ORDER CONCERNING PRIORITY MAIL CONTRACT 19  
NEGOTIATED SERVICE AGREEMENT

(Issued October 26, 2009)

I. INTRODUCTION

The Postal Service seeks to add a new product identified as Priority Mail Contract 19 to the Competitive Product List. For the reasons discussed below, the Commission approves the Request.

## II. BACKGROUND

On October 13, 2009, the Postal Service filed a formal request pursuant to 39 U.S.C. 3642 and 39 CFR 3020.30 *et seq.* to add Priority Mail Contract 19 to the Competitive Product List.<sup>1</sup> The Postal Service asserts that the Priority Mail Contract 19 product is a competitive product “not of general applicability” within the meaning of 39 U.S.C. 3632(b)(3). This Request has been assigned Docket No. MC2010-1.

The Postal Service contemporaneously filed a contract related to the proposed new product pursuant to 39 U.S.C. 3632(b)(3) and 39 CFR 3015.5. The contract has been assigned Docket No. CP2010-1.

In support of its Request, the Postal Service filed the following materials: (1) a redacted version of the Governors’ Decision, originally filed in Docket No MC2009-25, authorizing the Priority Mail Contract Group;<sup>2</sup> (2) a redacted version of the contract;<sup>3</sup> (3) a requested change in the Mail Classification Schedule product list;<sup>4</sup> (4) a Statement of Supporting Justification as required by 39 CFR 3020.32;<sup>5</sup> (5) a certification of compliance with 39 U.S.C. 3633(a);<sup>6</sup> and (6) an application for non-public treatment of the materials filed under seal.<sup>7</sup> The redacted version of the contract provides that the contract is terminable on 30 days’ notice by either party, but could continue for three years from the effective date subject to annual price adjustments. Request, Attachment B.

<sup>1</sup> Request of the United States Postal Service to Add Priority Mail Contract 19 to Competitive Product List and Notice of Filing (Under Seal) of Contract and Supporting Data, October 13, 2009 (Request). The Postal Service filed an errata to the supporting data on October, 15, 2009. Errata to Supporting Data, October 15, 2009.

<sup>2</sup> Attachment A to the Request, reflecting Governors’ Decision No. 09-6, April 27, 2009.

<sup>4</sup> Attachment C to the Request.

<sup>5</sup> Attachment D to the Request.

<sup>6</sup> Attachment E to the Request.

<sup>7</sup> Attachment F to the Request.

In the Statement of Supporting Justification, Mary Prince Anderson, Acting Manager, Sales and Communications, Expedited Shipping, asserts that the service to be provided under the contract will cover its attributable costs, make a positive contribution to coverage of institutional costs, and will increase contribution toward the requisite 5.5 percent of the Postal Service's total institutional costs. Request, Attachment D, at 1. W. Ashley Lyons, Manager, Regulatory Reporting and Cost Analysis, Finance Department, certifies that the contract complies with 39 U.S.C. 3633(a). *Id.*, Attachment E.

The Postal Service filed much of the supporting materials, including the supporting data and the unredacted contract, under seal. The Postal Service maintains that the contract and related financial information, including the customer's name and the accompanying analyses that provide prices, certain terms and conditions, and financial projections, should remain confidential. *Id.*, Attachment F at 2-3.

In Order No. 313, the Commission gave notice of the two dockets, appointed a public representative, and provided the public with an opportunity to comment.<sup>8</sup>

### III. COMMENTS

Comments were filed by the Public Representative.<sup>9</sup> No comments were submitted by other interested parties. The Public Representative states that the Postal Service's filing comports with title 39 and the relevant Commission rules. Public Representative Comments at 1, 3. He further states that the agreement employs pricing terms favorable to the customer, the Postal Service, and thereby, the public. *Id.*

That motion is granted.

at 3-4. The Public Representative also believes that the Postal Service has provided appropriate justification for maintaining confidentiality in this case. *Id.* at 3.

#### IV. COMMISSION ANALYSIS

The Commission has reviewed the Request, the contract, the financial analysis provided under seal that accompanies it, and the comments filed by the Public Representative.

*Statutory requirements.* The Commission's statutory responsibilities in this instance entail assigning Priority Mail Contract 19 to either the Market Dominant Product List or to the Competitive Product List. 39 U.S.C. 3642. As part of this responsibility, the Commission also reviews the proposal for compliance with the Postal Accountability and Enhancement Act (PAEA) requirements. This includes, for proposed competitive products, a review of the provisions applicable to rates for competitive products. 39 U.S.C. 3633.

*Product list assignment.* In determining whether to assign Priority Mail Contract 19 as a product to the Market Dominant Product List or the Competitive Product List, the Commission must consider whether

the Postal Service exercises sufficient market power that it can effectively set the price of such product substantially above costs, raise prices significantly, decrease quality, or decrease output, without risk of losing a significant level of business to other firms offering similar products.

39 U.S.C. 3642(b)(1). If so, the product will be categorized as market dominant. The competitive category of products consists of all other products.

The Commission is further required to consider the availability and nature of enterprises in the private sector engaged in the delivery of the product, the views of those who use the product, and the likely impact on small business concerns.

39 U.S.C. 3642(b)(3).

The Postal Service asserts that its bargaining position is constrained by the existence of other shippers who can provide similar services, thus precluding it from taking unilateral action to increase prices without the risk of losing volume to private companies. Request, Attachment D, ¶ (d). The Postal Service also contends that it may not decrease quality or output without risking the loss of business to competitors that offer similar expedited delivery services. *Id.* It further states that the contract partner supports the addition of the contract to the Competitive Product List to effectuate the negotiated contractual terms. *Id.*, ¶ (g). Finally, the Postal Service states that the market for expedited delivery services is highly competitive and requires a substantial infrastructure to support a national network. It indicates that large carriers serve this market. Accordingly, the Postal Service states that it is unaware of any small business concerns that could offer comparable service for this customer. *Id.*, ¶ (h).

No commenter opposes the proposed classification of Priority Mail Contract 19 as competitive. Having considered the statutory requirements and the support offered by the Postal Service, the Commission finds that Priority Mail Contract 19 is appropriately classified as a competitive product and should be added to the Competitive Product List.

*Cost considerations.* The Postal Service presents a financial analysis showing that Priority Mail Contract 19 results in cost savings while ensuring that the contract covers its attributable costs, does not result in subsidization of competitive products by market dominant products, and increases contribution from competitive products.

Based on the data submitted, the Commission finds that Priority Mail Contract 19 should cover its attributable costs (39 U.S.C. 3633(a)(2)), should not lead to the subsidization of competitive products by market dominant products (39 U.S.C. 3633(a)(1)), and should have a positive effect on competitive products' contribution to institutional costs (39 U.S.C. 3633(a)(3)). Thus, an initial review of proposed Priority Mail Contract 19 indicates that it comports with the provisions applicable to rates for competitive products.

*Application for non-public treatment.* The Commission has repeatedly held that applications for non-public treatment for an indefinite time period are premature finding that if the need for non-public treatment remains well into the future due to ongoing business relationships, the Postal Service may submit a motion to the Commission to extend the duration at the appropriate time.<sup>10</sup> Nonetheless, the Postal Service continues to request indefinite non-public treatment of materials.<sup>11</sup> The Commission finds its prior rulings on this topic to be clear and sufficiently precedential to avoid the necessity of continually ruling on this issue in every case. Accordingly, if the Postal Service continues its requests for indefinite non-public treatment of materials in the future, the Commission's silence on that matter (or any similar request to deviate from the default rules) shall not be deemed to be a ruling on the merits.

*Other considerations.* The Postal Service shall notify the Commission if termination occurs prior to the scheduled termination date. Following the scheduled termination date of the agreement, the Commission will remove the product from the Competitive Product List.

In conclusion, the Commission approves Priority Mail Contract 19 as a new product. The revision to the Competitive Product List is shown below the signature of this Order and is effective upon issuance of this Order.
