Docket No. N2010-1

Public Representatives' Notice of Errata to
Interrogatories to Postal Service Witness Pulcrano Dated April 30, 2010

(May 4, 2010)

This Notice is submitted pursuant to the undersigned's designation as a Public Representative in this docket, and is accompanied by two documents. One is a revised set of interrogatories to witness Pulcrano reflecting deletion of interrogatories intended for witness Granholm. No change has been made to the text of the remaining interrogatories.

The other document is a separate set of interrogatories directed to witness Granholm. With the exception of being renumbered to conform to standard practice, the interrogatories are identical to those inadvertently included in the original set to witness Pulcrano.

This matter has been brought to the Postal Service's attention, as has the intention to re-file the interrogatories as separate sets. The Postal Service's cooperation is appreciated. I regret any inconvenience to the Postal Service and others.

Respectfully submitted,

Patricia A. Gallagher
Public Representative
