**RESPONSE OF THE UNITED STATES POSTAL SERVICE  
TO DISCOVERY REQUEST OF GAMEFLY, INC.**

**GFL/USPS-81.** This is a follow-up to your response to GFL/USPS-30. Please respond to each subpart of the interrogatory by providing the most precise percentage estimates that you can.

**RESPONSE:**

The Postal Service is unable to provide percentage estimates. Any attempt at a percentage would be pure speculation. The Postal Service can state that in almost all plants, flat tubs are used to separate mail shapes and other mail types that are deemed necessary to separate for proper mail preparation. It is possible that, in any given facility, those tubs may be used for Netflix, Blockbuster, or other DVD mailers, but the Postal Service is unable to estimate the percentage of facilities that in fact use those tubs to hold DVD mail.
