¹ See Public Representative's Comments in Lieu of Reply Brief, January 12, 2010 (Comments). The reference appears in the following sentence: "Alternatively, the Postal Service might volunteer to update that docket with the information on the Cranberry Post Office (based on cessation of operations on September 11, 2009, it appears that the 90-day report on the Postal Service's plan would have been due in mid-December 2010)."
