59.

Please refer to your response to Interrogatory DBP/USPS-

Your response appears to be based on the failure to dispatch mail that was expected to be processed on a given day. My original interrogatory refers to the ability of a local manager to make a claim that the distance to the processing plant was "excessive" and/or there was no transportation scheduled and therefore there was no need to dispatch delivery carrier collected mail the same day.

Please respond to the original Interrogatory DBP/USPS-59 with the above explanation to clarify the intent.

DBP/USPS-72                      Please refer to your response to Interrogatory DBP/USPS-61.

Please confirm, or explain if you are unable to confirm, that post offices are not required to make a final collection of the lobby drop and outside blue collection box within one-hour or less of the time of the final dispatch from the office.

DBP/USPS-73                      Please refer to your response to Interrogatory DBP/USPS-63 subpart [a].

Please reanswer this Interrogatory if we eliminate any overflow collections that are made during the day and only consider the final collection that is associated with each dispatch to the processing center.
