LAW DEPARTMENT

July 29, 2010

Ruth Ann Abrams  
Acting Secretary  
Postal Regulatory Commission  
901 New York Avenue, NW, Suite 200  
Washington, D.C. 20268-0001

RE: Docket No. MT2009-1

Dear Ms. Abrams:

In accordance with Commission Order No. 211, at 7-9 (May 7, 2009), the Postal Service hereby provides its fourth quarterly report concerning the Collaborative Logistics Market Test. This report provides information regarding Quarter 3 of FY 2010.

Sincerely,

Elizabeth A. Reed  
Attorney

ROOM 6542

## Preamble

In Order No. 211, on the subject of the Collaborative Logistics market test, the Postal Regulatory Commission directed the Postal Service to provide the following information beginning with the last quarter of FY 2009, and to provide that data within 30 days of the end of each fiscal year quarter. This is the required report for Quarter 3, FY 2010:

Revenue generated;  
Pallet positions available for sale;  
Pallet positions offered for sale;  
Pallet positions sold;  
Pallet positions per day of week;  
Pallet positions by route lane and by miles transported;  
Service performance by route lane performance;  
Rate of deviations by time and mileage;  
Cost of deviations;  
Cost of any exceptional expenses, such as load/unload time (shipper or Postal Service) or delays en route;  
Service performance;  
Loss and damage: amount, instances, causes, safety issues; and  
Effects on postal operations.

The PRC also requested that the Postal Service report the rates or range of rates, as applicable, for each type of contract (e.g., long haul, short haul, partial pallet load, etc.) provided. Such rate information shall reflect all discounts and surcharges.

The following report provides the data requested. In sum, the Postal Service transported 6,694 pallet position equivalents at a 98.3 percent on-time rate producing revenue of \$462,884 (net \$435,168) in Quarter 3.

A summary sheet of pallet positions sold, available for sale, mileages and other information requested are included in Appendices 1-3 at the end of this document. Other information requested is provided in the body of this document.

## **Range of Rates**

Inter-NDC rates for pallet positions sold range between \$29.49 and \$129.42. Intra-NDC rates per pallet positions sold range from \$17.24 to \$46.59.

## **Deviations**

In general, the USPS continued to use a business model wherein customers drop off their freight at origin postal facilities and pickup their freight when applicable at destination facilities. There were a few exceptions on two FTL backhaul lanes. Deviations and related charges are noted for a Los Angeles to New Jersey FTL, and a Chicago to NJ FTL. See Appendix 1.

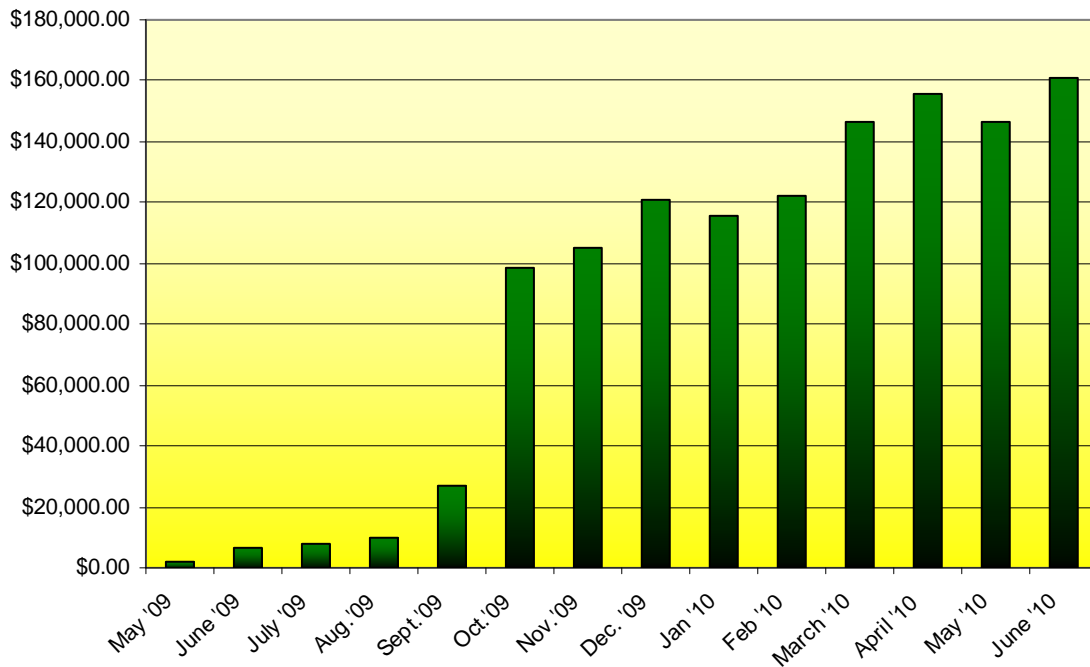

## **Revenue Generated**

During this phase of the market test, USPS expanded agreements with companies that continued to represent diverse shipping needs and transportation solutions. Some customers bought space on USPS inter-NDC lanes which allowed for movement across states from one major city to another, while other customers utilized USPS intra-NDC lanes which focused on moving shipments from a Network Distribution Center to the surrounding plants in their general service area. USPS also sold space on plant to plant lanes between several of its Processing and Distribution Centers and Surface Transfer Centers.

Our customers were comprised of traditional freight companies as well as mail consolidators who had demand for less-than-truckload (LTL) shipments and full-truckload (FTL) shipments when available. Revenue for Quarter 3 (April 2010 – June 2010) was \$462,884; deviation and related costs were \$27,716 for a net contribution of \$435,168.

Revenue for FY 10 continues to trend upward and, we are confident we will continue that trend through the fiscal year as we expand lanes and add customers.

## Total Revenue

### Loss and Damage

There were no incidences of loss or damage during Quarter 3.

### Safety Issues

There were no reported safety issues during Quarter 3.

### Effects on Operations

There have been no major impacts on operations.

### Next Steps

USPS will continue to refine operating procedures including periodic updates of standard operating documents and processes based on lessons learned and Six Sigma best practices. We are still exploring ways to enhance tracking and tracing capability, as well as automate customer and downstream plant notification.

We will continue to evaluate expanding to more lanes with existing customers. We are in dialogue with additional prospective customers, and we hope to partner with a wide variety of companies in creative ways to tap into additional niches of the LTL market.

We are preparing a long term business assessment for the program for Senior Management.

## APPENDICES

1. Summary of Data
2. Inter-NDC Space Matrix by Day of Week
3. Intra-NDC Space Matrix by Day of Week

## Appendix 1: Summary of Data

### 3rd Quarter FY10

| Customer   | Start Date | Origin            | Destination                        | Average Pallet Positions Available per Day | Pallet Positions Committed per day | Total pallet positions sold | Distance (miles) | Deviation (Miles) | Unit cost | Transit Days | Service performance % | Drop Ship or Freight | Inter or Intra NDC |
