**UNITED STATES POSTAL SERVICE NOTICE OF ERRATUM TO APPLICATION
FOR NON-PUBLIC TREATMENT**
(November 20, 2009)

On November 19, 2009, the United States Postal Service (“Postal Service”) filed a Request to Add Canada Post – United States Postal Service Contractual Bilateral Agreement for Inbound Market Dominant Services to the Market Dominant Product List, Notice Of Type 2 Rate Adjustment, And Notice Of Filing Agreement (Under Seal) (“Request”). Attachment 4 to the Request was the Postal Service’s application for non-public treatment of related financial information and certain portions of the agreement filed therewith as Attachment 3. Due to a drafting error, the application for non-public treatment includes an erroneous reference to a nonexistent page of the agreement. A corrected page is attached to this Notice. The Postal Service regrets any inconvenience this oversight may have caused.

Respectfully submitted,

UNITED STATES POSTAL SERVICE

(3) A description of the materials claimed to be non-public in a manner that, without revealing the materials at issue, would allow a person to thoroughly evaluate the basis for the claim that they are non-public;

In connection with its Request filed in this docket, the Postal Service included an Agreement and financial work papers. These materials were filed under seal, with redacted copies filed publicly, after notice to Canada Post. The Postal Service maintains that the redacted portions of the Agreement and related financial information should remain confidential.

With regard to the Agreement filed in this docket, the redactions in Attachment 1 withhold the actual prices being offered between the parties under the Agreement. The redactions made to Attachment 2 contain details about certain delivery performance thresholds, product tracking levels, and the connection of delivery performance and certain anomalies with payment between operators, all of which is commercially sensitive. The redactions applied to the financial work papers protect commercially sensitive information such as underlying costs and assumptions, negotiated pricing, and cost coverage projections. To the extent practicable, the Postal Service has limited its redactions in the work papers to the actual information it has determined to be exempt from disclosure under 5 U.S.C. § 552(b).

(4) Particular identification of the nature and extent of commercial harm alleged and the likelihood of such harm;

If the portions of the Agreement that the Postal Service determined to be protected from disclosure due to their commercially sensitive nature were to be
