FINAL DETERMINATION TO CLOSE  
THE SUSPENDED  
GENERAL LAFAYETTE, NJ CLASSIFIED STATION  
AND CONTINUE TO PROVIDE  
CITY DELIVERY SERVICE

DOCKET NUMBER 07304

## **I. RESPONSIVENESS TO COMMUNITY POSTAL NEEDS**

The Postal Service has determined to close the suspended General Lafayette, NJ Classified Station and provide city delivery service administered by the Jersey City, NJ Post Office, located 1.29 miles away. Customers also have the option of post office box delivery at the Bergen North, NJ Classified Station, located .83 mile away or the Bergen South, NJ Classified Station, located .90 mile away.

The General Lafayette Classified Station facility had severe safety deficiencies that included: two recent robberies, a recent break-in and the bullet proof resistant screen line was failing in condition. No suitable alternate quarters were available; therefore, service was suspended on December 20, 2007.

The General Lafayette Classified Station provided service 50 hours a week from 8:30 a.m. to 5 p.m., Monday through Friday and 8:30 a.m. to 4 p.m. on Saturday to 260 post office box customers. Retail services included the sale of stamps, stamped paper, and money orders; special services such as registered mail, certified, insured, COD, and Express Mail; and the acceptance and dispatch of all classes of mail. Daily retail window transactions averaged 160. Office receipts for the last three years were: \$279,960.00 in FY-2005; \$292,120.00 in FY-2006; and \$299,520.00 in FY-2007. There were no permit mailers or postage meter customers.

Since the suspension of service, customers have received delivery and retail services from city delivery emanating from the Jersey City Post Office, an EAS-24 level office, located 1.29 miles away. Window service hours at Jersey City are from 7:30 a.m. to 5 p.m., Monday through Friday and 8:30 a.m. to 4 p.m. on Saturday. There are 115 post office boxes available.

Retail service is also available at the Bergen North Classified Station, located .83 mile away. Window service hours at Bergen North are from 8:30 a.m. to 5 p.m., Monday through Friday and 8:30 a.m. to 4 p.m. on Saturday. There are 284 post office boxes available.

A congressional inquiry was received on March 6, 2008.

On March 10, 2008, questionnaires were distributed to delivery customers of the General Lafayette Classified Station. Twenty-one questionnaires were returned. Four responses were favorable, six unfavorable, and eleven expressed no opinion regarding the proposed alternate service.

The following postal concerns were expressed on the returned questionnaires from customer letters and from the congressional inquiry:

1. **Concern:** Customers were concerned about senior citizens.

**Response:** Carrier service is beneficial to many senior citizens and those who face special challenges because the carrier can provide delivery and retail services to roadside mailboxes. Customers do not have to make a special trip to the post office for service. Special provisions are made for hardship cases or special customer needs. To request an exception for hardship delivery, customers may contact the Jersey City Postmaster for more information.

2. **Concern:** Customers were concerned about having to travel to another post office for service.

**Response:** Services provided at the post office will be available from the carrier, and customers will not have to travel to another post office for service. Most transactions do not require meeting the carrier at the mailbox. Stamps by Mail and Money Order Application forms are available for customer convenience.

3. **Concern:** Customers were concerned about mail security.

**Response:** Customers may place a lock on their mailboxes. The mailbox must have a slot large enough to accommodate the customer's normal daily mail volume. The Postal Service does not open mailboxes which are locked and does not accept keys for this purpose. Customers also have the option of post office box delivery at the Bergen South and Bergen North Classified Stations, located less than one mile away.

4. **Concern:** Customers complained about the parking at the other classified stations.

**Response:** Unfortunately there will always be a problem with parking at certain peak times of the day. We ask customers who are just picking up mail to do so when the customer traffic is not as high. Customers also have the option of delivery to their residence.

5. **Concern:** Customers said they would miss the special attention and assistance provided by the personnel at the General Lafayette Classified Station.

**Response:** Courteous and helpful service will be provided by personnel at the Bergen South and Bergen North Classified Stations. Special assistance will be provided as needed.

6. **Concern:** Customers felt the community should have a retail outlet and wanted a new facility provided.

**Response:** No suitable quarters are available in the community to house a classified unit. A new lease would require a building which meets federal guidelines. A postal facility is not constructed when effective and regular service can be provided by a more cost-effective alternate service.

**Some advantages to the final determination are:**

1. Carrier delivery service is beneficial to some senior citizens, the handicapped, and working people since customers will no longer need to travel to the post office to pick up their mail.
2. The carrier provides retail services, alleviating the need to go to the post office. Stamps by Mail order forms are provided for customer convenience.
3. Customers opting for carrier service will have 24-hour access to their mail.
4. A savings for the Postal Service, which contributes in the long run to stable postage rates and savings for customers.
5. Customers opting for carrier service will no longer have to pay post office box fees.
6. Saves time and energy for customers who drive to the post office to pick up mail.

**Some disadvantages to the final determination are:**

1. The loss of a retail outlet in the area.
2. Meeting the carrier at the mailbox to transact business. However, it is not necessary to be present to conduct most postal transactions.
3. A change in mailing address.

Taking all available information into consideration, the Postal Service concludes this final determination will provide a maximum degree of effective and regular postal services to the community.

**II. EFFECT ON COMMUNITY**

General Lafayette is located in the incorporated city of Jersey City. The area is administered politically by a council form of government. Police and fire protection is provided by the city of Jersey City. The area is comprised of those who commute to work at nearby areas and those who work in local businesses.

Nonpostal services provided at the General Lafayette Classified Station will be available at the Bergen South and Bergen North Classified Stations. Government forms normally provided will also be available at the Bergen North and Bergen South Classified Stations or by contacting your local government agency.

The following nonpostal concerns were expressed on the returned questionnaires, from customer letters and on the congressional inquiry:

1. **Concern:** Customers were concerned about the loss of a gathering place and an information center.

**Response:** The Bergen South and Bergen North Classified Stations will maintain facilities in the area and will continue to serve as a convenient gathering place and an information center.

2. **Concern:** A customer expressed concern about the condition of the steps at the Bergen South Classified Station.

**Response:** The Bergen South Station is handicap accessible and the General Lafayette Station is not. There is a project that will start in the near future to make some necessary repairs and a larger project to complete some upgrades on the original flaws at the Bergen South Classified Station.

Based on information the Postal Service obtained, it was determined that there has been minimal growth in the area in recent years. Carrier service is expected to be able to handle any future growth in the community.

To help preserve community identity, the community name and ZIP Code will be retained.

Based on information obtained in the course of this discontinuance study, the Postal Service concludes this final determination will not adversely affect the community. Carrier service has been in effect since the suspension of the General Lafayette Classified Station on December 20, 2007.

**III. EFFECT ON EMPLOYEES**

The two career clerks will be reassigned to the Jersey City Post Office and maintain bidding status within that office.

**IV. ECONOMIC SAVINGS**

The Postal Service estimates annual savings of \$127,297.00 with a breakdown as follows:

Clerk Salary (PS-5, Minimum, No COLA)	\$98,612.00
Fringe Benefits @33.5%	33,035.00
Rental Costs, Excluding Utilities	<u>+15,650.00</u>
Total Annual Costs	\$147,297.00
Less Cost of Replacement Service	<u>-20,000.00</u>
Total Annual Savings	\$127,297.00

**V. OTHER FACTORS**

The Postal Service has identified no other factors for consideration.

**VI. SUMMARY**

The Postal Service has determined to close the suspended General Lafayette Classified Station and provide city delivery service administered by the Jersey City Post Office, located 1.29 miles away.

Operations were suspended on December 20, 2007 due to security deficiencies of the postal facility. There were no suitable alternate quarters available. The career clerks were reassigned to the Jersey City Post Office. No other employee was adversely affected.

The General Lafayette Classified Station provided 50 hours of window service per week to 260 customers. Daily retail window transactions averaged 160. There were no permit mailers or postage meter customers.

Carrier service will continue to provide effective and regular service to the community. There will be a loss of a retail outlet in the area. However, delivery and retail services will be available from the carrier, alleviating the need to travel to a post office for service. Customers opting for carrier delivery will have 24-hour access to their mail. To help preserve identity, the name and ZIP Code will be retained. The Postal Service will save an estimated \$127,297.00 annually. A disadvantage to some may be in meeting the carrier to transact business. However, it is not necessary to be present to conduct most postal transactions.

Taking all available information into consideration, the Postal Service has determined that the advantages outweigh the disadvantages and this final determination is warranted.

**VII. NOTICES**

Notify customers of the permanent discontinuance of the General Lafayette Classified Station and advise them of the hours of operation and services available at the Bergen South and Bergen North Classified Stations. Explain specific information on address changes and why the change is necessary.

Honorable Mayor Jerramiah T. Healy  
City of Jersey City  
280 Grove Street  
Jersey City, NJ 07302

Dear Mayor Healy:

This is a follow-up to our meeting on January 28, 2008, regarding the Emergency Suspension of the General Lafayette Station in Jersey City, NJ.

Initially operations at the General Lafayette Station were suspended due to security concerns. It may be helpful to clarify that when a suspension occurs, alternate service is provided as quickly as possible and a plan of action for a permanent solution is developed.

Please understand that the Postal Service must make decisions based on providing regular and effective service to the community, as well as operating in a cost-efficient manner. Therefore, based upon a thorough analysis, we have determined that the best business decision is to move forward with the formal process to discontinue service at the General Lafayette Station.

Since the emergency suspension, we have been able to provide regular and effective service to our customers. Post Office Box customers who had been serviced at the General Lafayette Station are provided P.O. Box Service at the Bergen South Post Office, which is approximately .90 miles away. Post Office Box customers also have the option to convert to street delivery and will receive a refund for any remaining paid P.O. Box rental fee. If preferred, they may also request to transfer their P.O. Box service to any Postal facility which is more convenient for them to use.

In addition, retail services are available at two (2) full-service Post Offices located within a one mile radius from the General Lafayette Station — Bergen North Station, 528 Bergen Avenue and Bergen South Station, 369 Martin Luther King Jr. Drive. There are also two (2) located within 1.25 miles; Westside Station, 504 Westside Avenue and Journal Square Station, 899 Bergen Avenue. Customers may also request Stamps by Mail envelopes from any of these Post Offices or their letter carrier, so that they can order Stamps by Mail as needed.

For the convenience of our customers, the Postal Service has partnered with the following local retail establishments that sell postage stamps; seven (7) within a one (1) mile radius:

- > Staples — Route 440
- > Walgreen's — 2395 Kennedy Blvd. and 1561 Kennedy Blvd.
- > Acme — 216 Garfield Avenue
- > Banco Popular — One Journal Square
- > Book Store on the Square — 26 Journal Square
- > Saint Peter's College Store — 2641 Kennedy Blvd.

Mayor Healy, we recognize your concern, however, it is our hope that you understand our position. We are confident that we have, and will continue to provide regular and efficient service to our customers.

Dear District Manager Morse,

I write to you today to express my disappointment regarding the closing of the Lafayette Post Office in Jersey City, NJ. As you state in your letter to Mayor Healy, it is essential that the United States Postal Service be "able to provide regular and effective service." In light of the many complaints in my district, it is clear that regular and effective service is not being provided due to the closing of this post office. I continue to be concerned as to the criteria utilized in this case and believe we must find a real solution to this problem.

In order to best address this situation, my office will be organizing a meeting with Mayor Healy, and I request that you attend this meeting as well to discuss the future of the Lafayette Post Office. I thank you in advance for your participation.

Sincerely,

Dear Postal Customer:

As you are aware, service was suspended at the General Lafayette Station on December 20, 2007, due to safety and security concerns. Since that time, Post Office Box customers who had been serviced at the General Lafayette Station are provided P.O. Box Service at the Bergen South Post Office which is less than a mile away. Post Office Box customers also have the option to convert to street delivery and will receive a refund for any remaining paid P. O. Box rental fee. If preferred, they may also request to transfer their P. O. Box service to any Postal Facility which is more convenient for them to use.

In addition, full Retail Service is being provided at two (2) full service Post Offices located within a one mile radius from the General Lafayette Station; Bergen North Station, 528 Bergen Avenue and Bergen South Station, 369 Martin Luther King Jr. Drive. There are also two additional retail locations within 1.25 miles; Westside Station, 504 Westside Avenue and Journal Square Station, 899 Bergen Avenue. Customers may also request Stamps by Mail envelopes from any of these Post Offices, or their letter carrier, so that they can order Stamps by Mail as needed. Additionally, all of these alternate access options have been supplemented by the operation of a USPS mobile retail unit at various locations within the community.

As the postal manager responsible for all Post Offices in your area, I would like your opinion concerning the service you received prior to the suspension, the service you now receive, and what effect officially discontinuing the General Lafayette Station may have on you and your community. The recommended change is tentative and will not lead to a formal proposal unless we conclude that it will provide a maximum degree of regular and effective service.

Briefly, we would like to continue to provide the P.O. Box Service at the Bergen South Post Office which is approximately .90 miles away. Retail Service will continue to be available at the two (2) full service Post Offices located within a one mile radius from the General Lafayette Station; Bergen North Station, 528 Bergen Avenue and Bergen South Station, 369 Martin Luther King Jr. Drive. There are also two additional retail locations within 1.25 miles; Westside Station, 504 Westside Avenue and Journal Square Station, 899 Bergen Avenue. The mobile unit will continue to operate as customer demand warrants.

In addition, for the convenience of our customers, the Postal Service has partnered with the following local retail establishments that sell postage stamps; seven (7) within a one (1) mile radius:

Staples, Route 440  
Walgreen's, 2395 Kennedy Blvd. and 1561 Kennedy Blvd  
Acme, 216 Garfield Avenue  
Banco Popular, 1 Journal Square  
Book Store on the Square, 26 Journal Square  
Saint Peter's College Store, 2641 Kennedy Blvd.

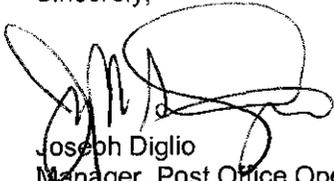

We also offer stamps by phone at 1-800-782-6724, or by fax at 816-545-1212. Stamps and other retail products can be ordered via our Internet home page at [www.usps.com](http://www.usps.com) by clicking on "Buy Stamps & Shop." Stamp orders are delivered directly to customer mailing addresses. Our new Click-N-Ship online mailing service will calculate rates, find ZIP Codes, standardize and save addresses, store shipping history information, and print mailing labels with postage. It also offers free Delivery Confirmation or Signature Confirmation as an option and mailers can call ahead for free carrier pick-up.

Please return the enclosed questionnaire by March 18, 2008, using the pre-addressed envelope provided. Please be aware that, if we formalize a proposal, your questionnaire will become part of an official record and will be available for public viewing.

If you have any questions, you may call William B. Grygus, NNJD Post Office Review Coordinator at 973-468-7035.

Thank you for your assistance.

Sincerely,

Joseph Diglio

To Whom It May Concern:

On the following day after the attempted robbery of December 10, 2007 clerks [REDACTED] and [REDACTED] started complaining and calling my office and my supervisors to vehemently complain that they felt unsafe working in the General Lafayette Station. As you can see in the e-mail below from my general clerk that the complaints stated coming in right after the attempted robbery, mind you these clerks were not working during the attempt. I then sent Supervisor Jackson to spend all day at the station because the complaints were daily however this did not satisfy them. They started saying that they would no longer work in the station. On December 20, 2007 we put the station in an emergency placement because of the safety and security issues. Clerks [REDACTED] and [REDACTED] kept on complaining and refusing to work in the station. However the day after the Emergency placement the APWU President Connie Gaston informed me that now [REDACTED] and [REDACTED] are no longer afraid to work in the station.

Jeff,

Today I received more complaints of unsafe conditions from the workers at Lafayette Station, namely [REDACTED]. Concerns were raised especially because of the article in today's Jersey Journal that reported that the video camera is not working and has not been working for some time. It is felt that this is opening them up to attack now that the public knows that the camera does not work.

They were also told that there would be Postal Police at the premises last night when they closed and there were not. The workers want to know will there be any protection for them tonight. Please let me know what I should advise them, and also about the status of the camera situation.

Respectfully,

Andrea

George,

There was an attempted robbery two weeks ago; this was the second one at the station. The two replacement clerks have been calling everyday that they are in fear while working at the station. The security camera is broken and the bulletproof glass fell off of the parcel window and broke. They former union president walked out yesterday because she is afraid. The clerks do not want to work at the station.

Mr. Jack E. Potter  
Postmaster General  
475 L'Enfant Plaza SW  
Washington DC 20260-3500

Dear Postmaster General Potter,

We are writing to express our displeasure with the recent closure of the Lafayette Branch Post Office at 322 Pacific Avenue in Jersey City, New Jersey. The decision by the United States Postal Service (USPS) places an unfair and disproportionate burden on our constituents and we are confident that we can resolve this matter in an expeditious and fair manner.

On December 21, 2007, the USPS decided to suspend services at the Lafayette Branch due to security concerns culminating in a bulletproof door falling off its hinges. While we can appreciate the need to ensure the security of the community and postal patrons, we were also led to believe that, following a review of the facility security features, services at this facility would resume in an expedient manner. Instead, it took 73 days, until March 3, 2008, for the USPS to notify Jersey City Mayor Jerramiah Healy of their decision to permanently discontinue service at the post office, asserting that this would be the "best business decision." This is a direct departure from the original decision to suspend service due to security concerns and the need to determine "what is in the best interest of customers and employees in terms of their safety and security," as USPS spokesperson George Flood stated.

In addition, on January 28, 2008, U.S. Postal Service representatives met with the Mayor to work out a temporary solution. It was decided that a mobile mail unit would be provided four mornings a week for two and a half hours, as well as an additional hour on Friday afternoons. However, it recently came to our attention that the mobile mail unit has failed to adhere to these hours. We understand that the United State Postal Service is under fiscal restraints, but this is not a sufficient reason to leave vulnerable members of our community without adequate service.

We hope that you understand the dependence of a community on a post office. The discontinuation or relocation of postal services in this community creates an undue hardship for the residents. The Postal Service has suggested several alternatives for replacing the services previously offered at the Lafayette Branch such as using facilities up to 1.25 miles away and online services. However, these suggestions ignore the needs

of the residents. This is an urban area primarily populated by seniors who do not have access to a vehicle or public transportation and are not able to walk to the next closest postal facility. A recent reduction in bus service in the Bergen Lafayette community further inhibits travel to alternative sites. While the Mayor has advocated for increased bus service, comprehensive bus coverage cannot be guaranteed in this community. In addition, many residents do not have access to your online services.

The people of this community need a permanent facility. We join the Jersey City Mayor and Council in strongly advocating for a permanent post office and restoring all necessary postal services to the residents of this community. Therefore, we encourage you to find a solution which will provide a convenient and permanent post office to the satisfaction of the City and this community. We would also appreciate an explanation of the emergency suspension procedures, formal discontinuance procedures, and a timeline of requirements for the discontinuance of a postal facility. We look forward to working with you and District Manager Maria Morse to resolve this situation as quickly as possible.

Please do not hesitate to contact our offices if we can be of further assistance. Thank you for your anticipated response to this letter.

It is so hard to asked them to pull out there money in the street, also the area is being build up, so many new businesses and Housing. Just so that you know, I am a boxholder P.O Box 9097 and I have no fear of working at the Lafayette branch I care about my customers and in hope that you will see fit to reopened the station.

Regarding your concern over the steps at the Bergen South Postal facility. We currently are working to have the one set of steps repaired, however, this facility is fully compliant for handicap accessibility and has a handicap ramp which the General Lafayette Station does not. It is located to the right of the entrance as you face the facility.

If you have additional questions or comments, please feel free to contact me at 973-468-7035.

### Postal Customer Questionnaire Analysis

Questionnaires were distributed to all delivery customers of the general Lafayette Station on March 10, 2008. Additionally, questionnaires were available at the Bergen Station South, Bergen Station North, Westside Station, Journal Square Station, and through the USPS mobile unit to walk-in retail customers during the survey period.

#### A. Number of Questionnaires

Total questionnaires distributed	<u>260 PO Box/ Retail unknown</u>
Favorable to proposal	<u>4</u>
Unfavorable to proposal	<u>6</u>
Expressing no opinion	<u>11</u>
Total questionnaires received	<u>21</u>

#### B. Postal Concerns

The following postal concerns were expressed:

1. **Concern:** One customer did not want their PO Box moved from the new location.

**Response:** Local management was advised of the customers desire.

2. **Concern:** Customers expressed concern over the distance to the alternate locations.

**Response:** As the cover letter identified there are many alternate access locations and channels that customers can utilize some of which require that they not even leave their home. Services provided at the classified station will be available from the carrier, and customers will not have to travel to another post office for service. Most transactions do not require meeting the carrier at the mailbox. Stamps by Mail and Money Order Application forms are available for customer convenience.

#### C. Nonpostal Concerns

The following nonpostal concerns were expressed:

1. **Concern:** One customer expressed a concern over the condition of the steps at the Bergen South Station.

**Response:** The Bergen South Station is handicap accessible and the General Lafayette Station is not. There is a project that will start the week of 3/24 to make some necessary repairs and a larger project to complete some upgrades to address original design flaws.

2. **Concern:** Customers were concerned about serving the senior citizen population.

**Response:** Carrier service is beneficial to many senior citizens and those who face special challenges because the carrier can provide delivery and retail services to customer mailboxes. Customers do not have to make a special trip to the post office for service. Special provisions are made for hardship cases or special customer needs. To request an exception for hardship delivery, customers may contact the Jersey City Postmaster for more information.

3. **Concern:** Customers felt the community should have an office and wanted a new facility provided.

**Response:** A review of the area indicates that many of the same challenges that exist in the current location, with respect to meeting the current design criteria, also exist in the surrounding community. A postal facility is not constructed when effective and regular service can be provided by a more cost-effective alternate service.

PROPOSAL TO CLOSE  
THE SUSPENDED  
GENERAL LAFAYETTE STATION  
AND CONTINUE TO PROVIDE  
CITY DELIVERY SERVICE

DOCKET NUMBER 07304

## RESPONSIVENESS TO COMMUNITY POSTAL NEEDS

The Postal Service is proposing to close the suspended General Lafayette Station and provide city delivery service administered by the Jersey City Post Office, located 1.29 miles away. In addition, PO Box and retail service will be provided at the following locations:

Location	Distance
Bergen Station North	.83 Miles
Bergen Station South	.90 Miles

The General Lafayette Station provided service 50 hours a week from 08:30 to 17:00, Monday through Friday, and 08:30 to 16:00 on Saturday to 260 Post Office box customers. Retail services included the sale of stamps, stamped paper, and money orders; special services such as Registered, Certified, Insured, Delivery Confirmation, Signature Confirmation, COD, and Express Mail; and the acceptance and dispatch of all classes of mail. Daily customer visits averaged 160 per day for the months of March and October of 2007. Retail Revenue for the last three years was: \$299,520.00 in FY 2007; \$292,120.00 in FY 2006; and \$279,960.00 in FY 2005.

Since the suspension of service, customers have received PO Box and retail services from the facilities listed above.

On 3/10/2008 260 questionnaires were distributed to the PO Box customers of the General Lafayette Station. Questionnaires were also available over the counter for retail customers. 21 questionnaires were returned. 4 responses were favorable, 6 unfavorable, and 11 expressed no opinion.

The following postal concerns were expressed on the returned questionnaires:

**Concern:** One customer did not want their PO Box moved from the new location.

**Response:** Local management was advised of the customer's desire.

**Concern:** Customers expressed concern over the distance to the alternate locations.

**Response:** As the cover letter identified there are many alternate access locations and channels that customers can utilize some of which require that they not even leave their home. Services provided at the classified station will be available from the carrier, and customers will not have to travel to another post office for service. Most transactions do not require meeting the carrier at the mailbox. Stamps by Mail and Money Order Application forms are available for customer convenience.

### Non-Postal Concerns

**Concern:** One customer expressed a concern over the condition of the steps at the Bergen South Station.

**Response:** The Bergen South Station is handicap accessible and the General Lafayette Station is not. There is a project that will start the week of 3/24 to make some necessary repairs and a larger project to complete some upgrades to address original design flaws at the Bergen South Station.

**Concern:** Customers were concerned about serving the senior citizen population.

**Response:** Carrier service is beneficial to many senior citizens and those who face special challenges because the carrier can provide delivery and retail services to customer mailboxes. Customers do not have to make a special trip to the post office for service. Special provisions

are made for hardship cases or special customer needs. To request an exception for hardship delivery, customers may contact the Jersey City Postmaster for more information.

**Concern:** Customers felt the community should have an office and wanted a new facility provided.

**Response:** A review of the area indicates that many of the same challenges that exist in the current location, with respect to meeting the current design criteria, also exist in the surrounding community. A postal facility is not constructed when effective and regular service can be provided by a more cost-effective alternate service.

**Some advantages of a proposal are:**

1. Carrier delivery service is beneficial to some senior citizens, the handicapped, and working people since customers will no longer need to travel to the Post Office to pick up their mail.
2. The carrier provides retail services, alleviating the need to go to the Post Office. *Stamps by Mail* order forms are provided for customer convenience.
3. Customers opting for carrier service will have 24-hour access to their mail.
4. Savings to the Postal Service contribute in the long run to stable postage rates and savings for customers.
5. Customers opting for carrier service will no longer have to pay Post Office box fees.
6. Saves time and energy for customers who drive to the post office to pick up mail.

**Some disadvantages to a carrier service proposal are:**

1. Loss of a retail outlet in the community.
2. Need to meet the carrier at the mailbox to transact business. However, it is not necessary to be present to conduct most postal transactions.
3. A change in mailing address.

**EFFECT ON THE COMMUNITY**

The General Lafayette Station is located in the incorporated city of Jersey City NJ. The area is administered politically by a council form of government. Police and fire protection is provided by the city of Jersey City. The area is comprised of those who commute to nearby areas and those who work in local businesses.

There are a handful of religious institutions in the community. Businesses include a mixture of small retail stores, bodegas, cleaners etc. Residents travel to nearby communities for other supplies and services.

Nonpostal services provided at the General Lafayette Classified Station will be available at the Bergen North and Bergen South Stations. Government forms normally provided by the station will also be available at the Bergen North and Bergen South Stations or by contacting your local government agency.

Based on information the Postal Service obtained, it was determined that there has been minimal growth in the area in recent years. Carrier service is expected to be able to handle any future growth in the community.

Based on the information obtained in the course of this discontinuance study, the Postal Service concludes this proposal will not adversely affect the community. Carrier service has been in effect since the suspension of the General Lafayette Classified Station on 12/20/2007.

**EFFECT ON EMPLOYEES**

The clerks will be reassigned to the Jersey City Main Post Office and maintain bidding status within that office.

**ECONOMIC SAVINGS**

The Postal Service estimates an annual savings of \$147,297.00 with a breakdown as follows:

2.0 Clerks Salary (PS-5, No COLA)	\$98,612.00
Fringe Benefits @33.5%	\$33,035.00
Rental Costs, Excluding Utilities	\$15,650.00
Total Annual Costs	\$147,297.00
Less Annual Cost of Replacement Service	200,000.00
Total Annual Savings	<del>\$147,297.00</del>

200,000.00  
~~\$147,297.00~~  
127,297

**V. OTHER FACTORS**

The Postal Service has identified no other factors for consideration.

**SUMMARY**

The Postal Service is proposing to close the suspended General Lafayette Classified Station and provide city delivery service administered by the Jersey City Post Office, located 1.29 miles away. In addition, PO Box and retail services will be provided at the aforementioned USPS locations.

The General Lafayette Station provided 50 hours of window service per week with daily customer visits that averaged 160 per day.

Carrier service will continue to provide regular and effective service to the community. There will be one less retail outlet in the area. However, delivery and retail services will be available from the carrier, alleviating the need to travel to a post office for service. Customers opting for carrier delivery will have 24-hour access to their mail. The Postal Service will save an estimated \$147,297.00 annually. A disadvantage to some may be in meeting the carrier to transact business, however, it is not necessary to be present to conduct most postal transactions.

Taking all available information into consideration, the Postal Service has determined that the advantages outweigh the disadvantages and this proposal is warranted.
