GREETING CARD ASSOCIATION MOTION FOR LEAVE TO FILE
DESIGNATIONS OUT OF TIME (WITNESS ELMORE-YALCH)

The Greeting Card Association (GCA) hereby moves for permission to file its designation of written cross examination of Postal Service witness Elmore-Yalch one business day late. Presiding Officer's Ruling No. 14, as amended, called for filing of these designations on July 16, 2010. GCA's followup interrogatories to Ms. Elmore-Yalch were objected to by the Postal Service on July 12, 2010. Both the Postal Service's pleading and GCA's July 16 response adverted to the possibility that the substance of the followup interrogatories might be pursued when the witness appeared at the hearing. GCA also suggested an attempt to resolve the differences regarding the written interrogatories, and on that basis did not file designations on July 16. It now appears more likely that the subject matter of the followup interrogatories can in fact be efficiently dealt with in the hearing, and that preliminary resolution of the objections might well be more, not less, time-consuming. Accordingly, GCA requests permission to file its designation of those responses (to earlier interrogatories) which are in its possession. We submit that the brief delay will prejudice no party and the addition of the designated responses will materially benefit the record.

A designation of the affected interrogatories and responses accompanies this Motion.

July 19, 2010

Respectfully submitted,

GREETING CARD ASSOCIATION
