emergency Suspension of the Elizabeth Port Post Office Station.

I understand your interest in this matter and appreciate the opportunity to address the issues raised. The U.S. Postal Service is aware that post offices play an integral part in communities across our nation. It may be helpful to clarify that when a suspension occurs, alternate service is provided as quickly as possible and a plan of action for a permanent solution is developed.

Please understand that the Postal Service must make decisions based on providing sufficient services to the community, as well as operating in a cost-efficient manner. Therefore, based on the information received from the landlord and our Facilities Service Office, this office made the best decision for both the community and the Postal Service. We recognize your concern and that you are not in agreement; however, it is our hope that you understand our position.

As an update, we will continue to move forward to solicit for a Contract Postal Unit (CPU) established on a contractual basis. The contract is awarded based on the location, contractor ability and hours of operation. Some advantages to a CPU are: providing an opportunity for a local establishment to participate, which adds to the financial base of the community; extending the hours to meet the community needs; and customers will have a new updated state of the art Postal Center. In addition, as discussed at the meeting, your input on possible locations for additional Stamps on Consignment agreements is welcomed.

In reference to your request for extended Mobile Unit hours, I have asked Carmen Fede, Elizabeth Officer-In-Charge, to review the activity with the existing hours established and to contact you to discuss this issue. We look forward to your support and input as we move forward in this transition.

Sincerely,

It's very sad how
people in my community
are being treated, most of
all the senior citizens, it's
a shame, the post office
on Third Street has been
in service for many years
and now people are going
around in circles it's bad
enough that we don't have
any mail boxes, now we
DON'T HAVE A POST OFFICE
Shame Shame Shame
words cannot explain
it's unbelievable
God Bless you!

Why would you close down one of the most important necessity in our community. Everyone has to commute now to take care of their business. Not every one has transportation and on the means to get around. But you are meaning USPS are steadily hiring for postal service work and doing examination what gives.

As you can see our Elizabeth Community the down ^{town} Area Area / 1st ward is expanding and I can say for the better. So I ask this question again Why would you closed down ~~the~~ the Elizabeth-Port station.

Thank you,

Postal Customer Questionnaire Analysis

Questionnaires were distributed to all PO Box customers of the Elizabethport Station on March 14, 2007. Additionally, questionnaires were available at all Elizabeth retail locations to walk-in retail customers during the survey period which ended on April 1, 2007.

A. Number of Questionnaires

Total questionnaires distributed	Unknown
Favorable to proposal	22
Unfavorable to proposal	17
Expressing no opinion	42
Total questionnaires received	81

B. Postal Concerns

The following postal concerns were expressed:

1. **Concern:** A few customers were concerned as to the delivery of their PO Box mail.

Response: Customers were advised that there are boxes available at the adjacent facilities and to contact the Elizabeth MPO where any mail that had not already received direction on was being held in general delivery. At that time they can determine how they would like to redirect their discontinued PO Box mail.

2. **Concern:** Many customers feel they will be inconvenienced by having to take transportation or traveling to an alternate facility.

Response: There are five (5) full service locations within the city of Elizabeth and the MPO also has an Automated Postal Center (APC) with extended hours of availability. There are also ten (10) stamps on consignment locations within three (3) miles of the suspended Elizabethport Station. The Elizabeth MPO will also distribute regular Stamps by Mail brochures, to the residents of the Elizabethport area, and there are also numerous options available at www.usps.com to transact postal business without having to visit a retail location.

C. Nonpostal Concerns

The following nonpostal concerns were expressed:

1. **Concern:** None

PROPOSAL TO CLOSE
THE SUSPENDED
ELIZABETHPORT STATION
AND ESTABLISH A
CONTRACT POSTAL UNIT

DOCKET NUMBER 07206

RESPONSIVENESS TO COMMUNITY POSTAL NEEDS

The Postal Service is proposing to close the suspended Elizabethport Station and provide city delivery service administered by the Elizabeth Post Office, located 1.78 miles away. In addition, PO Box and retail service will be provided at the following locations:

Location	Distance
Union Square Station	.99 Miles
Bayway Station	1.26 Miles
Elizabeth MPO	1.79 Miles

The Elizabethport Station provided service 50 hours a week from 08:00 to 17:00, Monday through Friday, and 08:00 to 13:30 on Saturday to 352 Post Office box customers. Retail services included the sale of stamps, stamped paper, and money orders; special services such as Registered, Certified, Insured, Delivery Confirmation, Signature Confirmation, COD, and Express Mail; and the acceptance and dispatch of all classes of mail. Daily retail window transactions averaged 232 per day for the period of 03/01/2006 through 02/28/2007 leading up to the emergency suspension of service. Retail Revenue for the last three years was: \$445,483.00 in FY 2006; \$456,084.00 in FY 2005; and \$495,360.00 in FY 2004.

Since the suspension of service, customers have received PO Box and retail services from the facilities listed above.

On 3/14/2007 352 questionnaires were distributed to the PO Box customers of the Elizabethport Station. Questionnaires were also available over the counter for retail customers. 81 questionnaires were returned. 22 responses were favorable, 17 unfavorable, and 42 expressed no opinion.

The following postal concerns were expressed on the returned questionnaires:

1. **Concern:** A few customers were concerned as to the delivery of their PO Box mail.

Response: Customers were advised that there are boxes available at the adjacent facilities and to contact the Elizabeth MPO where any mail that had not already received direction on was being held in general delivery. At that time they can determine how they would like to redirect their discontinued PO Box mail.

2. **Concern:** Many customers feel they will be inconvenienced by having to take transportation or traveling to an alternate facility.

Response: There are five (5) full service locations within the city of Elizabeth and the MPO also has an Automated Postal Center (APC) with extended hours of availability. There are also ten (10) stamps on consignment locations within three (3) miles of the suspended Elizabethport Station. The Elizabeth MPO will also distribute regular Stamps by Mail brochures, to the residents of the Elizabethport area, and there are also numerous options available at www.usps.com to transact postal business without having to visit a retail location. It is anticipated that the CPO will be located within the community.

Some advantages to a CPO proposal are:

1. Provides an opportunity for a local person to contract for the CPO service, which may add to the financial base of the community.
2. The hours can be established and adjusted to meet the changing needs of the community.

3. Customers will continue to use the same mailing address and ZIP Code. There will be no change in customers' addresses.
4. Provides the same retail services as an independent Post Office, except for permit mail acceptance, postage meter settings, and registered mail.
5. Savings for the Postal Service contribute in the long run to stable postage rates and savings for customers.

Some disadvantages to a CPO proposal are:

1. Loss of an independent Post Office within the immediate area.
2. The new location may be farther for some customers, but closer for others. However, the unit will be located in the community, and convenience of location will be one of the factors in selecting the contractor.
3. A CPO does not provide permit mail acceptance or postage meter settings. These services are available at the Elizabeth Main Post Office, located 1.79 miles away. These services were also not available at the currently suspended Elizabethport Station.

EFFECT ON THE COMMUNITY

The Elizabethport Station is located in the incorporated city of Elizabeth NJ. The area is administered politically by a council form of government. Police and fire protection is provided by the city of Elizabeth. The community is comprised of a multi diverse population and who commute to work at nearby communities and those who work in local businesses.

There are a handful of religious institutions in the community. Businesses include a mixture of small retail stores, bodegas, cleaners etc. Residents travel to nearby communities for other supplies and services.

There were no nonpostal concerns expressed on the returned questionnaires or at the community meeting.

Based on information the Postal Service obtained, it was determined that there has been minimal growth in the area in recent years. CPO service is expected to be able to handle any future growth in the community.

Based on the information obtained in the course of this discontinuance study, the Postal Service concludes this proposal will not adversely affect the community.

EFFECT ON EMPLOYEES

The clerks will be reassigned to the Elizabeth Main Post Office and maintain bidding status within that office.

ECONOMIC SAVINGS

The Postal Service estimates an annual savings of \$143,360.00 with a breakdown as follows:

2.5 Clerks Salary (PS-5, Minimum, No COLA)	\$111,630.00
Fringe Benefits @33.5%	\$37,396.00
Rental Costs, Excluding Utilities	\$30,000.00
Total Annual Costs	\$179,026.00
Less Annual Cost of Replacement Service	<u>\$35,666.00</u>

160000
143,026.00

Total Annual Savings

\$143,360.00

V. OTHER FACTORS

The Postal Service is proposing that replacement service via CPO will provide a maximum degree of regular and effective postal services to Elizabethport Station customers. The Postal Service fully intends to continue providing service via CPO. In rare circumstances, however, factors including those beyond the control of the Postal Service may require that consideration be given to closing a CPO. In the past, such circumstances have usually involved the absence of any qualified bidders and a near-total loss of customers. Any decision to discontinue a CPO must be made by the vice president, delivery and retail, who reviews — in addition to customer input which is encouraged — a request for discontinuance prepared by the district manager, customer service and sales, documenting service alternatives and the effects on postal services and the community.

SUMMARY

The Postal Service is proposing to close the suspended Elizabethport Station and provide city delivery service administered by the Elizabeth Post Office, located 1.78 miles away. In addition, PO Box and retail services will be provided at the aforementioned USPS locations. Additional retail services are planned through the establishment of a CPO.

Operations were suspended on 3/17/2007 due to termination of the lease by the lessor. There were no suitable alternate quarters available. The career employees were reassigned to the Elizabeth MPO.

The Elizabethport Station provided 50 hours of window service per week with weekly retail window transactions that averaged 232 transactions per day.

A CPO will continue to provide the same services as an independent Post Office, except for permit mailings and meter settings. There will be no career employee reductions and a local person will have the opportunity to contract for the CPO, which may add to the financial base of the community. The Postal Service will save an estimated \$<> annually. The CPO will be administered and supervised by the Postal Service to ensure that high standards of service are maintained.

Taking all available information into consideration, the Postal Service has determined that the advantages outweigh the disadvantages and this proposal is warranted.
